TO CONSUMPTIVES.—The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE for CONSUMPTION, ASTHMA, BRONCHITIS, COUGHS, COLDS, and all Throat and Lung affections. The only object of the advertiser sending the prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, FREE, by return mail, will please address

law daw REV. EDWARD A. WILSON, Jy my7 Williamsburg, Kings Co., New York.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and direction for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, my7—law daw1y JOHN B. OGDEN, 42 Cedar Street, New York.

TURNER'S TIC DOULOUREUX OR UNIVERSAL NEURALGIA PILL is a safe, certain and speedy cure for Neuralgia and all Nervous Diseases. The severest cases are completely and permanently cured in a very short time. Neuralgia in the face or head is utterly banished in a few hours. No form of Nervous Disease withstands its magic influence. It has the unqualified approval of many eminent physicians. It contains nothing injurious to the most delicate system. Sold everywhere. Sent on receipt of $1 and two postage stamps. TURNER & CO., 130 Tremont st., Boston, Mass., Proprietors.

Boston, July 1, 1867. eodawly

Local.

☞ The old City Hotel in this city, is undergoing a thorough renovation, and will come out a new and nice little hostelry presently. Even the name will be new, but we do not learn what—though we would suggest Strawberry Bank Hotel, or some local designation,—as Rockingham and Piscataqua Houses, which we already have. The new landlord is to be Col. Wm. S. Hadley—a family name which has been long and favorably connected with the hotel business in Portsmouth. It is a little singular that of the four public houses in the city, the Rockingham is owned and kept by W. E. Hadley & Co., the Franklin by J. G. Hadley & Perkins, this the (late) City is to be by W. S. Hadley, and the Piscataqua (Avery's) is owned by the same. It would seem to show at least that the Hadleys know how to keep them.

☞ A Son of Portsmouth, residing at St. Paul, Minnesota, sends us two papers from that place, of Aug., 6 and 7, devoted in good measure to accounts of the death and burial of Capt. Sam'l T. Ragnet, with whom he was connected in business, and who was one of the most eminent merchants of that city. He was also one of the first to respond to President Lincoln's call for troops to put down the rebellion, and was wounded in the first battle of Bull Run. His fellow soldiers of the 1st Minnesota regiment, and his fellow citizens of St. Paul, especially the fire department of which he was the prime mover, followed him to his grave.

POLICE COURT, Aug. 26,—Bufford, J.—Charles Ricker was complained of for cutting a mooring rope, the property of John Dixon. Ricker was considered not guilty and was discharged.

Charles Ricker for assault on Frank W. Love was fined $3 and $4.80 costs.

John Forsaith and Catherine Forsaith, for an assault on Mary Stanton, were severally sentenced to pay a fine of $1 and $2.40, one half of costs.

James Carrigan complained of Patrick Lyons and Edward Griffin for an assault.—The trouble occurred on the gravel train on the Eastern Railroad, near Hampton. A *nol. pros.* was entered.

☞ The Gypsies have returned. Their teams entered town on Monday forenoon, looking quite familiar after their recent long stay here. The band has gone into camp on Lafayette Road. They bring with them a number of spare horses, and it is hinted that one of their chief branches of industry is the running of horses across the Canada line.

☞ For pleasant excursions this week, there will be the Camp Meeting all through the week—the steamer Pioneer to the Shoals, ditto—steamer Enterprize down river Wednesday, the Greenland rural levee Thursday, and the Japanese Saturday here—all as advertised, wind and weather permitting.

☞ Dogs and cats know their best friends. An English brute (called a man) was lately brought before a London court, charged with beating and kicking his wife, and finally attempting to strangle her; when her cat Topsy sprung on the husband, and so fastened her claws in his eyes and her teeth in his face, that he couldn't get her off, but had to implore his wife to remove Grimalkin to save his life—which of course she was fool enough to do.

A man who was only scuffling and playing with his wife, in this vicinity the other day, suddenly had his attention called to a fire in the rear—the little home terrier jumping up and meeting his teath through his master's thigh, causing the blood to trickle down his leg liberally, and inducing a speedy cessation of that sort of fun.

☞ The weather we have had lately is likely to promote skeptical views with regard to the Biblical story of Noah and his interesting family. The New York Atlas says, if rain for forty days and nights was sufficient to cover the highest mountain tops, this country ought now to be submerged under several feet of water.

☞ Three white American boys, twelve years old or more, were in our counting room at different times Monday morning before breakfast, after copies of the Chronicle—of which neither could read the date!

☞ We learn that Mr. Lamprey's Fall Term of Juvenile Dancing School will commence on the second Wednesday Afternoon in September, at Irving Hall.

☞ The Camp Meeting at Epping this week is under direction of Elder Pike, of course. The weather begins well for it.

PROFITS OF ADVERTISING.—A dealer who advertised with us two years since to the amount of fifty dollars, told us a few days since that as near as he could calculate he had realized *eighteen hundred dollars* from the transaction. Perhaps it is not often that the circumstances admit of anything like an accurate calculation of the profits of advertising, yet experience has demonstrated beyond question that they are very large.—*Lewiston Journal.*

LAUGHABLE.—The following amusing incident is related in the Cortland (N. Y.) Gazette:

A very amusing affair occurred last Sabbath morning in a church not far from this village. The clergyman was discoursing as eloquently as the state of the weather would permit, yet one of his auditors—a young lady—was so overcome by the heat as to fall asleep in the midst of the discourse. Those behind her were somewhat amused, observing her efforts to keep her head in a perpendicular position. The superintendent of the Sunday School, happening to look around just as the lady's head was going over backward, supposed that she had fainted, and springing to his feet called out to the Doctor to stop and send down from the desk a tumbler of water, which request was immediately complied with, and a copious supply of water was administered to the somnolent young lady before she had time to fairly recover herself. A number of sympathizing ones gathered around her, but she soon retired from the audience room with a face to crimson to support with a fainting fit. When she sleeps in church again it will probably be with one eye open.

GOLD, Monday, 140 7-8.

— There are about forty postmistresses in South Carolina. They can overhaul the mails if anybody can.

— The Humboldt (Nevada) Register urges the importation of bees into that region.

— Over one million barrels of oil have been shipped through Oil City since the 1st of January.

— The wine crop of California this year is estimated at 35,000,000 gallons, and the brandy at 500,000 gallons.

— Cholera is reported to be raging in a malignant form in and around Shawneetown, Ill. Thirty cases and twenty deaths have already occured.

DEATHS.

In Exeter Aug. 23, Mr. WM. FLOOD, aged 77.—Aug. 22, SMITH BATCHELDER, aged 75.—Aug. 19, Miss ELLA M. GODWIN, aged 15 yrs., daughter of the late R. F. and Harriet Goodwin.

Personal.

The man who took a RUBBER OVERCOAT from Stoddard & Beachman's office, about half past 11 o'clock on Saturday night, will save himself trouble by returning the same, as he is known. au27—3t C. H. SHANNON.

NOT GOLD ONLY,

BUT

RICH, FRUITY, LUSCIOUS

WINES!

California is making grand strides in her agricultural products and is fast withdrawing herself as a purchaser for the manufactures of the various branches of industry she once demanded. She sends a warning voice to the time-worn vineyards of Europe, and enters the lists as a fresh, young combatant for the production of wines from her own rich and increasing vineyards. The time has come when it is simply ridiculous for any one house to lay claim to especial advantages or peculiar privileges for the sale of

THE WINES OF CALIFORNIA.

As well might they claim a monopoly of the cotton trade.

C. A. RICHARDS & CO.

do not receive or sell all the wines which California produces, but they do claim to have at all times a very large quantity on hand of all the best kinds, and their advantages for getting the best, and getting them at the lowest market value, are such as to enable them to offer them at prices which to-day are lower than any other house which sells California Wines of equality. We bottle five kinds. They are,—

"Angelica,"
"Muscatel,"
"Still Champagne,"
"Hock" and
"Port,"

Also "California Brandy."

They are all perfectly pure, and may be relied upon in sickness or in health. The **Angelica** and **Muscatel** are rich, sweet wines. The **Hock** is fully equal to the medium grades of Rhine wines. The **Port** is actually better than many of the high cost Ports from Oporto. We sell these wines in any required quantity, from a single bottle to a THOUSAND CASES, and are ready at all times to exhibit samples, or to send them to any address.

THE

UNION PACIFIC RAILROAD CO.

THEIR

FIRST MORTGAGE BONDS,

AS AN INVESTMENT.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the value of their First Mortgage Bonds, which the Company now offer to the public. The first question asked by prudent investors is,—"Are these bonds safe?" The next is,—"Are they a profitable investment?" To reply in brief:

1st. The early completion of the whole great line to the Pacific is as certain as any future business event can be. The Government grant of over twenty million acres of land and fifty million dollars in its own bonds practically guarantees it. One-fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c., and two trains are daily running each way. The materials for the remaining 92 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are *several times greater* than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would be only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a *bona fide* property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a *second* lien as its security. This amount upon the first 247 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the ablest railroad builders of the country have already paid in five million dollars upon the stock (which is to them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities than Governments, there are parties who consider first mortgage upon such a property as this the very best security in the world, and who sell their Governments to reinvest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. less than U. S. Stocks.

10th. At the current rate of premium on gold, they pay **Over Nine per cent. Interest.**

The daily subscriptions are already large, and they will continue to be received in New York by the

CONTINENTAL NATIONAL BANK, 7 Nassau st.,
CLARK, DODGE & Co., Bankers, 51 Wall street,
JOHN J. CISCO & SON, Bankers, 33 Wall street,

and by BANKS AND BANKERS generally throughout the United States, of whom maps and descriptive pamphlets may be obtained.—They will also be sent by mail from the Company's Office, No. 20 Nassau street, New York, on application. Subscribers will select their own Agents in whom they have confidence, who alone will be responsible to them for the safe delivery of the Bonds.

A Column From the Portsmouth Journal.

ST. JOHN'S CHURCH.

The structure of this ancient Episcopal Church, built only sixty years ago, now numbers more years than any other in the city. Its predecessors, the Old North, the Old South, the Old Methodist, Universalist, Independent and Baptist Churches, having disappeared as places of worship. In the past month the Church has been re-modelled in the interior. The old-fashioned high back and square pews have been removed, and convenient slips substituted, which adds much to the beauty of the Church, and also adds thirty more to the number of the pews. The old proprietors have each a new pew allotted to them, and the new pews are mostly taken up already. A splendid carpet, costing about $800, we understand, has been presented by a churchman of New York, a son of Portsmouth,—the inventor of the Parrott gun. For so liberal an act, he surely deserves to be canonized.

PORTSMOUTH & DOVER RAIL ROAD.

On Saturday last a majority of the grantees of the Road held a meeting at Dover Point, and unanimously accepted the charter. There appeared to be but one opinion in the matter, and we trust the time is not far distant when Dover will be brought as near, if not a little nearer than formerly to Portsmouth. Although really only about ten miles apart, Boston can be directly visited from either place in less time than communication can be made between Dover and Portsmouth.

Three routes are under consideration. First, at Knight's Ferry—second, at Piscataqua Bridge, and the third over the point in Newington where Great and Little Bay unite. Only about a thousand feet of bridging will be necessary at the latter point.

FIRST CITY GRANT IN AMERICA.

Sir Fernando Gorges, to perpetuate his reputation as lord proprietor, in 1641 gave the plantation of York the name of Georgiana, and granted it a charter of incorporation as a City, governed by a Mayor and eight Alderman. Later experience shows that he was wise in not adding a Common Council. His nephew Thomas Gorges was the first and last Mayor of the City. For about twelve years it retained the name of Georgiana. In 1653, the town was incorporated by Massachusetts by the name of York. The same year, Kittery was incorporated by its present name. It previously bore the name of the town of Piscataqua.

In 1676, the Indians came into our immediate neighborhood. Kittery was infested with them. On, or near the location of the St. John's Church, a Fort was built, and the discharge of the cannon from this locality over the river, affrighted the Indians and drove them away. Kittery was no more troubled, although York suffered severely from the Indians for several years. This was the Fort referred to in the will of Mrs. Graffort, Ramble 12th.

Carriage Manufactury.—We take pleasure in calling attention to the advertisement of Mr. Gardner J. Greenleaf on the first page of this paper. We understand that he has considerably extended his facilities for the manufacture of wagons, carriages, &c. and that he is enabled to fill orders for such work with good advantage to those who may patronize him. This branch of manufacture is carried on extensively in other towns in this vicinity, and like all other productive branches is helping to build them up. We look with a hopeful eye on any indications of a new out growth of business in Portsmouth, and in this case earnestly desire that success which will ultimately rival that of any of the great establishments of New Hampshire or Massachusetts.

Those Guns.—On Sunday last many inquiries were made respecting the guns which had been heard at intervals from 4 to 5 o'clk. that morning. No one could explain, as the sound appeared to come from the ocean. We since learn that they were fired at Dover. A child had been drowned, and the guns were fired to raise the body to the surface by the concussion of the air.

Dr. R. Stronski.—We have received a note dated in Nashua, and signed Geo. C. Chandler, which says that Dr. S. knows how to cure patients, but don't know how to collect his money. Dr. S. is a physician thoroughly, and a man of honor. He has friends now who will assist to get him out of his debts. "The advertisement of Aug. 5th, in the Boston Herald, respecting my daughter Susan represents the true work of Dr. S." So says Mr. Chandler, and we are glad to hear it—particularly that part which says that his debts will be paid.

A waggish individual who does his own preaching, while riding through a suburban town, on Sunday, came across an individual raking hay; he alighted from his carriage, inquiring the name of the man and his employer and expostulated with him on the heinousness of the crime, as being contrary to the divine law, as well as the laws of the Commonwealth. The "hired man," thinking his interrogater was a State Constable, agreed not to violate in like manner again, but requested the privilege of being allowed to "cock" up one winrows which he had just finished raking. This was assented to, and the gentleman took off his coat and assisted in the work until completed. The "hired man" then made rapid strides for home, congratulating himself on his escape from the offended majesty of the law. —*Newburyport Herald.*

One of our neighbors whose sympathies are with the Quakers, was in a town a few miles up the river the other day, on Sunday, and seeing a Quaker Elder in his field raking hay, made free to remonstrate with him on his disregard of the bible requisition. "Friend Samuel," said he in reply, "thee is in the wrong—the bible is my guide." How so? "Why does it not say, 'If thy ox or thine ass fall into a pit on the Sabbath day, thou shalt pull him out.' Now Samuel, of what use would it be to pull him out, if he have no food to eat?"

Railroad Improvement.—The Eastern Railroad have just added to their rolling stock three new and splendid cars. Two of them were built at Worcester and the third at the shops of the Company at Salem. The last is one of the nicest cars ever built. It has seats for sixty passengers and no saloons. The inside is finished in black walnut and chesnut, finely polished. The car is of the Monitor pattern, and the roof is supported by splendidly carved brackets. The seats are Bostin's patent upholstered with red and green plush. The metal trimmings are silver plated. It rides very easy indeed, and reflects great credit on the efficient master mechanic, Mr. Somerby. More cars are in progress of construction. This one is numbered 70. Superintendent Prescott is ever awake to the wants and comfort of the many passengers who liberally patronize this line.—*Traveller.*

"CENTURY."

$100 A DAY.

We have adopted the plan of putting money in CENTURY TOBACCO to induce consumers to use it, knowing that it is only necessary for them to give it a trial to become fully satisfied of its merits, and to procure it at the BEST FINE CUT MADE. We will continue to offer these inducements until the fact is fully recognized.
We are making the CENTURY from selections of the very choicest oil leaf, and have devoted every care to its manufacture. It is free from drugs, and is every morning SPRINKLED WITH OIL OF CHEWING TOBACCO.
On Mondays we will place in one paper a $100 U. S. Note. On Tuesday, $50; on Wednesday, $25. On Wednesdays, in five papers, $20 in each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $5 in each. On Saturdays, in fifty papers, $3 in each, in all cases issuing GENUINE U. S. GREENBACKS to the amount of $100 a day.
The finders of these Greenbacks—by sending us their names, address and numbers of the bills—will be promptly supplied with a package of Tobacco in proportion to the amount of money found.
This House has been established for over a hundred years, and has always maintained a character for honesty and fair dealing, which puts to flight all doubts, if any should exist, as to the genuineness of this enterprise.
THE CENTURY TOBACCO can be had in large quantities at Manufacturers' prices, of A. K. McClung & Co., Cincinnati; the late firm of Schaick, 16 S. Front street, Philadelphia; Foy & Earle; 35 S. Water street, Chicago; Schultz & Bagley, 50 Camp street, New Orleans, and
LORILLARD,
[Established in 1760.]

PAINTS FOR FARMERS
AND OTHERS.—THE GRAFTON MINERAL PAINT COMPANY are now manufacturing their Best, Cheapest and most Durable Paint in use; two coats well put on, mixed with pure Linseed Oil, will last 20 to 25 years. It is ready to use brown or beautiful chocolate color, and can be changed to green, lead, stone, olive, drab or cream to suit the taste of the consumer. It is invaluable for Houses, Barns, Fences, Agricultural implements, Carriage and Car makers, Pails and Wooden Ware, Canvas, Metal and Shingle roofs, (it being fire and water-proof), Bridges, Burial Cases, Canal Boats, Ships and Ships' Bottoms, Floor Oil Cloths, (one Manufacturer has used since 5000 lbs. the past year), and as a paint for any purpose is unsurpassed for body, durability, elasticity and adhesiveness. Price $6 per bbl of 300 lbs., which will supply a farmer for years to come. Warranted in all cases as above. Send for a circular, which gives full particulars. None genuine unless branded in trade mark Grafton Mineral Paint. Address DANIEL BIDWELL, Proprietor, 255 Pearl street, New York.

A Physiological View of Marriage.
THE CHEAPEST BOOK EVER PUBLISHED.
Containing nearly 300 Pages
And 130 fine plates and engravings of the Anatomy of the Human Organs in state of Health and Disease; with a treatise on Early Errors, its deplorable Consequences upon the Mind and Body, with the Author's Plan of Treatment —the only rational and successful mode of Cure, as shown by the records of the Author's Practice. A truthful adviser to the married and those contemplating marriage, who entertain doubts of their physical condition. Sent by mail, free, to any address on receipt of 25 cents in stamps or postal currency, by addressing Dr. LA CROIX, No. 21 Maiden Lane, Albany, N. Y. The author may be consulted upon any of the diseases upon which the book treats, either personally or by mail. Medicines sent to any part of the world.

Important Notice to the Public.
GLEASON HALL
PRESENTATION FESTIVAL.
THE THIRD GRAND CONCERT,
Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND,
Will take place on
Thursday Evening, August 29, 1867,
AT GLEASON HALL, WEST TROY, N. Y.

The Second Grand Concert of the series took place at West Troy, N. Y., on Thursday evening, Aug. 8th, and was a grand success, the Hall being filled to overflowing with a refined and appreciative audience from all parts of the State. There was a committee of three reliable and well-known gentlemen selected by the audience on the night of the first Concert to superintend the drawing, when it takes place. Will be on the night of the last Concert. The tickets, which have been limited to 75,000, at

ONE DOLLAR EACH,

can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. There will be a present awarded the holder of every ticket:—

Among the prizes to be awarded are the following:—

Metropolitan Hotel, West Troy,	**$30,000**
5 Building Lots, Glass Street,	4,000
One Mortgage, Albany City Property,	1,000
Two Billiard Tables, - - - -	1,200
One Mortgage, Farm 56 acres - -	1,075
One Piano - - - - - -	600
Three Melodeons, - - - - -	375
Two Melodeons, - - - - -	300
One Grover & Baker Sewing Machine, plated,	85
One Wheeler & Wilson Sewing Machine,	70

And Thousands of Other Presents,
Including
Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Pitchers, Sets Knives and Forks, Sets Spoons, Dressing Cases, Port Monnaies, Scarfs, Table Cloths, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.

The above property will be delivered to the person entitled to it free from all incumbrance and title guaranteed.

The property may be seen at any time by calling on the owner, John H. Casey, Metropolitan Hotel, West Troy, N. Y.

We, the undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby Certify that we have received from the sale of Tickets are to be placed in our hands, and will be by us retained until the distribution takes place. That we will audit and pay all bills arising from the sale of tickets, all mortgages upon the property.
ANDREW ALEXANDER,
THOMAS RATH.

The undersigned Citizens would most cordially recommend the Gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will conduct the presentation with honesty and fairness, and try to give satisfaction to the public

Hon. Oscar F Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Ferry C.; N. F. Witbeck, N. Y. C. R. R.; R. Witbeck, Att'y and Coun, at Law; A. J. Rousseau; Rev. J. F. Wilbeck; Hon. Thos. Kearney, Ex-Co. Treas., Albany Co.; Henry Fitchett, N. Y. C. R. R.; Thomas Rath; T. W. Jackson, Att'y and Coun. at Law; M. S. Lobdell, Supt. West Troy G. L. Co.; P. A. Caution
To Females in Delicate Health.
DR. DOW, Physician and Surgeon, No. 7 Endicott St., Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Floor Albus, Suppression and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days. So invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience the cure of diseases of women than any other physician in Boston.
Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered.

HORSE TALK.—In his novel of "Norwood" Henry Ward Beecher discourses as follows concerning the future life of horses:

"What do you think becomes of horses, Hiram, when they die?" said Rose.

"Wal, Miss Rose, it's my opinion that there's use for horses hereafter, and that you'll find there's horse-heaven. There's Scripture for that too."

"Ah!" said Rose, a little surprised at these confident assertions. "What scripture do you mean?"

"Why, the Book of Revelations! Don't it give an account of a white horse, and a red horse, and black horses and gray horses? I've allers s'posed that when it said Death rode on a pale horse, it must have been gray, 'cause it had mentioned white ones already. In the ninth chapter, too, it says there was an army of two hundred thousand horsemen. Now I should like to know where they got so many horses in heaven if none of 'em that die off here go there?—It's my opinion that a good horse's a darned sight likelier to go to heaven than a bad man!"

☞ The London Lancet is kicking up just such a bobbery in England about the abuse of spirits and wine by women, as was made in this country some time ago by a sensational city journal. All denials to the contrary notwithstanding, it is a fact that drinking and drunkenness is everywhere on the increase among women who lead a life of comparative idleness. It is no more than natural that it should be so. Every man or woman needs employment, mental and physical, and a state of society which does not furnish this is favorable to the development of secret vices of every kind.—*N. Y. Atlas.*

GEN. MAGRUDER AND HIS CIGAR.—The day boat from Albany on Wednesday last carried the ex-rebel Gens. Beauregard and Magruder among her passengers. They excited considerable attention. It is related by a passenger that Magruder applied to a gentleman who was quietly smoking his cigar, for a light for his own, but was rebuffed with, "You'll have to excuse me; I lost two sons by your infernal rebellion, and have sworn to have no friendly intercourse with any man who took willing lot or part in your treason."

TO MAKE GHOSTS VISIBLE.—The U. S. Patent Office recently refused to grant a patent to a spiritualist of New York who applied for a patent for "an arrangement to make ghosts visible." It consisted in a room from which light and air was almost excluded, only air was admitted by a stopcock, which was opened from time to time, and light was passed, in a very small quantity, through a piece of dark-blue or black glass, or fluid, so that when entering the room nothing was seen, but remaining in it any length of time a very faint view of the interior was obtained—the inventor asserting that the bodies of ghosts or spirits are so attenuated that common light passes straight through them and makes them invisible. The ground on which the patent was refused was, that if several persons are enclosed in such a room, without sufficient air to breathe, they will not only see ghosts, but also give up their own ghosts.

MATRIMONY seems to be going out of fashion all over the world. From Natal, Africa, comes a complaint that the price of wives has advanced one hundred per cent, fifty cows being now demanded for an average article instead of twenty-five as formerly, while in civilized communities, as all know, the cost of living and keeping up appearances has placed connubial happiness beyond the reach of all but the rich and the poor. A society for the encouragement of matrimony and the propagation of common sense among young women, is obviously demanded.—*N. Y. Atlas.*

SMALL WAISTS.—Dr. Dio Lewis the celebrated teacher of gymnastics, says that no intelligent man ever looks upon lady of inordinately small waist without a feeling of commiseration for her unfortunate deformity. He might marry a woman with a bump on her back, with one eye or with even no eyes at all, but would not unite his destiny with a woman who in devotion to fashion had crowded her liver into her bowels and her lungs into her throat.

— In consequence of several recent breaches of the peace in Grayson county, Va., a small garrison of United States troops has been stationed at Independence, the county seat.

— At Mobile, a few days ago, Mrs. Carter, wife of a well-known physician, thinking she heard robbers in the house at night, went to her son's room for help, when he, taking her for a robber, shot her dead.—Verdict—a mistake.

— The fact that the Empire State of the Union, with its vast population and enormous wealth, is now called after a fourth-rate English city, should attract the attention of the Constitutional Convention.—New York, as an appellation, is so palpable an absurdity, that any change would be for the better. Ontario is suggested. It is musical and majestic, and has a geographical fitness from the proximity of the great inland sea which already bears the name.—*N. Y. Atlas.*

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of the U. S. Patent Office, Washington under the Act of 1857.
No. 78 State street, (opposite Kilby street,) Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, Bonds, and all papers or drawings for Patents, executed on reasonable terms, with dispatch. Researches made into American and Foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.
No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.
During eight months the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS; *every one* of which was decided *in his favor* by the Commissioner of Patents.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHAS. MASON,"
Commissioner of Patents.
"I have no hesitation in assuring inventors that they can not employ a man *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE,"
Late Commissioner of Patents.
"Mr. R. H. EDDY has made for me FIFTEEN applications, in all but ONE of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part, leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGART."
Boston, Jan. 1, 1867.—3tawly

BUY THE CHEAPEST AND THE BEST.
DR. WARREN'S
BILLIOUS BITTERS,
The Great Blood Purifier and Regulator.
Recommended in confidence by thousands for the past five years.

From M. S. BURR & Co., the oldest Wholesale and Retail Dealers in Proprietary Medicines, Perfumery, &c., in New England:
"We have sold large quantities of Dr. WARREN'S BILLIOUS BITTERS during the past five years, both at wholesale and retail, and have yet to learn of a single instance wherein they have failed to give perfect satisfaction. From personal knowledge, as well as from the reports of our numerous customers, we confidently recommend Dr. WARREN'S BILLIOUS BITTERS to the public as a safe, reliable and very valuable Family Medicine. M. S. BURR & CO."
N B.—Observe a fac-simile Signature of the Proprietor, (JOHN A. PERRY), on the wrapper, without which none is genuine.
For sale by all Druggists.
JOHN A. PERRY, Chemist, Boston, Proprietor.
Wholesale by M. S. BURR & Co., General Agents, Dealers in Drugs, Medicines, Perfumery, &c., 28 Tremont St., Boston, Mass.

BREAD
MIXING and KNEADING MACHINES.
One of the Most DESIRABLE and VALUABLE Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.
The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the advantages of the Bread Mixers and Kneaders.
The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.
The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.
It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.
The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au 6 E. A. STEVENS.

New Poems by Jean Ingelow,
A Story of Doom. Dreams that Came True. Laurence Winstanley.
Song of the Night Watches. Contrasted Songs. Voices of Birds. Songs with Preludes.

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
The Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never fails, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

DUPEE, BECK & SAYLES,
STOCK BROKERS,
Openly No. 22 State Street, Boston.
JAMES A. DUPEE, JAMES BECK, HENRY SAYLES

The Daily Chronicle.

Portsmouth, N. H.

WEDNESDAY, AUGUST 28, 1867.

PRES. JOHNSON has removed Gen. Sickles from the command of the Second Military District, and appointed Maj. Gen. E. R. Canby in his place. The President, in the order, directs Gen. Grant to make further disposition of Gen. Sickles, and Gen. Canby is required to assume immediate command.

The President has also issued an official order which appoints Gen. Hancock to the command of the Fifth Military District, in place of Sheridan, who is directed to proceed at once to Fort Leavenworth, Kansas, and not come to Washington, as ordered by Gen. Grant in the previous order.

Gen. Thomas is ordered to remain in command of the Department of the Cumberland.

The President in assigning Gen. Hancock to Gen. Sheridan's place, has issued an order making a direct issue with Gen. Grant as to the powers conferred under the Reconstruction act over commanders of military districts. He permits Gen. Hancock to annul or repeal such acts of Sheridan's administration as he may see fit, without reference to Gen. Grant's recent order assigning Gen. Thomas to that command and continuing them all in force.

[The poor maniac out is involving himself, and as far as he can the country, in a snarl of difficulties, which will gather into a hard knot by the time Congress shall assemble. Then, their first duty will be to cut the knot in the most expeditious, legal way, by cutting off his official head.]

☞The Washington Intelligencer (Johnson paper) says:

An order has been issued to-day assigning Gen. Hancock to the command of the Fifth Military District.

[This is Sheridan's late district.] The same paper says:

"We are glad to announce that the Cabinet have acted on the suggestion made in these columns, and that the resignation of every member of the Cabinet is at the disposal of the President. We do not by this imply that the whole Cabinet is forthwith to be changed, or that vacancies are thus inevitably created which must be at once filled. We apprehend that the President will act more wisely and in accordance with his accustomed caution."

SAMANA. — A dispatch from Havana makes the announcement that President Cabral of St. Domingo has sent a messenger to Washington to accept an offer of the Government for the purchase of Samana, on the island of Hayti, for the sum of five millions of dollars. The acquisition includes the bay of Samana, and five miles circuit of adjacent land. Our Government has for several years been endeavoring to obtain possession of this bay, as a naval station for our fleet in the West Indies, and has at last succeeded. The Bay of Samana is situated on the south side of the peninsula of the same name, on the eastern coast of St. Domingo, and is forty-three miles long by eight wide. It receives the Yuna, the largest river in St. Domingo, and forms one of the largest and safest harbors in the world. The entrance is three miles wide, and can be defended by shore batteries. Santa Barbara, a small dilapidated town on the northern shore, is probably included in the purchase.

FROM NEW ORLEANS, Aug. 24—Gov. Flanders has appointed M. Lauge (colored) a member of the Board of Control of the State Penitentiary, vice J. E. C. Doremus (white) removed.

Gen. Sheridan issued an order for reasons similar to those given in the order readjusting the Common Council at New Orleans, and at the request of the Common Council, removing from office Louis H. Pilis, City Surveyor, Henry D. Ogden, City Attorney, and E. Bermudez, Assistant City Attorney. The Common Council is directed, in accordance with the law, to fill the vacancies created.

The registration of the voters of the State of Louisiana according to the laws of Congress being complete, it is ordered that no person who is not registered in accordance with said laws shall be considered as a duly qualified voter of the State. All persons duly registered as above, and no others, are consequently eligible under the laws of Louisiana to serve as jurors in any of the courts of the State. The necessary revision of the jury lists will immediately be made by the proper officers. All the laws of the State respecting exemptions, &c., from jury duty still remain in force.

AUGUSTA, Me., Aug. 25. The late express train of the Portland and Kennebec Railroad, on entering this city last evening, ran over and killed George Ingraham, aged 30 years. The body, which was shockingly mangled, was not discovered until this morning. Ingraham has served in the navy, and arrived home only yesterday morning. He was seen intoxicated during the day, and is supposed to have lain down on the track.

— The New York Times' correspondence says that if Gen. Hancock is not ready to go to New Orleans, Gen. Sheridan will be ordered to turn over his command to the officer next highest in rank. If there is one thing upon which the President seems to be positively determined it is that Gen. Sheridan's jurisdiction in the Fifth District must cease at once.

NEW HAMPSHIRE ITEMS.

— Rev. T. H. Miller is to preach at Fremont next Sabbath.

— Caleb Bean of Orford, a returned soldier, committed suicide on the 18th inst.—Poor health was the supposed cause of his insanity.

— Mr. Chase Perkins, a clerk in Messrs. Folsom & Smith's store at Laconia, was drowned in that place Sunday. He went into the Winnepesaukee river to bathe, was seized with cramps, and sunk before assistance could reach him.

GEN. GRANT'S LETTER to A. Johnson, is worthy of perusal. It is addressed to His Excellency Andrew Johnson, Pres. of the U. S. [This is improper. The President has no such title,—and the Man excels in nothing save falsehood, hypocrisy and selfishness.] Gen. Grant's letter is dated Aug. 17, and reads as follows:

SIR: I am in receipt of your order of this date directing the assignment of Gen. G. H. Thomas to the command of the 5th Military District, Gen. Sheridan to the Department of the Missouri and Gen. Hancock to the Department of the Cumberland. Also of your note of this date (enclosing these instructions) saying: "Before you issue instructions to carry into effect the enclosed order, I would be pleased to hear any suggestions you may deem necessary respecting the assignments to which the order refers."

I am pleased to avail myself of this invitation to urge, earnestly urge, in the name of a patriotic people who have sacrificed hundreds of thousands of loyal lives, and thousands of millions of treasure to preserve the integrity and union of this country, that this order be not insisted upon.—It is unmistakably the expressed wish of the country that General Sheridan should not be removed from his present command. This is a republic where the will of the people is the law of the land. I beg that their voice may be heard. General Sheridan has performed his civil duties faithfully and intelligently. His removal will only be regarded as an effort to defeat the laws of Congress. It will be interpreted by the unreconstructed element in the South, those who did all they could to break up the government by arms, and now wish to be the only element consulted as to the method of restoring order, as a triumph. It will embolden them to renewed opposition to the will of the loyal masses, believing that they have the Executive with them. The services of Gen. Thomas in battling for the Union entitle him to some consideration.—He has repeatedly entered his protest against being assigned to either of the five Military Districts, and especially to being assigned to relieve Gen. Sheridan. Gen. Hancock ought not to be relieved from where he is. His department is a complicated one, which will take a new commander some time to become acquainted with. There are military reasons, pecuniary reasons, and, above all, patriotic reasons why this order should not be insisted on. I beg to refer to a letter marked private,* which I wrote to the President when first consulted on the subject of the change in the War Department. It bears upon the subject of this removal, and I had hoped would have prevented it.

* This private letter has not been published,—but Congress will call for it.

Johnson's reply is unworthy of any president but himself,—it is just such stuff as fills the copperhead newspapers, and was probably written by one of his kitchen cabinet pettifoggers.

He acknowledges the gallantry displayed by Sheridan and the other Generals in fighting the rebellion, but charges that his rule in Louisiana has been one of absolute tyranny. He says that the rule of Gen. Thomas in the department of the Cumberland will certainly compare favorably with that of Gen. Sheridan in the Fifth District; and that no man can charge Gen. Thomas with having tried to defeat the laws of Congress, and hence the removal cannot justly bear the reputation of having that motive. As for the "will of the people" the President says he is not aware that they have acted upon this matter at all. In reply to the remark of Gen. Grant that "this is a republic, where the will of the people is the law of the land," the President says "this indeed is a republic, based upon a written constitution; that constitution is the combined and expressed will of the people, and their voice is law when reflected in the manner which that instrument prescribes."

He then says that one of the provisions of the constitution makes the President commander-in-chief of the army and navy, and that another provision requires that "he shall take care that the laws be faithfully executed." And, believing that a faithful execution of the laws requires a change in the command of the Fifth District, he has decided to put Gen. Thomas there under a firm belief that "while he will faithfully execute the law," he "will at the same time, give more general satisfaction to the whole people, white and black, North and South." The general position of the President in short is that General Sheridan, notwithstanding his energy and ability as a military officer, is so destitute of good judgment, in administering civil affairs, that he is tyranical and keeps things in a continual turmoil; while Gen. Thomas, without being less earnest in the interest of the law, has the judgment to make matters move more harmoniously; and he points to the result in the Department of the Cumberland, to prove this.

— The Chicago Journal says the accounts of the corn crops in central and southern Illinois are unfavorable. Whole fields of corn are literally "drying up."—There has been no rain in those regions since June.

— A vessel which recently touched at Havana, reported that a couple of the crew were pulled out of a small boat in which they were rowing, (while the ship lay becalmed in the Caribbean Sea) by a huge cattle-fish, whose arms seemed to be about twelve feet long.

☞ In his speech at Canton, Ohio, a few days since, Senator Sherman, after referring to the adoption of the Constitutional Amendment, said: "Even now, if the South, with the spirit that actuates Gen. Longstreet and others, would adopt the amendment, and elect loyal Senators and members under it, their admission to representation would be easy. I know what I say to you is true, when I declare that a majority of the Republican Senators and members would have admitted any Rebel State upon its adopting the Amendment and complying with its terms."

President Johnson opposed that Amendment. Had he not done so the South would have accepted it, and might now have been in the Union. The worst of their present misfortunes the Southern States owe to their persistence in taking bad advice. They will never get out of the ditch till they give up following a blind leader.—*Tribune.*

☞ The "Catalogue and Circular of Dr. Dio Lewis's Family School for Young Ladies at Lexington, Mass., for 1867"—looks and reads like that of a College—all of which, and more than which, it really is, for young women. The Faculty is numerous, and embraces the best talent and most earnest devotion, as we personally know, including several celebrities. "The design of this school is to secure a symmetrical development of body, mind and heart; to give due attention to physical, social and moral culture, while providing thorough instruction in literature, science and art." To promote which objects, we think there is no place like it in the country. The Fall Term commences Sept. 25th.

☞ There are published in Maine at the present time forty seven papers, of which number seven are daily papers, one triweekly, one semi-weekly, with one monthly. In politics twenty-three are outspoken in their advocacy of Republican principles, and twelve are as equally frank in their avowal of Democratic ideas. One is strictly agricultural in character, and another purely literary. One is the organ of the temperance people, and another has an eye to our commercial interests. The Universalist, Congregationalist and Baptist denominations have each an organ.

☞ On Monday, Aug. 26, at Paris, An abolition Congress, composed of the leading anti-slavery men of the world, commenced a session. A large number of Americans and many representatives of the African race were present. One of the objects of the Congress is to prepare and adopt a memorial to all those powers which tolerate human slavery within their dominions, urging the total abolition of such bondage.

KIND WORDS.—Kind words! how cheap, indeed, and yet how very dear. Kind words are Heaven's sweet angel messenger. So is Herrick Allen's Gold Medal Saleratus earth's sweet messenger to all who love a good, nice, light, white Biscuit. You had better throw your flour away and go hungry, rather than use any other. Call for Herrick Allen's, and have no other; it is harmless as flour. Try it. Most everybody sells it. Depot 112 Libbey street, N. Y. 4o

☞ General Sheridan has complained that Gen. Rousseau advised the removal of the former, in a telegram to the President.—The President telegraphed to Gen. Rousseau as follows: "How do matters look in Louisiana?" The reply was, that "Affairs here look very gloomy, the people are much depressed, any change would acquire almost universal approbation."

Gen. Rousseau has written a letter dated New York, to Gen. Grant, in which he denies in toto the charges made against him by Gen. Sheridan.

[Gen. R. is a Jonhsonian tool—and his record in this case, is worth as much as his master's, and worth no more.]

— A wealthy merchant, stupidly intoxicated, got off the cars at West Newton, Pa., last week, and after staggering about town till past midnight, entered a paper mill, where he drank deeply from a stone pitcher, then lay down and expired in fearful agony. The pitcher contained vitrol.—*Boston Press.*

THE
CENTRAL PACIFIC RAILROAD,
THE WESTERN HALF OF THE
GREAT NATIONAL TRUNK LINE
ACROSS THE CONTINENT,

being constructed with the AID and SUPERVISION OF UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the sole link of communication between the Pacific Coast and the Great Interior Basin, and the

Principal Portion of the Main Steam Line between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 865 miles $28,592,000, or at the average rate of $33,000 per mile—not including an absolute grant of 10,000,000 acres of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by waiving its first lien in favor of the First Mortgage Bondholders, the GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Acts of Congress upon the other parts of the through line, and has, in addition, several special, exclusive advantages applicable only to the Western Half.

I. The Company has received from the State and other localities, *subscriptions, assistance in money, credit and valuable property*, largely exceeding $1,000,000 in gold, in addition to the full benefit of the Government subsidy.

II. *The hardest and costliest part of its construction has been successfully overcome* within the first 150 miles. In a few weeks the track will be completed entirely across the Sierra Nevadas, after which progress to Salt Lake will be easy and rapid.

III. The local business alone of this road establishes its complete financial success, independently of the vast through traffic which must pass over it. The gross earnings for the months of June and July, upon the 91 miles then open for business, were upward of $297,000 in gold; of which, *four-fifths* were net earnings.

IV. It can have no competition, but will carry, *beside its own lucrative local traffic*, the *whole volume of through business* which is shared among its Eastern connections and their rivals.

V. The road lies wholly in territory yielding the precious metals, *and its revenues are collected in coin.* Its rates for transportation are very advantageous, being more than three times those of roads lying east of it; and the *ratio of operating expenses is less than 25 per cent. of the gross earnings.*

VI. In consequence of the aid it receives from the General Government, from the States of California, and from municipal corporations, the annual interest obligations which the Company are called upon to assume are very light. The net earnings upon an average of about 75 miles in 1866 were nearly *three times the amount of annual interest and liabilities to be assumed in building it, and were $225,000 more than the annual interest on the entire amount of First Mortgage Bonds which the Company can issue upon the first 150 miles.*

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds,

Principal and Interest payable in Gold Coin, in New York city. They are in sums of $1000 each, with semi-annual gold coupons attached, and are selling for the present at 90c per cent. and accrued interest from July 1st added, in currency, at which rate they yield nearly

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as the Bonds granted by the Government; and represent, in all respects, *a completed*, equipped and productive railroad, in which have been invested Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The agreement of this Company to pay principal and interest of their Bonds in coin, being made under the Laws of Congress, and by Corporations, authorizing and enforcing contracts to pay gold, is *legally binding*, unlike similar agreements made by companies in States where no such legislative sanction exists.

In these important particulars the Securities of the Central Pacific Company *offer an unusual degree of safety, stability and profit combined.*

THE FIRST MORTGAGE BONDS of this Company are destined to occupy a prominent place among FIRST CLASS SECURITIES in the money markets of this country and Europe, and will, without doubt, be eagerly sought for, and anxiously dealt in hereafter, at rates materially in advance of the price at which they are now offered.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions and others as an eminently *sound, reliable and remunerative form of permanent investment.*

☞ If the weather be stormy, the Festival will take place the first fair day.

The Wonders of a Life-Time!

PERFECTLY IMMENSE!

THE VERY CELEBRATED
FLYING DRAGON TROUPE
—OF—
JAPANESE!

crossing the great Pacific Ocean and the American Continent, make their first appearance in the great metropolis of New York, performing feats of the most marvelous and incomprehensible character.

"This Troupe of Japaness comprises twenty-four persons, each of whom has a specialty, and excels in it. And the whole combination is undoubtedly the most talented by far, of any that has yet appeared in this city."—*San Francisco Times, June 15.*

"It is evident that there is as much difference between them and their predecessors in point of skill as between Leotard and Hanlon and a street tumbler. They have simply indicated their right to be considered the best troupe that has left Japan, and altogether the most perfect."—*San Francisco Times, June 11.*

The enormous houses which have nightly attended the startling performances of the marvelous and incomprehensible Japanese during their recent engagement in New York, give the evident assurance of their wonderful skill.

The applause continuous, and culminating in outbursts of excited "bravas," reaching the degree of enthusiasm rarely witnessed within the walls of a theatre.

TWENTY-FOUR JAPANESE,
TWENTY-FOUR JAPANESE,

16 Men, 4 Women, 4 Children,
16 Men, 4 Women, 4 Children,

pronounced by the GREAT TYCOON himself

The Most Wonderful Star Performers of all Japan.

At each entertainment

IZENA GEEROO

will ascend a ladder formed of Japanese swords, sharp as razors, edge uppermost, bare footed, running, altitudinizing and jumping upon them in a most incredible manner. The Japanese

COLUMN AND SUSPENSION ACTS,

by the artists Chusan Keetchee, Kooma Keetchee and Gono Ketchee are surprising feats of strength, agility and grace, while the feats of

LEVITATION, BALANCING, PERCHE, &c., by others of the troupe, are highly interesting and picturesque. No description can convey any satisfactory notion of this most singular entertainment to those who have not seen it; it is so entirely peculiar and unique in its character, that all who are anxious to experience a new sensation, and who have a penchant for novelties, should witness for themselves.

It may safely be assumed that ASTONISHMENT WILL RULE YOU A WEEK after witnessing the startling feats of the children of the Isles of the Sun. The press and Public of New York and Boston are enthusiastic in announcing without stint or reservation, that the performance of this utterly unparalleled Troupe is far beyond all description. The audacious grace, presence and enthusiastic applause of Clergy and Dignitaries of these cities, is of itself an overwhelming evidence of the RARE AND ORIGINAL AND SCIENTIFIC NATURE OF THE PERFORMANCE.

It is, says the Brooklyn Eagle, impossible to describe these marvels. To be understood they must be seen, and seeing, can be assured he is awake, and not dreaming to believe.

Imagine a human being springing into the air, like a ball, with one wild leap skipped, and revolving three times horizontally.

Imagine others skipping in the air like mammoth grasshoppers, bounding as an india rubber ball,

GYRATING AND REVOLVING,

setting all conceived ideas of human strength and endurance utterly at naught.

Of all Human Marvels these are Greatest!

Will exhibit at Portsmouth,

Holloway's Pills not only procure the same results without the baneful effects, but so entirely extinguish the elements of the disease as to promote a speedy cure without danger of relapse — Sold by all Druggists. au24dawiw

DR. S. S. FITCH,

Of 714 BROADWAY, NEW YORK, Author of the Six Lectures on the Prevention and Cure of Pulmonary Consumption, Asthma, Chronic Bronchitis, Dyspepsia, Heart Disease and all Chronic Diseases, will be at the

ROCKINGHAM HOUSE, Portsmouth,

On THURSDAY, Aug. 26, and on the same day of the week every 4th week afterward.

Dr. Fitch treats all Diseases of the Head, Scalp, Eyes, Nostrils, Face, Throat, Lungs, Stomach, Heart, Liver, Bowels, Piles, Kidneys, Skin, Joints, Dropsey; also Diseases peculiar to Males and to Females. Lost Complexion perfectly restored. Most persons, somewhere from 16 to 80 have one or more bad fits of sickness. Cure them wholly, and they will live ten to fifty years longer. Dr. Fitch's most prominent speciality is the prolongation of human life.

A respectable physician said to me four weeks ago, "For seventeen years you have kept me well of diseases pronounced utterly incurable by several eminent physicians."

Mrs. Elizabeth Huntington Long writes, (Saratoga Springs, March 3d, 1867,) twenty three years ago she had liberated lungs, and true, seated, hereditary consumption, of which her sister died. I cured her perfectly. Fourteen years later she had a bad attack of heart disease, of which her brother died. Of this I cured her perfectly. She says, "I always remember you with gratitude, for, under God, I owe my life to you."

Miss Anna Judkin, of Portsmouth, N. H., June 7, 1867, said, "Twenty-three years ago I was your patient, and very bad with lung disease. My father, four brothers and three sisters, had died with consumption. I was wholly given up. In six months you cured me. I have now enjoyed perfect health twenty-two and a half years; not a single show of lung diseases in all that time."

D. D. Benjamin of Union, N. J., says, "Over twenty years ago I and my brother were both in consumption. I had bleeding and ulcerated lungs. My brother refused treatment, and died in three months. You cured me, and I have not had any cough or lung trouble in twenty years. I was then forty, and I am now sixty years old."

All consultations are wholly free.

Dr. Fitch's "FAMILY PHYSICIAN," a most excellent book in all families, 70 pages, 25 cents, sent free of postage to any address. Send no money until you get the book and approve it. Direct all letters for books or consultation to 25 TREMONT ST., BOSTON, MASS. je29—1y

DR. MILLER'S
Soothing and Healing Balsam,
or, Nature's Assistant.

IT HAS PROVED INFALLIBLE for Burns, Frozen Limbs, Bruises, Sprains, Wounds of all kinds, Pains in the Side, Back or Shoulders, Chilblains, Chapped Hands, Stiff Neck, Ague in the Face or Breast, Ear Ache, Deafness, Poisoning, Erysipelas, and Inflammation of the Eyes. For Rheumatism it is not a certain cure, yet hundreds have been relieved by it when other remedies had failed.

AS AN INTERNAL MEDICINE, when taken in season, it will cure Inflammation of the Bowels, Dysentery, Kidney Complaint and Cholera Morbus. It will also cure Diphtheria, Croup, Cough and Asthma.

This medicine is purely vegetable in its composition, soothing and healing in its influence, and may be given to any age or sex with perfect safety. It has been before the public during the past nine years, and has wrought some of the most astonishing cures. The proprietor challenges the world to produce its superior as a remedy. For sale by all Druggists. **C. D. LEET**, Proprietor, [au25—dawly A] Springfield, Mass.

Demas Barnes & Co., 21 Park row, New York will also supply the Trade at Lee Prices.

ADVICE FOR THE PEOPLE.—Forced sweating is bad, often producing serious consequences, while purgation in chills, colds, rheumatism, etc., with BRADRETH'S PILLS.
Is always safe, never leaving any ill effects. In all cases of bilious fever, but in severe pain from colic, inflammations, or external injuries, it is LIFE SAVING.
Remember BRADRETH'S PILLS are always sure or effect, and always without the least danger, and they act on every part of the system, dislodging and removing all accumulations of impurities, thus cleansing the blood and restoring health.
The Hon. Demas Barnes says— "I sell more of Brandreth's Pills than of all others put together."
BRANDRETH'S PILLS are Sold by all Druggists, and at the Principal Office, Brandreth House, New York. Observe B. BRANDRETH in white letters on the government stamp on each box. jy2dawlmspa

A GENERAL MASSACRE of the fibres of the head, the whiskers, the moustaches, or the beard, can be easily accomplished by the application of the scorching hair dyes, and when every hair is KILLED DEAD,
the parties deceived by these nostrums will regret, too late, that they did not use the wonderful and entirely poisonless preparation, which
IN FIVE MINUTES
produces a black or brown which is not surpassed by nature's own hue. Be wise in time. The only safe and sure article is
CRISTADORO'S HAIR DYE.
Manufactured by J. CRISTADORO, 65 Maiden Lane, New York. Sold by all Druggists. Applied by all Hair Dressers. Jy20daw—1m

HORRIBLE ACCIDENT.
A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel F. Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only good for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Cuts, Insect Stings, Pains in the Limbs, Chest and Back; also internally for Colic, Cramps, Diarrhœa, Dysentery, and Croup. It is perfectly innocent to take internally, and is the best family medicine in the world. Thousands are received all over Europe for it. The most celebrated Physicians recommend it—it never fails. TOBIAS puts up every drop himself. Sold by all Druggists at 50 cents and $1 per Bottle. Depot 56 Cortlandt street, N. Y. * au3dawim

DR. SCHENCK ON DYSPEPSIA.—SYMPTOMS, CAUSES AND REMEDY.
Symptoms of Dyspepsia—A sense of fullness, tightness, and weight in the stomach, together with flatulency, acidity, sour, offensive belchings of wind, water brash and vomiting, and a great deal of what a person calls an ill-gone feeling at the pit of the stomach; frequently there is also a palpitation of the heart, which physicians mistake for heart disease, and when the stomach is in this condition it is coated with a mucus or slime. The rough fibrous portions of the stomach, similar to what we see in tripe, is what throws out the gastric juice, and when the stomach gets a thick coat of slime on it, it prevents the gastric juice from flowing, and digestion ceases. Schenck's Seaweed Tonic dissolves this mucus or slime, and restors the stomach to its natural condition.
Schenck's Mandrake Pills are also required to carry off this morbid matter. Two-thirds of the cases of the Consumption are caused from this diseased state of the stomach; the liver becoming torpid, it ceases to throw out bile, and in a short time the whole system is deranged. The nervous membrane of the bronchial tubes sympathizes with the other organs, and before the patient is aware of it, he or she has Bronchial or Pulmonary Consumption.
Schenck's Pulmonic Syrup cannot act freely through the blood when the system is in this locked up condition, without the aid of the Sea Weed Tonic and Mandrake Pills. The Liver has all the vessels of the body to work on, and when it gets in a morbid condition, blood and bile run through the system mixed, and the whole body becomes sick and the blood so thick it can hardly run through the veins. In a majority of cases hemorrhages occur from this thick condition of the blood. The Mandrake Pills act on the Liver similar to calomel, or they do what that does—it unlocks the gall bladders, starts the bile, and the blood to circulate as it ought through the veins, and the hemorrhages cease. If, when persons are attacked with hemorrhage, they would take a good purgative Mandrake Pill, that would act on the liver, they would soon be relieved from bleeding from the lungs, and it is the only way, for as astringents are only temporary, and irritate the bronchial tubes, and lay the groundwork for consumption.
DR. SCHENCK will be professionally at his rooms every week, 32 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer, the charge is $5.
His medicines are for sale by all druggists and dealers. Also a full supply at all times at his rooms.
Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents per box.
Office of GOODWIN & CO., 38 Hanover St., Agents for Boston. For sale by all Druggists. Wnf-dawlw-nol

MOTH AND FRECKLES.—The only reliable remedy for those brown discolorations on the face called Moth Patches and Freckles, is PERRY'S MOTH AND FRECKLE LOTION. Prepared only by DR. B. C. PERRY, Dermatologist, 49 Bond St., New York. Sold by all druggists in Portsmouth and elsewhere. Price $2 per bottle. mh23—sadaw6m

TO CONSUMPTIVES.—The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection—is anxious to make known to his fellow-sufferers the means of cure.
To all who desire it, he will send a copy of the prescription used (free of charge), with directions for preparing and using the same, which they will find a SURE CURE for CONSUMPTION, ASTHMA, BRONCHITIS, COUGHS, COLDS and all Throat and Lung Affections. The only object of the advertiser sending the prescription is to benefit the afflicted, and spread information which he conceives to be valuable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing of the prescription, PEE, by return mail, will please address
law daw REV. EDWARD A. WILSON,
Jy my7 Williamsburg, Kings Co., New York.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence,

Boston, July 1, 1867. eodawly

Local.

☞ The Festival at Greenland Thursday Afternoon *and Evening*, will no doubt be a brilliant and enjoyable affair. Mr. March's grounds are looking finely; the extra camp meeting trains on Concord road run at convenient times for those who wish to go out per rail—and we are desired to state that a special train for Portsmouth will leave Greenland Thursday evening at 9 o'clock, at 10 cts. fare, and all who desire seats therein are requested to so state at the place and time of purchasing Festival tickets in this city.

As to the entertainment itself, Paymaster Gilman and Mr. Bartlett, a guest at the Farragut House who has taken much interest in the fine tableaux &c there, have consented to take charge of affairs at this Festival; there will be handsome contributions of edibles to the tables, from this city, the Navy Yard and elsewhere—tea and coffee, ice cream, and a good variety for dinner, lunch, or tea, will be served. There will be a platform under the trees for dancers, and the beautiful lawn will be used, and Mr Lamprey with his Band will insure the success of that important feature; while the attractions of the fine estate and surroundings, are ample for a pleasant visit—especially when illuminated by one hundred Chinese lanterns, as they will be in the evening.

☞ The best new Cider we have seen (or smelt) this year—in fact, the first and *only* lot we have seen or heard of, and which (we should judge) is as good as we ever did see, is, or was last Friday, 23d inst., on our table, from the farm of Mr. Nicholas G. Mason, on Boyd's Road. Mr. M. is one of our best and most thriving farmers, who verifies the truth of Poor Richard's maxim that in order to succeed by the plow, you "must either hold or drive" yourself—and is one of the oldest subscribers to the Daily Morning Chronicle, having called or sent to our office every day for years to get his paper. He has beat all the cider makers this time, we guess—in fact he is hard to beat on anything in his line. Long may he wave, and may he always have plenty of early cider apples.

☞ Now that the Potatoes are about to rot in a hurry, an old man suggests that they be distilled into whisky of the R. G. brand, instead of taking good corn and rye for a such a base use. Potato Gin, so called, was made in 1812–15 in many places, and used instead of rum, where the latter was not to be had.—People got as drunk on the potato and juniper spirit as they ever had done on the spirit from molasses.

☞ The alarm of fire Tuesday afternoon, was caused by the burning of a small barn near Fisher & Eldredge's Brewery, and belonging to Mr. Canty, whose house was saved by some exertion.

☞ Large numbers of citizens of this and neighboring towns, besides those of the Methodist persuasion, are daily in attendance on the Epping Camp Meeting—improving the splendid weather and favorable railroad arrangements, to enjoy a pleasant rural excursion.

☞ Don't forget the pleasant excursion along the coast to be made this afternoon by steamer Enterprise. The fare is very low, and the Portsmouth Cornet Band is to accompany the excursion party.

☞ A lady friend of ours, who appreciates "Lyon's" intelligent efforts to interest our readers in astronomical affairs—and who also likes sweet cider—was loud in praise of the sidereal heavens on Monday evening.

☞ Mr. Alby, of Newcastle, while endeavoring to catch his horse on Monday evening, at Newcastle, had his arm dislocated. It was set by Dr. Oliver of this city.

☞ Next Saturday the far-famed Japanese will perform here. See advertisement.

☞ For a cheap and pleasant little water excursion, the trip of steamer Enterprize this afternoon, offers novel attractions.

☞ Lieut. Geo. F. Hunting, U. S. A., left New York on Saturday afternoon, to join his regiment at Hilton Head.

☞ In the Municipal Court in Boston, Monday, James H. Diman was brought up on a complaint from George W. Mason, who charged him with obtaining merchandise by false pretences. Diman was admitted to bail in $1200.

CHEESE FACTORIES are getting to be the fashion everywhere—and a good fashion it is, too. Why don't our farmers have one in this vicinity? The Newburyport Herald says the factory at Byfield is at present making five cheeses per diem, consuming an average of three thousand pounds of milk a day. The milk is bought by the pound, a gallon of milk weighing about eight pounds, and a gallon and a pint of milk is allowed to a pound of cheese. The richest milk makes the best cheese, while the poorest milk makes the most cheese, and as all is put in together both quality and quantity is secured. The factory daily consumes the milk of two hundred cows, furnished by forty-five contributors from the neighborhood and adjoining towns. The corporation buys the milk of the farmers who choose to sell, while it takes that of others and makes it into cheese for them, for a small percentage.

GOLD, Tuesday, 141 1-2.

☞ We don't know why the male of the sheep species should always be deemed fair game for the jesters to butt at. One fellow defines a ram as "an animal with the butt at the wrong end of him." The Newburyport Herald suggests that the hydraulic ram at the Byfield cheese factory, which supplies water for the concern, may be called the *butter* of the establishment.—These are pretty good, but we heard a story of a "load" which was played on a certain "Bull-y" live stock man of Stratham a few years ago, which if it will bear telling, we think beats them all. One of the little water-lifters called rams had just been put in on the estate next above the Greenland hotel, when some wag told John that it needed to be altered; and he expecting an operation in his line, brought tools for the purpose—and couldn't see the fun, though other folks did, when told that this was "not that kind" of a ram, but one of the hydraulic species, which worked well as it was, entire, and didn't require any altering.

— There are thirty-two carriage making firms in Amesbury and Salisbury, and their sales during May and June amounted to $172,490.

MARRIAGES.

In Newcastle, Aug. 25, by Rev. Mr Alden, Mr. ROBERT OLIVER, to Miss MARY LYNCH of Philadelphia.

DEATHS.

In Newington, Aug. 25, Col. JOSEPH W. PICKERING, aged 61.
☞ Funeral this (Wednesday) afternoon at 2 o'clock, from the Newington Meeting House.

THE
UNION PACIFIC RAILROAD CO.
THEIR
FIRST MORTGAGE BONDS,
AS AN INVESTMENT.
The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and Eastward, with its western connections, an unbroken line across the continent, attracts attention to the value of the *First Mortgage Bonds* which the Company now offer to the public. The first question asked by prudent investors is,—"Are these bonds secure?" Next.—"Are they a profitable investment?" To reply briefly:
1st. The early completion of the whole great line to the Pacific is as certain as any future business event can be. The Government grant of over twenty million acres of land and fifty million dollars in its own bonds practically guarantees it. One-fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.
2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.
3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c., and two trains are daily running each way. The materials for the remaining 1,040 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September, 1868.
4th. The net earnings of the sections already finished are *several times greater* than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.
5th. The Union Pacific Railroad bonds can be issued only as the road *progresses*, and therefore the value of the railroad is the market unless they represent a *bona fide* property.
6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a *second lien* as its security. This amount upon the first 517 miles west from Omaha is only $16,000 per mile.
7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad builders of the country have already paid in five million dollars upon the track (which is to them a third lien), may well inspire confidence in a first lien.
8th. Although it is not claimed that there can be any better securities than Governments, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Governments to reinvest in these bonds—thus securing a greater interest.
9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. less than U. S. Stocks.
10th. At the current rate of premium on gold, they pay **Over Nine per cent. Interest.**
The daily subscriptions are already large, and they will continue to be received in New York by the
CONTINENTAL NATIONAL BANK, 7 Nassau st.,
CLARK, DODGE & CO., Bankers, 51 Wall street,
JOHN J. CISCO & SON, Bankers, 33 Wall street,
and by BANKS AND BANKERS generally throughout the United States, of whom maps and descriptive pamphlets may be obtained.—They will also be sent by mail from the Company's Office, No. 20 Nassau street, New York, on application. Subscribers will select their own Agents in whom they have confidence, who alone will be responsible to them for the safe delivery of the Bonds.

Morning Chronicle.

From Our Young Folks.

BOTH SIDES.

"Kitty, Kitty, you mischievous elf,
What have you, pray to say for yourself?"

But Kitty was now
Asleep on the mow,
And only drawled dreamily, "Ma-e-ow!"

"Kitty, Kitty, come here to me,—
The naughtiest Kitty I ever did see!
I know very well what you've been about;
Don't try to conceal it, murder will out.
Why do you lie so lazily there?"

"O I have had a breakfast rare!"
"Why don't you go and hunt for a mouse?"
"O, there's nothing fit to eat in the house!"

"Dear me, Miss Kitty,
This is a pity;
But I guess the cause of your change of ditty,
What has become of the beautiful thrush
That built her nest in the heap of brush?
A brace of young robins as good as the best;
A round little, brown little, sung little nest;
Four little eggs all green and gay,
Four little birds all bare and gray,
And Papa Robin went foraging round,
Aloft on the tree and alight on the ground.
So he popped a fat worm down each wide-open throat;
And Mamma Robin through sun and storm
Hugged them up close, and kept them all warm;
And me, I watched the dear little things
Till the feathers pricked out on their pretty wings,
And their eyes peeped up o'er the rim of the nest.
Kitty, Kitty, you know the rest.
The nest is empty, and silent and long;
Where are the four little robins gone?
O, I'm sad! you have done a cruel deed!
Your eyes, do they weep? your heart, does it bleed?
Do you not feel your bold cheeks turning pale?
Not you! You are chasing your wicked tail,
Or you just cuddle down in the hay and purr,
Curl up in a ball and refuse to stir.
But you need not try to look good and wise;
I see little robins, old Puss, in your eyes.
And this morning, just as the clock struck four,
There was some one opening the kitchen door,
And caught you creeping the wood-pile over,—
Make a clean breast of it, Kitty Clover!"

Then Kitty arose
Rubbed up her nose,
And looked very much as if coming to blows;
Rounded her back,
Leaped from the stack,
On her feet at my feet came down with a whack.
Then fairly awake, she stretched out her paws,
Smoothed down her whiskers, unsheathed her claws,
Winked her green eyes
With an air of surprise,
And spoke rather plainly for one of her size.

"Killed a few robins! well, what of that?
What's the virtue in man, can't we vice in a cat.
There's a thing or two I should like to know,—
Who killed the chicken a week ago,
For nothing at all that I could spy,
But to make an overgrown chicken pie?
Twixt you and me,
'Tis plain to see,
The odds is, you like fricassee,
While my bone in my maw
Owns no such law,
Content with virands a-la-raw.

"Who killed the robins? O, yes! O, yes!
I would get the cat now into a mess!
Who was it put
An old stocking-foot,
Tied up with strings
And such shabby things,
On to the end of a sharp, slender pole,
Dipped it in oil, and set fire to the whole,
And burnt all the war from the miller's
The nests of the sweet young caterpillars!
Grilled fowl, indeed!
Why, as I read,
You had not even the plea of need;
For all you boast
Such wholesome roast,
I saw no signs, at the table toast,
Of even a caterpillar's ghost.

"Who killed the robins? Well, I should think!
Hadn't somebody better wink
At my peccadilloes, if houses of glass
Won't do to throw stones from at those who pass?
I had four little kittens a month ago,—
Black, and Malta, and white as snow,
And not a very long while before
I could have shown you three kittens more.
And so in batches of fours and threes,
Looking back as long as you please,
You will find, if you read my story all,
There were kittens from time immemorial.

"But what am I now? A cat bereft.
Of all my kittens, but one is left.
I make no charges, but this I ask,—
What made such a splurge in the waste-water cask?
You are quite tender hearted! O not a doubt!
But only suppose old Black Pond could speak out.
O, bother, don't utter excuses to me:
Qui facit per alium facit per se"

"Well, Kitty, I think full enough has been said,
And the best thing for you is, go straight back to bed.
A very fine pass
Things have come to, my lass,
If men must be meek
While puss-cats speak;
Give moral reflections in Latin and Greek!"

GAIL HAMILTON.

— We have heard of an economical man who always takes his meals in front of a mirror; he does this to double the dishes.

— It is estimated that the peanut crop in North Carolina will equal this year the crop of last.

— Professor Agassiz insists that men, like all other animals, have tails. Has the learned naturalist a caudal appendage? His extraordinary assertion is only intelligible if it proceeds from the desire, felt by the fox to the old fable, to assimilate all others to himself. An investigating committee should be appointed at once, to probe the matter to the bottom.—*Atlas.*

— Writing of the wines of the Cape of Good Hope, Dr. Druitt tells the following story, "I was sitting at dinner one day next to the late Archdeacon ——, from the Cape. I asked the reason of the earthy taste in Cape wine. He replied, 'My dear sir, if you had seen the black fellows in the vineyard in vintage time, and how they make the wine, you would think earthy a very mild term indeed to apply to it.'"

"CENTURY."

$100 A DAY.

We have adopted the plan of putting money in CENTURY TOBACCO, to induce Consumers to use it, knowing that it is only necessary for them to give it a trial to become fully satisfied of its merits, and to remain permanent in the sales MADE. We will continue to offer these inducements until the fact is fully recognized.

We are making the CENTURY from selections of the very choicest old leaf, and have devoted every ca re to its manufacture. It is free from drugs, and is every respect A PURE ARTICLE OF CHEWING TOBACCO.

On Mondays we will place in one paper a $100 U. S. Note. On Tuesdays, in two papers, $50 each. On Wednesdays, in four papers, $20 in each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $5 in each, and on Saturdays, in fifty papers, $2 in each. In all cases the GENUINE U. S. GREENBACKS to the amount of $100 a day.

The boxes of these Greenbacks—by sending us their names, address and numbers of the bills—will be presented with packages of our Tobacco in proportion to the amount of money found.

This House has been established for over a hundred years, and has always sustained a character for honorable dealing, and we intend to do right all doubts, if any should exist, as to the genuineness of this enterprise.

THE CENTURY TOBACCO can be had in large quantities at Manufacturers' prices, of A. K. Mitchell, 35 Central street, Boston; B. A. Van Schaick, 8 Montgomery, Philadelphia; Fox & Earle; 88 S. Water street, Chicago; Schultz & Bagley, 24 West second street, Cincinnati.

Price list sent on application to

Important Notice to the Public.
GLEASON HALL
PRESENTATION FESTIVAL.
THE THIRD GRAND CONCERT,
Of the Gleason Hall Presentation Festival, under the auspices of DURSO'S BAND,
Will take place on
Thursday Evening, August 29, 1867,
AT GLEASON HALL, WEST TROY, N. Y.
The Second Grand Concert of the series took place at West Troy, N. Y., on Thursday evening, Aug. 8th, and was a grand success, the Hall being filled to overflowing with a refined and appreciative audience from all parts of the State. There was a committee of reliable and well known gentlemen selected by the audience on the night of the first Concert to superintend the drawing, when the happy persons will be on the night of the last Concert. The tickets, which have been limited to 75,000, at
ONE DOLLAR EACH,
can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. There will be a present awarded the holder of every ticket.—Among the presents to be awarded are the following:—

Metropolitan Hotel, West Troy,		$30,000
FARM, fifty acres, Rensselaer Co.,	-	4,000
Six Building Lots, Albany City,	-	4,000

One Piano,	-	600
Three Melodeons,	-	375
Two Bedroom sets,		200
One Universal Sewing Machine, plated,		85
One Wheeler & Wilson Sewing Machine,		70

And Thousands of Other Presents,
Consisting of
Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Plishers, Sets Knives and Forks, Sets Spoons, Dressing Cases, Port Monnaies, Scarfs, Ties, Bedsteads, Chairs, Mattresses, and other articles for housekeeping.

The above property will be delivered to the person entitled to it free from all incumbrance and a title guaranteed.

The property may be seen at any time by calling on the owner, John H. Casey, Metropolitan Hotel, West Troy.

We, the undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be placed in our hands, and will be by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey as correct, and we will pay off and discharge, from the moneys so received, all mortgages upon the property. ANDREW ALEXANDER,
THOMAS RATH.

The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will conduct the presentation with honesty and fairness, and try to give satisfaction to the public.

Hon. Oscar F. Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Reservoir; S. F. Wheeler, N. Y. C. & H. R. R. Rensselaer Co.; Albany and Co., at Law; A. J. Rousseau; Dr. J. F. Wibeck; Hon. Thos. Kearney, Ex-Co. Treas., Albany Co.; Henry Fischell, N. Y. C. R. R.; Thomas Rath; T. W. Jackson, Atty and Coun. at Law; R. S. Lobdell, Supt. West Troy G. L. Co.; D. A. The Chronicle.

"FLIES IN AMBER."
Picked out for the Chronicle.

— All happiness is in the mind.
— The death of youth is a shipwreck.
— Light cares speak; great ones are dumb.
— An enemy to beauty is a foe to nature.
— Vows made in storms are forgotten in calms.
— It is pride and not nature that craves much.
— The indolence of the soul is the decay of the body.
— Raise no more spirits than you can conjure down.
— A word fitly spoken is like apples of gold in pictures of silver.
— Everyone should make the case of the injured his own.
— To pardon faults of error, is but justice to the failings of our nature.
— A storm in the conscience will always lodge clouds in the countenance.

HOW YOUNG MEN ARE RUINED.—Mr. Greeley pictures the process by which a young man goes downward step by step from the possibilities of his early life to failure and destruction, in the following plain and pungent way:

The vital cause of the workman's ill success is usually as follows:

As an apprentice or minor his means were scanty, and he spent them on his own needs and appetites, at least as fast as he received them. At length he became a journeyman, when his income was suddenly swelled to double or treble its former sum. He had already developed expensive appetites; he has now the means of securing their gratification. Each week or month put him in possession of an amount at least double his absolute needs; and the surplus "burns in pocket" till expended. He is single; he is in the hey-day of youthful energy and youthful passion; he seems to have boundless capacities to earn as well as to enjoy: he fancies that money will always come as easily and his actual needs be as limited as now; and he is surrounded by journeymen older in sin than himself.

Thus he is drawn insensibly and gradually into a career of dissipation and debauchery. Ball-clubs, saloons, grog-shops, gaming-houses, and even more shameful haunts, allure him to waste his time and squander his earnings; until, diseased in body and depraved in soul, he is fully enlisted in the devil's service, and often sinks through vice into crime. Even if he escapes this final plunge, keeping tolerably faithful to his work, and ultimately marries, he has disqualified himself for domestic life and the companionship of a pure, true woman; he has acquired vicious tastes and habits, which will cling to him through life; he has entered upon a path which leads to a drunkard's, a pauper's, perhaps a suicide's grave.

SUCCESS OF LIBERAL CHRISTIANITY,—Rev. Rowland Connor, associate pastor of Rev. Mr. Miner of the School Street Church, has triumphed handsomely over the Miner clique; and after Sept. 1, he will preach before a more intelligent and influential congregation in Mechanics' Hall, which was lately vacated by Rev. Mr. Todd's society.—*Boston Press.*

We suppose that "Liberal" in this case, does not mean "Rummy." Mr. Connor is, or has been, an outspoken temperance man, invoking law and gospel in aid of the good cause,—and we have not known or heard that he is less earnest in this matter than Dr. Miner himself. The School Street controversy was not at all about strong drink, but on important points of doctrine. The favor which some rum papers show Mr. C. is not because they care anything about him, but because they hate or fear Dr. Miner.

☞ An irrepressible conflict is springing up in the bosom of the Republican party in Chicago with regard to the enforcement of the Sunday laws. A direct issue has been made between the puritanical and German elements, and public meetings have been held on both sides. In course of time the Germans all over the country will find out that the Republican party is a sham, and that the principles of individual liberty must depend upon the Democracy for support.—*N. Y. Atlas.*

What, the rumocracy and copperocracy?—Gammon. Atlas himself couldn't carry such a load.

— A man may be called poverty-striken when he is knocked down by a beggar.

—A father called his son into a crowded stage—"Ben-jam-in.

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from FEW TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELLE, Melrose, Mass.
Sold at wholesale and retail by

JAMES A. DUPEE, JAMES BECK, HENRY SAYLES

The Daily Chronicle.

Portsmouth, N. H.

THURSDAY, AUGUST 29, 1867.

☞ A Washington dispatch of Aug. 21 says, "It is believed by prominent gentlemen that the differences between the President and Gen. Grant in relation to Generals Sheridan and Sickles are irreconcilable. The orders issued by the President Monday directing Gen. Hancock to relieve Gen. Sheridan, and Gen. Canby to relieve Gen. Sickles, had not yet been executed. It is said that Gen. Grant in a letter to the President, declined to direct the order to be executed, and stated his refusal in strong terms, virtually denying the right of the President to interfere in any one of the five military districts created by Congress, asserting that the entire control of the department rests by the supplemental reconstruction act, in the General of the armies of the United States, and that therefore he is not at liberty, and will not transfer it to another. The letter has not yet been made public, but the above statement is believed to be reliable, as it is derived from usually well-informed quarters."

CABLE ITEMS, Aug. 27.—Active preparations are being made for the speedy departure of the troops from India to rescue the British prisoners in Abyssinia. Sir William Napier has been appointed to command the expedition. The last reports stated that the prisoners were no longer in the power of King Theodorus, and strong hopes are in consequence entertained that Gen. Napier will succeed in reaching them in time to save their lives.

Accounts received from Spain confirm the previous reports that the insurrection in the province of Aragon had been successful.

The new trans-Atlantic cable from Brest to New York is to be laid in May next. The northern route has been selected as the safest and most practicable. The steamship Great Eastern has been chartered to perform the work.

A great anti-slavery Congress convened in Manchester, Eng., on Tuesday. Wm. Lloyd Garrison was present and made a speech.

WASHINGTON ITEMS.—The special of the Boston Advertiser, says, this (Monday) has been a day of great excitement in Washington, caused by the circumstances attending the giving out, by the President, of a part of the suppressed Grant correspondence, and by its contents. Careful inquiry concerning the same leaves scarcely any doubt but that the President furnished it for publication, while in a condition similar to that in which he was when he took the oath of office.

In military circles his course in suppressing General Grant's letter protesting against the suspension of Mr. Stanton, is considered a gross outrage, as the publication of the letter referring to it made its publication necessary. Army officers have denounced the evident intention to suppress General Grant's views, in the most unmeasured terms.

Sheridan's friends are rejoiced at the President's publication of the correspondence implicating both himself and General Rousseau in the charges brought against the latter by General Sheridan. It was feared that Gen. Sheridan had made accusations against Gen. Rousseau without having possession of the necessary evidence. This correspondence, though entirely of a private nature, the President authorized to be made public, in the shape of telegraphic dispatches which passed between himself and Gen. Rousseau, while the latter was in N. Orleans. It is claimed in official circles that Gen. Rousseau, and probably the President, have brought themselves within reach of the provision attaching a penalty to the act of interfering with the reconstruction law. All army officers speak of it as a disgusting exhibition of the violation of military etiquette on the President's part. This unexpected publication by him confirms all in the view given above of Mr. Johnson's condition during the greater part of yesterday.

GOV. SWAN AND THE REBELS.—The measures taken by Gov. Swan, of Maryland, to organize the rebel troops in that State, have brought out the information that the presence of Gen. Grant in Baltimore, and his protest at the time of the Metropolitan Police troubles, alone prevented Gov. Swan from obtaining the use of the six hundred U. S. soldiers than at Fort McHenry, to force the ejection of the loyal board of police commissioners. The present rebel military organization in Maryland is regarded at Gen. Grant's headquarters as a body in armed hostility to the Union.

FIRES.—On Tuesday there were fires at Fon du Lac, Wisconsin, destroying Scribner's sawmill, loss $20,000; at Greensburg, Ohio, destroying Bradley & Bros.' woolen factory, &c., loss $100,000, and at New York, building 108 Broadway, with heavy loss and death of a fireman named Sarbey. At Michigan City, on Saturday, the machine shop and Engine house of the Lafayette & Indianapolis railroad and four locomotives were burned. Loss $200,000.

GEORGIA.—The University difficulty has given rise to considerable feeling. In the first and fourth districts negroes are canvassing for Congress. The cotton crops have been much damaged by rains. Gen. Pope has issued orders revoking temporarily to much of his jury order as interferes with the present terms of the civil courts, as the registration lists are not completed. White jurors will be permitted to serve exclusively, provided they have registered.

THE BOSTON TRANSCRIPT ON RYE BEACH. A recent number of the Boston Transcript, in an article headed "the autocrats of Rye Beach," says:

"During the darkest hours of the recent civil war, the proprietor of one of the hotels on Rye Beach, in answer to inquiries of some of our friends and neighbors in regard to summer board, wrote: 'We shall want gold for our rooms, as we don't want your currency.' As the gentlemen thus addressed were very active in the Union cause, and known to be such by the Rye Beach Copperhead landlord, there could be no mistake in regard to the meaning of the language. Upon reading two of the letters, we commented upon the folly and lack of patriotism of the writer. The idea that a village like Rye, in eastern New Hampshire, should refuse to take the legal currency of the United States, was supremely ridiculous.

"At first the offending party did not seem to care much about the effect of his silly aversion to greenbacks, but as the months rolled by, and the success of the Union armies turned the tide against him, there was considerable squirming. Some of his neighbors and rivals who in the outset thanked us for the exposure, finding that it was damaging the whole place, thought we were carrying the matter too far, and tried to induce us never again to refer to it. This we declined to do. Under these circumstances it may well be conceived with what terror we received the following killing letter:

OCEAN HOUSE, RYE BEACH, Aug. 15, '67.

Gents.:—We see that our Barber is receiving and selling the evening Transcript. After the insult and injury we received from you two years since, we cannot permit your Paper in the Reading Room of either of our Hotels, and have desired him to countermand the order at once. JOB JENNESS & SON.

The editor then goes on in his pungent way, to ridicule the epistle and its authors. Of this we have nothing to say, except that it is well to keep truth on your side, even when joking, and shall only add that the crowd at this popular Beach, which he facetiously calls Wry, and around which he inquires if the cruel waves which sunk the Alabama, roll—we think is this year as large as ever before.

But as we very naturally feel some interest in the good name of the locality, and had some knowledge of and connection with the affair at the time, we desire to promote fair play by giving our view of the case. This we are decided on by the fact that the Providence Journal, Concord Statesman and other papers,—very reasonably we think,—have gathered from the Transcript, that the Ocean House was the hotel alluded to, which refused greenback proprietors are the copperheads justly stigmatized. The Statesman says: "It is hardly necessary to say that Job & Son will have the worst of it, as do all other men who commit the indiscretion of getting into warfare with the newspaper press, unless the assailant be 'thrice armed,' and 'have his quarrel just.'" Exactly so—but we think the Ocean House stands on just that solid ground this time. Let us see:

The Transcript is one of our favorite papers, and we have for years found it sufficiently rich, rare and racy, to be carried home and read clear through, and not merely glanced at and thrown aside, as most newspaper exchanges must be. It was most intensely loyal through the war, and we presume no loyal man found any fault with its pitching into the "Wry" copperheads, whoever they were, who would repudiate greenbacks. But why it should wish to injure, or refuse to do justice to, innocent and even loyal people, we never could understand. We never knew *what* "landlord and boarding house keepers" the editor referred to—though at that time we believe there were only two hotels of any prominence at Rye Beach proper—and of these, we always regarded Job Jenness & Son as loyal as the Transcript itself.

As for the other, who, if a little coppery, was no fool—being in Boston one day, we accidentally met Mr. John C. Philbrick, then of the Atlantic House, on Washington street; and on his telling us he was going in to see the Transcript folks about a paper which failed to reach a boarder, and was going to mention that item too, we volunteered to go in and introduce him to the editor—as we thought the item alluded to was unjust, unless it really meant Mr. P., who, we believe, assured us it did not "fit" him. But to our mutual surprise, the editor refused to state in his columns, simply that he did not refer to this or that hotel—but offered to publish a list of the gold boarding houses if Mr. P. would furnish it! We asked him if he would consider it fair if we were to chronicle that "a certa in Boston daily paper editor was in Portsmouth drunk yesterday"—and he replied "Yes, in my character wouldn't stand up under it, let it go!" So we left, of course—but never thought it a fair way of punishing the guilty, by rapping the innocent.

We regret to say that we sadly neglect Rye Beach, and in fact all the Beaches, of late years, to attend to business; and we have never heard the subject mentioned from that day, till the above appeared in the Transcript. We have seen the Ocean House and Job Jenness & Son but once for the two seasons since; but the report is that the cause of their action was a similar, but more rare, and decided, refusal of the editor to say in the Transcript that it was *not* their hotel he referred to,—which we presume it *was* not. As he says in our extract above, he "declined to do it though finding he was injuring *the whole place*."—People generally do have some choice between injuring friends or enemies—the loyal or disloyal, innocent or guilty—but this action of the Transcript has from the first appeared inexplicable to us, on any information we now have.

We understand that at the time that paper published Messrs. Jenness' recent letter, the company at the Ocean House, including the very men who were sorry to lose their Transcripts, offered to organize a meeting and condemn the course of the paper in this regard; but the landlords did not encourage the movement—saying all they wanted was fair and decent treatment. Finally, as far as we know the particulars, we think the Transcript owes Job Jenness & Son, if not the other hotel keepers, an apology; if it don't, then we owe that paper one. We think we know the Rye Beach landlords pretty well, and we have always regarded them, including Messrs. Jenness, as *very fair and capable men*, who mind their own business and know how to keep hotels—any hints or innendos to the contrary notwithstanding.

☞ It is understood at Washington that the order prohibiting assistant secretaries from sitting in cabinet meetings was issued to exclude Mr. Binckley, who has been so elated by having a seat among the President's advisers, as to make himself obnoxious to the rest of the cabinet by his officiousness; and it was believed that he betrayed the doings of the cabinet to a little clique which is trying to secure changes in the cabinet, and also that he went directly from meetings of the cabinet to the office of a Johnson paper and concocted editorials to suit the views of the same clique. The fact has come to light that the President has in his own employ a regular corps of detectives, paid out of the secret service fund. These men have been working for the President in all directions, attempting to get evidence that will weigh against all officials who favor his impeachment; besides, they have been active in their operations upon members of Congress and upon all of known loyalty in official circles at Washington.

NEW HAMPSHIRE ITEMS.

—— The house of Richard Yeatop, at Wolfeboro', was destroyed by fire August 20th. No insurance.

—— Forty buildings are already completed on the camp grounds at Alton Bay. The camp meeting there begins Sept. 1.

—— Chief Justice Chase is visiting in Manchester, the guest of Ex-Gov. Smyth. His reception on Tuesday afternoon was very enthusiastic.

—— A little child of Warren Gordon, in Bristol, fell from a chair one day last week, striking his head upon the floor, from the effects of which he died in a few hours.

—— The General Association of Congregational and Presbyterian Churches met in Nashua on Tuesday. Delegates representing 189 churches were present. Strafford county has lost two ministers the last year, the church of Ossipee being vacant, and Rev. Dr. Young dismissed from Laconia.—In Rockingham Co. three vacant churches have obtained ministers. Hampton Falls, after a long vacancy, has risen again to its place.

ROUSSEAU AND SHERIDAN.—General Rousseau had better have kept still about his visit to New Orleans. His last letter amounts to an acknowledgment that he was there virtually serving as a spy on General Sheridan's administration. The President asks him by telegraph how things look—an inquiry so brief and vague as to be pointless, unless there had been an understanding between the two beforehand. Rousseau replies that the people were much depressed, and any change would be almost universally accepted. The change, of course, could only come through a change of commander—that is, the removal of Sheridan was advised in a covert, treacherous sort of way, considering that Rousseau was a brother army officer and a pretended friend of Sheridan's. It looks very much as if the President had been employing a set of spies in different parts of the country previous to his late demonstrations.

GOLD, Wednesday, 142 1-4.

☞ The Festival at Greenland Thursday Afternoon *and Evening*, will no doubt be a brilliant and enjoyable affair. Mr. March's grounds are looking finely; the extra camp meeting trains on Concord road run at convenient times for those who wish to go out per rail—and we are desired to state that a special train for Portsmouth will leave Greenland Thursday evening at 9 o'clock, at 10 cts. fare, and all who desire seats therein are requested to so state at the place and time of purchasing Festival tickets in this city.

FAIRS AND SHOWS—1867.

Portsmouth Horticultural Society, ——
Rockingham Co. Agricul. Soc'y, ——
Strafford Co. Ag. Soc'y, Dover, Oct. 1, 2, 3.
N. H. Horse Show, Manchester, Sep. 3, 4, 5.
N. H. Ag. Society, Nashua, Sept. 10, 11, 12.
N. E. Ag. Soc'y, Providence, Sept. 3, 4, 5, 6.

WHEATON'S OINTMENT is an old and tried remedy, which keeps constantly increasing its popularity as its merits become known. It has been before the public for more than sixty years, and is universally acknowledged to be the most certain and speedy cure ever discovered for Salt Rheum, Ulcers, Chilblains, Tetter, Pimples, Blotches and all eruptions of the skin, while it is a *sure cure* for the Itch, and will eradicate the most obstinate cases in forty-eight hours. daw

THE MEANS should be raised for such an object as educating the orphans of our gallant soldiers and sailors within one month. Let all who are able respond, and it might be done in a week—Let all who have no disposition for charity, but simply want pictures and want to purchase where they can be had for the least money, buy of the Washington Library Company of Philadelphia, and more than enough might be realized in a very short time. Read advertisement.

WONDERFUL SUCCESS attends the introduction of Tyler's O K Soap. Its superiority over ordinary soap is at once apparent, hence the grateful consumer heralds its merits from neighbor to neighbor, and all first class grocerymen soon see the necessity for a large stock of the "O K." 17

A GENTLE WHISPER TO MOTHERS.—If unfortunately you have lost your sons teeth by neglect or mismanagement, take care that your daughters do not suffer the same penalty from the same cause. See to it that they brush their teeth regularly and thoroughly with SOZODONT, and thereby you will insure them sound and serviceable sets as long as they live. 15

TRIAL AND FRIENDSHIP.—Herrick Allen's Gold Medal Saleratus has had a trial among three million families, and is pronounced the best Saleratus in the known world. Its use always brings a smile to the household; it keeps them in health; it helps make the weak strong, and saves hundreds from that dreadful disease, dyspepsia. As you value health, use it. Most of the Grocers sell it. Depot 112 Liberty st., N. Y. 46

REBEL ARCHIVES TO BE HANDLED BY TRAITORS.—The President has closed the bureau for the collection and arrangement of rebel archives, which, since the termination of the late war, has been under the efficient charge of Dr. Francis Lieber. The records in the bureau have been of great value in various investigations, and the President having removed Dr. Lieber, whose uncompromising loyalty has long been a stumbling-block to Mr. Johnson, the latter can now dispose of the rebel records as he desires.

— The Pay Department is now paying about fifteen thousand additional bounty claims each month. They are paid as fast as the Second Auditor furnishes certified statements that the claimant is entitled to bounty.

SPECIAL NOTICE

To Portsmouth and Vicinity!

The undersigned have purchased the Boot and Shoe Stock and Lease of Messrs. ROWE & CO; to which they have added a

NOT GOLD ONLY,

BUT

RICH, FRUITY, LUSCIOUS

WINES!

California is making grand strides in her agricultural products and is fast withdrawing herself as a purchaser for the manufactures of the various branches of industry she once demanded. She sends a warning voice to the time-worn vineyards of Europe, and enters the lists as a fresh, young combatant for the production of wines from her own rich and increasing vineyards.—The time has come when it is simply ridiculous for any one house to lay claim to especial advantages or peculiar privileges for the sale of

THE WINES OF CALIFORNIA.

As well might they claim a monopoly of the cotton trade.

C. A. RICHARDS & CO

do not receive or sell all the wines which California produces and they do claim to have at all times a very large quantity on hand of all the best kinds, and their advantages for getting the best, and getting them at the lowest market value, are such as to enable them to offer them at prices which to-day are lower than any other house which sells California Wines of equality. We bottle five kinds. They are,—

"Angelica,"
"Muscatel,"
"Still Champagne,"
"Hock" and
"Port,"

Also "California Brandy."

They are all perfectly pure, and may be relied upon in sickness or in health. The **Angel** can and **Muscatel** are rich, sweet wines. The **Hock** is fully equal to the medium grades of Rhine wines. The **Port** is actually better than many of the high cost Ports from Oporto. We sell these wines in any required quantity, from a single bottle to a Pipe, and are ready to receive at all times to exhibit samples, or to send them to any address.

For CRAMP, PAIN & WIND in the STOMACH.

Equal to any in the market. Prepared by au15—12t4t W. R. PRESTON.

A New and Elegant Truss.

Those in want, are invited to examine them at PRESTON'S APOTHECARY STORE. au15—12t4t

BOSTON MUSIC SCHOOL.

The Fall Term will commence on MONDAY, Oct 7, at Odd Fellows' Block, 554 Washington street, Boston.

This Institution was incorporated about ten years ago, and having been its successful operation ever since, is now fully prepared to furnish instruction to students, in the theory and practice of vocal and instrumental music. Pupils may enter at any stage of progress and pursue three branches of study, viz:—

PIANOFORTE, HARMONY and SINGING, or, instead of Singing, they may study any orchestral instrument, receiving in each branch of study two lessons a week.

The pupils will be graded and classed according to their attainments. The classes comprise from one to three persons, who receive individual instruction, and recite their lessons in the presence of the class to which they belong.

No extra charges are made excepting for the studies of the GUITAR and HARP, for which the terms will be moderate. Price of tuition $30.

BOARD OF INSTRUCTION:

B. F. BAKER, WULF FRIES,
WILLIAM SCHULTZE, E. M. HEIM,
GEORGE H. HOWARD, HIRAM WILDE.

For particulars address B. F. BAKER, 4 Rowe Place, Boston. WM. READ, M. D., au20—Tu6t Secretary of the Corporation.

GRAND FESTIVAL

For the Benefit of the

Episcopal Church in Greenland,

On THURSDAY, August 29.

The Elegant Grounds of the Hon. CLEMENT MARCH will be thrown open from 2 until 10 o'clock, P. M.

FLOWERS, FRUIT, ICE CREAM and other REFRESHMENTS,

Will be offered for sale.

DANCING on the Lawn to the Music of LAMPREY'S QUADRILLE BAND.

Friends from Portsmouth and all adjoining towns are cordially invited to help on the good cause.

TICKETS 50 Cents, to be had at N. P. Thacher's, J. H. Foster's, W. R. Preston's and H. S. Hodge's, in Portsmouth; and at G. H. Jenness' Saloon, Rye Beach.

☞ If the weather be stormy, the Festival will take place the first fair day.

CONCORD & PORTSMOUTH RAILROAD.

CAMP-MEETING AT EPPING,

Commencing on MONDAY, Aug. 26, 1867, and continues through the week.

Passenger trains will be run during the week as follows:

Leave PORTSMOUTH at 8:30 and 9:00, A. M., and 1:05 and 4:40, P. M.

Returning,—leave the Camp Ground for Manchester and Concord at 8:35, A.M. and 5:45, P.M. Leave for Portsmouth at 9:20, A.M., and 12:40 and 4:50, P.M.

TICKETS AT REDUCED RATES,

Good during the week, to the Camp Ground and return, can be purchased at the Ticket Offices.

FULL FARE will be charged unless tickets are purchased at the Ticket Offices.

The Wonders of a Life-Time!

PERFECTLY IMMENSE!

THE VERY CELEBRATED

FLYING DRAGON TROUPE

—OF—

JAPANESE!

crossing the great Pacific Ocean and the American Continent, made their first appearance in the great metropolis of New York, performing feats of the most marvelous and incomprehensible character.

"This Troupe of Japanese comprises twenty-four persons, each of whom has a specialty, and excels in it. And the whole combination is unquestionably the most talented by far, of any that have yet appeared in this city."—*San Francisco Times, June 10.*

"It is evident that there is as much difference between them and their predecessors in point of skill as between Leotard and Hanlon and a street tumbler. They have simply indicated their right to be considered the best troupe that has left Japan, and altogether the most perfect."—*San Francisco Times, June 11.*

The enormous houses which have nightly attended the startling performances of the marvelous and incomprehensible Japanese during their recent engagement in New York, gives the evident assurance of their wonderful skill.

The applause continuous, and culminating in exclamations of excited "bravos," reaching the degree of enthusiasm rarely witnessed within the walls of a theatre.

TWENTY-FOUR JAPANESE,
TWENTY-FOUR JAPANESE,

16 Men, 4 Women, 4 Children,
16 Men, 4 Women, 4 Children,

pronounced by the GREAT TYCOON himself

The Most Wonderful Star Performers of Japan.

At each entertainment

IZENA GEEROO

will ascend a ladder formed of Japanese swords, sharp as razors, edge uppermost, bare footed, running, altitudinizing and jumping upon them in a most incredible manner. The Japanese

COLUMN AND SUSPENSION ACTS,

by the artists Chasan Keetchee, Kooma Keetchee and Goro Keetchee are surprising feats of strength, agility and grace, while the feats of

CONTORTION, BALANCING, PERCHE, &c., by others of the troupe, are highly interesting and picturesque. No description can convey a satisfactory notion of this most singular entertainment to those who have not seen it; it is so entirely peculiar and unique in its character, that all who are anxious to experience a new sensation, and who have a penchant for novelties, should witness for themselves.

It may safely be assumed that ASTONISHMENT WILL RISE AND AWE in witnessing the startling feats of the children of the Isles of the Sun. The press and Public of New York and Boston are enthusiastic in announcing without stint or reservation, that the performance of this utterly unparalleled Troupe is far beyond all precedent. To be understood by presence and enthusiastic applause of Clergy and Dignitaries of these cities, is of itself an overwhelming evidence of the HIGH MORAL, INTELLECTUAL AND SCIENTIFIC NATURE OF THE PERFORMANCE.

It is, says the Brooklyn Eagle, impossible to describe these marvels. They must be understood they must be seen, and seeing, one must be assured he is awake, and not dreaming to believe.

Imagine a human being springing into the air, like a bird with one wing clipped, and revolving three times horizontally.

Imagine others skipping in the air like mammoth grasshoppers, bounding as an india rubber ball,

GYRATING AND REVOLVING,

setting all conceived ideas of human strength and endurance utterly at naught.

Of all Human Marvels these are Greatest!

Will exhibit at Portsmouth,

On Lot near Rockingham Mill, Hale's Point.

POSITIVELY ONE DAY ONLY.

SATURDAY, August 31st,

Afternoon and Evening, under their New and Elegant

Mammoth Water-proof Pavilion.

Seating 3,000 people; at 2 and 7, P. M.

DR. S. S. FITCH,

Of 714 BROADWAY, NEW YORK, Author of the Six Lectures on the Prevention and Cure of Pulmonary Consumption, Asthma, Catarrh, Dyspepsia, Heart Disease and all Chronic Diseases, will be at the

ROCKINGHAM HOUSE, Portsmouth,

On THURSDAY, Aug. 29, and on the same day of the week every 4th week afterward.

Dr. Fitch treats all Diseases of the Head, Scalp, Eyes, Nostrils, Face, Throat, Lungs, Stomach, Heart, Liver, Bowels, Piles, Kidneys, Skin, Joints, Dropsy; also Diseases peculiar to Males and to Females. Lost Complexion perfectly restored. Most persons, somewhere from 15 to 80 have one or more bad fits of sickness. Cure them wholly, and they will live ten to fifty years longer. Dr. Fitch's most prominent specialty is the prolongation of human life.

A respectable physician said to me four weeks ago, "For seventeen years you have kept me well of diseases pronounced utterly incurable by several eminent physicians."

Mrs. Elizabeth Huntington Long writes, (Saratoga Springs, March 30, 1867,) twenty-three years ago she had ulcerated lungs, and knew, said hereditary consumption, of which her sister died. I cured her perfectly. Fourteen years later she had a bad attack of heart disease, of which her brother died. Of this I cured her perfectly. She says, "I always remember you with gratitude, for, under God, I owe my life to you."

Miss Anna Judkin, at Portsmouth, N. H., June 7, 1867, said, "Twenty-three years ago I was your patient, and very bad with lung disease, my father, four brothers and three sisters, had died with consumption. I was wholly given up. In six months you cured me. I have now enjoyed perfect health twenty-two and a half years; not a single show of lung diseases in all that time."

D. D. Benjamin of Union, N. J., says, "Over twenty years ago I and my brother were both in consumption. I had bleeding and ulcerated lungs. My brother refused treatment, and died in three months. You cured me, and I have had not any cough or lung trouble in twenty years. I was then forty, and I am now sixty years old."

All consultations are wholly free.

Dr. Fitch's "FAMILY PHYSICIAN," a most excellent book in all families, 70 pages, 25 cents, sent free of postage to any address. Send no money until you get the book and approve it. Direct all letters for books or consultation to 28 TREMONT ST., BOSTON, Mass. jy23—1y

DR. MILLER'S
Soothing and Healing Balsam,
or, Nature's Assistant.

IT HAS PROVED UNFAILIBLE for Burns, Frozen Limbs, Bruises, Sprains, Wounds of all kinds, Pains in the Side, Back or Shoulders, Chilblains, Chapped Hands, Stiff Neck, Aguo in the Face or Breast, Sore Throat, Deafness, Poisoning, Erysipelas, and Inflammation of the Eyes. For Rheumatism it is not a certain cure, yet hundreds have been relieved by it when other remedies had failed.

AS AN INTERNAL MEDICINE, when taken in season, it will cure Inflammation in the Bowels, Dysentery, Kidney Complaint and Cholera Morbus. It will also cure Diphtheria, Dry Cough and Asthma.

This medicine is purely vegetable in its composition, soothing and healing in its influence, and may be given to a babe or sex with perfect safety. It has been before the public during the past nine years, and has wrought some of the most astonishing cures. The proprietor challenges the world to produce its superior as a remedy. For sale by all Druggists. **C. D. Lect**, Proprietor, [middle-dewly F. WARE. Springfield, Mass.

Demas Barnes & Co., 21 Park Row, New York will also supply the Trade at List Prices.

IF WE HAVE A COLD, pain in the head, dizzy, bilious, costive, or sick from any cause, it is from the presence of offending humors, and this is so whether the pain be in the flesh, the nerves or the bones.

BRANDRETH'S PILLS

should be always ready, and are sure to purge, and this can be done according to the necessities of nature, by which the offending humors are removed and the health restored.

The Hon. Josiah Quincy says, "I sell more of Brandreth's Pills than of all others put together."

BRANDRETH'S PILLS are sold by all druggists, and at the principal office, Brandreth House, New York.

Observe B. BRANDRETH in white letters on the government stamp on each box. au29dawlm

A GENERAL MASSACRE of the fibres of the head, the whiskers, the moustaches, or the beard, can be easily accomplished by the application of the scorching hair dyes, and when every hair is KILLED DEAD,

the parties deceived by these nostrums will regret, too late, that they did not use the wonderful and entirely poisonless preparation, which

BATCHELOR'S HAIR DYE,

produces a black or brown which is not surpassed by nature's own hue. Be wise in time. The only safe and sure article is

CRISTADORO'S HAIR DYE.

Manufactured by J. CRISTADORO, 68 Maiden Lane, New York. Sold by all Druggists. Applied by all Hair Dressers. Jy2daw—1m

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel P. Wiers. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only good for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Cuts, Insect Stings, Pains in the Limbs, Chest and Back; also internally for Colic, Cramps, Diarrhœa, Dysentery, Cholera Infantum, Sore Throat, Cuts, Insect Stings, Pains in the Limbs, Chest and Back; also internally for Colic, Cramps, Diarrhœa, Dysentery, Cholera Infantum, and all bowel complaints. Over 1,000 of the most celebrated Physicians recommend it—it never fails. DR. TOBIAS puts up every drop himself.—Sold by all Druggists at 50 cents and $1 per bottle. Depot 52 Cortlandt street, N. Y. au24dawlm

DR. SCHENCK ON DYSPEPSIA.—SYMPTOMS, CAUSES AND REMEDY.

Symptoms of Dyspepsia.—A sense of fullness, tightness, and weight in the stomach, together with flatulency, acidity, sour, offensive belching of wind, water-brash and vomiting, and a great deal of what a person calls an all-gone feeling at the pit of the stomach. Frequently there is also a sinking or faint sensation, which physicians mistake for heart disease, and when the stomach is in this condition it is coated with a mucous or slime. The rough fibrous portions of the stomach, similar to what we see in tripe, is what throws out the gastric juice, and when the stomach gets a thick coat of slime on it, it prevents the gastric juice from flowing, and digestion ceases. Schenck's Seaweed Tonic dissolves this mucus or slime, and restores the stomach to its natural condition.

Schenck's Mandrake Pills are also required to carry off this morbid matter. Two-thirds of the cases of Consumption are caused from this diseased state of the stomach; the liver becomes torpid, it ceases to throw out bile, and in a short time the whole system is deranged. The mucous membrane of the bowels becomes coated with a mucous like substance, and before the patient is aware of it, he or she has Bronchial or Pulmonary Consumption.

Schenck's Pulmonic Syrup cannot act freely through the blood when the system is in this locked up condition, without the aid of the Seaweed Tonic and Mandrake Pills. The Liver has all the venous blood to strain, and when it gets in a torpid condition, but very little of the blood finds its way to the liver, and the whole body becomes so low, and the blood so thick it can hardly run through the veins. In a majority of cases hemorrhages occur from this thick condition of the blood. The Mandrake Pills act on the Liver similar to calomel, but they do what that does—it unlocks the gall bladders, starts the bile, and the blood begins to circulate naturally through the lungs, and the hemorrhage ceases. If, when persons are attacked with hemorrhage, they would first take a good purgative, something that would act on the liver, they would soon be relieved from bleeding from the lungs, and it is the only way, for as astringents are only temporary, and irritate the bronchial tubes, and lay the groundwork for consumption.

DR. SCHENCK will be professionally at his rooms every Monday, at 32 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer, the charge is $5.

His medicines are for sale by all druggists and dealers. Also a full supply at all times at his rooms.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7 50 the half dozen. Mandrake Pills 25 cents per box.

GEO. C. GOODWIN & CO., 38 Hanover St., Agents for Boston. For sale by all Druggists.

TO CONSUMPTIVES.—The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE for CONSUMPTION, ASTHMA, BRONCHITIS, COUGHS, COLDS, and all Throat and Lung affections. The only object of the advertiser sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, FREE, by return mail, will please address

law daw REV. EDWARD A. WILSON, ly my1 Williamsburg, Kings Co., New York.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, my—ly—daw1y

JOHN B. OGDEN, 42 Cedar Street, New York.

Local.

☞ The difficulties the Street Sprinkler has labored under this season, he says are so many and great, he is sick of the business. He could hardly find any place to put his pumps in the river, and did not succeed at all in procuring position for horse power. And all the water that hand pumping could fetch, was insufficient in dry times. The proper tanks are very scarce and expensive. The frequent showers save him but little, as of course horses, carts and drivers must be kept ready for duty; and altogether he gets very little pay for a great deal of trouble, labor and risk. Subscriptions for sprinkling are now due.

☞ The arrangements are complete for the Greenland Festival to-day, if only the clerk of the weather will be propitious—and all, according to the programme, will go merry as a—we were abut to say, marriage bell, but as unfortunately Mr. March does not believe in that sort of a thing, we shall have to substitute Episcopal bell, or belle, or ball. No matter, so all have a good time and help the cause along.

☞ A match game of base ball was played at the Plains on Tuesday afternoon, between the "Piscataqua" and "Red, White and Blue" clubs, and was won by the latter.

The Betton Base Ball Club will make a second excursion on Tuesday next, for pleasure and practice—Newington will be their field of operations.

☞ A bittern, measuring six feet from tip to tip, was hanging in front of the brick market on Wednesday. "Rising with a hollow scream," as Irving hath it, the bittern makes quite a show when on the wing, but as this one hung beside a lot of plover it looked rather attenuated, something like a "daddy-longlegs" in a nest of fat spiders.

☞ A marble tablet set in the sidewalk at the western end of Congress street, bears the inscription, "Taylor's Confectionery. A Treat." Doubtless the latter portion is the imprint of the old-established stone-yard at the north end, but the *double entente* is very appropriate.

☞ Dr. Fitch will be at the Rockingham House to-day. His card will be found in another column.

☞ The Alleghanians, vocalists and bell-players, leave New York this week on a grand Western tour to Great Salt Lake City, having received, the Tribune says, a pressing invitation from Brigham Young to visit his domains this season. Well done, Waldron.

☞ The new Bell Tavern Block will soon be occupied by its owners. Messrs. Ferguson & Frye opened on Wednesday, and the other stores are being rapidly completed.

☞ One day last week, while a Russian war steamer was taking on board a number of refugees on the Cretan coast, the commander of a Turkish man-of-war, which was lying near by, forbid any further embarkation. The Russian commander refused to desist, and both vessels run out their guns and prepared for a fight; but Omar Pasha, the commander of the land forces, who was on shore in the vicinity, hearing of the danger, interfered and prevented an engagement.

☞ The Portland Press says that somebody, for the purpose of affecting bets, probably, telegraphed to Boston that Walter Brown had sprained one of his ankles, and would not probably be able to contest with Hamil in the race for the championship.—The story is a falsehood. Brown pulled his five miles easily on Monday, is in good condition, and will be on hand on the day of the race. [We may have something to say on this point before long.]

☞ Special dispatches represent the situation of matters between the Executive Mansion and the War Department as "exceedingly delicate."

☞ Thanks to E. L. S. for Marquette and Negaunee, (Mich.) papers.

— Twenty-seven cases of suicide have occurred in St. Louis since July 1st.

— Dr. James Jackson, one of the founders of Massachusetts General Hospital and its first physician, died in Boston on Tuesday, at the age 90.

— At Bennington, Vt., on Tuesday forenoon, one of the mills belonging to the Bennington Powder Company exploded, instantly killing three men. One was blown into fragments. The damage was not heavy. The cause of the explosion is not known.

— The trestle work being used in the erection of a bridge across the Susquehanna river at Harrisburg, Pa., gave away Tuesday morning, precipitating seven workmen into river, killing one of them and slightly injuring the others.

— On Friday last, Mr. Thomas Jones of Falmouth, aged 76 years, committed suicide by hanging in his barn. M. Jones was a man of excellent character and highly respected. The rash act was supposed to have been caused by pecuniary embarrassment.

☞ On Tuesday two sons of Dr. Edward Beecher of Galesburg, Ill., two daughters of Rev. Charles Beecher, and a son of Rev. Wm. Coffin of Batavia, N. Y., a brother of Mrs. Charles Beecher, were sailing in Pentucket Pond, in Georgetown, Mass., when the boat upset and three of them were drowned—Esther and Harriet, daughters of Rev. Charles Beecher, aged sixteen and twelve years, and Albert, son of Dr. Edward Beecher, aged twenty years

☞ Aaron Jones was arrested in Cincinnati on Tuesday morning, and placed under $3000 bonds not to fight in Hamilton county. The fight between Jones and McCook is announced for Saturday next.

MARRIAGES.

In this city, Aug. 27, by Rev. I. F. Waterhouse, Mr. CHAS. F. DEROCHMONT to Miss SUSAN E. COLEMAN, both of Newington.

DEATHS.

In this city, Aug. 28, Mrs. MARTHA A. GAMMON, aged 26 years, 6 months, wife of Thomas B. Gammon, and daughter of the late Wm. R. Hall.

☞ Funeral on Friday afternoon at 3 o'clock, from residence 104 Street street.

On Tuesday, between the Depot and South St., a roll of BILLS, amounting to about $45. The finder shall receive a liberal reward on leaving the same at No. 10 Water street. au28—3t

THE
CENTRAL PACIFIC RAILROAD,
THE WESTERN HALF OF THE
GREAT NATIONAL TRUNK LINE
ACROSS THE CONTINENT,

being constructed with the AID and SUPERVISION OF UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the sole link of communication between the Pacific Coast and the Great Interior Basin, and the

Principal Portion of the Main Stem Line between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building west of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, *as now* seems probable, the United States will have invested in the completion of $85 miles **$28,592,000,** or at the average rate of **$35,000** per mile—not including an absolute grant of **10,000,000** acres of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by waiving its first lien in favor of the Government Bondholders, the GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Acts of Congress upon the other parts of the throughline, and has, in addition, **several special, exclusive and advantages** applicable only to the Western Half.

I. The Company has received from the State and other cities of California, *assistance in money, credit and valuable property*, to the worth of $2,000 in gold, in addition to the full benefit of the Government subsidy.

II. *The hardest and costliest part of its construction has been successfully overcome* within the first 150 miles. In a few weeks the track will be completed entirely across Sierra Nevada, after which progress to Salt Lake will be easy and rapid.

III. The best business alone of this road established its complete financial success, independently of the vast through trade which must pass over it. The gross earnings for the months of June and July, upon the 91 miles then open for business, were equivalent of $297,-000 in gold, of which *four-fifths* were net earnings.

IV. *It can have no competition*, but will carry, besides its own lucrative local traffic, *the whole extreme of through business* which is created among its Eastern connections and their branches.

V. The road lies wholly in territory yielding the precious metals, *and its revenues are collected in coin*. Its rates for transportation are very advantageous, being more than *three times* those of roads lying east of it; and the *ratio of operating expenses is less than 25 per cent. of the gross earnings*.

VI. In consequence of the aid it receives from the General Government, from the State of California, and from municipal incorporations, the annual interest obligations which the Company are called upon to assume are very light. The per earnings per mile are equal to those of roads in 1866 were nearly *three times the amount of annual interest liabilities to be assumed in building it*, and were $325,000 *more than the annual interest on the entire amount of First Mortgage Bonds which the Company can issue upon the first* 150 miles.

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds,

Principal and interest payable in Gold Coin, in New York city. They are in sums of $1000 each, with semi-annual gold coupons attached, and are selling for the present at 93 per cent. and accrued interest from July 1st added, in currency, at which rate they yield nearly

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as the Bonds granted by the Government; and represent, in all cases, the *first lien* upon a completed, equipped, and fully stocked railroad, in which have been invested Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is now earning more than three times the amount of First Mortgage Bonds which can be issued upon it.

The agreement of the Company to pay principal and interest of their Bonds in coin, being made under the Specie Contract Law of California, authorizing and enforcing payments in gold, *is legally binding*, unlike similar agreements made by companies in States where no such legislative sanction exists.

In these important particulars the Securities of the Central Pacific Company *offer an unusual degree of safety, stability and profit.*

The FIRST MORTGAGE BONDS of this Company are destined to occupy a prominent place among FIRST CLASS SECURITIES in the money markets of this country and Europe, and will, without doubt, be eagerly sought for, and anxiously dealt in hereafter, at rates materially in advance of the price at which they are now offered.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions and others as an eminently *sound, reliable and remunerative form of permanent investment.*

THE
UNION PACIFIC RAILROAD CO.
THEIR
FIRST MORTGAGE BONDS,
AS AN INVESTMENT.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the Company now offer to the public. The first question asked by prudent investors is,—"Are these bonds secure?" and next, "Are they a profitable investment?" To reply in brief:

1st. The early completion of the whole great line to the Pacific is as certain as any future business event can be. The Government grant of over twenty million acres of land and fifty millions dollars in its own bonds practically guarantees it. One-fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon work pronounced by one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c., and two trains are daily running each way. The materials for the remaining 92 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are several *times greater* than the gold interest upon the First Mortgage Bonds on such sections, and if not another mile of the road were built, the line already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a *bona fide* property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a *second* lien as its security. This amount upon the first 517 miles from Omaha to Cheyenne is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment is the strongest of the three-quarters of a million dollars of the country have already paid in five million dollars upon the stock (which is to them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities than Governments, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Governments to reinvest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. less than U. S. Stocks.

10th. At the current rate of premium on gold, they pay **Over Nine per cent. Interest.**

The daily subscriptions are already large, and they will continue to be received in New York by the

CONTINENTAL NATIONAL BANK, 7 Nassau st.,
CLARK, DODGE & Co., Bankers, 51 Wall street,
JOHN J. CISCO & SON, Bankers, 33 Wall street,

and by BANKS AND BANKERS generally throughout the United States, of whom maps and descriptive pamphlets may be obtained.—They will also be sent by mail from the Company's Office, No. 20 Nassau street, New York, on application. Subscribers will select their own Agents in whom they have confidence, who alone will be responsible to them for the safe delivery of the Bonds.

Morning Chronicle.

Correspondence Gloucester Telegraph.

SHAKER VILLAGE IN CANTERBURY, N. H., is a little off our course, Mr. Editor, but having seen a little of all kinds of life, I know you are curious as to that of the "shakeresses," though it is not the season for apple sauce. Here is a community of four or five hundred souls, men, women and children. They do not marry. Any one can join whose moral character is satisfactory, and leave when he pleases, but while belonging all must conform to the rules.—The children are kept together. The society here is named by families, according to their place in the village; so we have the "upper," "middle" and "lower" or "church family," because it is near the church.—There are several houses, all drab-colored, belonging to each family; the work shops are three story brick buildings. The church is a neat, plain building, with a dome.—We stop before a brick building where stands an old broad-brimmer. "Can we get put up here?"

"I am not the oldest man; he is opposite," says b-b.

Yes, here is the Trustees' office. A ring. A fur-capper answers. In reply to the same question, "yea." He is an old man, thin faced, with a Saturday's beard on. He takes our horse himself, after ushering us in, with the remark that Sister Lucy will attend soon. Sister Lucy, who seems about thirty years of age, soon appears and takes the hats and shawls of our companions, as glad, apparently, as though we were country cousins on a visit. Not up in Shaker etiquette, your correspondent, a male "gentile," is not over cordial with the lady, who, in her hurry, has forgotten her hoops—may be. She wears a very pleasant expression on her countenance under the plain muslin cap. A cape of the same neat material covers her shoulders. Her dress is of plain calico. The room fairly shines. I trod the yellow painted floor on tip-toe. Strips of carpet run across it to keep the rockers of the chairs off the floor. A secretary, plainly made, but highly varnished, is in the room, and a case with glass doors, where Shaker nick-nacks are kept for sale. A Shaker emblem, a dust brush, hangs in one place. The fur cap is exchanged for a broad-brim, as the wearer offers to accompany us to the great barn. Sister Lucy imparts to our ladies the secret of the fur cap in dog-days. Brother's head is always cold, so he wears a hat or cap indoors and out.

"Do you all live together?"

"We worship together, but our temporalities (greenbacks?) are separate. The lower family are richer than we are."

The barn, whitewashed outside, is perhaps a hundred feet long, and its three stories are so arranged that the hay is driven into the upper one and pitched down on to the mow—a great saving of labor. Every thing wears the same neatness, which, observes observes our entertainer, "is a part of our religion." Here are places for each cow, with her name over her place—some forty places—Diamond, Beauty, Blossom, Bud, Quince, &c. &c. They are driven into the barn morning and night at this season. A little rye is sprinkled in each place. The cows know their places, put in their heads and, with the raising of a lever, every one is stanchioned at once. The sheep are kept in the lower story, the manure out of sight in the cellar. No pigs are raised. Our conductor is feeble; an occasional "ho-hum" indicates weariness.—We go back through the field and the neat garden, across the street to another building, in the basement of which is the dairy. Nice looking cheeses are arranged neatly on the shelves. Thence we go to the windmill, that saws their wood and does other mechanical work. This mill, by the way, is an invention of brother Furcap. He showed us a patented model, and has been assured by mechanics, that it can be applied to vessels and propel them with or against the wind. Think of Skipper Laten going to the Bay in the Wildfire with a couple of windmills! It is an ingenious thing, however, and we may live to see a fleet of windmills coming in the wind's eye in our harbor some November storm.

But here we are again in the house. I still tread tip-toe. Sister Lucy calls to dinner. Only the visitors are of the party.—Everything shines here with religious neatness. Little glass stands for the salt; little plates for the butter. A dish of boiled eggs, potatoes, and fish to flavor the principal—a mixed dish. Nice white bread and brown; peas and cucumbers; short cake and berry pie; maple syrup clear as amber, is the bill of fare. Sister Lucy quietly anticipates every want.

Some verses framed on the dining-room wall call attention to the sinfulness of wasting food. It is a rule with them to leave no fragments upon the plate. We conform thereto. Soon after, we call for our horse, which a couple of other brothers bring to the door. Our ladies had selected some nick-nacks of sister Lucy. "Shall we pay the Trustee?" "Nay, nay: they belong to me," is her quick reply; "pay me."

We asked brother Fur-cap, "how much do we owe you?" Sister Lucy has called him from an after-dinner nap. "Three dollars and a half," he instantly replied.—You see the advantage of a head always cool, Mr. Editor.

The Shakers are kind and courteous to visitors, but visitors are not always courteous to them. We found the names of George and Martha Washington on the book of record. On inquiry Sister Lucy remarks they are written by a wild fellow who has visited them often and always writes somebody's name instead of his own. Good bye, Sister Lucy, may your temper and muslin cap never be ruffled.

Important Notice to the Public.
GLEASON HALL
PRESENTATION FESTIVAL.
THE THIRD GRAND CONCERT
Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND,
Will take place on
Thursday Evening, August 29, 1867,
AT GLEASON HALL, WEST TROY, N. Y.
The Second Grand Concert of the series took place at West Troy, N. Y., on Thursday evening, August 8th, and was a grand success, the Hall being filled to overflowing with a refined and appreciative audience from all parts of the State. There was a unanimous desire to hear the Hall, and the gentlemen selected by the audience on the night of the first Concert to superintend the drawing, when it takes place, which will be on the night of the last Concert. The Tickets, which have been limited to 75,000, at
ONE DOLLAR EACH,
can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. There will be a present awarded the holder of every ticket.—Among the presents to be awarded are the following:

Metropolitan Hotel, West Troy,		$30,000
Farm, fifty acres, Rensselaer Co.,	-	4,000
Six Building Lots, Albany City,		4,000
One Mortgage, Albany City Property,		1,000
Two Billiard Tables,	-	1,200
One Mortgage, Farm 56 acres	-	1,075
One Piano	-	600
Three Melodeons,	-	375
Two Bedroom sets,	-	200
One Grover & Baker Sewing Machine, plated,		85
One Wheeler & Wilson Sewing Machine,		70

And Thousands of Other Presents,
Consisting of
Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Pitchers, Gold Watches, Sets Spoons, Dressing Cases, Port Monnaies, Scarfs, Table Sets, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention in this notice.
The above property will be delivered to the person entitled to it free from all incumbrance and duly transferred.
The property may be seen at any time by calling on the owner, John H. Casey, Metropolitan Hotel, West Troy, N. Y.
We, the undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be placed in our hands, and will be by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey as correct, and we will pay off and discharge, from the moneys so received, all mortgages upon the property. ANDREW ALANDER,
THOMAS RATH.
The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will conduct the presentation with honesty and fairness, and try to give satisfaction to the public.
Hon. Oscar F. Potter, Member of Assembly, Albany Co.; George Mark, supt. West Troy Water Co.; Jas. F. Wheeler, Pres't Bank; R. Winbeck, Att'y and Coun. at Law; A. J. Rousseau; Dr. J. P. Witbeck: Hon. Caution
To Females in Delicate Health.
DR. DOW, Physician and Surgeon, No. 7 ENDICOTT ST., Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Fluor Albus, Suppression and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days. So invariably certain is this new mode of treatment, that most obstinate complaints are cured under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston.
Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered.
Office hours from 8 A. M. to 9 P. M.
Boston, Aug. 4, 1867.— lyrae

The Chronicle.

☞ Arthur Wellesley conquered the most formidable enemy that Great Britain ever encountered, and a grateful Government made him a duke, gave him a splendid fortune, and covered him with honors all the rest of his life. Phil. Sheridan beat the most dangerous enemy of the American Republic, and his Government disgraces him in the hour of his triumph, and strips off the laurels in the first blush of victory. Shall republics always be ungrateful?—*Tribune.*

No; this republic, we think, is not ungrateful to Sheridan. The INGRATE is one Andrew Johnson;—who is notorious for doing evil to those who have elevated him, and favoring those would gladly have murdered him three years ago.

MEN are generally what they choose.—The bumpkin in the country village is so from choice, not necessity. Had he pushed early and strong he might have been an alderman in a city and had a long hand in contracts As a general thing men are little or much as they develope themselves.—There are not many positions in life which what are called ordinary men may not reach if they are willing to make the required effort. Most of the Presidents of the United States have been poor boys at the start. The man who pushed a wheelbarrow and in time ran a handcart, was progressive; and the young fellow who picked up rags and is now first clerk of a clam stand, shows what ambition and perseverance will do.

— The swallows in the vicinity of Washington have emigrated to the southward thus early. Those who profess wisdom in such matters say it indicates an early winter.

— The Rev. John Hall, D. D., of Dublin, Ireland, has accepted the call of the Nineteenth street Presbyterian church in New York, of which Dr. Rice was recently pastor. The salary is $6000 per annum.

— "Ma," said an inquisitive little girl, will rich and poor folks live together when they go to Heaven?" "Yes, my dear, they will be all alike there." "Then, ma, why don't rich and poor Christians associate together here?" The mother did not answer.

— With regard to the French wages, it is reported that the general rate has increased about 40 per cent. in the last fifteen years, but the rise of wages has been accompanied by a very considerable rise in the price of the culinary articles of consumption, and in the rent of lodgings.

— In some parts of Missouri the people are beginning to cultivate rice in the woods without clearing off the trees, and, in fact, without deadening them. The dead leaves are turned under with a plow wherever it is practicable to do so, and the rice planted. Fair crops are raised in this way.

— A young man who attended church in Minneapolis, Minn., last Sunday week, went to sleep during the service, and while sleeping suddenly arose to his feet, and with violent gestures exclaimed, "I won't do it! I won't do it! I am going to bed!" He was prevented from retiring in so public a place by being awakened.

— Alderman William McMullen, of Philadelphia, who was referee in the late prize fight near Washington, and who there threatened to "cut the heart out of any reporter that published his name," is under impeachment, and likely to be ejected from the board of aldermen, for leading in an assault by one company of firemen upon the engine of another company.

—The state of trade generally in France is far from prosperous, as appears from the enormous amount (902,000,000 *f.*) of metallic reserve in the bank. The Semaine Financiere observes that nothing of the kind has been witnessed in the history of credit establishments. It is the incontestible sign of absolute stagnation in commercial affairs, and more than a vague and instinctive mistrust: it is the expression of a general and systematic refusal of confidence in the maintenance of peace, well or ill founded.

American and Foreign Patents.
B. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of the U. S. Patent Office, Washington under the Act of 1837.
No. 78 State street, (opposite Kilby street,) **Boston.**
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, Bonds, and all papers or drawings for Patents, executed on reasonable terms, with dispatch. Researches made into American and Foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.
No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.
During eight months the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS; *every one* of which was decided *in his favor* by the Commissioner of Patents.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse, CHAS. MASON,"
Late Commissioner of Patents.
"I have no hesitation in assuring inventors that they can not employ a man *more competent and trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.
"Mr. R. H. EDDY has made for me THIRTEEN applications, in all but *ONE* of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part, leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGHART."
Boston, Jan. 1, 1867.—3tawly

BUY THE CHEAPEST AND THE BEST.
DR. WARREN'S
BILLIOUS BITTERS,
The Great Blood Purifier and Regulator.
Recommended in confidence by thousands for the past five years.
From M. S. BURR & Co., the oldest Wholesale and Retail Dealers in Proprietary Medicines, Perfumery, &c., in New England:
"We have sold large quantities of Dr. WARREN'S BILLIOUS BITTERS during the past five years, both at wholesale and retail, and have yet to learn of a single instance wherein they have failed to give perfect satisfaction. From personal knowledge, as well as from the reports of our numerous customers, we confidently recommend DR. WARREN'S BILLIOUS BITTERS to the public as a safe, reliable and very valuable Family Medicine. M. S. BURR & CO."

BREAD
MIXING and KNEADING MACHINES.
One of the Most DESIRABLE and VALUABLE Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.
The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the advantages of the Bread Mixers and Kneaders.
The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.
The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.
It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.
The Ladies are respectfully invited to call and see the machines at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au 6 **E. A. STEVENS.**

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by

09codly **No. 22 State Street, Boston.**
JAMES A. DUPEE, JAMES BECK, HENRY SAYLES.

The Daily Chronicle.

Portsmouth, N. H.

FRIDAY, AUGUST 30, 1867.

☞ A special dispatch to the Boston Journal, dated Washington, Aug. 28, says that "Gen. Grant has written the President another important letter relative to the order superceding Sheridan and appointing Gen. Hancock in his place. In this letter Gen Grant states that the transfer of Gen. Hancock from the Plains, where he is rendering most valuable services to the Government in suppressing the Indian troubles, to the Fifth Military District, comprising Louisiana and Texas, will be of great detriment to the military branch of the Government, and he earnestly hoped that the Executive would reconsider his determination and allow Gen. Hancock to remain where he is. Gen. Grant also says in his letter that if he construes the reconstruction acts correctly, he is vested with the power of approving or disapproving the orders of the commanders of military districts, and that this does not rest with the President, as the latter seems to infer by the second order he issued removing Sheridan. To this the President replied that he had thought of all this, and there was nothing for the War Department to do but to execute the order sending Hancock to New Orleans."

THE NEW YORK WHISKEY FRAUD.—A dispatch from New York, received on Wednesday, stated that gigantic frauds in the revenue had been discovered, which would implicate parties in the whiskey trade both in New York and Boston, as well as some Government officials. It appears that one lot of spirits, estimated to be about six thousand barrels, was marked "for export," and stored in a bonded warehouse in New York. By collusion with some of the revenue officers, this whiskey was allowed to be drawn from bond and sold without having paid any duty, and in its place was substituted six thousand barrels of water, which was taken to a vessel lying in waiting and by it taken away.

☞ Gen. Harney, who has had twelve years' experience among the Indians, says he has never known the rites of hospitality to be violated by them. He also declares that they are the least treacherous people in the world, and the reason why they are considered to be cowardly originated from their mode of warfare. They are not cowardly. The Indians, when engaged in a fight, although they may whip the enemy and cause him to run, yet if they lose any considerable number of men, it is considered by them a defeat.

Gen. Harney's opinion in this matter is worthy all credence, as he has proved himself one of the most successful fighters in our campaigns against the Indians. We remember a call upon him some years since, while he was stationed in Texas, when his conversation shew that the Comanches had some ground for the sobriquet they applied to him, he being known among them as "the great red devil."

DEATH OF PROF. FARADAY.—The cable dispatches report the death of Professor Michael Faraday, the great authority for many years in the world of chemical science. He was born in 1794, was the son of a poor blacksmith, and was apprenticed to the book-making business, at which he worked till he was twenty-two years of age. Even then he had made an electrical machine, and given other evidences of the bent of his genius. Through a friend he was enabled to attend some of the lectures of Sir Humphrey Davy, and a note to the latter was the means of procuring him a situation in his laboratory. He attended Davy on a travelling tour as his secretary, and ultimately rose to a professorship.

Prof. Faraday's experiments and profound observations have long had a world-wide celebrity. His investigations into the nature of heat, light, magnetism and electricity have been considered of the utmost importance. The University of Oxford made him a Doctor of Laws in 1832, and many other learned bodies recognized his merits. In private life he was greatly beloved for the simplicity and kindliness of his disposition and his character for integrity.

— A dispute about which way the figure of a carpet should run, postponed a marriage in Hartford last week.

— There is no longer doubt that open war between the President and Gen. Grant is imminent. For Grant's sake we are heartily glad of it. Johnson has no followers now except those who are hungry for soup, and it is no credit to a good patriot to be in such company.

— At a recent baptism of nine persons in Derby, Vermont, by a Methodist minister, four modes of baptism were practised. Two of the candidates stood at the water's edge and were sprinkled; some went into the water a little way, knelt down and had water poured on them; others went in waist deep and had water poured on them, and some were immersed.

NEW HAMPSHIRE ITEMS.

—— At Ossipee, last week, one John F. Brown was under arrest, and had an examination before some justice whose name we have not learned, charged with robbing hen-roosts, setting fire to buildings, threatening to shoot, &c. The result was, that he was required to get quite heavy bonds for his appearance at the October term. While waiting ostensibly for the purpose of raising the needful, he gave the officer having him in charge the slip, and was spirited away by one of his confederates, and at last accounts had not turned up.—*Wolfeborough News.*

CABLE DISPATCHES.—A prominent journal, which acts as the organ of Bavaria, states that Southern Germany will not unite with Austria or Prussia, and maintaining their independence of either, will hold the balance of power between Northern Confederation and the Austrian empire.

The increasing bitterness of the tone which is apparent in the editorials of the Prussian journals on the Salzburg conference causes much anxiety thorought Europe.

— The National Horse Fair was postponed from Thursday on account of the storm.

— At the auction sale of Scranton coal in New York on Wednesday, 75,000 tons were sold with a decline in nearly all qualities.

— The potato crop of the farmers of Eastern Pennsylvania is being rapidly and severely injured by the rot. Thousands of bushels are being daily destroyed by its ravages.

— A servant girl in Rochester was given a sand glass to cook eggs by and put it into the kettle with them. She did this three times before her novel method was discovered.

— The city of Memphis has compromised a claim arising from the anti-negro riots of a year ago, by agreeing with the trustees of a colored church, then destroyed, to furnish lumber and material for the rebuilding to the amount of one thousand dollars.

— The professional gamblers of New York are greatly alarmed by the vigor with which the Association for the Suppression of Gambling are prosecuting the war against gambling, and have formed an association, with a large fund, for mutual defence and protection.

— It is stated that there are in New York 7,000 people who wear glass eyes. These are made by hand, and require about an hour to complete them. When properly made, and fitted to the socket, it is difficult to distinguish them from the natural orb.

— A suspicious clink was heard from the garments of a suspicious female at a recent pic-nic near Gotham, and on investigation by a blushing Fenian, it was found that she had been stealing lager beer glasses. She had strung them around her garters.

— The California gold mines, says a San Francisco paper, are yielding more freely than ever before, though independent enterprise is less productive than formerly, and combined capital is required to bring the riches out of the bowels of the mountains.

— The President repudiates about two-thirds of the views attributed to him in the alleged interview described in the Boston Post, and which is generally discredited by the better informed New York journals that copied it. The President declines to be represented as stating that General Grant first approved and then opposed the removal of Secretary Stanton.

— The London Builder says that if people planting orchards would give orders to mark the north side of trees with red chalk before they are taken up, and when set out to have the trees put in the ground with their north side to the north, in their natural position, a larger proportion would live, as ignoring this law of Nature is the cause of many transplanted trees dying.

— The lineal descendant of Dermot M'Morough, the last Irish King, is now working as a stonemason at buildings at Toxteth Park, Liverpool. The undoubted representative of the celebrated Earl of Ulster, who flourished in the time of Elizabeth, and who gave that monarch a good deal of trouble in Ireland, is policeman in the Liverpool police force.

— The Saturday Review is anxious that mothers should impress upon their daughters that marriage is "an association with a reasonable and reflective being." If this could be done to "the business of finding a husband, a young lady would then add the not less important business of making herself a rational person, instead of a more or less tastfully decorated doll with a passion for a great deal of money."

— The Oneida Circular writes: "The average Yankee is silent and inventive; he paints his block house white, and finds a way to get on in the world. The average Southern man is garrulous and not given to discovery; if he is a Marylander, he paints his block house with a coat of whitewash; but he is never wholy prosperous. And why all this difference? We answer: The Yankee whittles; the Southerner doesn't."

A NOBLE EXAMPLE.—Some ten or more years ago I was employed to examine the title of a parcel of land in Massachusetts. In making my investigations, I found that one of the prior grantors, through whom my client possessed his title, had possessed only an estate for life, and could not, therefore, legally convey any greater estate.—He had supposed, however, that he possessed an estate in fee, which is, in law, a larger estate. Acting on this supposition, he had attempted to convey it as such to his grantee. This transaction had occurred when the value of the land was only some few hundred dollars. At the time of my examination, a large manufacturing town had been built up around the land, and had greatly increased its value.

After discovering this fatal defect in my client's title, it became very desirable to know in whom the legal title rested. After many and careful inquiries, I found that a young man in Peterboro', N. H., was the legal owner. His father had, many years previously, sold and conveyed it as an estate in fee, and had received a fair price for it as such; but in point of law he could convey only such estate as he legally possessed, and that was one which terminated with his own life, and at his decease the land became, by operation of law, the property of this young man, then living in Peterboro'. I also ascertained that the young man did not know of these circumstances, and consequently was ignorant that he was the legal owner of the land.

After consultation with my client I went to Peterboro', to do the best for him that I could. I soon became acquainted with the young man, and after carefully observing him, and reflecting on all the circumstances of the case, I felt convinced that I could best promote the interests of my client by unfolding the whole matter to the young man, and leaving it for him to act as he should think proper. I accordingly stated the whole case to him. "Well," said he, "what do you want me to do?" I replied that Mr. T., my client, would like a quit claim deed of the land from him. "Have you such a deed made out for me to sign?" he asked. "Yes," I answered, and produced it. He read it carefully through, then said, "Let us go over to Mr. ——, a justice of the peace. There he executed the deed, acknowledged it before the justice, and delivered it to me. "Now," said he, tell me what the present value of the land is. I would not make the inquiry before I signed the deed, lest I should be hindered from doing what was right; but now I should like to know the value of the property I have parted with." I told him that it was estimated at from fourteen thousand to twenty thousand dollars. He said he hoped it would have made no difference with him in signing the deed, whatever the value of the land might be; but that he did not wish to inquire until he had placed himself beyond the reach of temptation, for he wanted to do what was right.

The young man who thus, from a pure principle of right, relinquished property, which was his own by law, of the value of from fourteen thousand to twenty thousand dollars, is a perfect stranger, was Rev. Samuel Abbott Smith, late of West Cambridge. The fragrance of a noble deed perfumes his name.

"Only the actions of the just
Smell sweet and blossom in the dust."

—*Christian Register.*

— Parisian pineapples are made by saturating turnips with a syrup which the confectioners know very well how to manufacture. The resulting fruit is said to be delicious, and is quite popular among the Exposition visitors.

— An editor never leaves any money at home for fear of fire, and never carries any with him for fear of robbers, nor deposits it in any bank for fear of speculating officials. His money generally is invested in the hands of his subscribers.

— Mr. Edward Brown of East Salisbury lost a valuable cow, which broke her neck last week, in fighting another cow. The same gentleman last year had a pig die that was worth fifty dollars; and the year before had an ox struck by lightning and killed. We should think he would do well to insure his live stock, if any sound company will take it.

— Among late nauseating items we read that a young miss residing on Henry street, New York, was on Monday brought back by her mother from Philadelphia, to which city she had eloped with a big negro coachman, and where they were married. The negro fled from his mother-in-law, and the poor girl thus deserted by him, was glad to return with her mother.

☞ We call attention to an advertisement in another column, headed PAINTS FOR FARMERS. The celebrity attained by the Grafton Mineral Paint (the article advertised,, proves its superiority.

We recommend those in want of a good article to post themselves upon the subject, by sending to Daniel Bidwell, 284 Pearl street, New York, for a circular, with particulars and testimonials. daw

WONDERFUL SUCCESS attends the introduction of Pyle's O K Soap. Its superiority over ordinary soap is at once apparent, hence the grateful consumer heralds its merits from neighbor to neighbor; and all first class grocerymen soon see the necessity for a large stock of the "O K." 17

A GENTLE WHISPER TO MOTHERS.—If unfortunately you have lost your own teeth by neglect or mismanagement, take care that your daughters do not suffer the same penalty from the same cause. See to it that they brush their teeth regularly and thoroughly with SOZODONT, and thereby you will insure them sound and serviceable sets as long as they live. 16

☞ Physicians recommend SPEER'S Sambuci Wine the best for females, weakly persons and invalids. Sold by Druggists. 2

IMPORTANT.—The fact cannot be too often and too strongly urged upon the public, that the majority of the Saleratus in the market is not only VERY UNHEALTY, but actually a slow poison, causing teeth to decay, and bringing on disease generally. Thanks to science, skill, perseverance and energy, that the man still lives who invented Herrick Allen's Gold Medal Saleratus, which has and is still doing such great wonders in the culinary department. We say that one trial will convince the most skeptical that there is none other to be compared with it. Most of our Merchants have it for sale. Their depot is 118 Liberty street, New York. 47

THE INDIAN'S FATE.

There was an Indian, Mr. Lo,
Went forth to hunt the buf-fa-lo.

He wore his hair upon a rise,
With rings of paint around his eyes.

Now Mr. Lo a bottle had,
Of whiskey which was devilish bad.

The kind that Indian traders sell,
And only fit to (MS. illegible)

And as he rode he drank and drank,
Till floundered on the ground he sank.

The whiskey burned him like a torch,
And through his side a hole did scorch.

And from his side and through the hole,
Upward and onward went his soul.

Unto the happy hunting grounds,
Where Indian fun in stacks abounds.

Where all the rivers rush with rum,
And Indians fight and hunt and bum.

And as upon the ground he lay,
The wolves came there both white and gray.

Coyote, prairie dog and owl,
With bark and yelp and hoot and howl.

For this departed child of sin,
These raging beasts all waded in.

But he was pickled through, by dod!
With stuff that kills at forty rod.

So as they came with yell and squall,
The forty rod did slay them all.

This was the end of Mr. Lo,
Now I must git and you may go.

— People who have been laying up money for a rainy day, ought this season to be found among the most liberal of customers.

— If you desire the common people to treat you as a gentleman, you should conduct yourself as a gentleman should to them.

— A woman who always used to attend public worship with great punctuality, and took care always to be in time, was asked how it was she could come so early. She answered very wisely "that it was a part of her religion not to disturb the religion of others."

DEATHS.

In Hampton, Aug. 26, CHARLES M. MARSTON, aged 17 years, 2 months, son of John C. and Adaline Marston.

Wanted.

A Good COOK, with references. Apply at No. 62 Market street. au30—1w

☞ If the weather be stormy, the Festival will take place the first fair day.

The Wonders of a Life-Time!

PERFECTLY IMMENSE!

THE VERY CELEBRATED

FLYING DRAGON TROUPE

—OF—

JAPANESE!

crossing the great Pacific Ocean and the American Continent, made their first appearance in the great metropolis of New York, performing feats of the most marvelous and incomprehensible character.

"This Troupe of Japanese comprises twenty-four persons, each of whom has a specialty, and excels in it. And the whole combination is undoubtedly the most talented by far, of any that have yet appeared in this city."—*San Francisco Times, June 10.*

"It is evident that there is as much difference between them and their predecessors in point of skill as between Leotard and Hanlon and a street tumbler. They have simply indicated their right to be considered the best troupe that has left Japan, and altogether the most perfect."—*San Francisco Times, June 11.*

The enormous houses which have nightly attended the startling performances of the marvelous and incomprehensible Japanese during their recent engagement in New York, gives the evident assurance of their wonderful skill.

The applause continuous, and culminating in outbursts of excited "bravos," reaching the degree of enthusiasm rarely witnessed within the walls of a theatre.

TWENTY-FOUR JAPANESE,
TWENTY-FOUR JAPANESE,

16 Men, 4 Women, 4 Children,
16 Men, 4 Women, 4 Children

pronounced by the GREAT TYCOON himself

The Most Wonderful Star Performers of all Japan.

At each entertainment

IZENA GEEROO

will ascend a ladder formed of Japanese swords, sharp as razors, edge upwards, and be footed, running, attitudinizing and jumping upon them in a most incredible manner. The Japanese

COLUMN AND SUSPENSION ACTS,

by the artists Chuman Perchee, Koom Kestchee and Gono Kestchee are surprising feats of strength, agility and grace, while the feats of

CONTORTION, BALANCING, PERCHE,

&c., by others of the troupe, are highly interesting and picturesque. No one can convey any satisfactory notion of this most singular entertainment to those who have not seen it; it is so entirely peculiar and unique in its character, that all who are anxious to experience a new sensation, and who have a penchant for novelties, should witness for themselves.

It may safely be assumed that ASTONISHMENT WILL RISE TO AWE in witnessing the startling feats of the children of the Isles of the Sun. The press and Public of New York and Boston are enthusiastic in announcing without stint or reservation that the performance of this utterly unparalleled Troupe is far beyond all precedent. The endorsement by presence and enthusiastic applause of Clergy and Dignitaries of these cities, is of itself an overwhelming evidence of the RARE HISTORICAL AND SCIENTIFIC NATURE OF THE PERFORMANCE.

It is, says the Brooklyn Eagle, impossible to describe these marvels. To be understood they must be seen, and seeing, one must be assured he is awake, and not dreaming to believe.

Imagine a human being springing into the air, like a bird with one wing clipped, and revolving three times horizontally.

Imagine others skipping in the air like mammoth grasshoppers, bounding as an India rubber ball,

GYRATING AND REVOLVING,

setting all conceived ideas of human strength and endurance utterly at naught.

Of all Human Marvels these are Greatest!

Will exhibit at Portsmouth,

On Lot near Rockingham Mill, Hale's Point,

POSITIVELY ONE DAY ONLY,

SATURDAY, August 31st,

Afternoon and Evening, under their New and Elegant

Mammoth Water-proof Pavilion.

Seating 3,000 people; at 2 and 7, P. M.

ADMISSION 50 Cents. Children, 25 cents.

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' VENETIAN LINIMENT was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel F. Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only good for Burns, for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Cuts, Insect Stings, Pains in the Limbs, Chest and Back; also internally, for Colic, Cramps, Diarrhœa, Dysentery and Croup. It is perfectly innocent to take internally and is the best family medicine in the world. Orders are received from Europe for it. The most celebrated Physicians pronounced it—it never fails. DR. TOBIAS puts up every drop himself.—Sold by all druggists at 50 cents and $1 per Bottle. Depot 56 Cortland street, N. Y. sdawim

DR. SCHENCK ON DYSPEPSIA.—SYMPTOMS, CAUSES AND REMEDY.

Symptoms of Dyspepsia.—A sense of fullness, tightness, and weight in the stomach, together with flatulency, acidity, sour, offensive belching of wind, water-brash and vomiting, and a great deal of what a person calls an ill-gone feeling at the pit of the stomach; frequently there is also a palpitation of the heart, which physicians mistake for heart disease, and when the stomach is in this condition it is coated with a tough mucous or slime. The rough fibrous portions of the stomach, similar to what we see in tripe, is what throws out the gastric juice, and when the stomach gets a thick coat of slime on it, it prevents the gastric juice from flowing, and digestion ceases. Schenck's Seaweed Tonic dissolves this mucous or slime, and restores the stomach to its natural condition.

Schenck's Mandrake Pills are also required to carry off this morbid matter. Two-thirds of the cases of Consumption are caused from this diseased state of the stomach; the liver becomes torpid, it ceases to throw out bile, and in a short time the whole system is deranged. The mucous membrane of the bronchial tubes sympathizes with the other organs, and before the patient is aware of it, he or she has Bronchial or Pulmonary Consumption.

Schenck's Pulmonic Syrup cannot act freely through the blood when the system is in this locked up condition, without the aid of the Sea Weed Tonic and Mandrake Pills. The liver has all the venous blood to strain, and when it gets in a morbid condition, blood and bile run through the system mixed, and the whole body becomes so low, and the blood so thick it can hardly run through the veins. In a majority of cases hemorrhages occur from this thick condition of the blood. The Mandrake Pills act on the liver similar to calomel, or they do what the Dandelion and gall bladders, purify the bile, and the blood begins to circulate naturally through the veins, and the hemorrhages cease. If, when persons are attacked with hemorrhage, they would first take a good purgative, something that would act on the liver, they would soon be relieved from bleeding from the lungs. And it is the only way, for as astringents are only temporary, and irritate the bronchial tubes, and lay the groundwork for consumption.

DR. SCHENCK will be professionally at his rooms every week, 32 Bond street, New York, and 33 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer, the charge is $5.

His medicines are for sale by all druggists and dealers. Also a full supply at all times at his rooms.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents per box.

GEO. C. GOODWIN & CO., 38 Hanover St., Agents for Boston. For sale by all Druggists.

TO CONSUMPTIVES.—The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE for CONSUMPTION, ASTHMA, BRONCHITIS, COUGHS, COLDS and all Throat and Lung affections. The only object of the advertiser sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, FREE, by return mail, will please address

REV. EDWARD A. WILSON,
ly my7 Williamsburg, Kings Co., New York.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, my7—1aw dawly
JOHN B. OGDEN, 42 Cedar Street, New York.

Local.

☞ The grounds of the Hedding Camp Meeting at Epping are very beautiful, and the little village of tents and houses is delightfully located in one of the finest groves we have ever seen, through which run streams of the purest water. The chapel and auditorium for a large multitude, are built in the dim cathedral woods, sure enough, the whole forming one of God's own temples, where the influence of waving trees and running brooks, and all that is charming in nature, can hardly fail as a means of grace to every living soul as well as body.

☞ An item is going the rounds of the press, that the New Hampshire Gazette is the oldest newspaper in the United States, having been established in 1756. A mistake of one year, that is all—Daniel Fowle having started the paper in 1756—but there is no mistake that no other paper is so old; though as the Newport Mercury of Rhode Island, which is really two years younger, claims the seniority, (as it mistakenly says the Gazette has at some time been suspended in publication), it is well to be exact. Besides, when men or horses, or other things, really get to be old, people are as fond of adding to their age then, as in youth many are of detracting therefrom.

☞ Among the entries for the New Hampshire Horse Fair, at Manchester, we notice the following from this vicinity:

Fastest gelding or mare in the State.—By Woodbury Locke of this city, g. m. Nellie Locke (also entered for purse of $500 to all horses from any State); by John Wiggin of Dover, b. m. Honest Kate.

Trotting to saddle.—By H. H. Smith of New Market, b. g. Frank.

Running horses.—By C. A. Haley of New Market, s. g. Nero.

Fastest stallion over four, in the State.—By Stephen Meader of Durham, br. s. Young Draco.

☞ The excursion down river in steamer Enterprise, Thursday, under direction of Mr. E. R. Laighton, drew a large crowd; and was highly satisfactory to all concerned, except those whom the rough swell made sick. The vessel is for freighting chiefly, but seats were provided for all—and the Cornet Band furnished fine music.

☞ Mr. Henry M. Clark has moved into his elegant new store, on the old Congress street site, and he has one of the most convenient and inviting looking market places ever fitted up in Portsmouth. Well, he is one of the neatest of shopkeepers, and deserves a nice shop; and while there are so many *liquid* provision stores, people who profess to believe rum-selling an evil, ought to carry their principles into practice, and buy their groceries and provisions where the critter is not kept.

The new Bell Tavern Block is an ornament to the city, and we wish the owners a good profit on their investment and enterprize.

MASONIC CORNER STONES.—The Congregationalist, in one item, says that

At Great Falls the corner stone of an enlarged Methodist Meeting House was laid Aug. 1, with Masonic ceremonies and an address by Gov. Harriman.

In another item, the same paper says:

They have laid the foundations of a Methodist church in some place not at this moment remembered—by Masonic rites. If the church is one of Christ's churches, he must have wondered what they were doing while the performances were taking place!

We think the corner stone of the Methodist Meeting House in this city was laid in Masonic style—Mr. Moffatt being the minister, and Mr. Bradley a prominent member and a Free Mason.

The corner stone of St. John's (Episcopal) Church here was certainly laid with Masonic ceremonies,—and the oration was delivered, we think, by Rev. Geo. Richards of the Universalist Church, he being Grand Chaplain of the Grand Lodge.

☞ The Greenland Festival, postponed by the rain Thursday, stands adjourned to the first fair (or out-door festival) day, whether Friday or some other.

The attractions and comforts of the occasion will be increased and improved in the extra time afforded by the delay, and we are informed that tickets for return in the extra train to leave Green and at 9 in the evening, may be had on the grounds of the Festival—which, be it understood, will take place this Friday afternoon if good weather.

☞ The Camp Meeting has had splendid weather until Thursday. Friday, today, every one *expects* will be rainy—but perhaps it won't after all, for the weather, especially this year, is like white folks, very uncertain. It is to be expected, we presume, that the showers of grace will be so much more powerful than those of the elements, that the latter will not dampen the ardor of the Hedding people, no matter what the effect on temporal things.

☞ Rev. Mr. DeNormandie, of the Unitarian Church in this city, arrived home from his European trip on Wednesday evening.

☞ It amused some, and astonished many more, to hear a noted temperance speaker at the Epping Camp Meeting, Thursday, characterize the newspaper which hundreds of his hearers swear by, as "that dirty sheet, the Boston Journal." The reverend gentleman was looking at it from a temperance standpoint exclusively, of course.

☞ There is now on exhibition in Portland an elegant dinner and tea set presented to Gen. Neal Dow by the United Kingdom Alliance of London. It is of Paris granite, and comprises 300 pieces of ware. Those who look at it will pronounce it one of the most beautiful sets ever exhibited there. Each piece bears the portrait of Gen. Dow and a fac similie of his autograph.

This "Maine law apostle," who has been addressing immense audiences in Great Britain, and was expected soon to return to this country, has consented to remain in England till after the annual meeting of the Alliance, which takes place Oct. 22.

☞ The Tribune says an attempt was made by John Minor Botts and others to obtain the impeachment of President Tyler in 1843, but the House of Representatives refused by a large majority even to appoint a Committee of Inquiry. Indeed, impeachments before the United States Senate have been extremely rare, there having been only six, we believe, in our whole history, and in only two of these was a conviction obtained. In none of the cases of impeachment which have thus far been tried in the United States, except that of Judge Humphreys of Tennessee, who was convicted of treason in 1862, have any of the charges rested upon statutable offences.

GOLD, Thursday, 141 3-4.

THE
CENTRAL PACIFIC RAILROAD,
THE WESTERN HALF OF THE
GREAT NATIONAL TRUNK LINE
ACROSS THE CONTINENT,

being constructed with the AID and SUPERVISION of the UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the only line of communication between the Pacific Coast and the Great Interior Basin, and the

Principal Portion of the Main Steam Line between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it is ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, connecting to all the great Mining Regions of the far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain range.

Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 865 miles $25,632,000, or at the average rate of **$35,000** per mile—not including as absolute grant of **10,000,000 acres of the** Public Lands. By becoming a joint investor in the magnificent enterprise, and securing the first lien in favor of the *First Mortgage Bonds*, the GREAT GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the acts of Congress upon the other parts of the through line, and has, in addition, **several special exclusive advantages** applicable only to the Western Half.

I. The Company has received from the State and other cities of California, *assistance in money, credit and valuable property, worth over* $3,000,000 in gold, in addition to the full benefit of the Government subsidy.

II. *The hardest and costliest part of its construction has been successfully accomplished*, within the first 150 miles. In a few weeks the track will be completed entirely across the Sierra Nevadas, after which rapid progress to Salt Lake will be easy and rapid.

III. The local business alone of this road established its complete financial success, independently of the vast through trade which must pass over it. The gross earnings for the months of June and July, upon the 91 miles then open for business, were upward of $370,000 in gold; of which *four-fifths* were net earnings.

IV. It can have no competition, but will carry, beside its own lucrative local traffic, the *whole volume of through business* which is shared among the Eastern connections and their branches.

V. The road lies wholly in territory yielding the precious metals, *and its transportation is mainly coin.* Its rates for transportation are very advantageous, being more than three times those of roads lying east of it; and the *rate of operating expenses is less than 25 per cent. of the gross earnings.*

VI. In consequence of the aid it receives from the General Government, from the State of California, from municipal corporations, the annual interest obligation on which the Company are called upon to assume are very light. The net earnings upon an average of about 75 miles in 1866 were *nine times the amount of annual interest liabilities to be assumed in the building it, and were* $285,000 *more than the annual interest on the entire amount of First Mortgage Bonds which the Company can issue upon the first* 150 *miles.*

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds.

Principal and Interest payable in Gold Coin in New York city. They are in sums of $1000 each, with semi-annual gold coupons attached, and are selling for the present at 95 per cent. and accrued interest from July 1st added, (a current rate which rate they will shortly

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as the Bonds secured by the Government; and represent, in all cases, *the first lien upon a completed, equipped and productive* railroad, for which have been received Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The agreement of this Company to pay principal and interest of these Bonds in coin, being made under the Specie Contract Law of California, authorizing and enforcing contracts to pay gold, is *legally binding*, unlike similar agreements made by companies in States where no such legislative sanction exists.

In these important particulars the Securities of the Central Pacific Company *offer an unusual degree of safety, stability and profit combined.*

THE FIRST MORTGAGE BONDS of this Company are destined to occupy a prominent place among FIRST CLASS SECURITIES in the money markets of this country and Europe, and will, without doubt, be eagerly sought for, and anxiously dealt in hereafter, at rates materially in advance of the prices at which they are now offered.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institution- and others as an eminently *sound, reliable and remunerative form of permanent investment.*

THE
UNION PACIFIC RAILROAD CO.
—
THEIR
FIRST MORTGAGE BONDS,
AS AN INVESTMENT.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the Company now offer to the public. The first question asked by intending purchasers is,—"Are these bonds secure?" Next,—"Are they a profitable investment?" To reply in brief:

1st. The early completion of the whole great line to the Pacific is as certain as any future business event can be. The Government grant of over twenty million acres of land and fifty million dollars in its own bonds practically guarantees it. One-fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 625 miles of the road are finished, and fully equipped with depots, locomotives, cars, &c., and two trains are daily running each way. The materials for the remaining 93 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are *several times greater* than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a new, *live* property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a *second* lien as its security. This amount upon the first 517 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a sure investment, and that some of the shrewdest railroad builders of the country have already paid in five millions of dollars for such lien, is to them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better security than the Government grants, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Government to reinvest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security on the market, being more than 15 per cent. less than U. S. stocks.

10th. At the current rate of premium on gold, they pay **Over Nine per cent. interest.**

The daily subscriptions are already large, and they will continue to be received in New York by the

CONTINENTAL NATIONAL BANK, 7 Nassau st.,
CLARK, DODGE & Co., Bankers, 51 Wall street,
JOHN J. CISCO & SON, Bankers, 33 Wall street,

and by BANKS AND BANKERS generally throughout the United States, of whom maps and descriptive pamphlets may be obtained.—They will also be sent by mail from the Company's Office, No. 20 Nassau street, New York, on application. Subscribers will select their own Agents in whom they have confidence, who alone will be responsible to them for the safe delivery of the Bonds.

Morning Chronicle.

☞ Rear Admiral Bell has sent to the Navy Department his official report detailing the operations of the flag-ship Hartford and the Wyoming, against the inhabitants of the south end of the island of Formosa, in punishment for the murder of the captain and crew of the wrecked American bark Rover. The dispatches are dated Shanghae, June 19th. He says:

The landing of 181 officers, sailors and marines provided with four day's rations and water, was made at 9:40 o'clock, under the command of Capt. G. E. Belknap, of the Hartford, accompanied by Lt. Commander Alex. S. Mackenzie, Fleet Lieutenant, second in command. The savages, dressed in clouts and their bodies painted red, were seen through glasses assembled in parties of ten or twelve, on the cleared hills about two miles distant. Their muskets glittering in the sun indicated what kind of arms they carried.

As our men marched into the hills the savages, knowing the paths, boldly decided to meet them, and gliding through the high grass and from cover, displayed a stratagem and courage equal to our native Indians. Delivering their fire, they retreated without being seen by our men, who charging upon their covers, frequently fell into ambush. Our detachment pursued them in this harassing manner until 2 o'clock, when having halted to rest, the savages took the opportunity to creep up and fire upon the party commanded by Lieut. Commander Mackenzie, and that officer placing himself at the head of the company comanded by Lieut. Sands, daringly led a charge into the ambuscade that was laid for them and fell mortally woonded by musket balls, and died whilst being carried to the rear. Several officers and men having already experienced severe sunstrokes, and the command being generally exhausted and worn out by marching in the killing heat, the Commander determined to return them on board ship, which he reached about 4 P. M., after an exhausting march of six hours, under a sun at 92 degrees. The fleet surgeon reported the casualties of the day as one killed, and fourteen sun-struck. The Admiral concludes by saying: "Having accomplished all that was possible, I got underweigh at 9 A. M., and returning to Takoe on the 14th inst., there burying the remains of the brave Mackenzie.

— Ground was broken in Independence, Mo., a few days since, as the commencement for the erection of a large woolen factory.

— Senator Grimes of Iowa has positively declined a re-election to the seat he occupies.

— Ezra Harvey an assorter of wool in Greenbank's factory at Danville, Vt., was crushed to death by the arm of an elevator on the 15th.

— The crops of the Polish Colony in Virginia have completely failed on account of the drouth, and they will have to depend on charity for subsistence till another year.

— The Lowell Daily Courier has been purchased by Lieut. George A. Marden, recently of the Boston Advertiser, and Major Rowell of Concord, N. H.

— Six months ago, a Boston house sent out a cargo of 500 hoop skirts to Japan as venture. The Japs put a cover on them and used them for umbrellas.

— Wheat is selling for $1.25 at Marshalltown, Iowa, and is coming to market rapidly. In many localities at the West it is said the yield of wheat has fallen below expectations.

— Tobacco is allowed the inmates of the Anstrain prisons as an aid to discipline. It is found that the mere threat of depriving him of tobacco produces a greater effect upon the most hardened culprit, than any amount of punishment.

— An incautious individual at Terre Haute, Ind., the other day, after smoking put his pipe into his pocket with a package of powder. He was seen shortly after looking a good deal surprised, and inquiring for his coat tail and a large piece of his pantaloons.

— On Long Island the farmers fear that their cattle and horses have been attacked by the rinderpest. One farmer near the village of Cold Spring has lost eight horses, and the disease is described as begining with paralysis of the spine, and soon terminates fatally. Whether this is the rinderpest is not known.

— There is visiting in the city of Chelsea, at the present time, a family of four from Evansville, Ind., aged as follows: the husband and father, sixteen years and seven months; the wife and mother fifteen years and one month; the eldest child a son, sixteen months; and the other, a daughter, five months.

THE ONLY INSTRUMENT WITH WHICH CATARRH
Can be successfully treated is the
Nasal Irrigator.

It is also very efficient in stopping Bleeding at the Nose. For administering medicines or liquid food to invalids it is unequaled, as by its aid this can be done without raising the patient's head from the pillow, and without possibility of soiling the clothing. For sale at

"CENTURY."

$100 A DAY.

We have adopted the plan of putting money in CENTURY TOBACCO to induce consumers to use it, knowing that it is only necessary for them to give it a trial to become fully satisfied of its merits, and to pronounce it the BEST FINE CUT MADE. We will continue to offer these inducements until the trade is fully recognized.

We are making the CENTURY from selections of the very choicest old leaf, and have devoted every care to its manufacture. It is free from drugs, and in every respect A PURE ARTICLE OF CHEWING TOBACCO.

We propose to put one in one paper a **$100** U. S. Note. On Tuesdays, in two papers, $50 each. On Wednesdays, in five papers, $20 in each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $5 in each, and on Saturdays, in fifty papers, $2 in each, in all cases issuing GENUINE U. S. GREENBACKS to the amount of $100 a day.

The finders of these Greenbacks—by sending us their name, address and Postoffice—will be entered in a book established for over a hundred years, and has always sustained a character for honesty and fair dealing, which puts to flight all doubts, if any should exist, as to the genuineness of this enterprise.

THE CENTURY TOBACCO can be had in large quantities at Manufactories, Schmidt & Hitchell, 35 Central street, Boston; B. A. Van Schaick, 16 S. Front street, Philadelphia; Foy & Earle, 36 S. Water street, Chicago; Schultz & Bagley, 94 West second street, Cincinnati.

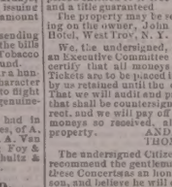
SPEER'S SAMBUCI WINE.
Prescribed by Physicians for
FEMALES, WEAKLY PERSONS AND INVALIDS.



As a Tonic, it has no equal, causing an appetite and building up the system of the most debilitated. *As a Diuretic* it imparts a healthy action to the Glands, Kidneys and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic affections. It is *As a Blood Purifier,* it is superior, being one of the best alteratives known in the medical pharmacopœia.

The qualities of SAMBUCI are "*wisdom in person,*" being at once a Tonic, Diuretic, Alterative, Diaphoretic and Soporific.

N B.—Vinum bonum bonum sanguinem facit.

SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and benefitting ladies and children.

Be sure the signature of *ALFRED SPEER,* Passaic, N. J., is over the cork of the bottle.

Caution
To Females in Delicate Health.
DR. DOW, Physician and Surgeon, No. 7 ENDICOTT ST., Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Fluor Albus, Suppression and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days. So invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston.

Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain one dollar, or they will not be answered.

STUBBS GETTING RUBS AND DRUBS AND SNUBS.—An exchange says:

For several days past the Rev. Dr. Stubbs, of New York, has received a large number of threatening letters, all warning him of the serious consequences which will follow him if he succeeds in securing the condemnation of Rev. Mr. Tyng.

Such threats are very poor trash under whatever pretence they are made; but in a case of religious controversy, they are contemptible as well as ridiculous.

Rev. Dr. Stubbs perhaps may be very unwise to prosecute his Rev. Bro. Tyng for daring to preach in a Methodist pulpit in the town where Dr. S. lives, contrary to the Canons of his Church. But however this may be, the threatening letters are idle at best;—but probably they are also malicious and unlawful.

If the writers are Churchmen, they are rebels against "the powers that be" therein. But if they are outsiders, then let them look at the old proverb of Solomon, which says, "He that passeth by and meddleth with strife belonging not to him, is like one that taketh a dog by the ears."

☞ Hon. James G. Blaine, M. C. from Maine, now travelling in Europe, writes:

"Our newspapers at home are so much in the habit of commenting on the disorderly conduct of the House of Representatives, that a large portion of our people have come to consider it as a sort of organized mob. In this I am sure the greatest injustice is done to the popular branch of Congress. During the past two months I have attended the sittings of the Italian Parliament, of the French Chamber of Deputies, and of the British House of Commons, and I have no hesitation in affirming that the House of Representatives at Washington is a far more orderly, decorous and dignified body, taken as a whole, than any one of those Legislative assemblies in Europe.

— Maggie Mitchell made $16,000 last year.

— A religious paper calls camp meetings "the strawberries and cream of Christianity."

— They have a forty-horse-power steam hearse, called the Hope, for the Morgue, in New York.

— The Alps no longer separate Italy and Germany. The first locomotive has crossed the mountains, and Venice is thirty-five hours from Frankfort.

— The New Bedford Mercury perpetrates the following, and was alive at last accounts: "The President, besides his desire to repair all the *breaches* of the Union, seems desirous to be the great *suspender*."

— Fifty-eight sovereigns and princes paid their respects at the Tuileries between the first of April and the last of July.—This was a magnificent tribute to the most successful adventurer of the age.

— During the recent fire at Wrentham, a spark lit on the church, and the little red spot was becoming brighter and brighter, when a man clambered up the lightning rod, and clapped his wet handkerchief on the widening spot, thus saving the church. The man was Rev. Mr. Tompkins, the pastor.

☞ Local AGENTS WANTED throughout the United States.

The Riverside Institute.

Situate at Riverside, Burlington County, New Jersey, is founded for the purpose of gratuitously educating the sons of deceased Soldiers and Seamen of the United States.

The Board of Trustees of the Institute consists of the following well-known citizens of Pennsylvania and New Jersey:

Hon. WILLIAM B. MANN, District Attorney, Philadelphia.
Hon. LEWIS R. BLOOMALL, Ex-Chief Coiner, U. S. Mint, and Recorder of Deeds, Phila.
Hon. JAMES M. SCOVEL, New Jersey.
Hon. W. W. WARE, New Jersey.
HENRY GORMAN, Esq., Agent Adams' Express, Philadelphia.
J. E. COE, Esq., Joy, Coe & Co., Philadelphia.

TREASURY DEPARTMENT, Washington, D. C., April 18, 1867.
Having received satisfactory evidence that the proceeds of the enterprize conducted by the Washington Library Company will be devoted to charitable uses, permission is hereby granted to said Company to conduct such enterprize exempt from all charge, whether from special tax or other duty.
E. A. ROLLINS, Commissioner.

The Association have appointed as Receivers, Messrs. GEO. A. COOKE & CO. 33 South Third Street, Philadelphia, whose well-known integrity and business experience will be a sufficient guarantee that the money intrusted to them will be promptly applied to the purpose stated.

PHILADELPHIA, PA., May 20, 1867.
To the Officers and Members of the Washington Library Co., N. S. READ, Secretary.
Gentlemen:—On receipt of your favor of the 15th inst. notifying us of our appointment as Receivers for your Company, we took the liberty to submit a copy of your charter, with a plan of your enterprize, to eminent legal authority, and having received his opinion in regard to its legality, and sympathising with the benevolent object of your Association, viz,—the education and maintenance of the orphan children of our soldiers and sailors at the Riverside Institute, we have conclused to accept the trust and to use our best efforts to promote so worthy an object.
Respectfully, yours, &c.,
GEO. A. COOKE & CO.

Address all letters and orders to

Every kind of Boot or Shoe Made to Measure, and REPAIRING done neatly, promptly and faithfully. HILL & CARR.

SOMETHING NEW!
SELEE'S HAIR LIFE

Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.

It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.

This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.

Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.

It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other hair prepar ations, and is so injurious.

THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.

It is the nicest, neatest, and most effectual thing in the market.

It never stains, and is perfectly harmless.

Prepared by N. P. SELEE, Melrose, Mass.

Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

JAMES A. DUPEE, JAMES BECK, HENRY SAYLES.

The Daily Chronicle.

Portsmouth, N. H.

SATURDAY, AUGUST 31, 1867.

DIVORCE AND REMARRIAGE.— The Episcopal Diocesan Convention of Illinois has instructed its deputies to the General Convention of the Church, "to procure by general canon law, with suitable qualifications, a prohibition of the use of the marriage service of the church, in cases where either party contemplating marriage shall have been previously divorced by the civil law on grounds other than that of adultery."

[It is very doubtful whether the General Convention will adopt the canon without inserting such "qualifications" as will leave the matter nearly where it is now. That Church is only one, out of a score, and its prohibitions can bind only its own Presbyters in this matter. Members of that church can have their service read by some other minister or layman who can solemnize marriage according to law,—or they can be married by a shorter service:—and unless the canon should excommunicate them, (which it will not do,) the effect would not be very great. Such people as get divorces on slight grounds, are not usually very scrupulous about the *forms* of a subsequent marriage.]

FROM MEXICO.—A Mexico City letter, dated Aug 29, says Lopez has published three letters in the newspapers denying that his betrayal of Maximilian was an act treachery.

Prince Salm Salm, who was expecting to be shot, has been sentenced to seven years' imprisonment with other generals. Santa Anna is to be tried by court martial. Lozada had given in his adhesion to the Government. A carefully estimated list, partly official, of the number of persons executed since 1865 by Maximilian's order, shows a total of 9244, which is considered too low a low a figure.

☞ The Concord Statesman thinks "an eminence in Gilford, formerly known as Pollard's Hill, commands the most beautiful prospect in the State." But the Laconia Democrat deems "this is extravagant," and thinks Mt. Belknap and Cotton's Hill in the same county, both excel Pollard. From Belknap the view is very fine, we know—and of all the hills we ever climbed, Red Hill repaid us the least satisfactorily for the trouble and toil.

But we can tell our up-country friends, that for a hill which can be climbed in two minutes, and which we knew a little fellow once to mount in *one*, there is no eminence like Stratham Hill. The view therefrom is charmingly varied, of hill and valley, ocean and mountain—and if the sea be not so lovely as the Lake, it is more grand, and besides you have the inland sea of Great Bay at your feet. We can tell those of our citizens who pass by Stratham Hill to struggle up more noted mountains at a distance, that they "miss it" greatly.

☞ Why should people expect to buy newspapers or other goods at cash or "advance prices," if they don't *pay* cash or in advance? Does a Bank allow discount unless the customer is entitled to it; and can other folks afford to be more liberal than banks?

MONEY TWO PER CENT. PER ANNUM. Money is accumulating so rapidly in the hands of English capitalists that upon undoubted security it can be procured on six months' time at the rate of two per cent. per annum. Why our English cousins, who have no faith in their own sources of investment, —and they are scarcely to be blamed since the expose which has been made of the affairs of Overend, Gurney & Co.,—do not see their way clear to invest in American securities, which, with the present premium on gold, would net them ten per cent., can only be accounted for by that obliquity of vision on the part of many Englishmen, who can see no value in a bond unless it bears the effigy of Her Majesty. If money, for want of speculation, rules at this low figure, our bankers could afford to give collaterals of undoubted value, and make money by loaning it out West, where anything in the shape of a greenback is worth about one per cent. a month.

☞ Thomas Hall, a young Irishman, has been arrested at Lowell, Mass., for sundry burglaries in that neighborhood. He had on two stolen coats, with silver spoons in the pockets.

GOLD, Friday, 141 7-8. Put up a little probably, on account of the insane freaks of the President and Jerry Black.

— Cyrus Hamlin, son of Ex-Vice President Hamlin, died on Wednesday morning of yellow fever at New Orleans.

— In Salem, on Sunday evening, a young man named John Abearn, who boarded at Mrs. Lymen's and had his usual health, apparently, ate his supper as usual, and rising from the table attempted to walk across the room, but fell dead to the floor. An investigation indicated the disease to be ossification of the heart.

NEW HAMPSHIRE ITEMS.

—— Chief Justice Chase and Ex-Gov. Smyth visited the Meeting of the General Association at Nashua on Thursday. There was a large attendance throughout.

—— The Rockingham Association of Universalists held their annual meeting at Atkinson, on Wednesday and Thursday.— The Occasional Sermon was delivered by Rev. Mr. Bradley, according to appointment; and there were also sermons by Rev. Messrs. Fletcher, Ambler, Dean and Miller, with appropriate devotional exercises, and specially excellent music by a substantial choir, with organ accompaniment. The services were closed with the Communion on Thursday afternoon.

IMPEACHMENT.—The offenses for which an officer may be impeached are "treason, bribery and other high crimes and misdemeanors." High crimes and misdemeanors are not defined by the Constitution, and in determining what they are, resource must be had to Parliamentary practice and the common law. Of course, the range of offences embraced under them is pretty comprehensive; and it may be said in brief that many crimes not easily definable by law, and many of a purely political character, are held to be included. * * *

The charges must be presented by the House of Representatives, and tried by the Senate. Any member of the House may initiate proceedings, either by offering a resolution of accusation or moving the appointment of a Committee of Inquiry. If the House adopt the resolution, a Committee is appointed to proceed to the bar of the Senate and demand that that body shall take order for the appearance of the accused, to answer to the articles of impeachment which the House will present at proper time. The House then, having agreed upon the articles, forward them to the Senate by the hands of a Committee; the Senate appoints a day for the trial, and process is served by the Sergeant-at-Arms.

When the President is tried, the Constitution provides that the Chief Justice shall preside. On the day assigned, the Senate resolves itself into a Court of Impeachment; the Senators are solemnly sworn to do impartial justice according to the Constitution and laws of the United States; the managers appointed by the House to conduct the prosecution in its behalf attend, and the accused is summoned to appear and plead.— If he does not answer, either in person or by attorney, the case proceeds *ex parte*.— Both sides may be heard by counsel. The accused is entitled to a copy of the charges, and must be allowed time to prepare an answer. The House of Representatives may then file a replication to the answer, and after that a day is assigned for the trial.

The subsequent proceedings are conducted substantially as in ordinary courts. The managers open the case, the witnesses are examined under the usual rules of evidence, and both sides are heard in argument.— When Associate Justice Chase of the U. S. Supreme Court was impeached for official misconduct in 1805, the Senate Chamber was elaborately fitted up for the accommodation of spectators. The trial lasted nearly four weeks, the last seven days being occupied in arguments.

At the close, the Senate votes upon each of the charges separately, two-thirds being required to convict. If the accused is found guilty, the Senate fixes the punishment, which cannot extend further than removal from office, and disqualification to hold any place of trust, honor or emolument under the United States. Of course there is no appeal from the verdict, nor can the President exert his pardoning power to remit the penalty.—*Tribune.*

PRES. JOHNSON, by advice and consent of copperhead and rebel counsel, is driving HIS POLICY coach and six through the law of Congress which was intended to give the power over the reconstruction to Gen. Grant;—but in which, it is now said, there was a loop-hole left, through which scoundrels may creep. And this discovery is said to be a victory, so far, of Andrew Johnson and the rebels and traitors, over Gen. Grant, over Congress and over the loyal people.

There was a rebel victory at Bull Run—there was another on the Peninsula, and another still was claimed in the Wilderness. Johnson's present victory is something like these, and very much like that in the Wilderness, in which the rebel forces indeed shed much blood, made dreadful slaughter, and inflicted great injury on their opponents—but gained no substantial advantage to themselves.

In the present case, a poor maniac is attempting to scatter fire-brands, arrows and death, because the strait waistcoat is not quite so strait as its makers intended it should be; and for a time he can do so. But in so doing, he will convert every republican member of Congress into an IMPEACHER; and the people will sanction the most prompt and decisive action of that body, on the very commencement of the session.

— The English papers say that there is not a plentiful or even an average harvest reported from any European grain growing country. But the prices are so high that a general disposition to sell is observable.

— A waterspout lately burst over the village of Palazzolo, near Udine, Italy, and did great damage. Not fewer than thirty houses were destroyed and seventy damaged. Ten persons were killed and twenty-eight injured by the falling buildings.

— An advertisement states that a correspondence of Maximilian will be shortly published in Paris. The *Gazetta de France* drily remarks that if this book is really to come out in Paris, it is not likely to contain the most interesting letters.

Communication.

YORK COUNTY LODGE OF GOOD TEMPLARS held its summer session at Gunnison's Hall, Kittery Point, Thursday the 29th inst. The Lodge was very well attended, considering the inclemency of the weather; about 100 representatives from the different lodges in the county were present. An animated discussion arose on considering the duties of the hour, which was participated in by Messrs. Morton, Hayes and Hamilton of Biddeford, Banks of Saco, Ross of Kennebunk, Bragdon of Wells, Sawyer of North Berwick, Mitchell of York, Stimson, Philbrick, Call and Wilson of Kittery.

The best of harmony and good feeling prevailed through the session, which closed by an able and eloquent address by John Bragdon, Esq., of Wells, on the Cause of Temperance, and its Relation to Politics.— If the Temperance question throughout the Pine Tree State is as freely received as it is in York county, it has become an affair of no mean proportions; and from the determination of its supporters, it would be prudence in the Republican party to look well to its nominations, as nine-tenths of the voters of the Order of Good Templars are of that party, and are determined that none but sober men shall dictate the laws of the land,—a very reasonable conclusion, judging from the character of many high in trust, including the Chief Executive of the Nation. ***

— News from Japan shows that intercourse between the natives and foreigners is amicably extended.

— Hanging a mackerel to your coat-tail, and imagining yourself a whale, constitutes codfish aristocracy.

— A young man named Alexander Ross was shot and killed on Saturday, at Hamilton Landing, on the Onio river, while hurrahing for Jeff. Davis.

— A newspaper office at Camden, Ark., has been "gutted" by a company of U. S. soldiers, because they did not like the articles in the paper printed there.

— A correspondent of a Chicago newspaper says the quickest way to get rid of the Indians is to establish whisky shops all along the border, and give them all they want to drink.

— A great amount of building is going on in Chicago, yet it is estimated that orders for new buildings to the value of three millions of dollars were countermanded in consequence of the eight hour movement.

— Peruvian ladies are noted for their exquisitely small feet, and get them by having the little toes amputated in infancy. A Peruvian surgeon, skilled in the business, is going to San Francisco to open an office.

— At St. Clair, Michigan, Charles T. Wheeler sprang into the river and saved a young girl from drowning, but while himself climbing back on the dock, he was struck by a propeller coming up, and injured so severely that he sank back and was drowned. A few days before, he came into possession of $22,000.

— A young lady recently informed a gentleman at a fashionable watering place, that she had been unusually economical this summer, for, said she, "I have bought only thirty dresses, two lace shawls, four parasols, five round hats and three boxes of gloves." She will make up for her neglect on her fall purchases.

PHILADELPHIA covered herself with glory by feeding the soldiers who went to the late war from all parts of the North and West; and now an association of Philadelphians, as "weary in well doing," have organized a scheme to shelter and to educate the orphans of the same brave men who were welcomed there in those troublous times. Riverside, New Jersey, is the site of their Institute, and the funds for its endowment are being raised by the Washington Library Company of Philadelphia, by the sale of stock at one dollar per share. With each share a handsome steel engraving is given at the time of purchase; and as a further inducement, all are entitled to one of the $300,000 worth of presents to be fairly distributed to the stockholders; or, in other words, for every share of stock held a present is guaranteed. One present to be given away is worth $40'000. Read advertisement.

FAIRS AND SHOWS—1867.

Portsmouth Horticultural Society, ——
Rockingham Co. Agricul. Soc'y, ——
Strafford Co. Ag. Soc'y, Dover, Oct. 1, 2, 3.
N. H. Horse Show, Manchester, Sep. 3, 4, 5.
N. H. Ag. Society, Nashua, Sept. 10, 11, 12.
N. E. Ag. Soc'y, Providence, Sept. 3, 4, 5, 6.

A POWERFUL RIVAL.—There is a new patent Sewing Machine, (called the Star Shuttle,) manufactured in Cleveland, Ohio, by W. G. Wilson & Co., and sold for Twenty Dollars, that makes the Lock Stitch similar to Wheeler & Wilson, and other first class machines. The manufacturers claim that it is equal in size, finish and workmanship, to any other first class machine, beside being able to do the same range of work. daw

WONDERFUL SUCCESS attends the introduction of Fyle's O K Soap. Its superiority over ordinary soap is at once apparent, hence the grateful consumer heralds its merits from neighbor to neighbor; and all first class grocerymen soon see the necessity for a large stock of the "O K." 17

A GENTLE WHISPER TO MOTHERS.—If unfortunately you have lost your own teeth by neglect or mismanagement, take care that your daughters do not suffer the same penalty from the same cause. See to it that they brush their teeth regularly and thoroughly with SOZODONT, and thereby you will insure them sound and serviceable sets as long as they live. 15

Would you have sweet and healthy Bread, Biscuit, Cakes and Puddings? Use Herrick Allen's Gold Medal Saleratus. It takes less in quantity, will not make your bread or biscuit yellow, is a sure preventive to the decay of teeth, is perfectly healthy, and makes one-fifth more bread and biscuit from a barrel of flour. Never use soda if you can procure this article. Try it. Most all good Grocers sell it. 48

BOSTON MUSIC SCHOOL.

The Fall Term will commence on MONDAY, Oct. 7, at Odd Fellows' Block, 554 Washington street, Boston.

This Institution was incorporated about ten years ago, and having been in successful operation ever since, is now fully prepared to furnish instruction to students, in the theory and practice of vocal and instrumental music. Pupils may enter at any stage of progress and pursue three branches of study, viz:

PIANOFORTE, HARMONY and SINGING, or, Instead of Singing, they may study any orchestral instrument, receiving in each branch of study two lessons a week.

The pupils will be graded and classed according to their attainments. The classes comprise from one to three persons, who receive individual instruction, and recite their lessons in the presence of the class to which they belong.

No extra charges are made excepting for the studies of the GUITAR and HARP, for which the terms will be moderate. Price of tuition $50.

BOARD OF INSTRUCTION:

B. F. BAKER, WULF FRIES,
WILLIAM SCHULTZE, E. M. BEHR,
GEORGE H. HOWARD, HIRAM WILDE.

For particulars address B. F. BAKER, 4 Rowe Place, Boston. WM. READ, M. D.,
au20—1w28 Secretary of the Corporation.

NOT GOLD ONLY,

BUT

RICH, FRUITY, LUSCIOUS

WINES!

California is making grand strides in her agricultural products and is fast withdrawing herself as a purchaser for the manufactures of the various branches of industry she once demanded. She sends a warning voice to the time-worn vineyards of Europe, and calls for them to arise as a young combatant for the production of wines from her own rich and increasing vineyards.— The time has come when it is simply ridiculous for any one house to lay claim to especial advantages or peculiar privileges for the sale of

THE WINES OF CALIFORNIA.

As well might they claim a monopoly of the cotton trade.

C. A. RICHARDS & CO.

do not receive or sell all the wines which California produces, but they do claim to have at all times a very large quantity on hand of all the best kinds, and their advantages for getting the best, and getting them at the lowest market value, are such as to enable them to offer them at prices which to-day are lower than any other house which sells California Wines of equality. We bottle five kinds. They are,—

"Angelica,"
"Muscatel,"
"Sill Champagne,"
"Hock" and
"Port,"
Also "California Brandy."

They are all perfectly pure, and may be relied upon in sickness or in health. The **Angelica** and **Muscatel** are rich, sweet wines. The **Hock** is fully equal to the medium grades of Rhine wines. The **Port** is actually better than many of the high cost Ports from Oporto. We sell these wines in any required quantity, from a single bottle to a THOUSAND CASES, and are ready at all times to exhibit samples, or to send them to any address.

C. A. RICHARDS & CO.

99 Washington Street,

BOSTON. au27TuTh8smis

The Wonders of a Life-Time!

PERFECTLY IMMENSE!

THE VERY CELEBRATED

FLYING DRAGON TROUPE

—OF—

JAPANESE!

crossing the great Pacific Ocean and the American Continent, made their first appearance in the great metropolis of New York, performing feats of the most marvelous and incomprehensible character.

"This Troupe of Japanese comprises twenty-four persons, each of whom has a specialty, and excels in it. And the whole combination is undoubtedly the most talented by far, of any that have yet appeared in this city."—*San Francisco Times, June* 10.

"It is evident that there is as much difference between them and their predecessors in point of skill as between Leotard and Hanlon and a street tumbler. They have simply indicated their right to be considered the best troupe that has left Japan, and altogether the most perfect."—*San Francisco Times, June* 11.

The enormous houses which have nightly attended the startling performances of the marvelous and incomprehensible Japanese during their recent engagement in New York, gives the evident assurance of their wonderful skill.

The applause of the audience, and culminating in outbursts of excited "bravos," reaching the degree of enthusiasm rarely witnessed within the walls of a theatre.

TWENTY-FOUR JAPANESE,

TWENTY-FOUR JAPANESE,

16 Men, 4 Women, 4 Children,

16 Men, 4 Women, 4 Children,

pronounced by the GREAT TYCOON himself

The Most Wonderful Star Performers of all Japan.

At each entertainment

IZENA GEEROO

will ascend a ladder formed of Japanese swords, sharp as razors, edge uppermost, bare footed, running, ascending and jumping upon them in a most incredible manner. The Japanese

COLUMN AND SUSPENSION ACTS,

by the artists Chusan Keetchee, Kooma Keetchee and Koose Keetchee are surprising feats of strength, agility and grace, while the feats of

CONTORTION, BALANCING, PERCHE,

&c., by others of the troupe, are highly interesting and picturesque. No description can convey any satisfactory notion of this most singular entertainment to those who have not seen it; it is so entirely peculiar and unique in its character, that all who are anxious to experience a new sensation, and who have a penchant for novelties, should witness for themselves.

It may safely be assumed that ASTONISHMENT WILL RISE TO AWE in witnessing the startling feats of the children of the Isles of the Sun. The press and Public of New York and Boston are enthusastic in announcing without stint or reservation, that the performance of this utterly unparalleled Troupe is far beyond all precedent. The endorsement by presence and enthusiastic applause of Clergy and Dignitaries of these cities is of itself an overwhelming evidence of the RARE HISTORICAL AND SCIENTIFIC NATURE OF THE PERFORMANCE.

It is, says the Brooklyn Eagle, impossible to describe these marvels. To be understood they must be seen, and seeing, one must be assured he is awake, and not dreaming to believe.

Imagine a human being springing into the air, like a bird with one wing clipped, and revolving three times horizontally.

Imagine others skipping into the air like mammoth grasshoppers, bounding as an india rubber ball,

GYRATING AND REVOLVING,

setting all conceived ideas of human strength and endurance utterly at naught.

Of all Human Marvels these are Greatest!

Will exhibit at Portsmouth,

DR. MILLER'S
Soothing and Healing Balsam,
or, Nature's Assistant.

IT HAS PROVED INFALLIBLE for Burns, Frozen Limbs, Bruises, Sprains, Wounds of all kinds, Pains in the Side, Back or Shoulders, Chilblains, Chapped Hands, Stiff Neck, Ague in the Face or Breast, Ear Ache, Deafness, Toothing, Erysipelas, and Inflammation of the Eyes. For Rheumatism it is not a certain cure, yet hundreds have been relieved by it when other remedies had failed.

AS AN INTERNAL MEDICINE, when taken in season, it will cure Cholera, Cramp, or the Bowels, Dysentery, Kidney Complaint and Cholera Morbus. It will also cure Diphtheria, Dry Cough and Asthma.

This medicine is purely vegetable in its composition, soothing and healing in its influence, and may be given to any age or sex with perfect safety. It has been before the public during the past nine years, and has wrought some of the most astonishing cures. The proprietor challenges the world to produce its superior as a remedy. For sale by all Druggists. **C. D. Leet**, Proprietor, [tu&fs—dawly A. Springfield, Mass.

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel F. Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only good for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Cuts, Insect Stings, Pains in the Limbs, Chest and Back; also internally for Colic, Cramps, Diarrhœa, Dysentery and Cholera. It is perfectly innocent to take internally, and is the best family medicine in the world. Orders are received all over Europe for it. The most celebrated Physicians recommend it—it never fails. DR. TOBIAS puts up every drop himself. Sold by all Druggists at 50 cents and $1 per Bottle. Depot 56 Cortland street, N. Y. sdawim

DR. SCHENCK ON DYSPEPSIA.—SYMPTOMS, CAUSES AND REMEDY.

Symptoms of Dyspepsia—A sense of fullness, tightness, and weight in the stomach, together with flatulency, acidity, sour, offensive belching of wind, water-brash and vomiting, and a great deal of what passes up and down the throat at the pit of the stomach: frequently there is also a palpitation of the heart, which physicians mistake for heart disease, and when the stomach is in this condition it is coated with a mucus or slime. The rough fibrous portions of the stomach, similar to what we see in tripe, is there; throws out the gastric juice, and when the stomach gets a thick coat of slime on it, it prevents the gastric juice from acting, and digestion ceases. Schenck's Seaweed Tonic dissolves this mucus or slime, and restore the stomach to its natural healthy condition.

Schenck's Mandrake Pills are also required to carry off this morbid matter. Two-thirds of the cases of consumption arises from the food not ceased state of the stomach; the liver becoming torpid, it ceases to throw out bile, and in a short time the whole system is deranged. The delicate membrane of the bronchial tubes sympathizes with the other organs, and before the patient is aware of it, he or she has Bronchial or Pulmonary Consumption.

Schenck's Pulmonic Syrup cannot act freely through the blood when the system is in this locked up condition, without the aid of the Sea Weed Tonic and Mandrake Pills. The Liver has all the venous blood to strain, and when it gets in a morbid condition, blood and bile run through the system mixed, and the whole body becomes so low, and the blood so thick it can hardly run through the veins. In a majority of cases hemorrhages occur from this thick condition of the blood. The Mandrake Pills act on the Liver when it is torpid

Morning Chronicle.

EXCITEMENT IN A CIRCUS.—We have laughed heartily over the following ludicrous story, and would not deprive our readers of the same enjoyment.

A number of years ago when Michigan was a new country, in Livingston county, there lived a man by the name of Clayton, and called Perkins also,—as well as a great many others.

Pete Clayton was a tall, fine looking fellow—a noble specimen of our backwoodsmen —standing six feet two inches in his stockings.

Pete had taken a shine to Miss Sally Perkins, and it was known in fact that they were engaged, but the day when the knot was to be tied had never yet been divulged.

In the month of August, 1849, June's circus came through their town for the first time, and in fact it was the first circus that had ever passed that way, and there were a great many people who had never seen one. When the important day arrived, the town was filled to overflowing with a motley crowd, of course, and every young fellow had his gal. Now Pete wanted to get married on the coming Christmas, but Sally wished to have it put off till the next spring. When the ticket wagon was opened, the tent was filled in a hurry.—Pete and Sally had been looking in the side shows and they were late in getting in, and the performance had already commenced.—They walked around the entire ring, trying to find a seat, and although they could seat two thousand persons, every seat was full.

"Never mind," said Sal, "I'd just as lief stand up."

But the gallant Pete couldn't think of it, and said, "Wait a min't, I'll get you a chair," and off he started, leaving Sal alone.

Just at this moment the clown came in direct in his usual costume, and dancing around the ring, stopped in front of Sal, and began to sing:

"Oh, Sally is the gal for me."

This caused Sal to blush, for she thought that the clown was looking at her. As she stood near the ring, of course she hid below row of those on the lower seats behind her, and as usual on such occasions, the clown cracked his jokes at the offenders until they took the hint and find a seat, but she said she would rather stand up. At this the clown commenced his jokes, remarking to the ring master—"There's a chance for me now."

"A chance for you !"

"Yes; don't you see that gal has lost her bean, and she is looking at me, I know," and turning three or four somersaults; he stopped in front of Sal, and began to sing:

"O Sally is the gal for me,
I would have a wife,
And if Sal died to-morrow night,
I'd marry Sally's mother."

This was evidently meant for her, and raised Sal's dander, and she burst out with:

"I'm the gal for you, am I? Marry my mother, will you? You low-lived spotted ox of the earth. If my fellow was here he would wallop you for that. I wouldn't stay here another minit—nor neither would any decent people, either." Saying which she rushed out of the tent amid roars of laughter.

The clown, assuming a comical attitude, remarked to the ring master that his grandfather was a remarkable man, and so was his grandmother, too, but that gal beat all his forefathers.

At this juncture Pete rushed in, closely followed by Sal, and jumping into the ring, he squared off at the clown, saying:

"I'll teach you to insult any female under my charge," and let fly at his opponent, and taking him plump in the face, sent him to mother earth, at which he jumped on him and commenced kicking him unmercifully; Sal standing on the outside of the ring clapping her hands, and sang out:

"That's it, Pete, give him Jessie, and we'll git married on Christmas, sure."

At this moment the ring master and three or four others caught Pete and commenced to thrash him, when Pete's friends interfered, and a general fight ensued, which completely broke up the circus.

— The protectionists are endeavoring to persuade the public that the execrable weather we are now suffering is imported from abroad. The captains of the foreign steamers, however, assert that it is only encountered within one hundred miles of the coast. The Gulf Stream theory is a plausible one, but it is not as yet substantiated by facts. There must be some reason for the extraordinary raininess of the season, and it is not at all creditable to our meteorologists that they have so far failed to satisfactorily account for it.—*N. Y. Atlas.*

BREAD
MIXING and KNEADING MACHINES.

One of the MOST DESIRABLE and VALUABLE Inventions of the Age.

For sale by

E. A. STEVENS,

46 Market Street, Portsmouth, N. H.

The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the advantages of the Bread Mixers and Kneaders

The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.

The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.

It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving inventions are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.

The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au6 E. A. STEVENS.

NEW ADVERTISEMENTS.

DOWNER
KEROSENE OIL CO.

Office, No. 108 *Water Street, Boston.*

TO CONSUMERS OF OIL.
CAUTION.

It having come to our knowledge that many dealers, throughout New England, are in the habit of mixing small quantities of our Oil, and larger quantities of inferior oils, and using our brand and packages fraudulently in the sale of these inferior oils, we are determined to stop such frauds, and hereby offer a **Reward of 100 Dollars** for information that will lead to the detection and punishment of any party using our name or brand in the sale of any oil other than our own Oil. The "**Downer Kerosene Oil**" has been frequently tested and analyzed by Dr. A. A. Hayes, State Assayer, and in a communication to us, dated July 5, 1867, he says: "The term 'Kerosene' as used by the **Downer Oil Company**, applies to the grade of oil which complies, when, our trials show, does not inflame below 120 degrees Fahrenheit, and carries the assurance of both safety and economy with it; while the mixed Oils are not only unsafe, but in causing accidents, destroy confidence in the safe and excellent article for affording light produced by the honest manufacturer."

GLEASON HALL.
PRESENTATION FESTIVAL.

THE THIRD GRAND CONCERT,
Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND,
Will take place on

Thursday Evening, August 29, 1867,

AT GLEASON HALL, WEST TROY, N. Y.

The Second Grand Concert of the series took place at West Troy, N. Y., on Thursday evening, Aug. 8th, and was a grand success, the Hall being filled to overflowing with a refined and appreciative audience from all parts of the State. There was a committee of three reliable and well-known gentlemen selected to receive the sealed envelope of the first Concert to superintend the drawing, when it takes place, which will be on the night of the third Concert. The Tickets, which have been limited to 75,000, at

ONE DOLLAR EACH,

can be procured by addressing Tom H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. There will be a present awarded the holder of every ticket.—Among the presents to be awarded are the following:—

Metropolitan Hotel, West Troy,	$30,000
FARM, fifty acres, Rensselaer Co., -	4,000
Six Building Lots, Albany City, -	4,000
One Mortgage, Albany City Property,	1,000
Two Billiard Tables, -	1,200
One Mortgage, Farm 56 acres -	1,075
One Piano -	600
Three Melodeons, -	375
Two Bedroom sets, -	200
One Grover & Baker Sewing Machine, plated,	85
One Wheeler & Wilson Sewing Machine,	70

And Thousands of Other Presents,
Consisting of
Marble Top Centre Tables, Mirrors, Clocks, Gold and Silver Watches, Engravings, Vases, Glassware, Silver Pitchers, Sets Knives and Forks, Sets Spoons, Parlor, Chamber and Kitchen Furniture, Carpets, Tables, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.

The above property will be delivered to the person entitled to it free from all incumbrance and a title guaranteed.

The property may be seen at any time by calling on the owner, John H. Casey, Metropolitan Hotel, West Troy, N. Y.

We, the undersigned, having been appointed as Executive Committee, by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be placed in our hands, and will be used for the distribution of the Gifts as above. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey as our agent, and we shall withhold from the moneys so received, all mortgages upon the property. ANDREW ALEXANDER,
THOMAS RAIN.

The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will conduct the presentation with honesty and fairness, and try to give satisfaction to the public.

Hon. James C. Tolar, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Ferry Co.; N. F. Wilbeck, N. Y. C. R. R.; R. Wilbeck, Att'y and Counsellor, at Law; A. J. Rousseau, Dr. J. F. Wilbeck; Hon. Thos. Kearney, Ex-Co. Treas.; Albany Co.; Henry Fitchett, N. Y. C. R. R.; Thomas Rath; T. W. Jackson, Attorney and Coun. at Law; R. S. Lobdell, Supt. West Troy G. L. Co.; P. A. Rogers, Justice of the Peace; John A. Wagner, Albany, N. Y.; John A. Gladding, Lansingburgh, N. Y.

As Good as the Best.

The PIANO FORTES of HALLET, DAVIS & CO. have never been excelled. The subscriber has sold and used them for many years, and they have proved equal in all respects to any other make, and superior to most. A splendid new 7 octave instrument, fresh from their mint, may be seen at his new Music and Painting Room, Mercantile Library Building, over Mr. J. H. HEADS store, which is for sale at the manufacturer's price, and which our friends and the public are invited to call and examine. T. P. MOSES.

The Chronicle.

A LIVELY PLACE.—The people of Java have rather a lively time of it. According to the latest official statistics contained in the *Vijdschrift voor Nederlandsch Java*, the tiger has in one single year consumed exactly one hundred and forty-eight human beings, and in another year one hundred and thirty-one. The crocodiles cleared an average of fifty people a y ear, while serpents accounted for between twenty-two and forty-three. But the Dutch seem to accept their fate with characteristic equanimity. The Governor General a long while ago offered as a prize for every tiger that was killed the munificent sum of twenty-two guilders, ($10). His subjects apparently prefer being eaten by the tiger.

FOOLING AROUND IN THE DARK.—A traveller once arrived at a village inn after a hard day's travel, but the landlord said they were entirely full, and that it was utterly impossible to accommodate him; that his wife had to sleep on the sofa, and himself on the floor; but he would see what his wife could do for him. The good woman on being applied to, said there was a room he might occupy provided he would agree to the condition, viz.: to enter the room late, in the dark, and leave it early in the morning, to prevent scandal, as the room was doubled bedded and occupied by a young lady. This he agreed to. About two o'clock in the morning, an awful noise was heard in the house, and our friend, the traveller, was heard tumbling heels over head down stairs. The landlord on arriving at the spot, inquired what the matter was. The traveller ejaculated as soon as he could speak:

"Oh Lord! that woman's dead!"

"I know that," said the landlord, "but how did *you* find it out?"

A BOY who had, happily, read Shakespeare, was about to be spanked for some trifling offence, when he called out, solemnly, "Pause!" The uplifted hand of the schoolmaster hesitated in mid-air, and the boy said: "Do not disobey Cardinal Wolsey's beautiful injunction!" "What do you mean?" asked the master. "He says," replied the boy,

"Be just and fear not;
Let all the ends thou aim'st at, be thy country's,
Thy God's and truth's."

The boy's end was no longer aimed at.

THE LAW OF NEWSPAPER SUBSCRIPTION.—Some time since we presented, by our agent, an account for about three years' subscription, against one John Howe, formerly of Stewartstown, now of Bereford, C. E. Howe had been regularly supplied with the paper from the office of publication, but after a time refused to take it from the Post Office, and declined to pay on that ground. We promptly placed the matter in suit, and Mr. Howe had the satisfaction of paying the full amount of the debt due us, together with the costs of prosecution. People who attempt to sponge their newspapers from publishers on frivolous pretences, might as well understand that they are liable for subscription until all arrearages are paid.—*Coos Republican.*

—Excited Frenchman at Niagara Falls: "Ah! dis is de grand spectakel! Superb! Magnefique! By gar, he come down fas-rate!"

—"Ma, if you will give me a peach I will be a good boy." "No, my child, you must not be good for pay; that is not right." "You don't want me to be *good for nothing* do you?"

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of the U. S. Patent Office, Washington under the Act of 1837.
No. 78 State street. (opposite Kilby street,)
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, Bonds, and all papers or drawings for Patents, executed on reasonable terms, with dispatch. Researches made into American and Foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.
No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.
During eight months the subscriber, in the course of his large practice, made on four rejected applications, SIXTEEN APPEALS; *every one* of which was decided *in his favor* by the Commissioner of Patents.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHAS. MASON,"
Commissioner of Patents.

"I have no hesitation in assuring inventors that they can not employ a man *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.

"Mr. R. H. EDDY has made for me THIRTEEN applications, in all but *ONE* of which patents have been granted, and that one *is now pending*. Such unmistakable proof of great talent and ability on his part, leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges JOHN TAGHART."
Boston, Jan. 1, 1867.—3tawly

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and harshy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the cleanest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,

BREAD
MIXING and KNEADING MACHINES.
One of the Most DESIRABLE and VALUABLE Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.
The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the advantages of the Bread Mixers and Kneaders
The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.
The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.
It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.
The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au 6 E. A. STEVENS.

DUPEE, BECK & SAYLES,
STOCK BROKERS,
Directly No. 22 State Street, Boston.
JAMES A. DUPEE, JAMES BECK, HENRY SAYLES.

The Daily Chronicle.

Portsmouth, N. H.

MONDAY, SEPTEMBER 2, 1867.

☞ A Washington letter of Friday evening says, there is no truth in the published dispatch that the President has positively decided to remove Gen. Pope.

Gen. Steadman's name has been mentioned in connection with the Commissioner of Internal Revenue. He states that he was tendered it some time ago, but declined the offer. His name is mentioned in papers here in connection with the War Department, but there is no probability of its being tendered him.

General Rousseau telegraphs from New York that he leaves at once for Sitka with the Russian Commissioner.

THE ADVANCE.—We have received the first number of the new "Evangelical" Congregational organ, published at Chicago, and edited by Rev. Dr. Patton, who took a dimission from his church there, to become the editor. The Advance is a large, well printed quarto of eight pages. In his introductory article, the editor says:

The Advance will advocate progress; but not with vague ideas, by irrational methods, or on unscriptural principles.—The future must be a legitimate outgrowth of the past; the logical result of truth previously gained. * * * Hence in the organic articles of the Advance Company, the object of the paper is declared to be, "to defend the evangelical doctrines and scriptural policy of the Congregational churches." In doing this the trumpet shall give no uncertain sound.

The Advance will recognize the fact that truth is born of conflict, and that progress is the result of partially antagonistic forces. The editor will admit communications on opposite sides of many mooted questions, and often in contradiction of his own positions. But while its columns will be open to Christian thinkers who wish to compare their differing views, the editor must judge as to the range of topics, and the timeliness of their consideration.

The first page of this paper contains two political articles, viz.: Magnanimity toward England, and an essay by Hon. L. Trumbull, in answer to the question, Can Congress regulate Suffrage in the States? And the second page gives us a sermon by Rev. Dr. Bushnell.

The paper contains advertisements in large proportion, and is to be for the West what the Recorder has been, and the Congregationalist is, for all New England except Maine.

☞ A Washington special says: "I have reason to believe that in a few days the President will issue an important proclamation of amnesty, supplemental to that issued on the 29th of May, 1865. It will not proclaim universal amnesty, but will enlarge the fourteen classes named in that proclamation. Among the classes excepted by the latter, but which I am assured will be included in the coming proclamation, will be all persons who shall have been military or naval officers of the pretended Confederate Government, who are below the rank of Brigadier General in the Army, or Captain in the Navy; also, all persons who shall have been pretended civil or diplomatic officers, or otherwise domestic or foreign agents of the rebel Government; also all who have been engaged in the army and navy in treating otherwise than lawfully as prisoners of war, persons found in the U. S. service as officers, seamen, or in other capacities."

☞ Rebellion Revivals in Maryland, under Johnson's policy, and in Washington also; as may be seen by the following items.

Information from all the surrounding counties in Maryland is to the effect that the organization and drilling of military companies is going on rapidly. Within a short time the formation of cavalry companies has been going on north of the Baltimore lines of travel. An impression of impending trouble is reported very general by an ex-official who returned to this city, having spent ten days in that portion of Maryland.

Among the clerks in the Treasury Department is a man who is a brother of an ex-rebel commodore, who at the time of General Early's attack on this city, went through the lines to the rebel headquarters, and informed Gen. Early that the city was defended by militia only, and could easily be taken. For this act he was tried and sentenced to be hung. He was subsequently pardoned, and is now making up for lost time as a clerk in the government employ.

☞ A Nashville, Tenn., dispatch says in Washington, Rhea county, East Tennessee, on Wednesday the blacks and whites got into a fight, when the negroes were driven from the town. Getting assistance of the Loyal League the blacks returned to town and renewed the fight with varying success. A number of persons were wounded. Fears are entertained of a general collision in that quarter.

— The following advertisement appeared in the Intelligencer, and is creating considerable excitement:

Confederate bonds wanted. First National Bank, Aug. 29, 1867.—We have received an order for moderate amounts of eight per cent. bonds, C. S. A., and until filled, will buy all that are offered at the best rates. W. S. HUNTINGTON, Cashier.

NEW HAMPSHIRE ITEMS.

—— The Musical Convention at Keene was a very successful affair, the receipts being $1776.

—— A lad twelve years of age, named Sullivan, and belonging in Nashua, was run over by the cars in that city, on Friday, and instantly killed.

—— Allen Tenney, Esq., recently Secretary of the State of New Hampsire, has become the law partner of Hon. Henry H. Starkweather of Norwich, Conn.

—— Josiah O. Stearns, Superintendent of the New Jersey Central Railroad, died at Elizabethport on Thursday. He formerly resided in Concord, and was a nephew of Hon. Onslow Stearns.

—— A meeting was held in Manchester Wednesday evening, to form a Society of the Templars of Honor and Temperance. It is called Granite Temple No. 1. Such societies are numerous in some States, in England, the Provinces, &c.

—— Wm. Smith of Manchester, while carding his horse on the morning of 25th ult., received a severe bite on the hip from the animal. So pertinaciously did the horse hold his grip that he only would release his hold after being beaten over the head with a broomstick by Mrs. Smith.

THE NEW HAMPSHIRE HORSE FAIR occurs at Manchester Tuesday, Wednesday and Thursday of this week. Everything indicates a large attendance, the presence of excellent stock and a good time generally. Hon. E. A. Straw is President, Hon. Nathan Parker Treasurer, and John B. Clark, Esq., Clerk. These names are a guaranty of success. The railroads leading from this part of the State will carry horses and their grooms free, and passengers for half fare. We advise our people to be well represented.

☞ The Second Regiment N. H. Volunteer Militia, commanded by Colonel Augustus W. Rollins, with headquarters at Dover, will be composed of the following companies, which will be designated by letter as follows, namely:

Co. A, Strafford Guards, of Dover.
" B, Granite State Zouaves, of Dover.
" C, Portsmouth City Guards, Portsmouth.
" D, Messer Rifles, New London.
" E, Bell Rifles, Lake Village.
" F, Grant Guards, Northwood.
" G, Laconia Rifles, Laconia.
" H, Rockingham Guards, S. Newmarket.
" I, Lancaster Rifles, Lancaster.
" K, Harriman Guards, Lyme.
" L, Patterson Guards, Hanover.
" M, Head Rifles, Bristol.
" —, Parker Guards, Lisbon.
" —, Newfound Lake Rifles, Bridgewater.

First Light Battery, Section "A," Dover.

This regiment will go into camp near Lake Village on the 8th day of October ensuing, fully armed and equipped, prepared for an encampment of three days duration, and the commanding officers of the several companies will immediately report by letter to Colonel Rollins, who will give them all necessary instructions.

UNREQUITED SERVICES.—The Concord Statesman thinks "clergymen are a forbearing class of gentlemen, or they would long ago have refused to act upon Ecclesiastical Councils unless their expenses were paid by the church at whose invitation they assemble." We think so too.

A FENIAN PIC-NIC.—A letter from Chicago to the New York Post says the annual Fenian pic-nic near that city was a singular and ludicrous affair. Thousands of the Irish inhabitants, men, women and children, went on cars and in carriages to Hoas' Park for a great day. Several hundreds of the "Shields Guards," uniformed and armed, were there, and the programme was to include speeches from distinguished orators, a review, sham battle, &c. But poor whiskey began to tell upon many of the crowd, who were "spoiling for a fight" much sooner than was anticipated, and broken heads began to be seen before half the crowd had arrived. Some of the "military," too, became insurgent, and took to prodding each other with bayonets instead of arresting the disturbers, as ordered, and the confusion, which soon prevailed, broke up the proposed order of operations entirely.

SHOOTING OVER NIAGARA.—The Tribune says, at the close of a humorous article, "We are all shooting over Niagara, as Mr. Carlyle would say, and we fear we have gone too far for even the imperial Andy to prevent it. The country is upon the verge, and his mighty soul will be sorely stressed to save it. His friends, however, should remember that the verge of Niagara is at best a dangerous spot. How if, in his mad effort to drive Congress over, he should go himself?"

☞ A Washington letter says, the scheme for displacing Commissioner Rollins has gathered such strength that Gen. Steadman states that he has been offered the place, but that he does not want it. To enable the President to displace Mr. Rollins, charges are being trumped up against him as a pretext.

☞ The Church Union (newspaper) of New York city, has been enlarged to double its original size, and is successful in getting a large circulation. It goes for the Nicene creed, trinitarian, and proposes to be liberal to all trinitarian sects.

Local.

☞ The Japanese jumper and jugglers have not exactly taken up their beds and walked, but they have pulled up stakes for the last time at present it seems. They were at Portland at last accounts, playing at Bidwell & Locke's Theatre, with great success; and did not keep their appointment in this city Saturday. The incessant rains were too much for them, and called for too much drainage on their treasury.—Poor Japs! we hope they will come out All Right.

☞ Three clerks formerly in the employ of Samuel Draper, dry goods dealer in this city—about thirty years since—Capt. John P. Simes of New York city, Mr. Benj. Orne of Philadelphia, and Capt. Wm. Parker of this city, met at the corner of the North Church on Saturday and had a social chat.

A few days previous there was another gathering of veterans—Mr. Orne referred to above, Leonard Akerman and Capt. George Melcher—who all served in the Gilman Blues, a company that had its last regular parade in October, 1828.

POLICE COURT.—The summer is over, the harvest in this department is not yet ended, but the crop of criminals who graced the court and disgraced themselves during the latter portion of the season was small.

On Thursday Joseph Ham was found guilty of being intoxicated in the street, and in default of $6.86 to pay fine and costs, he was sent to the House of Correction.

On Saturday Ruth M. Blatchford was arraigned for creating a brawl and tumult. Case continued to Sept. 4.

SALES OF REAL ESTATE.—William H. Hackett sold at auction on Saturday afternoon the farm of the late Robert Lefavor (formerly the Jacob Sheafe place) on Peverly Hill Road, to Joseph Holmes, for $2205.

The same auctioneer sold on the week previous, the Stavers Estate, on Hunking street, for $815, to Sampson L. Russell.

☞ The United States steamer Massachusetts, Robert T. Holley commanding, arrived at the Charlestown Navy Yard Thursday morning from New York, with a draft of seamen, bound to this naval station. She was to take an additional number from the receiving ship Ohio, before coming hither.

☞ It is said there was frost in the region in low spots Friday night. Well, ice of considerable thickness was found on a hill not far off, one or two mornings recently—left there by the ice man, though, who ought to take it inside.

☞ We regret to announce this morning the death of a long-absent son of Portsmouth. Courteous and attentive to those with whom he was thrown in contact, his death will be deplored by a large circle of acquaintances.

☞ The floral decorations of the Unitarian Church on Sunday, on the occasion of the return of Rev. Mr. DeNormandie from his long foreign tour, were very profuse and elegant. Especially beautiful and chaste was a large cross of green and white.

☞ The Concord Railroad arrangements for the accommodation of people at this end of the line, are far better this season than ever before. The numerous visitors who thronged the late Camp Meeting, were well served in this regard.

☞ Conductor Mitchell's late train from Portland to Boston took up 200 through passengers on Wednesday evening. It has become a favorite train with business men.

— The Washington correspondent of the Philadelphia Inquirer says that Jeremiah Black is regarded as certain to go into the Cabinet in case of any change, and that he is reported to be extremely revolutionary in his opinions, urging that the President should execute some grand *coup* and resist the authority of Congress, by using the army to oppose its assembling.

FAIRS AND SHOWS—1867.

Portsmouth Horticultural Society, ——
Rockingham Co. Agricul. Soc'y, ——
Strafford Co. Ag. Soc'y, Dover, Oct. 1, 2, 3.
N. H. Horse Show, Manchester, Sep. 3, 4, 5.
N. H. Ag. Society, Nashua, Sept. 10, 11, 12.
N. E. Ag. Soc'y, Providence, Sept. 3, 4, 5, 6.

WONDERFUL SUCCESS attends the introduction of Fyle's O K Soap. Its superiority over ordinary soap is at once apparent, hence the grateful consumer heralds its merits from neighbor to neighbor; and all first class grocerymen soon see the necessity for a large stock of the "O K." 17

A GENTLE WHISPER TO MOTHERS.—If unfortunately you have lost your own teeth by neglect or mismanagement, take care that your daughters do not suffer the same penalty from the same cause. See to it that they brush their teeth regularly and thoroughly with SOZODONT, and thereby you will insure them sound and serviceable sets as long as they live. 15

☞ SPEER'S Sambuci Wine ranks above all other Wines for medical purposes; it is a diuretic alterative and tonic. For weakly persons and the consumptive it has no equal. Sold by Druggists

— It is supposed by some that the Prince of Wales visited this country in part to obtain a package of Herrick Allen's Gold Medal Saleratus. Whether he did or not, it would do honor to the Queen's table to have so nice light biscuit as that article always makes. If any one has any doubts on that subject, go to your Grocer and get a paper immediately, and find of a truth that there's nothing like it. Everybody sells it. 49

— The amount of butter at the St. Albans market on Tuesday was limited, and prices ranged at 25 to 30 cents.

— One of the workmen at a porgy oil manufactory in Bristol, Me., while at work over a large vat of boiling fish, stumbled and fell head foremost into the boiling mass. The ill-fated man survived only a few minutes after being rescued.

— A young man named Regan died in Albany recently from having a mole or wart on his face cut by a razor while being shaved. The wart was on the left cheek, and, while the whole right side was paralyzed, the left leg and arm became rigid, and the face turned over the left shoulder.

— A Southern correspondent of the Chicago Tribune says that already secret societies have been formed in various parts of Mobile and of West Tennessee, the object of which is to drive out radical white men by refusing to them employment, or by withholding patronage from them when in business of their own.

— Gen. Sickles' friends in New York say that he has been anxious to retire from Military District No. 2 for a long while past; that he had repeatedly urged the President to accept his resignation, and that his refusal to do so, with the resort now to a form of dismissal, as if to disgrace him, is a proceeding which partakes of malice, rather than a desire for the public good.

THE
CENTRAL PACIFIC RAILROAD,
THE WESTERN HALF OF THE
GREAT NATIONAL TRUNK LINE
ACROSS THE CONTINENT,

being obstructed with the AID and SUPERVISION OF UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the sole link of communication between the Pacific Coast and the Great Interior Basin, and the

Principal Portion of the Main Steam Line between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 865 miles $28,552,000, or at the average rate of $33,000 per mile—not including an absolute grant of 10,000,000 acres of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by waiving its first lien in favor of the First Mortgage Bondholders, the GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Acts of Congress upon the other parts of the thro' line, and has, in addition, **several special, exclusive advantages** applicable only to the Western Half.

I. The Company has received from the State and chief cities of California, *assistance in money, credit and valuable property, worth over* $3,000,000 in gold, in addition to the full benefit of the Government subsidy.

II. *The hardest and costliest part of its construction has been successfully overcome* within the first 150 miles. In a few weeks the track will be completed entirely across the Sierra Nevadas, after which progress to Salt Lake will be easy and rapid.

III. The local business alone of this road establishes its complete financial success, independently of the vast through traffic which must pass over it. Its present earnings for the months of June and July, upon only 94 miles, then open for business, were upward of $297,000 in gold; of which *four-fifths* were net earnings.

IV. It can have no competition, but will carry, besides its own lucrative local traffic, the *whole volume of through business* which is developed among its Eastern connections and their branches.

V. The road lies wholly in territory yielding the precious metals, *and its revenues are collected in coin.* Its rates for transportation are very advantageous, being more than three times those of roads lying east of it; and the *ratio of operating expenses is less than 25 per cent. of the gross earnings.*

VI. In consequence of the aid it receives from the General Government, from the State of California, and from the Company, the present annual interest obligations which the Company are called upon to assume are very light. The net earnings per mile will be about 7 times those in 1866 were nearly *three times the amount of annual interest liabilities to be assumed in building it, and were* $235,000 *more than the annual interest on the entire amount of First Mortgage Bonds which the Company can issue upon the first* 150 *miles.*

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds,

Principal and Interest payable in Gold Coin, in New York city. They are in sums of $1000 each, with semi-annual gold coupons attached, and are selling for the present at 90 per cent. and accrued interest from July 1st added, in currency, at which rate they yield nearly

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as the Bonds granted by the Government; and, moreover, in all cases *a first lien* upon a completed, equipped and productive railroad, in which have been invested Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be based upon it.

The agreement of this Company to pay principal and interest of their Bonds in coin, being made under *the laws and Constitution of California*, authorizing and enforcing contracts in *gold, to legally binding*, unlike similar agreements made by companies in States where no such legislative sanction exists.

In these important particulars the Securities of the Central Pacific Company *offer an unusual degree of safety, stability and profit combined.*

THE FIRST MORTGAGE BONDS of this Company are destined to occupy a prominent place among FIRST CLASS SECURITIES in the money markets of this country and Europe, and will, without doubt, be eagerly sought for, and anxiously dealt in hereafter, at rates materially in advance of the price at which they are now offered.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions and others as an eminently *reliable and remunerative form of permanent investment.*

Holloway's Pills.— Dysentery.— Unlike other specifics for common use which are a mere temporary styptics, Holloway's Pills seize on the seat of the disease and exterminate its primary cause—by invigorating the digestive organs stimulating the liver, purging the channels and purifying the blood, they promote a speedy restoration of health and vigor. In biliousness, sick headache, debility of the stomach and depression of spirits, they are equally efficacious. Sold by all Druggists. au31dawlw

CHURCH CHOIRS ARE SATISFIED

That the best book for their use is "THE JUBILATE" by L. O. Emerson. Letters from all directions confirm the opinion that no collection of Church Music recently published has given such general satisfaction. Choirs like the tasteful tunes in their tastes, and having the reputation of being "very hard to please," have acknowledged it to be just the book they want. Price $1.63 per copy; $12 a dozen. OLIVER DITSON & CO., Publishers, 277 Washington street, Boston.

DIRECTIONS FOR

MAKING YOUR OWN SOAP

WITH YOUR WASTE GREASE!

Penn'a Salt M'fg Co.'s Renowned

SAPONIFIER;

(Patents of 1st and 8th Feb., 1859,) OR

CONCENTRATED LYE!

Two Cents only for every pound of Soap.

DIRECTIONS.—Dissolve one box of Lye in 24 pounds (pints) of hot water, in an iron pot. Melt in another pot or pan 5 lbs. of clean fat or grease. Take off the fire, and into this add three quarters of the lie solved lye, and keep stirring until the whole becomes well mixed and like molasses. Now cover up, and set in a warm place over night. Next day cut up into small pieces, add 6 lbs. (or pints) of water, and melt with a gentle heat until the soap is *all dissolved*, then pour into a tub to cool. When cold cut into bars, which will be fit to use in about ten days.

Beware of Counterfeits.—*Be particular in asking for* PENWA SALT M'FG CO'S SAPONIFIER. dl—cowdawly

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel F. Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only good for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Cuts, Insect Stings, Pains in the Limbs, Chest and Back; also internally, for Colic, Cramps, Diarrhœa, Dysentery and Croup. It is perfectly innocent to take internally, and is the best family medicine in the world. Depots are received all over Europe for it. The most celebrated Physicians recommend it—it never fails. Dr. TOBIAS puts up every drop himself.—Sold by all Druggists at 50 cents and $1 per Bottle. Depot 56 Cortland street, N. Y. s8dwim

DR. SCHENCK'S NEW OFFICE.

☞ DR. J. H. SCHENCK, of Philadelphia, has opened an office on second floor of No. 35 HANOVER STREET, Boston, where he will be professionally very WEDNESDAY, from 9 to 3. Every person complaining with Consumption or any disease leading to it, is invited to call on him. He gives advice free, but for a thorough examination with his Respirometer the charge is five dollars

Dr. Schenck can explain to patients very correctly the stage of their disease and how to use his medicines, namely, his Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills, without the use of the Respirometer; but by it he can tell exactly how far the lungs are gone, and what part; also whether it is Tuberculous, Pulmonary, Bronchial or Dyspeptic Consumption, or whether it is merely an ulcerated throat and catarrh, or from Liver Complaint.

His medicines have full directions, so any one can take them without seeing him, but if they live near by and are well enough, it is best to see him. All three of his medicines are required in nearly every case of lung disease, for it is impossible to cure Consumption unless the stomach and liver is kept in perfect order. To get lungs in a healing condition the stomach must be cleansed, and appetite for good rich food created, so as to make good blood, before the lungs will begin to heal; then the chills and night sweats will stop, and the expectoration become free and easy.

He keeps a full supply of medicines at his rooms, which can be had at all times.

Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents.

Sold by GEO. C. GOODWIN & CO., 38 Hanover street, Boston, General Wholesale Agents for the New England States. W m14—dawlw no2

TO CONSUMPTIVES.—The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE for CONSUMPTION, ASTHMA, BRONCHITIS, COUGHS, COLDS and all Throat and Lung affections. The only object of the advertiser sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Those who desire the prescription, FREE, by return mail, will please address

REV. EDWARD A. WILSON,
ly my7 Williamsburgh, Kings Co., New York.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, my7—law dawly
JOHN B. OGDEN, 42 Cedar Street, New York.

Local.

☞ On Friday afternoon J. G. Gates, son of Gen. Gates in command of this post, with H. M. and F. W. Carleton, grandsons of Jonathan Morrison, Esq, were enjoying a sail in the fort boat, accompanied by two soldiers. About 6 o'clock a violent squall struck the boat when off Whale's Back light, nearly three-fourths of a mile from the New Castle shore, capsizing the craft, which sank immediately. Master Gates and one of the soldiers named Simpson swam to the shore and sought aid for their companions, who were still struggling in the water.

Every exertion was made to rescue the party, and quite a number of boats put off. The two Carletons were picked up when they had swam nearly to the shore, but the other soldier, named James Smith, was drowned. As Smith was the best swimmer in the party, it is supposed he must have been taken with the cramp.

The party were entertained most hospitably by Rev. Mr. Alby, and were attended by Dr. Smart, the post surgeon.

The party were on their return from Rye Beach; and the occupants of another unknown boat but a few yards ahead, paid no attention to the signals of those in distress.

☞ Sometimes names are as important as things; and always when names are called it is well to have them called right. Many of our Methodist friends would understand, (in our item about corner-stones,) that Rev. Mr. Moffatt meant John N. Maffitt; but we don't believe one of them supposed that Mr. Bradley meant Jonathan Barker, Esq., or imagined who Mr. Bradley could be. Yet we wrote Barker, and most of the readers know that he was a member both of the Methodist church and of the Masonic fraternity.

☞ The Festival at Greenland, to aid in establishing an Episcopal Church there, was held on Friday. The arrangements in Mr. March's ample and well arranged grounds were complete for a grand gala occasion—thanks to the liberality of the host, and the exertions and good taste of Paymaster Gilman and Mr. Bartlett of Boston, a guest at the Farragut House. The attendance was large and highly respectable, including ex-President Pierce, ex-Secretary Navy Fox and family, and various officers from the Navy Yard, with many of our substantial citizens. But no doubt many were deterred from coming, by the coolness of the day and the threatening aspect of the (Friday) weather, not less than the actual showers and squalls just at the time many would be coming.

However, no harm or discomfort befell the gay company present—Mr. March threw open his spacious and splendid mansion, and there was not much of a shower after all; not enough to leave any trace, or trouble anybody. The several tables spread beneath the trees, loaded with eatables, including abundance of poultry from the coops of the host, and luscious grapes from his conservatory, with peaches, ice-creams, tea, coffee, &c., —ornamented with gay flowers from the gardens; and crowds of happy and cheerful people flitting everywhere, or dancing on the well-laid floor to the inspiring music of the Quadrille Band, —presented a most beautiful scene, and rare for these parts—which was greatly heightened when the bright bow in the clouds faded away with the sun's decline, and the hundred gay-colored Chinese lanterns suspended in the trees, were lighted to illuminate the festive scene.

We were tempted by a charming young lady of the Episcopal *persuasion*, to invest in a couple of tickets, which we expected would result in our bringing off that elegant revolving magic Castor; and the only reason we didn't secure it for ourselves or a lady who at her leaving we promised to look out for next to our own chance, was because our superior officer, Capt. Murray, took charge of the same. Well, we don't see of what use it would have been to us—and are glad he got it.

The extra train arrived in Portsmouth about ten o'clock, and those in carriages left about the same time: and the stars were soon shing down on a scene of quiet, where so lately all was mirth and gaiety.

We understand the net proceeds of the Festival will be one hundred dollars or so —for the cause.

☞ The lumber for the Rockingham Trotting Park is all on the ground, most of the posts set, and part of the fence built, and the track will no doubt be all ready for sport the present month. "Fly switter round." Mr. Albert A. Fernald furnished the lumber, and Mr. Jos. R. Holmes contracted for the work.

NAVAL.—Second Asst. Engineer H. S. Rose has been detached from the Peoria and granted sick leave.

Third Asst. Engineer Thomas W. Fitch has been detached from special duty at the Washington Navy Yard, and ordered to the Peoria.

Mate T. D. Wendell has been ordered to the Peoria.

☞ The weather for the last two days of Summer was decidedly Fallish in this vicinity.

GOLD, Saturday, 141 1-2.

— Andrew Shaw, Jr., son of Andrew Shaw of Tiverton, R. I., fell into a try-kettle, at Damariscotta, Me., on Tuesday, and was so severly scalded that no hopes are entertained of his recovery.

— In the recent Republican convention held in the Cincinnati district of Ohio, resolutions indorsing Gen. Grant's letter to Johnson on the subject of Sheridan's removal were passed amid great enthusiasm.

— At the meeting of the Supreme Judicial Court for Sagadahoc county, Me., on Thursday, the Bowdoinham bank robbers were each sentenced to fifteen years at hard labor in the State Prison.

— Bridget Deignan was hung at New Brunswick, N. J., on Friday, for the murder of Mrs. Coriell, with whom she lived as a domestic. The girl made a full confession of her guilt.

MARRIAGES.

In this city, Aug. 24, by Rev. Thomas F. Davies, Mr. DAVID CUTTIFORD to Miss ELIZABETH LAWTON, both of this city.

GLEASON HALL

PRESENTATION FESTIVAL.

The Fourth and Last Grand Concert

Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND,

Will positively take place on

Thursday Evening, October 10, 1867,

AT GLEASON HALL, WEST TROY, N. Y.

The first, second and third Concerts of the series took place as per former advertisements, and July 22th, Aug 8th and 29th, and gave unlimited satisfaction, the large Hall being filled to overflowing on each of the above occasions to a refined and appreciative audience from all parts of the State. There was a committee of three reliable and well-known gentlemen present at each of the above occasions, to superintend the drawing, which will positively take place on the evening of the above Concert. The Committee are most desirous that all ticket holders should be present to witness the drawing, and thereby satisfy themselves of the fairness of the transaction. They also assure those who cannot make it convenient to be present, that their interests will be the same as if they were present. The tickets, which have been limited to 75,000, at

ONE DOLLAR EACH,

can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. There will be a present awarded the holder of every ticket.—Among the presents to be awarded are the following:—

Metropolitan Hotel, West Troy, $30,000
FARM, fifty acres, Rensselaer Co., - 4,000
Six Building Lots, Albany City, - 4,000
One Store and Lot, Albany City Property, 1,000
Two Billiard Tables, - - - 1,200
One Mortgage, Farm 56 acres - - 1,075
One Piano - - - - - 600
Three Melodeons, - - - - - 375
Two Bedroom sets, - - - - 200
One Grover & Baker Sewing Machine, plated, 85
One Wheeler & Wilson Sewing Machine, 70

And Thousands of Other Presents,

Consisting of

Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Pitchers, Sets Knives and Forks, Sets Spoons, Dressing Cases, Work Mountains, Scarfs, Tables, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.

The above property will be delivered to the person entitled to it free from all incumbrance and a title guaranteed.

The property may be seen at any time by calling on the owner, John H. Casey, Metropolitan Hotel, West Troy, N. Y.

The undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be passed to our hands, and will be by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be contained and by Mr. Casey to that effect, and we will pay off and discharge, from the moneys so received, all mortgages upon the property. ANDREW ALEXANDER,
THOMAS RATH.

The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will conduct the presentation with honesty and fairness, and try to give satisfaction to the public.

Hon. Oscar F. Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Ferry Co.; N. F. Wilbeck, N. Y. C. R. R.; M. Wilbeck, Att'y and Coun. at Law; A. J. Rousseau; Dr. J. P. Wibeck; Hon. Thos. Kearney, Ex-Co. Treas., Albany Co.; Henry Fliehart, N. Y. C. R. R.; Thomas Rath; F. W. Jackson, Att'y and Coun. at Law; R. S. Lobdell, Supt. West Troy Gas Co.; F. A. Rogers, Justice of the Peace; Russ & Co., 34 Dey st., N. Y.; John A. Gladding, Lansingburgh, N. Y.

SPECIAL TERMS OF Club Rates.—Five Tickets, $4.00; Ten Tickets, $8; Fifteen Tickets, $10. A photograph of the Metropolitan Hotel may be seen at the stores of our Agents.

Tickets may be procured

AT BATCHELDER & CO.'S STORE,

3 Congress Street, Portsmouth.

N. B.—In order to give confidence to the public, and secure them in their investment, we allow our agents to retain all moneys received for the sale of tickets, until the distribution takes place.

We, the undersigned, having been appointed a Committee by the ticket holders of the Gleason Hall Presentation Festival to decide in the manner in which the drawing shall be conducted, do decide and determine that all the numbers from 1 to 75,000 shall be placed in one wheel and the first drawn number shall take the highest prize, the second the next highest, and so on until all the prizes are drawn. Hoping this will meet the approval of the ticket holders, we remain, &c.,

CHAS. DORING, JOS. P. TAFT, M. NILES,
Committee.

THE

UNION PACIFIC RAILROAD CO.

THEIR

FIRST MORTGAGE BONDS,

AS AN INVESTMENT.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the Company are now offering to the public. The first question asked by prudent investors is,—"Are these bonds secure?" Next,—"Are they a profitable investment?" To reply in full:

1st. The early completion of the whole great line to the Pacific is as certain as any future business event can be. The Government grant of over twenty million acres of land and fifty million dollars in its own bonds practically guarantees it. One-fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates

3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c, and two trains are daily running each way. The materials for the remaining 92 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are *several times greater* than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a bona fide property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a second lien as its security. This amount upon the first 517 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government controls the road upon the road, a good investment, and that some of the shrewdest railroad builders of the country have already paid in five million dollars upon the stock (which is to them a third item), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better security than Government securities, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Governments to reinvest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. less than U. S. Stocks.

10th. At the current rate of premium on gold, they pay **Over Nine per cent. interest.**

The only subscriptions are already large, and they will continue to be received in New York by the

CONTINENTAL NATIONAL BANK, 7 Nassau st.,
CLARK, DODGE & Co., Bankers, 51 Wall street,
JOHN J. CISCO & SON, Bankers, 33 Wall street,

and by BANKS AND BANKERS generally throughout the United States, of whom maps and descriptive pamphlets may be obtained.—They will also be sent by mail from the Company's Office, No. 20 Nassau street, New York, on application. Subscribers will select their own Agents in whom they have confidence, who alone will be responsible to them for the safe delivery of the Bonds.

Morning Chronicle.

FASHIONABLE INVALIDISM.—I hope to live to see the time when it will be considered a *disgrace* to be sick. When people dread a *disgrace* to be sick. When people shall flat sheets and stooping shoulders will with flat sheets and stooping shoulders will creep round the back way, like other violators of known laws. Those who inherit sickly constitutions have my sincerest pity. I only request one favor of them, that they cease perpetuating themselves till they are physically on a sound basis.—But a woman who laces so tightly that she brethes only by a rare accident; who vibrates constantly between the confectioner's shop and the Dentist's office; who has ballrobes and jewels in plenty, but who owns neither an umbrella, nor water prof-cloak, no a pair of thick boot; *who lies* in bed till noon, never exercises, and complains of "total want of appetite," save for pastry and pickles; she is simply a disgusting nuisance. Sentiment is all very nice; but were I a man, I would beware of a woman who "couldn't eat." Why don't she take care of herself? Why don't she take a nice little bit of beefsteak with her breakfast, and a nice *walk*—not *ride*—after it? Why don't she stop munching sweet stuff between meals? Why don't she go to bed at a decent hour, and lead a clean, healthy life? The doctors and confectioners have rode in their carriages long enough; let the butchers and shoemakers take a turn at it.

A man or woman who "can't eat" is never sound on any question. It is waste breath to converse with them.—They take hold of every thing by the wrong handle. Of course it makes them very mad to whisper pityingly, *dyspepsia.*" when they advance some distorted opinion; but I always do it. They are not going to muddle my brain with their theories, because their internal works are in a state of physical disorganization. Let them go into a Lunatic Asylum and be properly treated till they can learn how they are put together, and how to manage themselves sensibly.

How I *rejoice* in a man or woman with a chest; who can look the sun in the eye, and step off as if they had not wooden legs. It is a rare sight. If a woman has an errand round the corner, she must have a carriage to go there; and the men more dead than alive, so lethargic are they with constant smoking, creep into cars and omnibuses, and curl up in a corner dreading nothing so much as a wholesome exterior. The more tired they are, the more diligently they smoke, like the women who drink perpetual tea "to keep them up."

Keep them up! Heavens! I am fifty-five, and I *feel* half the time as though I was just made. To be sure I was born in Maine, where the timber and human race *last:* but I don't eat pastry, nor candy, nor ice-cream. I don't drink tea, bah! I *walk*, not ride. I own stout boots—pretty ones, too. I have a waterproof cloak, and no diamonds. I like a nice bit of beefsteak and a glass of water, and anybody else that wants it may eat pap. I go to bed at ten, and get up at six. I dash out in the rain, because it feels good on my face, I don't *will* be well, and after I am buried, I warn you, don't let any fresh air or sunlight down on my coffin, if you don't want me to get up.—*Fanny Fern in Ledger.*

— It is a bad sign always for the performance and beneficence of any power, when there is much clamor in it and excitement about it. Where a school is governed by the frequent accompaniment of loud talk and whippings, there is not nearly so much power at work as in a school where, thro' respect for the teacher, everything goes on quietly, as it were without direction. So it is in homes; the more noise and scolding, the less parental power. *Activity* and clamor of the tongue and hand are brought in to supply the lack of that steady, central strength which organizes peacefully.—*Thos. Starr King.*

— Those who most regularly visit the "watering places" in the summer time are the millkmen.

— Folly—To undertake to scull a boat with a trowel, or to think of keeping girls from knowing what kind of confectionery matrimony is.

—Let nobody say after this "poor worm." The poor worms, having possessed themselves of nearly the entire cotton crop, ought to be in comfortable circumstances to say the least.

— Codfish is justly held in high esteem; but when it is associated with a so-called aristocracy, the term assumes quite a different meaning. Such a union is very hard for the fish.

DOWNER
KEROSENE OIL CO.
Office, No. 108 *Water Street, Boston.*

TO CONSUMERS OF OIL.
CAUTION.

It having come to our knowledge that many dealers, throughout New England, are in the habit of buying small quantities of our Oil, and large quantities of inferior oils, and using our brand and packages fraudulently in the sale of these inferior oils, we are determined to stop such fraud, and hereby offer a **Reward of 100 Dollars** for information that will lead to the detection and punishment of any party using our name or brand in the sale of any other than our own Oil. The **"Downer Kerosene Oil"** has been frequently tested and analyzed by Dr. A. A. HAYES, State Assayer, and in a communication to us, dated July 5, 1865, he says: "The term 'Kerosene' as used by the **Downer Oil Company**, applies to the highest grade of Oil only, which, our trials show, does not inflame below 120 degrees Fahrenheit, and carries the assurance of both safety and excellence with it; while the mixed Oils are not only unsafe, but in causing accidents, destroy confidence in the safe and excellent article for affording light produced by the honest manufacturer."

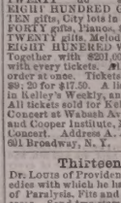
Thirteen Years Ago
Dr. Louis of Providence, R. I., discovered Remedies which will cure Nervous Debility and cases of Paralysis. Fits and all forms of Nervous Diseases. Send two stamps for Pamphlet and Certificate.



MADAM FOY'S
Corset Skirt Supporter
Combines in one garment a perfect Skirt Supporter and the most desirable Skirt Supporter ever offered the public. It places the weight of the skirts upon the shoulders instead of the hips; it improves the form, prevents fatigue, and gives ease and elegance; is approved and recommended by physicians. Manufactured by
D. B. SAUNDERS & CO., 99 Summer st., Boston.

Important Notice to the Public.
GLEASON HALL
PRESENTATION FESTIVAL.
THE THIRD GRAND CONCERT,
Of the Gleason Hall Presentation Festival, under the auspices of DORMAN'S BAND,
Will take place on
Thursday Evening, August 29, 1867,
AT GLEASON HALL, WEST TROY, N. Y.
The Second Grand Concert of the series took place at West Troy, N. Y., on Thursday evening, August 8th, and was a grand success, the Hall being filled to overflowing with a refined and appreciative audience from all parts of the State. There was a committee of gentlemen present to whom the gentlemen selected by the audience on the night of the first Concert to superintend the drawing, then in this place, which will be on the night of the last Concert. The Tickets, which have been limited to 75,000, at
ONE DOLLAR EACH,
can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. There will be a present awarded to the holder of every ticket. Among the presents to be awarded are the following:—
Metropolitan Hotel, West Troy, $30,000
FARM, fifty acres, Rensselaer Co., - 4,000
Six Building Lots, Albany City, - 4,000
One Mortgage, A. Denny City Property, 2,000
Two Billiard Tables, - - - - 1,200
One Mortgage, Farm 56 acres - - 1,075
One Piano, - - - - - - 500
Three Melodeons, - - - - - 375
Two Bedroom sets, - - - - - 200
One Grover & Baker Sewing Machine, plated, 85
One Wheeler & Wilson Sewing Machine, 70
And Thousands of Other Presents,
Consisting of
Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Pitchers, Gold Watches, Gold and Silver Spoons, Dressing Cases, Port Monnaies, Scarfs, Tables, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.
The above property will be delivered to the person entitled to it free from all incumbrance and in like guaranteed.
The property may be seen at any time by calling on the owner, John H. Casey, Metropolitan Hotel, West Troy, N. Y.
We, the undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be placed in our hands, and will be by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey to be correct, and we will pay off and discharge, from the moneys so received, all mortgages upon the property. THOMAS RATH,
ALEXANDER, Jr.
The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will conduct the presentation with honesty and fairness, and try to give satisfaction to the public.
Hon. Oscar F Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Ferry; C. N. F. Wilbeck, Supt. N. Y. C. R. R.; Wilbeck. Att'y and Coun. at Law; A. J. Rousseau; Dr. J. F. Wilbeck; Hon. Thos. Kearney, Ex-Co. Treas.; Albert Fonda; Richard, N. Y. C. R. R.; Thomas Rath; T. W. Jackson, Att'y and Coun. at Law; R. S. Lobdell, Supt. West Troy Gas Co.; Rev. Augustus Kogers, Justice of the Peace; Russ & Co., 34 Dey st., N. Y.; John A. Gladding, Lansingburgh, N. Y.

SPEER'S SAMBUCI WINE.
Prescribed by Physicians for
FEMALES, WEAKLY PERSONS AND INVALIDS.

As a Tonic, it has no equal, creating an appetite and building up the system of the most debilitated invalid. *As a Diuretic* it imparts a healthy action to the Glands, Kidneys and Urinary organs, being very beneficial in Dropsy, Gout and Rheumatic Affections. *As a Blood Purifier,* it is superior, being one of the best alteratives known in the medical pharmacopœia.
The qualities of SAMBUCI are *unsurpassed in action*, at once a Tonic, Diuretic, Alterative, Diaphoretic and Soporific.
N B.—Vinum Sambucum Summum sanguinem facit.
SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and nursing females, the aged and infirm, and benefitting ladies and children.
Be sure the signature of *ALFRED SPEER*, Passaic, N. J., is over the cork of the bottle.
For sale by Town Agents and Druggists.
A. SPEER, 243 Broadway, New York.

ASTONISHING CREDULITY. — Another verdant farmer has fallen victim to an old and shallow deception. A wandering gipsy woman, professing to be a clairvoyant and spiritualist, told A. A. Reeves, a well-to-do farmer near Sadalia, Mo., that the spirits had informed her of an immense quantity of gold and silver hidden on his farm. This, after a while, she made him believe, and that the spirits would not reveal the spot where the treasure was, unless she was placed in possession of $6000, with which to perform the necessary incantation. The deluded man, who possessed about $1000 in cash, mortgaged his farm for $5500 and thus made up the sum, keeping the whole affair secret from his family, at the instigation of the she-villain. The woman took the money and with great ceremony tied it up in a piece of cloth. She returned the next day, when the final cermonies took place, Mr. Reeves standing in the centre of a room repeating the Lord's Prayer, while she, with the package of money performed evolutions about him, mysteriously chanting. This concluded, the woman placed what was ostensibly the package of money in one of Mr. R.'s hands, and charged him at the peril of destroying the spell, not to let the package go out of that particular hand until he had hidden it in some safe and secret place, where undisturbed, it was to remain for the period of four days, when Mr. R. was to go and get it and meet his enchantress at a spring near by, when the two in company would proceed to the place where the hidden treasure was buried. Mr. R. obeyed these injunctions strictly, only to find at the end of the four days that the package contained a dime novel, minus his $6000, and that his enchantress was nowhere visible. He is a wiser but a poorer man.

THE BEST HE HAD.—An elderly gentleman was travelling lately with a bad cough which annoyed his fellow travellers, and at last one of them remarked in a displeased tone:

"Sir, that is a very bad cough of yours."

"True, sir," replied the gentleman, "but you will have to excuse it; it is the best I've got."

IN A BOG.—President Johnson is in the bog of usurpation and reconstruction opposition, up to his ankles; but he is in, as a friend of the Irishman was, who called for help to get him out. The story runs thus, and is an unquestioned fact: "How deep is the gentleman in?" asked the man solicited to help. "Up to the ankles," was the reply. "Then there's plenty of time, and we can wait." "No, indade, there's no time, for he's in head first."—*Albany Jour.*

— The servant who charged Gen. Banks with being drunk in Portland, has been arrested for stealing a coat.—*Ex.*

Cæsar himself, no less than his wife, ought to be above suspicion.

— The Havana lottery cleared $2,490,216 last year. This is "pin money" for the Queen of Spain.

— The favorite air now-a-days is a million-aire. [That air always was the most popular kind.]

— Why is a mouse like a load of hay? Because the cat'll eat it. [Yes, if she can cat-ch it.]

— By an extraordinary piece of good luck, an unfinished tenement-house in Twenty-second street N. Y. fell down on Wednesday night, the cause being apparently that the builder had neglected to lay foundation for it. That it fell before it was ready for occupation was a merciful dispensation of Providence. But suppose the accident had happened a few weeks later, and some half dozen families or so had been crushed under the ruins?—*Tribune.*

☞ Local AGENTS WANTED throughout the United States.

The Riverside Institute.
Situate at Riverside, Burlington County, New Jersey, is founded for the purpose of gratuitously educating the sons of deceased Soldiers and Seamen of the United States.

The Board of Trustees of the Institute consists of the following well-known citizens of Pennsylvania and New Jersey:
Hon. WILLIAM B. MANN, District Attorney, Philadelphia.
Hon. LEWIS R. BLOOMALL, Ex-Chief Counsel, U. S. Mint, and Recorder of Deeds, Phila.
Hon. JAMES M. SCOVEL, New Jersey.
Hon. W. W. WARE, New Jersey.
HENRY GOREMAN, Esq., Agent Adams' Express, Philadelphia.
J. E. COE, Esq., Joy, Coe & Co., Philadelphia.

TREASURY DEPARTMENT, Washington, D. C., April 18, 1867. Office of Internal Revenue.—Having received satisfactory evidence that the proceeds of the enterprize conducted by the Washington Library Company will be devoted to charitable uses, permission is hereby granted to said Company to conduct such enterprize exempt from all charge, whether from special tax or other duty.
E. A. ROLLINS, Commissioner.

The Association have appointed as Receivers, Messrs. GEO. A. COOKE & CO. 33 South Third Street, Philadelphia, whose well-known integrity and business experience will be a sufficient guarantee that the money intrusted to them will be promptly applied to the purpose stated.

PHILADELPHIA, PA., May 20, 1867.
To the Officers and Members of the Washington Library Co., N. S. KEID, Secretary.
Gentlemen:—On receipt of your favor of the 15th inst. notifying us of our appointment as Receivers for your Company, we took the liberty to submit a copy of your charter, with a plan of your enterprize, to eminent legal authority, and having received his opinion in regard to its legality, and sympathizing with the benevolent object of your Association, viz,—the education and maintenance of the orphan children of our soldiers and sailors at the Riverside institute, we have concluded to accept the trust and to use our best efforts to promote so worthy an object.
Respectfully, yours, &c.,
GEO. A. COOKE & CO.

Address all letters and orders to

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
It will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,

BREAD
MIXING and KNEADING MACHINES.
One of the Most DESIRABLE and VALUABLE
Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.

The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the advantages of the Bread Mixers and Kneaders
The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.
The merits and cheapness of the machine are enough to recommend it to general use, and cause its introduction into every family.
It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.
The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au6 E. A. STEVENS,

DUPEE, BECK & SAYLES,
STOCK BROKERS,
No. 22 State Street, Boston.
JAMES A. DUPEE, JAMES BECK, HENRY SAYLES.

The Daily Chronicle.

Portsmouth, N. H.

TUESDAY, SEPTEMBER 3, 1867.

A MOTIVE.—The Washington special of the Boston Advertiser says: "One of the first objects which those who have been clamoring for the removal of Gen. Sheridan will seek to attain through Gen. Hancock, will be the reinstating of Gov. Wells, giving as a reason that success in rebuilding the levees depends on his being replaced, so that he can sign the bonds, all of which have been negotiated at sixty-six per cent., conditional upon the reinstatement of Gov. Wells. To sustain this movement, certain letters from radical Senators, written at the last session, and a letter from Gen. Grant, setting forth the importance of rebuilding the levees, are to be twisted into a virtual condemnation of Gen. Sheridan's course. Gen. Grant will, however, defeat this plot, which has been fully considered by the President. The same men who are manipulating these bonds, are engaged in preparing charges against Gen. Sheridan, which they hope will further their purposes."

THE PROSPECT IN WESTERN TEXAS. The San Antonio Herald says there has not been so fine a season in upper Texas for many years. The corn crop is unprecedentedly large. Grass and meat abound—the range even promising to continue good over winter.

Of the wool interest, flocks are reported to be in excellent health, and with the fine range all over vast prairies, a very prosperous season is anticipated by the producers of wool. In fact, there is but one drawback to the picture of prosperity in Texas, and that is furnished by the political situation.

☞ The Aroostook Pioneer tells of a woman away down east, who "besides doing her housework, helped her husband pile and clear four and a half acres of new ground, which is now covered with wheat which promises an abundant harvest. We presume here is only one of a hundred cases of similar experience among the pioneers of Aroostook. Men blest with such wives deserve to prosper." Yes, and *men* blest with such wives *will* prosper. All successful men owe something to their wives' assistance; and many who figure pretty well in all positions of life, do so on the borrowed smartness of their *better* halves.—Many a man there is, whose wife keeps him from absolute failure; and few indeed be they who make out well, with a shiftless wife.

WASHINGTON ITEMS.—The order issued by Gen. Grant on the 29th ult., and promulgated at Washington on Saturday for the first time, instructing district commanders to made no appointment to civil office of persons heretofore removed by them, was telegraphed on the day it was dated to every District Commander in the South by order of Gen. Grant.

Official dispatches received here state that Gen. Sheridan has confirmed the removal of three Texas Judges made by Gen. Griffin on the 15th of August. The removals were made on charges of disloyalty.

WASHINGTON News, Monday.—Assistant Secretary of the Treasury Chandler has reconsidered his determination to resign, and has resumed his post.

Louisiana politicians assert that the President will revoke Gen. Grant's order prohibiting the appointment of officials heretofore removed, as it will interfere with the restoration of Gov. Wells.

The Tribune's special from Washington says the correspondence between Generals Grant and Sickles will not be published, it being so agreed at the Cabinet meeting Friday. It is stated that Gen. Sickles acted under Grant's orders throughout.

Gen. Gordon Granger is ordered to his regiment.

The Herald's special from Washington says it is stated that the forthcoming amnesty proclamation will grant full pardon to all classes of rebels, with full restoration to civil rights not taken away by Congress, excepting pirates and those who cruelly treated Union prisoners.

The World's dispatch says nine regular army surgeons died of yellow fever last week.

☞ The U. S. steamer Frolic put into Stettin, Prussia, the other day, to take on board Mrs. Farragut. The shores all the way inland were lined with spectators, the American flag was displayed on shore, and bands of music played American airs! We wonder what they were, besides Yankee Doodle.

☞ On Saturday evening an Irishman fell from the Salem train at Lawrence and several cars passed over him. He died soon after the accident.

GOLD, Monday, 141 1-8.

— David Harding, the young Lebanon Shaker who eloped with a pretty Shakeress and was married a few weeks ago, was arrested at New Lebanon, N. Y., at the instance of the Shakers, on a charge of sending threatening letters and making verbal threats against members of the Shaker community.

Local.

☞ "Ten Acres Enough" rather startled some people when first printed, but we fancy that most folks would find it "too much" to cultivate properly in New England by personal effort alone. While we are so anxious to eat up the large landed estates of our wayward Southern brethren, there is hardly a petty farmer among us but that is desirous to add to his own half-tilled acres some adjoining acres equally neglected; seemingly oblivious to the fact that the same labor which is required to keep one acre of land in good condition in New England will serve to keep ten acres in an equally good condition among the more fertile lands of the South and West.

What may be accomplished on a very small piece of land has been shown this season by a county officer residing in this city. From his garden plot, which would hardly measure thirty feet square, he has supplied a family of five with an abundance of cucumbers, tomatoes, shell and string beans, and a very fair share of peas; besides having considerable quantities of beans and tomatoes to donate to his friends.

☞ Mr. Stephen H Simes has entered on his second half century in the dry goods business on Market street, having been there as a clerk in 1816. In all that time he has proved himself one of the most gentlemanly traders to be met with anywhere.

☞ Mr. Wm. R. Bradbury, the popular and successful composer and publisher of music books, has been in the city for a day or two. He purposes a visit to his native place, York, being in rather a feeble state of health.

DROPPED OUT.—The front of the Dew Drop Inn, on Congress street, has been taken out, and the premises are to be fitted up for a store, to be devoted to the grocery business we are told.

☞ We regret to learn that Gen. Gates was taken very suddenly and quite seriously ill on Monday forenoon.

POLICE COURT, Sept. 2.— Edward Smith, for an assault on Mary A. McDonald, was fined $1 and $3.86 costs.

☞ The Exeter News Letter says that the days of holding the Rockingham Agricultural Fair have been changed from Sept. 18th and 19th to Oct. 8th and 9th. This change was made on account of the holding of the Muster at Manchester on Sept. 18 and 19. The Fair will be held in Exeter, on the grounds occupied last year.

NEW HAMPSHIRE ITEMS.

—— Edward Sullivan had both arms torn off by an accident at the Amoskeag Mills, Manchester, on Friday.

—— "Deaf Williams," the bull corn man, was knocked down by a train backing into the Manchester depot on Saturday.—He was taken up insensible, but was about the streets again in a few hours.

—— The citizens of Campton will celebrate the one hundredth anniversary of the settlement of their town, on Thursday, the 12th of September. A cordial invitation is extended to "all of her absent sons and daughters" to be present on that day and "revive the memories of home."

—— Ebenezer Eastman, Esq., an old and highly respected native-born citizen of Concord, died on Saturday last, aged 76 years. He was a great-grandson of the celebrated Capt. Ebenezer Eastman, who was one of the first settlers of that town and the builder of the famous Indian garrison at East Concord.

—— Daniel Sullivan and John Gallagher got out of the State Prison early Monday morning, by breaking through a brick wall into a ventilator, getting into the attic and out at a window, and descending outside. They are boys of 17 and 18 years old; one a robber, the other a thief. $300 reward is offered for their return.

—— The New Hampshire Statesman says: "Thirty-eight years ago this summer, July 27, four young men of Concord and three gentlemen from Boston constituted all the company at the White Mountain Notch, in a house just erected by T. J. Crawford. On that day the stage came down from Lancaster with two passengers, bound for Portland."

——James C. Withington, a printer employed in the New Hampshire Statesman office, walked from Boston to New York in eight days. He left Boston Thursday noon, Aug. 22, and arrived at New York on the 30th. It rained considerably two or three days of the time, and when not raining it was exceedingly hot. But he covered the entire distance, two hundred and forty miles, on foot, without any previous practice, stopping over night at the following places respectively: Natick, Westboro, East Brookfield, Springfield, Hartford, New Haven, Norwalk, Williams' Bridge.

—On Thursday last, Mr. Reuben P. Jones and two of his daughters were drowned in Damariscotta river, by the capsizing of his boat while on his way from Damariscotta Bridge to Hodgdon's Mills, in Boothbay, Me., where he resided.

THE BYFIELD CHEESE FACTORY.—is a two-story building, pleasantly situated, erected last spring by a stock company, as an experiment. It is the only manufactory of this kind in this section, and has met with a gratifying success, which will doubtless lead to the erection of other similar factories. It is under the charge of Mr. and Mrs. Youngs, who have had experience in cheese manufacture in New York State, to whom we were indebted for many courtesies.

Farming in these days is not the laborious occupation it was in the olden time. What with mowers and reapers and horse rakes and threshers and a hundred improved implements, the farmer has a comparatively easy life to that of his forefathers. The labors of the dairy are also lightened by improved churns, etc., and now the cheese factory comes in to give the farmers' wives and daughters a "lift" in the heat of summer, and relieve them of the labors of cheese making.

The process is very simple. The business of cheese making has been reduced to science, and every step is conducted on recognized principles. The milk is received and weighed in the morning, and poured into a tin reservoir, which floats in a tank of hot water supplied from the boiler. The milk is heated in this manner to a temperature of eighty-four degrees or thereabouts, according to the state of weather. The rennet is then put in, and the mass allowed to stand until the curd is well formed, when it is cut, and hot water is again let into the tank, and the curd and the whey is raised to a temperature of ninety-six to a hundred degrees. The curd is then separated from the whey by working it for an hour, when the whole is dipped into another reservoir, the whey drained off, and the curd is ready to be pressed.

The factory is at present making five cheeses per diem, consuming an average of three thousand pounds of milk a day. The milk is bought by the pound, a gallon of milk weighing about eight pounds, and a gallon and a pint of milk is allowed to a pound of cheese. The richest milk makes the best cheese, while the poorest milk makes the most cheese, and as all is put in together, both quality and quantity is secured. The factory daily consumes the milk of two hundred cows, furnished by forty-five contributors from the neighborhood and adjoining towns. The corporation buys the milk of the farmers who chose to sell, while it takes that of others and makes it into cheese for them for a small per cent. The building is supplied with water from a never-failing spring at the foot of the hill, which is forced into a tank in the second story of the building by a hydraulic ram, whence it is conducted into the boiler.

We ascended to the store-room overhead which was well filled with handsome cheeses. Mr. Youngs very kindly gave us a liberal allowance of a July cheese for the supper table, which our experienced cheese-makers pronounce an excellent article, and (rare encomium) tasting like "home-made cheese."—*Gloucester Tel.*

☞ The planing mill on Merrimac street, near Broad, in Newburyport, was on burnt Saturday noon. In it were several thousand feet of lumber belonging to different parties, of which but little was saved. The mill was entirely destroyed and is to the owners a total loss, there being no insurance for it. The fire when first seen was near the engine room. As there has been no fire in the furnace for more than a week it is supposed to have been the work of an incendiary. The firm has lost several buildings by incendiarism, it is supposed, within a few years. A two-story house, belong to one of the parties near the mill was also partially destroyed. This loss is partly or entirely covered by insurance. Messrs. Choate owners.

— Hon. John I. Baker has been re-appointed State Liquor Agent for New Hampshire. He also fills that position for Maine and Massachusetts.

FAIRS AND SHOWS—1867.
Portsmouth Horticultural Society, ——
Rockingham Co. Ag. Soc'y, Exeter, Oct. 8, 9.
Strafford Co. Ag. Soc'y, Dover, Oct. 1, 2, 3.
N. H. Horse Show, Manchester, Sep. 3, 4, 5.
N. H. Ag. Society, Nashua, Sept. 10, 11, 12.
N. E. Ag. Soc'y, Providence, Sept. 3, 4, 5, 6.

☞ The fact that the Commissioner of Internal Revenue has exempted from all tax the funds which are raised by the Washington Library Company of Philadelphia for the endowment of the Riverside Institute; also that Messrs. George A. Cooke & Co., the well-known Bankers, No. 33 South Third street, Philadelphia, have consented to act as receivers of the moneys thus raised, together with the names of those well-known and prominent citizens who have associated themselves with the Institute, and have consented to act as Trustees, should certainly be a sufficient guarantee to the public that every pledge and promise will be carried out to the letter. The method adopted for the endowment of this much needed institution is one by which every individual actuated by true benevolence can be associated with the same amount of money it expended in the ordinary way. In the distribution of presents every one stands an equal chance, one present being guaranteed for each share of stock.—Read Advertisement.

WONDERFUL SUCCESS attends the introduction of Fyle's O K Soap. Its superiority over ordinary soap is at once apparent, hence the grateful consumer heralds its merits from neighbor to neighbor; and all first class grocerymen soon see the necessity for a large stock of the "O K." 17

A GENTLE WHISPER TO MOTHERS.—It unfortunately you have lost your own teeth by neglect or mismanagement, take care that your daughters do not suffer the same penalty from the same cause. See to it that they brush their teeth regularly and thoroughly with Sozodont, and thereby you will insure them sound and serviceable sets as long as they live. 15

☞ SPEER'S Sambuci Wine ranks above all other Wines for medical purposes; it is a diuretic alterative and tonic. For weakly persons and the consumptive it has no equal. Sold by Druggists.

—More than one-half the diseases of the human system are caused from the use of impure Breadstuffs; and as Saleratus and Soda are the essential properties for using, it becomes doubly necessary to be watchful. Horrick Alley's Gold Medal Saleratus is the only perfectly healthy article to be relied upon. Try one paper and you will be convinced what we say is true. Never use Soda if you can procure this article. Go to your Grocer and get a paper. Depot 113 Liberty street, New York. 60

For the Chronicle.

TO C——

Maiden of the golden tresses,
Coldly scorning all caresses,
Friendship this to thee addresses.

All the laws of nature prove
Through the paths in which they move,
True the Scripture—"God is love."

Love binds all things into one;
Draws the planets to the sun;
Bids the streams to ocean run.

Learn this lesson then, fair maid,
If unhaply thou'rt arrayed
'Gainst the law that God has made:

Small the heart and daily less,
Ne'er bestowing a caress;
Blessing not, 'twill not be blessed.

Or if thy coldness be but feigned,
While a constant strife maintained
Shows how hard the victory gained:—

Victory over truth and feeling,
Naught of thine own self revealing,
Tenderness of heart concealing:—

Lest the seeming into being,
Real self with false self agreeing,
Haply change without thy seeing,

Haste thee to give o'er the fight,
Bring thy nature to the light,
Tenderness and truth unite. G.

MISS MILLER'S SCHOOL.
THE FALL TERM
WILL BEGIN ON
MONDAY, SEPTEMBER 9TH, 1867.

Stevens & Waterman,
MANUFACTURERS AGENTS OF
Hardware, Cutlery and Skates.

For CRAMP, PAIN & WIND in the STOMACH.
Equal to any in the market. Prepared by
au15—12t34t W. R. PRESTON.

NOT GOLD ONLY,
BUT
RICH, FRUITY, LUSCIOUS
WINES!
California is making grand strides in her agricultural products and is fast withdrawing herself as a purchaser from the manufactures of the various branches of industry she once demanded. She sends a warning voice to the time-worn vineyards of Europe, and enters the lists as a fresh young combatant for the production of wines from her own rich and increasing vineyards.—The time has come when it is simply ridiculous for any one house to lay claim to especial advantages or peculiar privileges for the sale of
THE WINES OF CALIFORNIA.
As well might they claim a monopoly of the cotton trade.
C. A. RICHARDS & CO.
do not receive or sell all the wines which California produces, but they do claim to have at all times a very large quantity on hand of all the best kinds, and their advantages for getting the best, and getting them at the lowest market value, are such as to enable them to offer them at prices which to-day are lower than any other house which sells California Wines of equality. We bottle five kinds. They are,—
"Angelica,"
"Muscatel,"
"Still Champagne,"
"Hock" and
"Port,"
Also "California Brandy."
They are all perfectly pure, and may be relied upon in sickness or in health. The Angelica and Muscatel are rich, sweet wines. The Hock is fully equal to the medium grades of Rhine wines. The Port is actually better than many of the high cost Ports from Oporto. We sell these wines in any required quantity, from a single bottle to a THOUSAND CASES, and are ready at all times to exhibit samples, or to send them to any address.
C. A. RICHARDS & CO.
99 Washington Street,
BOSTON. au27TuThS3mis

Juvenile Dancing School.
Mr. SAMUEL LAMPREY
Gives notice to the citizens of Portsmouth and vicinity, that he will commence a School for Young Ladies, Masters and Misses, at
IRVING HALL,

DIRECTIONS FOR
MAKING YOUR OWN SOAP
WITH YOUR WASTE GREASE!
Penn'a Salt Mfg Co.'s Renowned SAPONIFIER
(Patents of 1st and 8th Feb., 1859,) ON CONCENTRATED LYE!

Two Cents only for every pound of Soap.

DIRECTIONS.—Dissolve one box of Lye in 2½ pounds (pints) of hot water, in an iron pot. Melt in another pot or pan 5 lbs. of clean fat or grease. Take off the fire, and into *this* stir slowly the dissolved lye, and keep stirring until the whole becomes well mixed and like molasses. Now cover up, and set in a warm place over night. Next day cut up into small pieces, and 6 lbs. (or pints) of water, and melt with a gentle heat until the soap is *all dissolved*, then pour into a tub to cool. When cold cut into bars, which will be fit to use in about ten days.

Beware of Counterfeits.—*Be particular in asking for PENN'A SALT M'FG CO'S SAPONIFIER.* d1—eowdawly

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. Dr. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Mr. Thomas Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only good for Burns, but for Old Sores, Bruises, Cuts, Rheumatism, Sore Throat, Cuts, Insect Stings, Pains in the Limbs, Chest and Back; also internally for Colic, Cramps, Diarrhœa, Dysentery and Sea Sickness. It is perfectly innocent to take internally, and is the best family medicine in the world. Orders are received all over Europe for it. The most celebrated Physicians recommend it—it never fails. DR. TOBIAS puts up every drop himself.—Sold by all Druggists at 50 cents and $1 per bottle. Depot 56 Cortlandt street, N. Y. au4dwim

DR. SCHENCK'S NEW OFFICE.

☞ DR. J. H. SCHENCK, of Philadelphia, has opened an office on second floor of No. 32 HANOVER street, Boston, where he will be professionally every WEDNESDAY, from 9 to 3. Every person complaining with Consumption in any disease tending to it, is invited to call on him. He gives advice free, but for a thorough examination with his Respirometer the charge is one dollar.

Dr. Schenck can explain to patients very correctly the stage of their disease, and how to use his medicines, namely, his Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills, without the use of the Respirometer; but by it he can tell exactly how far the lungs are gone and what part; also whether it is Tuberculous, Pulmonary, Bronchial or Dyspeptic Consumption, or whether it is merely an ulcerated throat and catarrh, or from Liver Complaint

His medicines have full directions, so any one can take them without seeing him, but if they live near by and are well enough, it is best to see him. All three of his medicines are required in nearly *every case*, for it is almost impossible to cure Consumption unless the stomach and liver is kept in perfect order. To get lungs in a healthy condition, the stomach must be cleansed, and an appetite for good rich food created, so as to make good blood, before the lungs will begin to heal. Then the chills and night sweats will stop, and the expectoration become free and easy

He keeps a full supply of medicines at his rooms, which can be had at all times.

Price of the Pulmonic Syrup and Seaweed Tonic, each, $1 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents.

GEO. C. GOODWIN & CO., 32 Hanover street, Boston, General Wholesale Agents for the New England States. W ni4-dawlw no2

CROUP! CROUP!
DR. HOOKER'S
COUGH AND CROUP SYRUP
FOR
CROUP, COUGHS FROM COLDS, HOARSENESS, CATARRHAL COUGHS.

COUGHS FROM HUMORS & BRONCHIAL COUGHS and gives speedy relief in Whooping Coughs and Asthma, and often cures the latter, and invariably shortens the run of the former.

☞ Children are liable to be attacked with Croup without a moment's warning. It is, therefore, important that every family should have constantly at hand some safe and pleasant, yet efficacious remedy for the cure of this painful and too often fatal disease. Such a remedy is

Dr. Hooker's Cough and Croup Syrup.

TO CONSUMPTIVES.—The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE for CONSUMPTION, ASTHMA, BRONCHITIS, COUGHS, COLDS and all Throat and Lung Affections. The only object of the advertiser sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, FREE, by return mail, will please address

REV. EDWARD A. WILSON,
my7 Williamsburg, Kings Co., New York.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, my7—1aw dawly

JOHN B. OGDEN, 42 Cedar Street, New York.

Local.

Alex'r H. Ladd and others, G'dns, to Wm. P. Jones for $29. Lot of land on Rogers st., bounded north by a passageway.

Communication.

☞ The occasion of the return to his pulpit since his late journey abroad, of the Rev. Mr. DeNormandie, on Sunday, was a most gratifying one to his congregation, and their devotedness to him was beautifully expressed by the neat and tasteful manner in which the church was decorated for his "Welcome Home."

The organ was trimmed with an evergreen star, in the centre of which was a wreath of flowers, and festooned with vines. The pulpit was ornamented with three silver vases of flowers, besides numerous bouquets. On the columns each side of the organ were respectively an anchor made of evergreen and mountain ash berries, and a harp of flowers. The baptismal font was filled with an elegant pyramid of flowers. On the communion table was a large upright cross of white flowers, interspersed with green. In the front of the gallery were the words "The Lord's name be praised," in evergreen.

A pleasing and touching incident occurred as the pastor entered the church. At the time the organist was playing a voluntary, and instantly changed to "Home, Sweet Home."

Next Sabbath afternoon Mr. DeNormandie announced that he will commence a series of lectures on the appearance and condition of the Holy Land, from personal observation.

The music for the day was very fine, especially at the vesper service, and the attendance large. The only thing that troubled me, as often is the case here—the church was too dark. X.

☞ An adjourned term of the U. S. Circuit Court was held in this city on Monday, Judge Clark presiding. John Tanton was naturalized. In case of Dental Vulcanite Company, of Boston, vs. Dr. Henry P. Gill, of Great Falls, and Alphonzo Severance, of Salmon Falls, for violation of patent; hearing continued till third Tuesday September; Cranstan Brown of Boston for plaintiffs, and S. H. Goodall of this city for defendant. Court adjourned till third Tuesday Sept.

☞ On Monday morning a boy named Tobey fell in a fit in front of the new Bell Tavern block. Mr. Akerman ran out, and crushing a raw onion in the boy's mouth, he was at once restored. *Similia similibus curantur.* We know some folks whom it would throw into fits to crush a raw onion in their mouths.

LYCEUM NOTICE.—At a meeting of the Citizens' Lyceum Association Committee, held Aug 31st, it was

Voted, That we have no course of lectures the coming season, owing to the exceeding difficulty and great expense of procuring satisfactory lecturers.

JOHN S. RAND, *Sec. C. L. Assoc'n.*
Portsmouth, Sept. 2, 1867.

We understand Mr. Norton, proprietor of the Temple, is to announce a course under his own management, and will endeavor to procure the best and most popular lecturers—in which effort to serve the public, we wish him the best success.

☞ Mrs. Jane G. Austen, who wrote the very picturesque and intelligent account of the Springfield gold chain factory in the Atlantic Monthly, commenced in Aug. 24th Boston Commercial Bulletin, an elaborate article in similar vein, descriptive of the Carpet manufacture. It will go much into detail, and convey a great amount and variety of interesting information about wool, and the processes by which it is led up into the perfected beautiful carpet. The Bulletin is always full of good things.

☞ The Strafford County Fair at Dover Oct. 1st, like all the rest, offers various premiums for different kinds of Calves; but nobody, so far as we know, will pay for a display of *false* calves, which we have so much talk about—though no doubt they would attract more attention than any other sort. It is useless, however, to ever hope for such another display of calves—"twin calves," as Ben. Perley Poore had it—as was made by the wind at the last State Fair at Dover. Our friend Ed. has never got over that.

MARRIAGES.

GLEASON HALL.
PRESENTATION FESTIVAL.
The Fourth and Last Grand Concert
Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND,
Will positively take place on
Thursday Evening, October 10, 1867,
AT GLEASON HALL, WEST TROY, N. Y.

The first, second and third Concerts of the series held, were each performed to thousands of July 25th, Aug 8th and 29th, and gave unlimited satisfaction, the large Hall being filled to overflowing each of the above nights, and received liberal and appreciative audience from all parts of the State. There was a committee of three reliable and well known gentlemen selected by the audience on the night of the first Concert to superintend the drawing, which will positively take place on the evening of the above Concert. The Committee are most desirous that all ticket holders should be present to witness the drawing, and thereby satisfy themselves of the fairness of the transaction. They also assure those who cannot make it convenient to be present, that their interests will be as well guarded as if they were present. The tickets, which have been limited to 75,000, at

ONE DOLLAR EACH,

can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. There will be a present awarded the holder of every ticket.—Among the presents to be awarded are the following:—

Metropolitan Hotel, West Troy,		**$30,000**
FARM, fifty acres, Rensselaer Co.,	-	4,000
Six Building Lots, Albany City,	-	4,000
One Mortgage, Albany City Property,		1,000
Two Billiard Tables,	-	1,200
One Mortgage, Farm 56 acres	-	1,075
One Piano,	-	500
Three Melodeons,	-	375
Two Heirloom sets,	-	200
One Lower & Baker Sewing Machine, plated,		80
One Wheeler & Wilson Sewing Machine,		70

And Thousands of Other Presents,
Consisting of
Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Pitchers, Sets Knives and Forks, Set Spoons, Dressing Cases, Port Monnaies, Scarfs, Tables, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.

The above property will be delivered to the person entitled to it free from all incumbrance and a title guaranteed.

The property may be seen at any time by calling on the owner, John H. Casey, Metropolitan Hotel, West Troy, N. Y.

We, the undersigned, having been appointed an Executive Committee by Mr Casey, do hereby certify that all moneys received for the sale of Tickets are to be passed to our hands, and that by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey as correct, and we will pay off and discharge, from the moneys so received, all mortgages upon the property. ANDREW ALEXANDER,
THOMAS RATH.

The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will conduct the presentation with honesty and fairness, and try to give satisfaction to the public

Hon. Oscar F Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Factory; C. N. F. Wilbeck, N. Y. C. R. R.; E. Wilbeck, Att'y and Coun, at Law; A. J. Rousseau; Dr. J. P. Wilbeck; Hon. Thos. Kearney, Exton, Texas; Albany Co.; Henry Fitchett, N. Y. C. R. R.; Thomas Rath; T. W. Jackson, Att'y and Coun. at Law; R. S. Lobdell, Supt. West Troy G. L. Co.; F. A. Rogers, Justice of the Peace; Russ & Co., 34 Dey st., N. Y.; John A. Gladding, Lansingburgh, N. Y.

SPECIAL TERMS or Club Rates.—Five Tickets, $4.50; ten Tickets, $8; Twenty Tickets, $15. A photograph of the Metropolitan Hotel may be seen at the stores of our Agents.

Tickets may be procured
AT BATCHELDER & CO.'S STORE,
5 Congress Street, Portsmouth.

N. B.—In order to give confidence to the public, and prove to them the honesty of purpose, we allow our agents to retain all moneys received for the sale of tickets, until the distribution takes place.

We, the undersigned, having been appointed a Committee by the ticket holders of the Gleason Hall Presentation Festival to decide in what manner the drawing shall be conducted, do decide and determine that all the numbers from 1 to 75,000 shall be placed in one wheel and the first drawn number shall take the highest prize, the second the next highest, and so on until all the prizes are drawn. Hoping this will meet the approval of the ticket holders, we remain, &c.,

CHAS. DORING, JOS. P. TAFT, M. NILES,
Committee
Dated August 20th, 1867. e2—1o10*

☞ THE
CENTRAL PACIFIC RAILROAD,
THE WESTERN HALF OF THE
GREAT NATIONAL TRUNK LINE
ACROSS THE CONTINENT,

being constructed with the AID and SUPERVISION OF UNITED STATES GOVERNMENT, is destined to be ONE OF THE MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD. As it is the sole link of communication between the Pacific Coast and the Great Interior Basin, and the

Principal Portion of the Main Steam Line between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges. Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 855 miles $28,592,000, or at the average rate of $33,000 per mile—not including the absolute grant of 6,400,000 acres of the public lands. By becoming a joint investor in the magnificent enterprise, and by waiving its first lien in favor of the First Mortgage Bonds, the GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Acts of Congress upon the whole length of the line, and has, in addition, **several special, exclusive advantages** applicable only to the Western Half. It

I. The Company has received from the State and chief cities of California, *assistance in money, credit and valuable property, worth over $3,000,000* in gold, in addition to the full benefit of the Government subsidy.

II. *The hardest and costliest part of its construction has been successfully accomplished.* Over the first 150 miles. In a few weeks the track will be completed entirely across the Sierra Nevadas, after which progress to Salt Lake will be easy and rapid.

III. The local business alone of this road establishes its complete financial success, independently of the vast through traffic which must pass over it. The gross earnings for the months of June and July on the 94 miles then open for business, were upward of $297,000 in gold; of which *four-fifths* were net earnings.

IV. It can have no competition, but will carry, beside its own lucrative local traffic, *the whole volume of through business* which is shared among its Eastern connections and their branches.

V. The road lies wholly in territory yielding the precious metals, *and its revenues are collected in coin.* Its rates for transportation are very advantageous, being more than three times those of roads lying east of the Rocky Mountains, *operating expenses to less than 25 per cent. of the gross earnings.*

VI. In consequence of the aid it receives from the General Government, from the State of California, and from municipal corporations, the annual interest obligations which the Company are called upon to assume are very light. The net earnings upon an average of about 75 miles in length, *will more than equal the amount of annual interest liabilities to be assumed in building it; and were $235,000 more than the annual interest on the entire issue of First Mortgage Bonds which the Company can issue upon the first 150 miles.*

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds.

Principal and interest payable in Gold in the City of New York, at the rate of $1000 each, with semi-annual gold coupons attached, and are selling for the present at 95 per cent, and accrued interest in currency, to which will be added, in currency, at which rate they yield nearly

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as is granted by the Government; and represent, in all cases, the *first lien* upon a completed, equipped and productive railroad, in which have been invested Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The agreement of the Company to pay principal and interest of these Bonds in gold, being made under the Specie Contract Law of California, authorizing and enforcing contracts to pay gold, *is legally binding*, while similar agreements made by companies in States where no such legislative sanction exists.

In these important particulars the Securities of the Central Pacific Company *offer an unusual degree of safety, stability and profit combined.*

The Central Pacific First Mortgage Bonds are destined to occupy a prominent place among FIRST CLASS SECURITIES in the money market, and will be eagerly sought for, and anxiously dealt in hereafter, at rates materially in advance of the price at which they are now offered.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions and others as an eminently *sound, reliable and remunerative form of permanent investments.*

Morning Chronicle.

☞ The editor of the Washington Star, who is thoroughly conversant with the feelings and sentiments of the people of Maryland, significantly says:

"An impression is prevailing everywhere in Maryland that the President is preparing to declare martial law throughout the United States, and prevent the assembling of Congress in November next, by force of arms. It has its origin in the alleged views of Hon. Jeremiah Black, who is credited here with having urged upon Mr. Johnson the propriety of resisting impeachment, if initiated by the House, by delaring it a revolutionary measure, and protecting himself against it by the use of the army to that end. We see no reason to doubt the truth of the advice of that very enthusiastic and extreme gentleman, Mr. Black.

A free and easy conversation with Gen. Sheridan on his Presidential prospects is reported to have elicited the folowing reply:

"I expect to live and die in the army. I have no aspirations for civil position. I believe I can discharge the executive duties of my present position, as I have succeeded in the command of both infantry and cavalry forces, finding new exigencies ever tapping new energies commensurate with new fields of labor within the army, but I love army life too well to seek its exchange for new and untried labors in civil life."

— Senator Wade was rather fierce against the Democrats in his speech at Portsmouth, Ohio, the other day. Said he:

"Now they talk of taxing United States bonds. When a man talks that way, look in his face and you will see a Penitentiary bird. I wouldn't trust such a man in my sheep pasture after dark."

— The richer a man makes his food, the poorer he makes his appetite.

— Don't go to church with a cough, and disturb the *rest* of the congregation.

— The Most Universal Tax—The tax on one's patience.

— Animated Confectionary—kissing and hugging.

— The Bony-part Family—Shad and herring.

— Prentice says that in his city stuffing improves the fair as well as the fowl.

— The Paradise of Calves—"The milky way."—*Ex.*

— "Now, put that back were you took it from," as the young lady said when her lover snatched a kiss.

— Fancy Goods—One-half of the rosy cheeks you meet with. Some, indeed carry their fancy d shade too deep.

— Music Hall, New Haven, is to be disposed of by lottery. The building is valued at $100,000.

— Not long since the lucid Andy declared Congress was hanging on the verge of the Government. How far from the verge is his Excellency?—*Tribune.*

— An English lady, who has been visiting this country, thinks that our students have a "general undesbaked look." Too true.

— On Friday, Sept. 13th, there will be a partial eclipse of the moon, which will be wholly visible in the eastern part of New England.

— There is to be a grand Convention of the Odd Fellows of Essex county, Mass., with delegations from other sections, at Haverhill, on the 12th of Sept.

—The President's organists informed us that the offense of Gen. Sickles was insubordination in requesting a suspension of the revocation of his order No. 10. We learn on excellent authority, that the order never was revoked, and of course no such offence was committed. What excuse will Andrew now invent for his outrage upon a gallant and faithful officer?—*Tribune.*

—At Fernandina, Florida, and the neighborhood, a curious question has come up. Among the freedmen who presented themselves for registration are a large number who were born in Africa. The Board of Registration asked for naturalization papers and then referred the question of admitting them to higher authority.

— Captain Lemuel Cox of East Hartford, Conn., is believed to be the oldest Freemason living in this country. He was ninety years old on the 26th of last July, and was made a Mason in Union Lodge, Dorchester, Mass., in the twenty-first year of his age. He has therefore been a member of the order sixty-nine years.

BOSTON MUSIC SCHOOL.

The Fall Term will commence on MONDAY, Oct. 7, at Odd Fellows' Block, 554 Washington street, Boston.

This institution was incorporated about ten years ago, and having been in successful operation ever since, is now fully prepared to furnish instruction to students, in the theory and practice of vocal and instrumental music. Pupils may enter at any stage of progress and pursue three branches of study, viz:

PIANOFORTE, HARMONY and SINGING, or, instead of Singing, they may study any orchestral instrument, receiving in each branch of study two lessons a week.

The pupils will be graded and classed according to their attainments. The classes comprise from one to three persons, who receive individual instruction, and recite their lessons in the presence of the class to which they belong.

No extra charges are made excepting for the studies of the GUITAR and HARP, for which the terms will be moderate. Price of tuition $36.

BOARD OF INSTRUCTION:
B. F. BAKER, WULF FRIES,
WILLIAM SCHULTZE, E. M. HEW,
GEORGE H. HOWARD, HIRAM WILDE.

NEW ADVERTISEMENTS.

DOWNER
KEROSENE OIL CO,
Office, No. 108 *Water Street, Boston.*

TO CONSUMERS OF OIL.

CAUTION.

It having come to our knowledge that many dealers throughout New England, are in the habit of buying small quantities of our Oil, and larger quantities of inferior oils, and using our brand and packages fraudulently in the sale of these inferior oils, we are determined to stop such frauds, and hereby offer a **Reward of 100 Dollars**, for information that will lead to the detection and punishment of any party using our name or brand in the sale of any other than our own Oil. The "**Downer Kerosene Oil**" has been frequently tested and analyzed by Dr. A. A. HAYES, State Assayer, and in a communication to us, dated July 5, 1867, he says: "The term 'Kerosene' as used by the **Downer Oil Company**, applies to the highest grade of Oil only, which, our trials show, does not inflame below 120 degrees Fahrenheit, and carries the assurance of both safety and excellence with it; while the mixed Oils are not only unsafe, but in burning accidents, destroy confidence in the safe and excellent article for affording light produced by the honest manufacturer."

Cheap Farm and Fruit Lands,

Caution

To Females in Delicate Health.
DR. DOW, Physician and Surgeon, No. 7 ENDICOTT St., Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Flour Albus, suppression and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days. Also, the only certain & this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience the cure of diseases of women than any other physician in Boston.
Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered.
Office hours from 8 A. M. to 9 P. M.

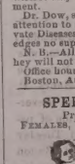
SPEER'S SAMBUCI WINE.

Prescribed by Physician for
FEMALES, WEAKLY PERSONS AND INVALIDS.



As a Tonic, it has no equal. It gives an appetite and building up the system of the most debilitated person.
As a Diuretic, it imparts a healthy action to the Glands, Kidneys and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

As a Blood Purifier, it is superior, being one of the best alteratives known in the medical pharmacopœia.

The qualities of SAMBUCI are "*unum in parvo*," being at once a Tonic, Diuretic, Alterative, Diaphoretic and Soporific.

N. B.—"*Vinum bonum bonum sanguinem facit.*"

SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and benefitting ladies and children.

Be sure the signature of *ALFRED SPEER*, Passaic, N. J., is over the cork of the bottle.

For sale by Town Agents and Druggists.

OR WORLDS SALVE
Has been an old family nurse for the past twenty years, and known all around the world as the most soothing and healing Ointment in existence.
McALISTER'S ALL-HEALING OINTMENT
Never Fails to Cure.
Salt Rheum, Scrofula, Ulcers, Small Pox, Sore Nipples, Mercurial Sores, Erysipelas, Blotches, Corns, Bunions, and all Rheumatic Pains, &c., &c. Heals permanently Old Sores and Fresh Wounds. For Frosted Limbs, Burns, or Scalds, it has no equal in the World. Give it a trial.
Price 25 cents. Sold by all Druggists.

As Good as the Best.
The PIANO FORTES of HALLET, DAVIS & CO. have never been excelled. The subscriber has sold and used them for many years, and they have proved equal in all respects to any other make, and superior to most. A splendid new 7 octave instrument, fresh from their mind, may be seen at his new Music and Painting Store, Mercantile Library Building, over Mr. H. R. HEARD'S store, which is for sale at the manufacturer's price, store, which is for sale at the manufacturer's price, and which our friends and the public are invited to call and examine. T. P. MOSES.

The Chronicle.

BEAUTIFUL INCIDENT.—The New York Journal of Commerce is responsible for the following: A young officer was connected with Sheridan's brigade. It was in one of those forced marches, when they had driven back the enemy, and had been in the saddle for several consecutive days and nights, that the trooper availed himself of a temporary halt to slip from the saddle and stretch himself upon the turf—his horse meanwhile browsing in the immediate vicinity. He had slept for some little time, when he was suddenly awakened by the frantic pawing of his horse at his side. Fatigued by his long ride, he did not rouse at once, but lay in that partially conscious state which so frequently attends great physical prostration. Soon, however, the faithful animal, perceiving that his efforts had failed to accomplish his object, licked his face, and placing his mouth close to his ear, uttered a loud snort. Now thoroughly awake, he sprang up, and as the horse turned for him to mount, he saw for the first time that his comrades had disappeared, and that the enemy were coming down upon him at full gallop. Once mounted, the faithful beast bore him with the speed of the wind safely from the danger, and soon placed him among his companions.—"Thus," he added with emotion, "the noble beast saved me from captivity and perhaps from death."

A very "beautiful incident" indeed—but we don't believe a word of it. The fact is, we never saw much nobility or chivalry in the horse; useful and valuable he certainly is, and in many things sagacious, but neither brave nor noble—and we will wager $10 the above incident cannot be authenticated.

☞ We are informed that before a copy of Bradbury's new S. S. music book, "Fresh Laurels," was issued, there were orders on his books for upward of thirty-three thousand. It is said that one house alone ordered five thousand. This must be peculiarly gratifying to the author, as indicative of the confidence the Sunday-school public have in his productions, especially in this instance, as the book has been composed during a year of serious personal affliction.

— Mrs. Ellen Mooney, a native of Ireland, recently died in New Bedford at the age of 101 years.

UNION BILLIARD HALL,
Pleasant Street, next door to Post Office my17

BUY THE CHEAPEST AND THE BEST.
DR. WARREN'S
BILLIOUS BITTERS,
The Great Blood Purifier and Regulator.
Recommended in confidence by thousands for the past five years.

From M. S. BURR & Co., the oldest Wholesale and Retail Dealers in Proprietary Medicines, Perfumery, &c., in New England:
"We have sold large quantities of Dr. WARREN'S BILLIOUS BITTERS during the past five years, both at wholesale and retail, and have yet to learn of a single instance wherein they have failed to give perfect satisfaction. From personal knowledge, as well as from the reports of our numerous customers, we confidently recommend DR. WARREN'S BILLIOUS BITTERS to the public as a safe, reliable and very valuable Family Medicine. M. S. BURR & CO."

☞ Local AGENTS WANTED throughout the United States.

The Riverside Institute.
Situate at Riverside, Burlington County, New Jersey, is founded for the purpose of gratuitously educating the sons of deceased Soldiers and Seamen of the United States.
The Board of Trustees of the Institute consists of the following well-known citizens of Pennsylvania and New Jersey:
Hon. WILLIAM B. MANN, District Attorney, Philadelphia.
Hon. LEWIS R. BLOOMALL, Ex-Chief Coiner, U. S. Mint, and Recorder of Deeds, Phila.
Hon. JAMES M. SCOVEL, New Jersey.
Hon. W. W. WARE, New Jersey.
HENRY GORMAN, Esq., Agent Adams' Express, Philadelphia.
J. E. COE, Esq., Joy, Coe & Co., Philadelphia.

TREASURY DEPARTMENT, Washington, D. C., April 18, 1867.—Office of Internal Revenue:—Having received satisfactory evidence that the proceeds of the enterprize conducted by the Washington Library Company will be devoted to charitable uses, permission is hereby granted to said Company to conduct such enterprize exempt from all charge, whether from special tax or other duty.
E. A. ROLLINS, Commissioner.

The Association have appointed as Receivers, Messrs. GEO. A. COOKE & CO. 33 South Third Street, Philadelphia, whose well-known integrity and business experience will be a sufficient guarantee that the money intrusted to them will be promptly applied to the purpose stated.
PHILADELPHIA, PA., May 20, 1867.
To the Officers and Members of the Washington Library Co., N. S. READ, Secretary.
Gentlemen:—On receipt of your favor of the 15th inst. notifying us of our appointment as Receivers for your Company, we took the liberty to submit a copy of your charter, with a plan of your enterprize, to eminent legal authority, and having received his opinion in regard to its legality, and sympathizing with the benevolent object of your Association, viz.,—the education and maintenance of the orphan children of our soldiers and sailors at the Riverside Institute, we have concluded to accept the trust, and to use our best efforts to promote so worthy an object.
Respectfully, yours, &c.,
GEO. A. COOKE & CO.

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

au22 LAFAYETTE LAIGHTON.

BREAD
MIXING and KNEADING MACHINES.
One of the Most DESIRABLE and VALUABLE
Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.

The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the advantages of the Bread Mixers and Kneaders.
The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.
The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.
It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.
The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au6 E. A. STEVENS.

The Daily Chronicle.

Portsmouth, N. H.

WEDNESDAY, SEPTEMBER 4, 1867.

THE STATE FAIR AT NASHUA.—The 19th Annual Fair of the N. H. Ag. Soc'y. will be held this year, as last, in Nashua, the 10th, 11th and 12th Sept. More extensive preparations are being made for the exhibition than usual, in anticipation of one of the largest gatherings ever held in the State. The grounds embrace thirty-five acres, thoroughly inclosed, and entirely free from dust. An unfailing supply of fresh water is furnished. The City Hall will be open for an exhibition of flowers, pictures, musical instruments, fancy work, and any articles that exhibitors may not wish to place in the tent on the Fair Ground. During each evening of the Fair a public entertainment will be given in the Hall, under direction of Mr. E. T. Baldwin, the well known musical caterer.

The beautiful park and artificial pond, located on the north-west portion of the grounds, will be used for the display of the domesticated stock of the poet-farmer of Manchester, Wm. Stark, who has again consented to exhibit the most select portion of his collection, which is now unequalled either in this country or in Europe.—Among the additions which Mr. Stark has made to his collection since the exhibition of 1866, is a Brahma bull, which will be exhibited with the sacred Brahma cow, an object of singular heathen worship. His herd of elk is being trained to harness, four of which will be driven round the course.

The famous "Yale Tent," the largest in New England, has been secured for the display of the products of the Farm and Shop, domestic manufactures, fruit, vegetables, &c. It will be erected on the elevated ground within the inclosure, covering an area of nearly half an acre, and presenting an imposing spectacle, besides furnishing ample room for the most extensive agricultural and mechanical display ever made in the State.

Trotting purses to the amount of $550 have been offered by citizens of Nashua, and some of the best sport of the season is expected to take place. The track is pronounced by competent judges to be unexcelled in the State, and for the present occasion it has been placed in superb condition. Ample stables and pens for horses, cattle and sheep are provided.

The officers of the State Society confidently expect the present Fair will excel any previous exhibition, both in the extent and variety of the display, and the attendance of visitors. They are already assured of a full representation of the resources and skill of New Hampshire, and they cordially invite the Farmers and Mechanics of the State to vie with each other for the honors of the Society.

Gov. Harriman will deliver the opening address on the first day of the Fair. On the second day the Annual Address will be delivered, and several distinguished gentlemen are expected to be present and make brief addresses.

All the railroads in this State, and the Worcester and Lowell roads, will carry visitors to the exhibition for fare one one way, and all stock and articles intended for exhibition will be transported free.

Communication for information or in reference to business connected with the Fair may be addressed to the Secretary at Portsmouth, Aaron Young, Esq.; or to Col. H. T. Morrill, Supt. of Grounds, at Nashua.

☞ The N. Y. Herald's Washington special states that the following plan was perfected by Senator Cameron this week: Cameron is to resign, Gov. Geary is to appoint Stanton as Cameron's successor, Wade is to resign the Presidency of the Senate and Stanton is to succeed him, the President impeached and deposed, and Stanton made President. Wade is then to be re-elected President of the Senate and Cameron re-appointed.

[The reader will credit as much of this as he deems credible. The Herald's correspondent is not the best authority.]

☞ The Japanese troupe of acrobats in New York are again in trouble. Attempting to "go back" on their engagement with certain parties, they have been enjoined from leaving the country, which they contemplated doing. That portion of the troupe which was performing down east here, has broken their engagements in several places, leaving various bills unpaid where they didn't come, as well as where they did.

☞ It appears from recent official statements that England is willing to submit the claims of American citizens for damages caused by the Alabama and all other similar damages on the part of the United States to a Commission, the arbitration of claims of British subjects against the United States for losses suffered during the late war being likewise submitted to the same Commission.

GOLD, Tuesday, 141 3-8.

WASHINGTON ITEMS continue to be interesting to people in all parts of the country;—and it is pretty certain that President Johnson's recent movements have very much improved his chances of being "kicked out." An item from Washington of Sept. 2, says, "Wm. Flynn, formerly Navy Agent here under Buchanan, and a delegate to the Philadelphia Convention, was appointed by the President a few days since to the superintendency of a military depot. Gen. Grant to-day revoked the order, on the ground that the law provided for the detailing of a military officer for such duty."—Gilbert, the officer removed, was a Union man,—and Flynn, whom Johson appointed, a noted copperhead. The removal, appointment and Gen. Grant's countermand, have made a lively talk in Washington and elsewhere.

Binckley, who is the acting Attorney Gen. in Stanbery's absence, is overdoing his business and disgusting Stanbery's friends; in short, he seems to be a kindred spirit with Mr. Johnson, and is perhaps as crazy as his master. With Binckley for a prompter, and with Gen. Grant for an occasional opponent, Mr. Johnson is rapidly removing every object that has stood in the way of his speedy impeachment and removal.

It is well known that one great obstacle was, the feeling among merchants and business men, that they did not wish to have trade disturbed, or business kept back, by any such disturbance as impeachment.—But they feel now that no settled state of business can be enjoyed while an insane, besotted man is doing all he can to disturb every legal or reasonable arrangement in civil or military affairs, and running counter to the advice of all sound men,—and they can have no confidence in the traitors and scoundrels with which he is surrounding himself. They think his removal is a smaller evil than his management.

☞ The Claremont Eagle is informed that *if* advertising bitters is illegal, even when they are located on foreign soil where the schemes are legalized—which is by no means so clear—then we do not justify or approve the same, though we may insert their notices until that point is decided.—Nor do we allow that making a deed unlawful causes it to be sinful, or even improper in itself—though we go in for the rigid enforcement of *all* laws. Nor is all gambling necessarily swindling, by a long shot—else what becomes of speculation, insurance, &c.? "The faro banker or keno banker" need not be a greater cheat than some *other* bankers we read of—in fact, he can't well be; and the gambler in stocks at the broker's board, who makes his own market, is the meanest kind of a gambler,—no, he is not a gambler at all, but a thief, like the fellow who uses false cards or loaded dice.

But even [illegible] Eagle screams for,—the point we make is, that an editor may advertise an article he personally condemns—in fact he must do so, or else cease to be a medium of public communication. Further, every man must be responsible for himself, morally as well as legally; and if the Claremont publisher deems it wrong to advertise any kind of a lottery, let him never do it again, even in the shape of an insurance card.

NEW HAMPSHIRE ITEMS.

—— Rev. T. H. Miller is to preach at Nottingham next Sunday.

—— The Secretary of the Treasury declares the charges against Commissioner Rollins groundless.

—— The Annual Horse Fair at Manchester began on Tuesday,—and if good weather prevails, will be successful.

—— On Monday night, about 10 o'clock, the boys that escaped from the State Prison on Sunday night, were recaptured at Hooksett by Mr. Marshall, the depot master, and another man, who were employed by the prison authorities in watching the bridge at that place. They fired at them several times, one shot severely wounding Gallagher in the hip. They were safely lodged in their old quarters. Much credit is due the Warden for his energetic action in this matter.

A VALUABLE HORSE.—David Taggart, Esq., of Goffstown, has been offered $20,000 for his stallion "Abdallah," and has refused the offer. We are authoritatively informed that he has entered "Abdallah" and twenty-five other of his fancy stock of horses at the State Agricultural Fair at Nashua for competition. This will be the only opportunity this season to see these splendid animals.

☞ An Irishman about fifty years old, was run over by a railroad train on Saturday, between Salem and Lawrence, and died in an hour. He probably jumped off, on finding he had got on a wrong train.

☞ At New Orleans, on Sunday, Sept. 1, there were thirty yellow fever interments. Among them Tom King, the pugilist, and Lieut. McCormick of the iron-clad Mahaska.

☞ A new born babe was thrown from a car window near Andover, Mass., on Monday.

RYE BEACH.—The Boston Transcript replies to our article on Rye Beach, and in the course of his remarks, the editor says,—just what he was desired, and refused, to say before,—that

"Everybody familiar with this matter knows that Job Jenness & Sons are not copperheads, and did not write the letters refusing greenbacks."

Yes, but the trouble was, that everybody was *not*—could not be—familiar with the matter; and that several intimations were given Messrs. Jenness that *they were* understood to be the parties referred to by the Transcript's first article,—which led the Ocean House proprietors to ask the editor to state precisely what he does state now: "Only this and nothing more"—and he declined. Now he says:

"Messrs. Jenness are themselves responsible for the error into which various newspapers have fallen. The item which appeared in the Transcript of the 15th ult., concerning the matter, had no reference to either the Ocean House or its proprietors. They assumed that it did, and on the same evening wrote their silly letter to the Transcript. By thus virtually pleading guilty to a charge against their neighbor and rival, they now are naturally reaping the fruits of their own folly. What possible motive they could have had in assuming that they were meant by reference to a 'copperhead landlord at Rye,' we cannot imagine."

As we understand the matter, Messrs. Jenness did not "assume" any such thing, nor put on the coat of anybody else, for it did not at all fit them. But they did regard the original action of the Transcript as very unfair, in laying, as far as its influence went, the whole of Rye Beach under the ban of copperheadism—and the editor himself, in his "autocrat" item, said virtually, that he did not mind "injuring the whole place"—affecting innocent as well as guilty. So, considering themselves aggrieved by this random shooting in the first instance, Messrs. Jenness, when they saw other items in the Transcript, which might and [illegible] would be (and as the result proved, actually were) taken to signify them—ordered the paper off their premises, as some other folks might have done under similar circumstances. The Transcript continues:

"They have gained a most unjust and unenviable notoriety by their quarrel with a newspaper. We are sorry that Job Jenness & Son did not sleep upon their impotent and uncalled for indignation, and allow the morning sun to dispel their blunder. They have only themselves to thank for whatever annoyance they have to endure, and the consequences of their unwise hastiness should teach them not to bluster hereafter before they are hit."

We believe the Messrs. Jenness "gained" exactly their desired and intended point, by their note to the Transcript—which was to lead that paper to clear them from any implied portion of the censure of copperheads, in the same columns in which this originated. And if there was any excess of indignation, any unwise hastiness, or "blunder" (except in punctuation) on their part, we fail to see it.—We do think they had good cause of complaint, and have not hesitated to say so; and we are sure that if the Transcript had exchanged places with the Ocean House, the editor would feel as these worthy and loyal landlords did.

And the fact that "as a proof of his readiness and desire to do Job Jenness & Son justice, he took special pains to correct the misapprehension in regard to them, in the first paper which he saw that had inadvertently fallen into it," proves at least that even a learned editor might misconstrue said allusion. While that very correction was in terms to a stranger ambiguous, thus:

"The Providence Journal made a slight mistake in assuming Job Jenness & Son to be the original disloyal exactors of the specie.—They only foolishly espoused the cause of their copperhead neighbor."

Might it not be fairly understood from this, that Messrs. Jenness *also* "exacted specie?"—At any rate, *must* it not be understood that they defended somebody else for doing it.—Finally, we having written very much more than we ever intended on this topic,—will close by saying, that if the Transcript is satisfied with the course of things, and has no word to take back; so also we are sure, are Job Jenness & Son,—and therefore no well may be, though our original idea, as expressed in person to the editor of that paper, has never changed. Undoubtedly "Farragut's guns cleared away a good deal of fog;" but the glorious old Admiral, when he fired, took more pains to see whether he was likely to hit friend or foe, than some other marksmen seem to.

FAIRS AND SHOWS—1867.

Portsmouth Horticultural Society, ——
Rockingham Co. Ag. Soc'y, Exeter, Oct. 8, 9.
Strafford Co. Ag. Soc'y, Dover, Oct. 1, 2, 3.
N. H. Horse Show, Manchester, Sep. 3, 4, 5.
N. H. Ag. Society, Nashua, Sept. 10, 11, 12.
N. E. Ag Soc'y, Providence, Sept. 3, 4, 5, 6.

A TALL MAN.

Saul, the first Hebrew king, stood "head and shoulders" above all others, and was a splendid specimen of a king and a man. So Dyle's Saleratus, for strength, purity and usefulness, stands far above all the spurious adulterations sought to be imposed on the community by unscrupulous men. 18

A GENTLE WHISPER TO MOTHERS.—If unfortunately you have lost your own teeth by neglect or mismanagement, take care that your daughters do not suffer the same penalty from the same cause. See to it that they brush their teeth regularly and thoroughly with SOZODONT, and thereby you will insure them sound and serviceable sets as long as they live. 15

☞ SPEER'S Sambuci Wine ranks above all other Wines for medical purposes; it is a diuretic alterative and tonic. For weekly persons and the consumptive it has no equal. Sold by Druggists

—"Be thou chaste as ice and pure as snow, thou shalt not escape using unhealthy compounds in your food;" was a true maxim, until Herrick Allen's Gold Medal Saleratus came to our relief. Since using it, we feel that there is one article in the way of Saleratus that all can use with healthy results. We have almost cured our dyspepsia, and thanks to the Gold Medal Saleratus for it. Try it, and you will say with us, that perfection has been obtained, and the inventor has immortalized his name forever. Most of the merchants have it.

MARRIAGES.

In Epping, Aug. 24, JAS. H. ROWE, of Brentwood, to Miss EMMA P. LITTLE;—JAY P. LITTLE to Miss ROSA WENTWORTH, of Rumney.
In Raymond, Aug. 25, HARRISON D. WITHAM, of Nottingham, to Miss EMELINE S. EATON, of Epping.

DEATHS.

In this city, Sept. 2, Mr. ROBERT H. BROWN, aged 23 years 7 months.

☞ Funeral services from 37 Deer street, at 3 o'clock this afternoon. Friends and relatives are invited to attend.

In this city, Sept. 2, FREDDIE MORTON, aged 15 years and 4 months, son of Elkanah and Eliza Morton.

In Rye, August 30, Miss BETTY ROBINSON, of this city, aged about 65 years.

In Ware, Mass., Sept. 2, EDITH CUSHING NOWELL, infant daughter of Rev. Wm. G. and Mrs. H. T. Nowell.

In South Newmarket, Aug. 24, Mrs. MARY A. REYNOLDS, 59.

AN AUTUMN SUGGESTION.

Now, as heavy fogs arise and searching winds commence to blow; now, as the human body, exhausted like inanimate nature by the heats of summer, begins to wilt and droop; now, ere the inclement winter makes its trying onset: NOW is the time for a preparatory course of the best acclimating medicine in existence,

HOSTETTER'S STOMACH BITTERS.

Fever and Ague is rampant in all parts of the country. Quinine, the physicians admit, will not quell the plague of the disease which at present pervades the entire West. It is well that it is so, for the remedy too-called is d'adlier than the malady. But if quinine is ineffectual in intermittent fevers,

HOSTETTER'S BITTERS

is irresistible. It would be safe to make a contract, under heavy penalties, that all cases of "Fever-and-Ague District" should be exempted from the disorder for any particular time, provided every individual would take the BITTERS according to the directions, during the term of the contract. There has never been an instance in which this sterling remedy and anti-febrile medicine has failed to ward off the complaint, when taken duly as a protection against malaria. Hundreds of physicians have abandoned all the officinal specifics and now prescribe this harmless vegetable tonic, and nothing else, as a preventive and cure for all the various chills and fevers. Vigor is the thing most needful in these cases, as well as in dyspepsia and nervous affections, and

HOSTETTER'S BITTERS

are the safest, surest, and most wholesome strengthening preparation that human skill has yet concocted. s2—d1m

Lost.

On Friday last, at the Fair at Mr. March's, in Greenland, a PURSE containing about $17 in bills and some small change. The finder shall be suitably rewarded on leaving it at the Chronicle Office. s3—3t*

Lost.

On Monday, between Market Square and Water street, a roll of BILLS, about Twenty Dollars, in small bills, one of which was a $3 bill on a Manchester State Bank. The finder, on restoring it at the Chronicle Office, shall be suitably rewarded. s3

a pure compound that defies rivalry, and is manufactured by J. CRISTADORO, 63 Maiden Lane, New York. Sold by all Druggists. Applied by all Hair Dressers. au30daw—1m

JOHN AND ROBERT DUNSTER

Export their fine old London Dock Gin, and it is bottled in America by C. A. RICHARDS & CO., who are their sole agents. It is the very best article of Gin to be obtained, and is sold by all grocers and druggists. 5

MOTH AND FRECKLES.—The only reliable remedy for those brown discolorations on the face called Moth Patches and Freckles, is Perry's MOTH AND FRECKLE LOTION. Prepared only by Dr. B. C. PERRY, Dermatologist, 49 Bond st., New York. Sold by all druggists in Portsmouth and elsewhere. Price $2 per bottle. mh23—sudawóm

Holloway's Pills.—Dysentery.— Unlike other specifics in common use which act as a mere temporary styptics, Holloway's Pills seize on the seat of the disease and exterminate it by primary cause—by invigorating the digestive organs stimulating the liver, purging the channels and purifying the blood, they promote a speedy restoration of health and vigor. In biliousness, sick headache, acidity of the stomach and depression of spirits, they are equally efficacious. Sold by all Druggists. au31dawlw

CHURCH CHOIRS ARE SATISFIED

That the best book for their use is "THE JUBILATE," by L. O. Emerson. Letters from all directions confirm the opinion that no collection of Church Music ever published, has been given such general satisfaction. Choirs the most fastidious in their tastes, and having the reputation of being "very hard to please," have acknowledged it to be just the book they want. Price $1.38 per copy, $12 a dozen. OLIVER DITSON & CO., Publishers, 277 Washington street, Boston.

DIRECTIONS FOR

MAKING YOUR OWN SOAP

WITH YOUR WASTE GREASE!

Penn'a Salt M'f'g Co.'s Renowned

SAPONIFIER:

(Patents of 1st and 8th Feb., 1859,) on CONCENTRATED LYE!

Two Cents only for every pound of Soap.

DIRECTIONS.—Dissolve one box of Lye in 2½ pounds (pints) of hot water, in an iron pot. Melt in another pot or pan 5 lbs. of clean fat or grease. Take off the fire, and into *this* stir slowly the dissolved lye, and keep stirring until the whole becomes well mixed and like molasses. Now cover up, and set in a warm place over night. Next day cut up into pieces, and add 6 lbs. (or pints) of water, and melt with a gentle heat until the soap is *all dissolved*, then pour into a tub to cool. When cold cut into bars, which will be fit to use in about ten days.

Beware of Counterfeits.—*Be particular in asking for PENN'A SALT M'FG CO'S SAPONIFIER.* dl—cowdawly

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 23d Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business at the Manhattan Gas Works, as well as ever. His name is Samuel F. Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only good for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Cuts, Inseet Stings, Pains in the Limbs, Chest and Back; also indispensably for Colic, Cramps, Diarrhœa, Dysentery and Croup. It is perfectly innocent to take internally, and is the best family medicine in the world. Thousands are received all over Europe for it. The most celebrated Physicians recommend it—it never fails. Only 25 cts. per bottle; every drop genuine. Sold by all Druggists at 50 cents and $1 per Bottle. Depot 56 Cortland street, N. Y. au8dwim

DR. SCHENCK'S NEW OFFICE.

☞ DR. J. H. SCHENCK, of Philadelphia, has opened an office on second floor of No. 35 HANOVER STREET, Boston, where he will be professionally every WEDNESDAY, from 9 to 3. Every person complaining with Consumption or any disease leading to it, is invited to call on him. He will advise free, but for a thorough examination with his Respirometer the charge is five dollars.

Dr. Schenck can explain to patients very correctly the stage of their disease, and how to use his medicines, namely, his Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills, without the use of the Respirometer; but by it he can tell exactly how far the lungs are gone, and what part; also whether it is Tuberculous, Pulmonary, Bronchial or Dyspeptic Consumption, or whether it is merely an ulcerated throat and catarrh, or from Liver Complaint.

His medicines have full directions, so any one can take them without seeing him, but if they live near by and are well enough, it is best to see him. All three of his medicines are required in nearly every case of lung disease, for it is impossible to cure Consumption unless the stomach and liver is kept in perfect order. To get lungs in a healthy condition the stomach must be cleansed, and to digest the good red blood needed, so as to make good blood, before the lungs will begin to heal; then the chills and night sweats will stop, and the expectoration become free and easy.

He keeps a full supply of medicines at his rooms, which can be had at all times.

Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, my7—law dawly

JOHN B. OGDEN, 42 Cedar Street, New York.

Local.

☞ Mr. Wm. B. Bradbury has personally delivered at our counting room, a copy of his new and nice little music book just published—of which an advertisement may be found on our 4th page. Mr. Bradbury has done much to popularize and disseminate good social music in this country, and we hope this last effort may add "fresh laurels" to his careworn and painstricken brow. The songs for the people are the most effective and important branch of music, after all; and none more so than those for children.

☞ A large party of gentlemen, citizens and strangers, went down river, to Smith's Isles, on Tuesday, in steamer Enterprise. Among the company were Gov. Harriman, Senator Cragin, Hon. Jacob H. Ela, State Treasurer Sanborn, and other public officers. On their return, at rather a late hour, the party was serenaded at the Rockingham House by the Portsmouth Cornet Band. Being introduced by Major Hackett, short speeches were made by Governor Harriman, and Messrs. Cragin and Ela.

☞ The manager of the Portsmouth Old Folks Choir is making arrangements for social enjoyment of "the dear old songs our fathers sang," on Sunday evenings, this fall and winter.

☞ The Catholics of Great Falls held a Picnic at Newmarket Tuesday. A large delegation from this city took along the Portsmouth Cornet Band.

☞ Orders were received here on Monday for U. S. steamer Peoria, (a third rate paddle-wheel steamer,) to go out of commission.

☞ Mr. Joy announces an Intelligence Office in connection with his music and variety store.

☞ Mr. Daniel H. Nutter, formerly well known to the printing fraternity in all parts of the country as business agent of circuses and menageries, died at his residence in Charlestown, Mass., Thursday night, of apoplectic fever, at the age of forty-six years. Mr. Nutter has been for the past two or three years an invalid from partial paralysis, but his death was finally quite sudden. His remains were brought to Portsmouth for interment.

☞ Somebody has sent anonymously to Uncle Toby a copy of the since torn down Democratic Standard of 1860, containing a "first-rate" notice of the now Stars and Bars man, from Edmund Burke's trenchant pen no doubt; which a correspondent of the Standard says "is a true and faithful likeness of the poor vagabond Foster,—who who will no doubt bankrupt the whole establishment," (Dover Gazette, on which he was then employed,) "and drag Dr. Smith and others connected with him, down to a level with himself." [The good Dr. is said to have lost most of his property in this way, at any rate.] The writer "concludes by saying he "is a low, dirty blackguard."

Now, as our readers well know, such harsh personal articles are rarely if ever admitted into our columns; but in the absence of Uncle Toby, and without his knowledge, the publisher of the Chronicle inserts Burke's stinging denunciation, because he regards it as in the main true,—and feels fully justified in so doing, by the well known fact that the fellow, since his coming here in the capacity of a Hessian political adventurer, has foully abused Uncle Toby of ours, and others, whom to compare with him would be to disgrace them—and that too with printer's ink borrowed of us, and never repaid, except in his way, by insults. Burke, or whoever it was, said in 1860, what may be as true now as then, that:

"Of all the stupid asses connected with the Douglas press in this State, Foster, of the Dover Gazette seems to be the chiefest and most consummate. He started out on his political career an abolition-whig; then became a Know Nothing; and finally has become metamorphosed into an abolition Douglas Democrat. Without much education, and no particular capacity, he displays all the insolence, arrogance and ignorance which might be expected from such a man under such circumstances.

"How soon would the Democratic party again succeed to power in this State, under the lead of such fellows? Never. He has no idea of concession nor conciliation. He beduabs every Democrat differing from him in opinion, with aspersions. He knows nothing of politics except its mere blackguardism; and he is not possessed of sufficient ability to be adept in that. That he is destined to run down and bankrupt the paper which he controls, is as sure as any event in the future. Such fellows are a burden and a curse on any faction, however degraded,—even the Douglas faction.—We should not have honored the fellow with this 'first-rate' notice, were he not constantly attacking, personally, the proprietor and conductors of the Standard."

☞ It is reported that Gen. Hancock has 20 days' delay on account of the fever, which is raging beyond precedent in New Orleans, and is an epidemic in Galveston, Indianola and other Gulf ports. There were 800 cases in one day, in Galveston last week, one-fifth of which were fatal.—The report is confirmed that all Northerners who settled there are either dead, sick, or fleeing north.

☞ The Washington Chronicle says that Senator Cameron, of Penn., had an interview with Gen. Grant on Saturday, during which political subjects were discussed at length, and the latter expressed decidedly radical sentiments.

☞ A fine new dwelling house and extensive outbuildings, in the eastern part of Wells, Me., upon the "Independence Wells Farm," were entirely consumed by fire at midnight of Thursday. The buildings with a portion of the farm have been for some months exposed for sale by lottery. The premises were unoccupied, and appeared to have been fired in two or three places.

— It is said that Gen. Sickles will, on retiring from the command of the Second Military District, leave the army and commence the practice of law in New York city.

GLEASON HALL

PRESENTATION FESTIVAL.

The Fourth and Last Grand Concert

Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND, Will positively take place on

Thursday Evening, October 10, 1867,

AT GLEASON HALL, WEST TROY, N. Y.

The first, second and third Concerts of the series took place (as per former advertisements,) on July 25th, Aug. 8th and 29th, and gave unlimited satisfaction, the large Hall being filled to overflowing on each of the above evenings with a refined and appreciative audience from all parts of the State. There was a general selection of reliable and well-known gentlemen selected by the audience on the night of the first Concert to superintend the drawing, which will positively take place on the evening of the above concert. The Committee are most desirous that all ticket holders should be present to witness the drawing, and thereby relieve themselves of any doubt as to the fairness of the transaction. They also assure those who cannot make it convenient to be present, that their interests will be guarded the same as if they were present. The Tickets, which have been limited to 75,000, at

ONE DOLLAR EACH,

can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. Each will be present awarded the holder of every ticket.—Among the presents to be awarded are the following:—

Metropolitan Hotel, West Troy, $30,000
FARM, fifty acres, Rensselaer Co., - 4,000
Six Building Lots, Albany City, - 4,000
One Mortgage, Albany City Property, 1,000
Two Billiard Tables, - - - 1,200
One Mortgage, Farm 56 acres - 1,075
One Piano, - - - - 500
Three Melodeons, - - - - 375
Two Bedroom sets, - - - - 200
One Wheeler & Baker Sewing Machine, plated, 85
One Wheeler & Wilson Sewing Machine, 70

And Thousands of Other Presents,

Consisting of

Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Silverware, Silver Pitchers, Sets Knives and Forks, Sets Spoons, Dressing Cases, Port Monnaies, Secarfs, Tables, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.

The above property will be delivered to the person entitled to it free from all incumbrance and a title guaranteed.

The property may be seen at any time by calling on the owner, John H. Casey, Metropolitan Hotel, West Troy, N. Y.

We, the undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be placed in our hands, and that by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey, or Doring, and we will pay off and discharge, from the moneys so received, all mortgages upon the property. ANDREW ALEXANDER,
THOMAS RATH.

The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will conduct the presentation with honesty and fairness, and try to give satisfaction to the public.

Hon. Oscar F. Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Ferry Co.; N. F. Wheeler, N. Y. C. R. R.; R. Whitbeck, Att'y and Coun. at Law; A. J. Rousseau; Dr. J. F. Wibeck; Hon. Thos. Kearney, Ex-Co. Treas., Albany Co.; Henry Pitcheit, N. Y. C. R. R.; Thomas Rath; T. W. Jackson, Att'y and Coun. at Law; R. S. Lobdell, Supt. West Troy G. L. Co.; P. A. Rogers, Justice of the Peace; Russ & Co., 34 Dey st., N. Y.; John A. Gladding, Lansingburgh, N. Y.

Special Texas or Club Rates.—Five Tickets, $4 50; Ten Tickets, $9; Twenty Tickets, $18. A photograph of the Metropolitan Hotel may be seen at the stores of our Agents.

Tickets may be procured

AT BATCHELDER & CO.'S STORE,

3 Congress Street, Portsmouth.

N. B.—In order to give confidence to the public, and secure them in their investment, we allow our agents to retain all moneys received for the sale of tickets, until the distribution takes place.

We, the undersigned, having been appointed a Committee by the ticket holders of the Gleason Hall Presentation Festival to decide in what manner the drawing shall be conducted, do decide and determine that all the numbers from 1 to 75,000 shall be placed in one wheel and the first drawn number shall take the highest prize, the second the next highest, and so on until all the prizes are drawn. Hoping this will meet the approval of the ticket holders, we remain, &c.,

CHAS. DORING, JOS. P. FAY, M. NILES, Committee.

Dated August 26th, 1867. e2–to10*

THE

CENTRAL PACIFIC RAILROAD,

THE WESTERN HALF OF THE

GREAT NATIONAL TRUNK LINE

ACROSS THE CONTINENT,

being constructed with the AID and SUPERVISION OF THE UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the sole link of communication between the Pacific Coast and the Great Interior Basin, and the

Principal Portion of the Main Steam Line between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 865 miles $28,592,000, or at the average rate of $33,000 per mile—not including an absolute grant of **10,000,000 acres** of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by securing its first lien in favor of the *First Mortgage Bonds*holders, the GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Acts of Congress upon the other parts of the thro' line, and has, in addition, **several special, valuable and exclusive advantages** applicable only to the Western Half.

I. The Company has received from the State and chief cities of California, *assistance in money, credit and valuable property to the amount* $2,000,000 in gold, in addition to the full benefit of the Government subsidy.

II. *The most costly part of its construction has been successfully overcome* within the first 160 miles. In a few weeks the track will be completed across the Sierra Nevada Mountains, after which progress to Salt Lake will be easy and rapid.

III. The local business alone of this road establishes its complete financial success, independently of the vast through traffic which must pass over it. The gross earnings for the months of June and August on the 91 miles then open for business, were upward of $207,000 in gold; of which *four-fifths* were net earnings.

IV. It can have no competition, but will carry, besides its own lucrative local traffic, the *whole volume of through business* which is shared among its Eastern connections and their branches.

V. The road lies wholly in territory yielding the precious metals, *and its revenues are collected in coin.* Its rates for transportation are very advantageous, as being more than three-fifths of roads lying east of it; and the *ratio of operating expenses is less than 25 per cent. of the gross earnings.*

VI. In consequence of the aid it receives from the General Government, from the State of California, and from private contributions, the annual interest obligations which the Company are called upon to assume are very light. The net earnings upon an average of about 75 miles in 1866 were nearly *three times the amount of annual interest liabilities to be assumed in building it, and were* $255,000 *more than the annual interest on the entire issue of First Mortgage Bonds which the Company can issue upon the first* 150 *miles.*

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds,

Principal and Interest payable in Gold Coin, in New York city. In sums of $1000 each, with semi-annual gold coupons attached, and are selling for the present at 95 per cent. and accrued interest from July 1st added, in currency, at which rate they yield nearly

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, and issued by the Company to the amount of the same amount only as the Bonds granted by the Government; and represent, in all cases, the *first* sum upon a completed section of the entire railroad, in which have been invested Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The agreement of this Company to pay principal and interest of their Bonds in coin, being made under the Special Contract Law of California, authorizing and enforcing contracts to pay gold, *is legally binding*, which similar agreements made by companies in States where no such legislation sanction exists.

In these and other particulars the Securities of the Central Pacific Company *offer an unusual degree of safety, stability and profit combined.*

The Company have determined to offer a portion of their Bonds which will, without doubt, be eagerly sought for, and anxiously bought in hereafter, at rates materially in advance of the price at which they are now offered.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company, we do very cordially recommend these Bonds to Trustees, Executors, Institutions and others as an eminently *sound, safe and remunerative form of permanent investment.*

Morning Chronicle.

SEA MUSIC.

The gray, unresting sea,
Adown the bright and belting shore,
Breaking in untold melody,
Makes music evermore.

Centuries of vanished time,
Since the glad earth's primeval morn,
Have heard the grand unpausing chime,
Momently aye new-born.

Like as in cloistered piles,
Rich bursts of massive sound upswell,
Ringing along dim lighted aisles
With a still tranoing spell,—

So on the reef white strand,
Or out of deep peal the sea woods raise,
Like voices from a viewless land,
Hymning a hymn of praise.

By times, in thunder notes,
The booming billows shoreward surge;
By times, a silver laugh infloats;
By times, a low soft dirge.

Souls more ennobled grow,
Listing the wordless anthems rise;
Discords are drowned in the great flow
Of Nature's harmonies.

Man change, and "cease to be,"
And empires rise and grow and fall;
But the weird music of the sea
Lives, and outlives them all.

That mystic song shall last
Till time itself no more shall be;
Till seas and shores away have passed,
Lost in eternity.

"FLIES IN AMBER."

Picked out for the Chronicle.

— Love is as warm among cottagers as courtiers.

—There is no better looking-glass than a true friend.

— If all the world were ugly, deformity would be no monster.

— When a man's coat is threadbare, it is easy to pick a hole in it.

— When either side grows warm with argument, the wisest man gives over first.

— Beauty in women is like the flower in spring; but virtue is like the stores of heaven.

— He is well constituted who grieves not for what he has not, and rejoices for what he has.

— Eloquence is of two kinds: that of the heart, which is divine; the other external, and merely the organ of conceits, thoughts and sophistry.

BRADBURY'S NEW
Sunday - School Singing Book.
FRESH LAURELS
NOW READY!
FRESH LAURELS
NOW READY!
FRESH LAURELS
NOW READY!

BRADBURY'S NEW SABBATH-SCHOOL MUSIC BOOK, entitled "**Fresh Laurels for the Sabbath-school,**" is published This Day at No. 425 Broome street, New York. Orders will be filled as rapidly as possible. The "extraordinary demand" of nearly FORTY THOUSAND copies before the book was published will necessarily cause some delay in filling orders, but each will be filled in its turn. Price of FRESH LAURELS, 35 cents, or $30 per hundred, cash, in board covers; paper covers 30 cents, or $25 per hundred. Single specimen copies, in paper, sent by mail on receipt of 25 cents.

SUPERINTENDENTS AND TEACHERS.—If you do not find the work in the adjacent bookstores, send directly to the publisher, inclosing draft for the amount, and your orders will be promptly filled. The same also for any other of Bradbury's S. S. works.

☞ THE SABBATH SCHOOL that is able to supply itself with FRESH LAURELS and Bradbury's NEW GOLDEN TRIO, will have a stock of Music and Hymns that will supply them *with every variety* they can desire for many years.

WM. B. BRADBURY, Author and Publisher,

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of the U. S. Patent Office, Washington under the Act of 1837.
No. 78 Sonth street, (opposite Kilby street,) **Boston.**

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign States. Caveats, Specifications, Assignments, Bonds, and all papers or drawings for Patents, executed on reasonable terms, with dispatch. Also, searches into American and Foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.

No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.

During eight months the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS; *every one* of which was decided in *his favor* by the Commissioner of Patents.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."—THOS. EWBANK, Commissioner of Patents.

"I have no hesitation in assuring inventors that they can not employ a man *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office. SAMUEL D. BURNETT,
Late Commissioner of Patents.

"Mr. R. H. Eddy has made for me THIRTEEN applications, in all but *ONE* of which patents have been granted, and that *one is now pending.* Such unmistakable proof of great talent and ability on his part, leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART."

New Advertisements.

DOWNER
KEROSENE OIL CO.
Office, No. 108 Water Street, Boston.

TO CONSUMERS OF OIL.

CAUTION.

It having come to our knowledge that many *dealers*, throughout New England, are in the habit of buying small quantities of our Oil, and larger quantities of inferior oils, and using our brand and packages fraudulently in the sale of these inferior oils, we are determined to stop such frauds, and hereby offer a **Reward of 100 Dollars** for information that will lead to the detection and punishment of any party using our name or brand in the sale of any other than our own Oil. The **"Downer Kerosene Oil"** has been frequently tested and analyzed by Dr. A. A. HAYES, State Assayer, and from his communication to us, dated July 5, 1867, he says: "The term 'Kerosene' as used by the **Downer Oil Company**, applies to the highest grade of Petroleum, which, our trials show, does not inflame below 120 degrees Fahrenheit, and carries the assurance of both safety and excellence with it, while the mixed Oils are not only unsafe, but in causing accidents, destroy confidence in the safe and excellent article for affording light produced by the honest manufacturer."

Cheap Farm and Fruit Lands,

—AND—

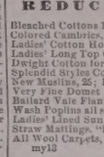
Caution
To Females in Delicate Health.
DR. DOW, Physician and Surgeon, No. 7 ENDICOTT St., Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Finor Albus, suppression and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days. So invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience the cure of diseases of women than any other physician in Boston.
Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Chronic Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered.
Office hours from 8 A. M. to 9 P. M.
Boston, Aug. 4th 1867.—1ycow

SPEER'S SAMBUCI WINE.
Prescribed by Physician for
FEMALES, WEAKLY PERSONS AND INVALIDS.



As a Tonic, it has no equal, causing an appetite and building up the system of the most debilitated
As a Diuretic it imparts a healthy action to the Glands, Kidneys and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.
As a Blood Purifier, it is superior, being one of the best alteratives known in the medical pharmacopœia.
The qualities of SAMBUCI are "*unitum in parvo*," being at once a Tonic, Diuretic, Alterative, Diaphoretic and Soporific.
N B—Venum bonum bonum sanguinem facit.
SPEER'S SAMBUCI is a pure Juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and benefitting ladies and children.
Be sure the signature of *ALFRED SPEER*, Passaic, N. J., is over the cork of the bottle.

The Chronicle.

— The State of Iowa has now 1145 miles of railroad complete and in running order, which have cost in construction the sum of $45,480,000.

— Major General Grierson, the famous cavalry raider, is now in command of an army of one hundred colored cavalry soldiers at Fort Riley.

— A lady at Saratoga, having decided to return home the middle of September, has begun to send her luggage in installments. She will accompany the last carload herself.

— A Montgomery (Ala) Advertiser, in describing an execution, says that "after the singing and preying, *the hatchet of Sam Alexander, Esq., wafted the soul of the unfortunate man to eternity.*"

— A six years old boy, at Trenton, N. J. who was locked up in a dark closet last week by his teacher, became insane from fright, continued to scream at intervals for two or three days and finally died.

— The Austrian Minister of Justice has just decided on a singular measure. Henceforward a certain number of copies of the official journals, published in the Empire, will be distributed gratuitously to the criminals confined in the different prisons.

— The city of Deavenport, Iowa, is in financial distress, and confesses itself bankrupt. The principal of the city debt is $251,500, but interest has not been paid for six years, and the total liability is now fully half a million dollars.

— In the Mississippi swamps timothy and herds grass have been found, the former of, which was five feet three inches high, with heads eight inches long. The herds grass was four feet three inches high. The seed was from forage scattered during the war.

— The Milwaukee Wisconsin says: There is a gentleman going through bankruptcy in this district, under the engineering of Judge Prentiss, whose liabilities are $1,000,000, most of which are in judgments, while his assets are reported at $200, in personal clothing.

— Notwithstanding the city of Mexico has a population as great as that of New Orleans, and now contains within its limits many who have been engaged in war for the past five years, says a newspaper correspondent, I have yet to hear, since the occupation by Porfirio Diaz and his army, of a single case of murder, manslaughter, or even ordinary violence.

— A few days since, twenty-seven women of Redfield, Iowa, decided to abate the whisky saloons of that place, and they did. They were arrested and tried before a Justice of that place and acquitted. Subsequently they were arrested again, and taken twenty five miles before another Justice, where they were again acquitted after three days' trial.

BOSTON MUSIC SCHOOL.
The Fall Term will commence on MONDAY, Oct 7, at Odd Fellows' Block, 554 Washington street, Boston.
This Institution was incorporated about ten years ago, and having been in successful operation ever since, is now fully prepared to furnish instruction to students, in the theory and practice of vocal and instrumental music. Pupils may enter at any time and pursue any of the three branches of study, viz:
PIANOFORTE, HARMONY and SINGING, or, instead of Singing, they may study any orchestral instrument, receiving in each branch of study two lessons a week.
The pupils will be graded and classed according to their attainments. The classes comprise from one to three persons, who receive individual instruction, and recite their lessons in the presence of the class to which they belong.
No extra charges are made excepting for the studies of the GUITAR and HARP, for which the terms will be moderate. Price of tuition $36.
BOARD OF INSTRUCTION:
B. F. BAKER, WM. FRIES,
WILLIAM SCHULTZE, E. M. HEIN,
GEORGE H. HOWARD, HIRAM WILDE.
For particulars address B. F. BAKER, 4 Rowe Place, Boston, WM. READ, M. D.,

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray hair to its original color in from ten to thirty DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
This Magical Preparation luvariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

LAFAYETTE LAIGHTON.

BREAD
MIXING and KNEADING MACHINES.
One of the Most DESIRABLE and VALUABLE
Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.

The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the advantages of the Bread Mixers and Kneaders
The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.
The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.
It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour
The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au 6 E. A. STEVENS.

JAMES A. DUPEE, JAMES BECK, HENRY SAYLES.

The Daily Chronicle.

Portsmouth, N. H.

THURSDAY, SEPTEMBER 5, 1867.

☞ Dr. Albert Day, the Superintendent of the Binghampton Inebriate Asylum, N. Y., says, in confutation of the current slander about the prevalence of drunkenness among women, that in four months he has had only eight applications from women for admission. And these eight were mostly victims of opium, and mostly from Canada. *Exchange.*

We are very glad to learn that intemperance among women is not so prevalent as some have supposed or asserted. But the small number of applications for their admission to the Asylum does not prove the number of drunken women to be small.—The expense of living at such a place shuts out the poor; and a very large class of husbands, fathers and sons who have property enough, prefer to hide the shame of a drunken wife, daughter or mother at home, rather than to expose the frailty and folly of those whom they love in spite of their faults.

In so doing they save their own pride from being mortified; and in many cases where these male relatives are moderate or free drinkers themselves, they are hardly aware of the fact that both sides of the house are sinking down together, gradually but surely, into intemperance and ultimate sottishness.

But it is certain that there is a very considerable amount of drunkenness among women: at which no one need to wonder, though it is sufficient cause and motive for sorrow and reformation.

☞ The President's Military movements, though very vigorous, have got into a snarl something like what we have seen among the militia on a field day, when somebody in a company or regiment made a blunder, and so all went wrong for a while, and until, reaching a full stop, the evolution was performed over again.

In view of the terrible ravages of yellow fever at New Orleans, Gen. Hancock has asked to avail himself of a privilege afforded by the War Department, issued about two months ago, allowing officers ordered to duty in that locality at this season of the year, to remain North until the 15th of October.

Gen. Sheridan being ordered to report for duty at Fort Leaven worth, the command of the Fifth District will devolve upon Gen. Griffin until the arrival of Gen. Hancock at New Orleans.

But then, Gen. Griffin's family are sick with fever at Galveston, Texas,—and he telegraphs that he has no officer there high enough to take command, and therefore cannot leave for New Orleans.

Gen. Sheridan was still remaining at New Orleans Tuesday, Sept. 3, and on that day he telegraphed that his last Army surgeon died on Monday of yellow fever, which prevails in an epidemic form.

Gen. Grant has just telegraphed to Gen. Howard that he will be retained at the head of the Bureau of Freedmen, &c.

☞ At Washington, Gen. Shanks, Member of Congress from Indiana, and Chairman of the Congressional Committee, which is investigating the subject of the treatment of Federal prisoners in rebel prisons during the war, and has rooms at the U. S. Hotel. The Committee, of which the Gen. is Chairman, are all hard at work, and their report when prepared will be full, and embrace the important facts and incidents of prison life in the South.

The President has issued a proclamation warning all persons not to oppose the execution of the laws. [One A. J. had better take warning.]

On Tuesday, the Cabinet meeting was protracted. Sec. Browning and Att. Gen. Stanbery were absent, from illness. Gen. Grant did not attend, as he deems it improper to be present when military matters are not under discussion.

The First National Bank here has withdrawn its advertisement for the purchase of Confederate bonds, which it put out at the instance of parties in Europe. The only offers of the bonds for sale come from New York city. The bank proposed to pay $2,50 for every thousand.

Vermont voted on Tuesday; Republican majority only 29,000 in a very light vote for Governor; Senate all Republican; House largely the same, but reduced a little from last year.

Maine votes next Monday,—and will probably vote very much in the same way as Vermont.

☞ The Bethel Church in Portland, which was burnt, has been rebuilt, and was dedicated last Sunday evening. The rebuilding cost only $4000, from which fact a lesson may be drawn for societies with moderate means. The architectural style is said to be simpler than before; the new house has no tower, and the audience room has settees instead of pews.

☞ One of the greatest and most popular humbugs of the day, is the enormous prices which are paid for lecturers, star actors, singers, &c.

NEW HAMPSHIRE ITEMS.

—— Some unknown person entered the shed of Mr. David Marden of Exeter, one night last week, and hanged a valuable cosset lamb belonging to him.

—— The Exeter News Letter says "Mr. E. W. Gale, principal of Kingston Academy, while upon a recent excursion to Hampton Beach, sought out a trout brook, from which, in a few hours he took 7 trout, which weighed 8 3-4 lbs. Mr. Gale is a disciple of Walton, and this time he has decidedly beaten his brother anglers."

—— One day last week a lady stepped from a train at Exeter, into a saloon for refreshments; and while there the train started, carrying off her child, which was left upon the cent. Almost frantic, the lady attempted to jump upon the fast moving train, but was stopped and held by a man standing near.

Portland & Rochester Railroad. The Co. have contracted with the Portland Rolling Mills, for rails to lay from Saco river to Alfred, 14 miles, and with Lafayette Hall of Newmarket, for straps and bolts for this distance, which cost some $128,000. The damages have all been settled for the 14 miles, save with one man, on fair and reasonable terms, the amount being only about $7000, or less than was paid between Cumberland Mills and Saccarrappa, when that part of the road was built.—The whole work and materials for this division of the road are now contracted for, save for a portion of the sleepers—the bridge over the Saco to be finished Nov. 1st, the grading by Nov. 14th, and the rails, &c., as early as they can be used in laying track. Though this road has been regarded as nearly dead for some years, it is evidently alive now and going ahead in good shape.—*Portland Argus.*

Cable Items, Sept 3.—The Vienna *Presse*, a journal of semi-official character, says it has received intelligence that the Government of the United States is on the point of concluding a negotation with the Cabinet of Copenhagen for the acquisition by purchase of all the Danish posessions in the West Indies, consisting of the Islands of St Thomas, St. Croix and St. John, and the sum of money which the United States is to pay to Denmark for the islands is eight millions in gold.

A dispatch from Athens says, advices have been received from the Island of Candia, to the effect that fighting there had been suspended for the present, an armistice having been agreed upon between the Turks and Cretans.

☞ Mr. Chapin preached in the First Parish Meeting House in Portland last Sunday, morning and evening,—and the house, it is said, was fuller then than it had been since he preached there before. Very likely.

☞ Three little girls, 8 or 9 years old, who were walking on the track of a railroad near Quincy, Mass., on Tuesday afternoon, close to a curve, were run over and killed by a passing train.

☞ The Daily Press, the little new penny paper of Boston, couldn't stand the pressure, and has been discontinued. Ditto the new semi-weekly Advertiser at Great Falls.

— The question of filling all Federal offices in large cities with honorably discharged soldiers has been brought before Gen. Grant.

— The name of the only survivor of the crew of the miniature yacht John T. Ford, which was lost in the English Channel, is Armstrong.

— Gen. Griffin reports that there is not an army surgeon in or around Galveston fit for duty, and that the regular medical practitioners in that city have more than they can possibly attend to.

— Some straw at Warsaw, Ind., a few days ago wound around the cylinder of a threshing machine, and by the motion of the machinery was set on fire. A barn and much property was consumed.

— Mrs. Sally Brown, of Jay, Maine, was 100 years old on the 28th of last April. On her 100th birth day she spun three skeins of stocking yarn. She is the mother of 22 children. Her memory, hearing and eyesight are very good.

— One of the Japanese troup of performers at Deering Hall, Portland, fell from the rope upon which he was hung, head downward, a distance of about fifteen feet, and struck on the orchestra chairs. He was rendered insensible for a time, but his injuries were not lasting, as he resumed his performance in a few minutes, although the audience protested against his exposing himself again to accident. The casualty occasioned by some person in the gallery jarring the rope.

—"Deacon Daniel Whitcomb, a highly respected citizen of Poultney, Vermont, aged 75, dropped dead at the depot, in that village, on Saturday last." We have no reason to suppose the old deacon named was aught but an honorable man and a devout christian; but Poultney, Vermont, is a most unfortunate place to be "found dead" in, for it suggests to many readers the "young man" in that predicament, who "found-ed" a Commercial College there, but never could be found afterwards, to pay his bills. Oh Professor! Owe, Lansley!

☞ We learn from the Salem Register that Capt. J. Scott Todd of Rowley, Trial Justice, Representative in the General Court, &c., &c., was seriously injured on Thursday evening. He is the town liquor agent, and was applied to, on the occasion referred to, by a drunken man named Tom Burke, for the purchase of some liquor.—Capt. Todd declined to supply him, on the ground that he was an improper person to sell to; whereupon Burke hurled his bottle at the agent, the missile striking Capt. T. just over the right eye with such force as to break the bottle, inflicting a severe gash on the Captain's forehead and lid, and entirely destroying the sight of the eye.—Burke was subseqently arrested at Plum Island by Capt. Boynton, Deputy State Constable, and taken to Newburyport for trial. [If Capt. Todd lives, he should be re-elected Representative, and when the reconstructed license bill comes next winter before the legislature, he should speak to it, and look at it with his remaining eye.—Perhaps the learned counsel for the Jugs might use this assault as a reason why the present law should be repealed, lest all the crazy drunkards should kill somebody else with their bottles, besides themselves.]

☞ During his late visit to Manchester, Chief Justice Chase was the guest of Ex-Governor Smyth, and the recipient of many attentions from the citizens. One would suppose that every citizen would consider it, as it is, an honor to the place for such men as Mr. Smyth to reside in it, and such statesmen as Judge Chase to visit it; but the Union of that city has a mean, low-lieved attack on both these 'honorable men' —who Fred. Smyth has done more to build up Manchester and render the publication of a daily paper possible there, than all the copperhead men and papers who ever lived there. Out upon such shameless indecency.

☞ The visit of Admiral Farragut to St. Petersburg, which has been a series of ovations for the distinguished American, has terminated. The United States squadron, headed by the flagship Franklin, with Admiral Farragut on board, sailed from Cronstadt on Sunday. As the fleet passed out of the harbor, salutes were fired from the fortifications and were returned from the Franklin and other American vessels.

The American steamer Quaker City has arrived at the Crimea. On Tuesday the excursionists were received by the Emperor and Empress of Russia, who are spending the summer in the Crimea, and were warmly welcomed to Russia by their Majesties.

☞ The N. Y. Times' Washington special says the President is determined to remove Howard as soon as he can find a successor, and also announces that he will surely remove Gen. Pope.

Prominent Baltimoreans anticipate a conflict on the 8th inst., that day being the celebration of the battle of North Point, as regiments of militia, composed of ex-rebels, and several colored regiments will parade.

Gen. Shanks leaves soon on a Southern tour for information relative to the treatment of Union prisoners during the war.

Gen. Sheridan's last act was the removal of the Sheriff of St. Tammany Parish, for making incorrect returns, and the appointment of Chas. E. Stephens.

The Claim against the City of Boston, involving the sum of $869,989, inclusive of interest, alleged to be due Charles Burrill of Nashua, N. H., for his instrumentality in procuring certificates from the proper authorities, whereby 6529 men were credited to the Army quota of the city from the Naval list, in 1864, was prosecuted in the United States Circuit Court, before Judges Clifford and Lowell, Monday.

FAIRS AND SHOWS—1867.

Portsmouth Horticultural Society, ——
Rockingham Co. Ag. Soc'y, Exeter, Oct. 8, 9.
Strafford Co. Ag. Soc'y, Dover, Oct. 1, 2, 3.
N. H. Ag. Society, Nashua, Sept. 10, 11, 12.

☞ The Philadelphia National Refreshment Saloons, where the soldiers from every part of the Union were fed during the late war, were an honor to Philadelphia; and there is a peculiar propriety in the circumstance that Philadelphia should inaugurate a plan for the endowment of a National Institute where the orphans of the same heroes may have a home and receive an education. This is what the Trustees of the Riverside Institute are aiming most successfully to accomplish. Acting under the Charter of the Washington Library Company, incorporated by the State of Pennsylvania, they are offering stock at the low rate of one dollar per share, and will give to each subscriber a beautiful and valuable steel engraving, worth at retail more than the price of the stock, and as an additional inducement will distribute among the stockholders presents valued at $200,000. In the distribution every one has an equal chance to obtain large presents; one is worth $40,000, another $20,000, &c. Who can refuse to do a patriotic and benevolent action on these terms?

A TALL MAN.

Saul, the first Hebrew king, stood "head and shoulders" above all others, and was a splendid specimen of a king and a man. So Fyle's Saleratus, for strength, purity and usefulness, stands far above all the spurious adulterations sought to be imposed on the community by unscrupulous men. 18

☞ Speer's Sambuci Wine ranks above all other Wines for medical purposes; it is a diuretic and tonic. For weakly persons and the consumptive it has no equal. Sold by Druggists.

Bread, Biscuit, Cakes and Puddings, going through the process of baking, change all the substances of Herrick Allen's Gold Medal Saleratus into carbonic acid gas, which then passes away, so that there is not a particle of it remaining in the food in which it is used, thereby making it perfectly wholesome and healthy, and peculiarly adapted to weak stomachs and dyspeptic persons. Grocers and Druggists sell it. 33

☞ A special from Providence says Gen. Howard Tuesday evening received instructions from Gen. Grant to retain his position at the head of the Freedman's Bureau.

☞ The Portland Star tells of a cheating firm of Merrill, Butler & Co., in that city, with 'branch houses' in Portsmouth, Augusta and elsewhere.

Come Early.—All Advertisements, and all Notices of Meetings or of Funerals, intended to appear in the Morning Chronicle, should be brought to the office as early in the previous day, as may be;—not delayed till evening (unless impossible to bring them sooner,) with the idea that the office is open all night,—as it is not. An early presentation of such things would prevent some disappointments and errors.

"Coming from the Navy Yard,"
A beautiful scene on the Piscataqua, represented on canvas by T. P. Moses, may be seen at the Music Store of Mr Joy. Fifty applications have been made for this picture, but the author being a great lover of his native home scenes retains it for the present for its peculiar associations. He intends, however, at the suggestion of individuals of Boston and at home, to issue a large and splendid fac-simile Lithographic Engraving of this picture, when subscriptions will warrant the large expense. Here are represented sixty or seventy swift row-boats, filled with men of stalwart and returning home at night water beneath a July evening sky, from their labors upon the great naval ships, which may justly be termed the "Bulwark of our Country;"—the Vandalia sloop, riding in beauty inside the old "Bencon," and a part of the beautiful Navy Yard. Every workman and son of Portsmouth, at home or abroad, can have this life-stirring picture to hang in his house or store to perpetuate the noble scene.—The engraving shall give satisfaction to all subscribers or no pay will be required. All who would participate in this picture enterprise will please enter their names as early as convenient, in a paper now at the Music Store of Mr. Joy.—Price only two dollars and fifty cents per copy, delivered.

Is It I?—A book for Every Man. A companion book to the above, by the same author.
Serpents in the Doves' Nest. By Rev. Jno. Todd, D. D.
Woman's Rights. By the same author.
For sale by JOSEPH H. FOSTER.

NOT GOLD ONLY,
BUT
RICH, FRUITY, LUSCIOUS
WINES!
California is making grand strides in her agricultural products and is fast withdrawing herself as a purchaser for the manufacture of the various branches of industry she once demanded. She sees a waning voice to the time-worn vineyards of Europe, and enters the lists as a fresh young combatant for the production of wines from her own rich and increasing vineyards.—The time has come when it is simply ridiculous for any one house to lay claim to especial advantages or peculiar privileges for the sale of
THE WINES OF CALIFORNIA.
As well might they claim a monopoly of the cotton trade.
C. A. RICHARDS & CO.
do not receive or sell all the wines which California produces, but they do claim to have at all times a very large quantity on hand of all the best kinds, and their advantages for getting the best, and getting them at the lowest market value, are such as to enable them to offer them at prices which to-day are lower than any other house which sells California Wines of equality. We bottle five kinds. They are,—
"Angelica,"
"Muscatel,"
"Still Champagne,"
"Hock" and
"Port,"
Also "California Brandy."
They are all perfectly pure, and may be relied upon in sickness and health. The **Angelica** and **Muscatel** are rich, sweet wines. The **Hock** is fully equal to the medium grades of Rhine wines. The **Port** is actually better than many of the high cost Ports from Oporto. We sell these wines in any required quantity, from a single bottle to a Thousand Cases, and are ready at all times to exhibit samples, or to send them to any address.

Juvenile Dancing School.
Mr. SAMUEL LAMPREY
Gives notice to the citizens of Portsmouth and vicinity that he will commence a School for Young Ladies, Misses and Misses, at
IRVING HALL,
Wednesday Afternoon, Sept. 11, 1867,
at 3 o'clock, and will continue on Wednesday and Saturday afternoons for a period of twenty-four lessons.
Terms—$8 for the Course; $5 for the Half Term.
Mr. Lamprey will teach all the New Dances, in the most approved style. He will give much attention to the advancement of his pupils in genteel deportment.
Portsmouth, Sept. 2, 1867.

CRISTADORO'S HAIR DYE,

a pure compound that defies divalry, and is manufactured by J. CRISTADORO, 65 Maiden Lane, New York. Sold by all Druggists. Applied by all Hair Dressers. au80daw—1m

JOHN AND ROBERT DUNSTER

Export their fine old London Dock Gin, and it is bottled in America by C. A. RICHARDS & CO., who are their sole agents. It is the very best article of Gin to be obtained, and is sold by all grocers and druggists. 5

Holloway's Pills.— Dyscntery.— Unlike other specifics in common use which act as a mere temporary sympton of the disease, this remedy on the seat of the disease and exterminate its primary cause—by invigorating the digestive organs, stimulating the liver, purging the blood and purifying the blood, they promote a speedy restoration of health and vigor. In biliousness, sick headache, colics of the stomach and depression of spirits, they are equally efficacious. Sold by all Druggists. au3ldawlw

CHURCH CHOIRS ARE SATISFIED

That the best book for their uses is "THE JUBILATE," by L. O. Emerson. Letters from all directions testify to the opinion that no collection of Church Music recently published has given such general satisfaction. Choire the most fastidious in their tastes, and having the reputation of being "very hard to please," have acknowledged it to be just the book they want. Price $1.38 per copy, $12 a dozen. OLIVER DITSON & CO., Publishers, 277 Washington street, Boston.

DIRECTIONS FOR
MAKING YOUR OWN SOAP
WITH YOUR WASTE GREASE!
Penn'a Salt M'fg Co.'s Renowned SAPONIFIER :
(Patents of 1st and 8th Feb., 1859,) OR
CONCENTRATED LYE!

Two Cents only for every pound of Soap.

DIRECTIONS.—Dissolve one can of Lye in 24 pounds (pints) of hot water, in an iron pot. Melt in another pot or pan 6 lbs. of clean fat or grease. Take off the fire, and into this stir slowly the dissolved lye, and keep stirring until the whole becomes well mixed and like molasses. Now cover up, and set in a warm place over night. Next day cut up into small pieces, and 6 lbs. (or pints) of water, and melt with a gentle heat until the soap is all dissolved; then pour into a tub to cool. When cold cut into bars, which will be fit to use in about ten days.

Beware of Counterfeits.—*Be particular in asking for PENNA SALT MFG CO'S SAPONIFIER.* d1—eowdawly

my3dawly JAY COOKE & CO

IF WE HAVE A COLD, pain in the head, dizzy, bilious, costive, or sick from any cause, it is from the presence of offending humors, and this is so whether the pain be in the flesh, the nerves or the bones.

BRANDRETH'S PILLS

should be always ready, and are sure to purge, and this can be done according to the necessities of nature by which the offending humors are removed and the health restored.

The Hon. Demas Barnes says, "I sell more of Brandreth's Pills than of all others put together."

BRANDRETH'S PILLS may be sold by all druggists, and at the principal office, Brandreth House, New York.

Observe B. BRANDRETH in white letters on the government stamp on each box. au29dawlm

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 26th street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel F. Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only used for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Cuts, Insect Stings, Piles in the Head, Sprains, Salt Rheum, Chilblains, Colic, Cramps, Diarrhœa, Dysentery and Croup. It is perfectly innocent to take internally, and is the best family medicine in the world. Sold and are received all over Europe for it. The most celebrated Physicians recommend it—it never fails. DR. TOBIAS puts up every drop himself. Sold by all Druggists at 50 cents and $1 per Bottle. Depot 56 Cortlandt street, N. Y. sdawim

DR. SCHENCK'S NEW OFFICE.

☞ DR. J. H. SCHENCK, of Philadelphia, has opened an office on second floor of No. 35 HANOVER STREET, Boston, where he will be professionally every WEDNESDAY, from 9 to 3. Every person complaining with Consumption or any disease leading to it, is invited to call on him. He gives advice free, but for a thorough examination with his Respirometer the charge is five dollars.

Dr. Schenck can explain to patients very correctly the stage of their disease, and how to use his medicines, namely, his Pulmonic Syrup, Seaweed Tonic, and his Mandrake Pills, without the use of the Respirometer; but by it he can tell exactly how far the lungs are gone, and what part; also whether it is Tuberculous, Consumption in the first stage, or Dyspeptic Consumption, or whether it is merely an ulcerated throat and catarrh, or from Liver Complaint.

His medicines have full directions, so any one can take them without seeing him, but if they live near by and will call every month, the stomach and liver is kept in perfect order. To get lungs in a healing condition the stomach must be cleansed, so that good digestion can be created, so as to make good blood, before the lungs will begin to heal; then the chills and night sweats will stop, and the expectoration become free and easy.

He keeps a full supply of medicines at his rooms, which can be had at all times.

Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents.

GEO. C. GOODWIN & CO., 38 Hanover street, Boston, General Wholesale Agents for the New England States. W m14-dawlw no2

CROUP! CROUP!

DR. HOOKER'S
COUGH AND CROUP SYRUP
CURES
CROUP, COUGHS FROM COLDS, HOARSENESS, CATARRHAL COUGHS,
COUGHS FROM HUMORS & BRONCHIAL COUGHS
and gives speedy relief in Whooping Coughs and Asthma, and often cures the latter, and invariably shortens the run of the former.

☞ Children are liable to be attacked with Croup without a mother's knowing it. Therefore, important that every family should have constantly at hand some simple and pleasant, yet efficacious syrup for the Croup, Spasmodial and too often fatal disease. Such a remedy is

Dr. Hooker's Cough and Croup Syrup.

For sale by all Druggists.

TO CONSUMPTIVES.—The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a sure CURE for CONSUMPTION, ASTHMA, BRONCHITIS, COUGHS, COLDS and all Throat and Lung affections. The only object of the advertiser sending the Prescription is benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his recipe, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, FREE, by return mail, will please address

JAMES A. WILSON,
Iy my7 Williamsburg, Kings Co., New York.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion; will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, JOHN B. OGDEN, 42 Cedar Street, New York. my1—law dawly

Local.

☞ A gentleman who calls himself, and no doubt is, a temperance man, (and in this list we include only total abstinents,) tells us he should hope more from a license law than a prohibitory statute. He is about the first instance of the sort we ever met; and he has no doubt been reading some Boston Daily other than the Traveller, and believes too much of free rum comments. The New York Atlas of last week, we notice, among other able papers, goes in for licensing rum selling, and also gambling and prostitution. How would our friend like that? Well, the same arguments that hold good in one case, do in the other, as to regulation, registration, responsibility, income, &c.; and chief of all, that the evil or habit of drinking *cannot be stopped*, but can and should be controlled. So likewise of the concomitant sins named, and all other crimes or misdemeanors.

POLICE COURT, Sept. 4.—Before M. Bufloid, Associate Justice.—The case of Ruth M. Blatchford on charge of brawl and tumult, came up on continuance, and Mary was sentenced to pay a fine of $2 and $4.80 costs, from which she appealed.

Judge Odell having returned to his duties, tried the following cases :

Catharine Smith, for verbally abusing Mary A. McDonald with foul and obscene language, was sentenced to pay a fine of $1 and $3.86 costs.

Edward Smith, for a similar offence against said Mary A. McDonald, was fined $1 and $6.50 costs.

Mary A. McDonald, for an assault on Catharine Smith, was fined $3 and $4.80 costs.

Mary A. McDonald, for the use of obscene and profane language, was fined $1 and $5.74 costs.

☞ Lotteries to aid benevolent schemes, or to pay off debts, or to dispose of some "elephant" in the shape of costly real estate, have been very popular for a year or two. Some folks argue that there is in the human race an innate love of money —gold and silver we mean, not rags—for its own sake; and it does seem, at any rate, as if nearly all are fond of a little gambling: a little of "trying their luck."

Batchelder & Co. sell tickets for the West Troy Gift Concerts, and Mr. E. A. Joy for the Philadelphia Library Association—both of which are advertised in our columns, and we have no doubt are fair and square concerns—and we think not half so risky, especially for small folks, as most stock and other speculations.

☞ On our 4th page, we give a very pleasant article from a San Francisco paper, welcoming "home" a couple of gentlemen who recently left this city, after a visit here (so it seems from the Farmer) of two or three years. Besides showing the high esteem Messrs. Main and Winchester are held in, there as well as here; this article also evidences that the papers of the Golden State can talk Sweet Home, and have faith "in their own country," as well as other folks.

☞ A correspondent is loud in praise of the beauties of up river, which trip he prefers to going down the harbor. As his communication, though very pleasant, offers nothing especially new, we can't well find room for it in the present crowded state of our columns.

☞ A proposition is being discussed in the Revenue Department to do away with detectives, inspectors, etc., by granting monthly licenses to whiskey distilleries on a basis of the capacity of stills.

Gens. Sheridan and Griffin telegraph that the yellow fever is now fully an epidemic in New Orleans and Galveston — Surgeon Tyng is dying and Surgeon Adams, at Galveston, is sick, leaving no medical officers there.

GOLD, Wednesday, 141 7-8. President Johnson's capers are the probable excuse for shaking gold up a little one day, to fall down a little the next. We may expect, on the day when he is impeached, that the gamblers will pot it up to 200, to pull it down, day by day, to 150, in a week or ten days.

☞ At St. Louis, Sept. 2, three millions of dollars' worth of government clothing was offered for sale, half of which was sold to St. Louis parties. Purchasers were present from New England and other parts of the country.

☞ A and B bought 200 acres of land, for which each paid $196.87 1-2—$393.75; but A, to have his choice, paid 50 cents per acre more than B. What quantity of land did each have, and at what price per acre ? N.

☞ Senator McDougal, of California, died at Albany on Tuesday.

— A Galveston dispatch of Aug. 31 says: "There were 241 deaths from yellow fever this week, also 100 deaths at Corpus Christi up to the 16th inst. About half of the citizens are sick or dead; much distress prevails and help is needed.

— Ex-Head Centre Stephens is in pecuniary distress in Paris.

— Senator Cameron stated the other day, and gave permission for the fact to be published, that he was in favor of the impeachment of the President.

— The wife of James Hayes of Fall River died suddenly on Friday evening, as she was proceeding with her husband to make a call. She had been ill with consumption for several months, and was forty-six years old.

— One of the current rumors is that General Grant has requested to be relieved from attendance at Cabinet meetings except when military matters are under discussion, as he does not think it proper for a military officer to take part in political discussions.

— The "P. L. L" posters made their appearance on our street this week. They are said to be the notices of a Political Liquor League. As we do not belong to the Liquor party, we cannot say that that definition is correct. Perhaps some of our neighbors who deal in the article under a disguise can inform us.—*Gloucester Tel.*

— The President's Amnesty Proclamation is expected in a few days. It is not to that, that the country will object; there is no general wish to punish by fine, imprisonment, or death to any man for taking part in the Rebellion. But no opinion of Stanbery or Binckley can repeal the law which declares that no Executive pardon shall entitle disfranchised Rebels to vote. It may be well to limit the disfranchisement—to give the ballot to classes now deprived of it; but this must be the act of Congress.—*Tribune.*

DEATHS.

In Plymouth, N. H., Sept. 2, JOHN S. JENNESS, Esq., of Boston, aged 72 years,—formerly a merchant of this city.

Thursday Evening, October 10, 1867,
AT GLEASON HALL, WEST TROY, N. Y.

The first, second and third Concerts of the series took place (as per Programme) on Friday last 30th, Aug 8th and 29th, and gave unlimited satisfaction, the large Hall being filled to overflowing on each of the occasions with the refined and appreciative audience from all parts of the State. There was a committee of three relative, and well known gentlemen selected by the audience on the night of the first Concert to superintend the drawing, which will positively take place on the evening of the 4th inst., and the Committee are most desirous that all ticket holders should be present to witness the drawing, and thereby convince themselves of any doubt as to the fairness of the transaction. They also assure those who cannot make it convenient to be present, that their interests will be guarded the same as if they were present. The Tickets, which have been limited to 75,000, at

ONE DOLLAR EACH,

can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. There will be a present awarded the holder of every ticket drawn. Among the presents to be awarded are the following :—

Metropolitan Hotel, West Troy,		**$30,000**
FARM, fifty acres, Rensselaer Co.,	-	4,000
Six Building Lots, Albany City,	-	4,000
One M. class, Albany City Property,	-	1,000
Two Billiard Tables,	- -	1,200
One Mortgage, Farm 56 acres	- -	1,075
One Watch,	- - -	600
Three Melodeons,	- - -	375
Two Bedroom sets,	- -	200
One Grover & Baker Sewing Machine, plated,		85
One Wheeler & Wilson Sewing Machine,		70

And Thousands of Other Presents,
Consisting of
Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Pitchers, Cake Baskets, Forks, Sets Spoons, Dressing Cases, Port Monnaies, Scarfs, Tables, Bedsteds, Chairs, Mattresses, and other articles too numerous to mention.

The above property will be delivered to the person entitled to it free from all incumbrance and a title guaranteed.

The property may be seen at any time by calling on the owner, John H. Casey, Metropolitan Hotel, West Troy, N. Y.

We, the undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be placed in our hands, and not to be by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey as Director, and we will pay off and discharge, from the moneys so received, all mortgages upon the property. ANDREW ALEXANDER,
THOMAS BATH.

The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and high-toned person, and believe he will conduct the presentation with honesty and fairness, and try to give satisfaction to the public

Hon. Oscar F Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Reservoir; J. F. Wibeck, N. Y. C. R. R.; H. Wibeck, Att'y and Coun. at Law; A. J. Rousseau; Dr. J. P. Wibeck; Hon. Thos. Kearney, Ex-Co. Treas., Albany Co.; Henry Fitchett, N. Y. C. R. R.; Thomas Bath; T. W. Jackson, Att'y and Coun. at Law; H. S. Lobdell, Supt. West Troy G. L. Co.; F. A. Rogers, Justice of the Peace; Russ & Co., 34 Dey st., N. Y.; John A. Gladding, Lansingburgh, N. Y.

SPECIAL TERMS OR CLUB RATES.—Five Tickets, $4.50; Ten Tickets, $9; Twenty Tickets, $18. A photograph of the Metropolitan Hotel may be seen at the stores of our Agents.

Tickets may be procured
AT BATCHELDER & CO.'S STORE,
8 Congress Street, Portsmouth.

N. B.—In order to give confidence to the public, and secure them in their investments, we allow our agents to retain all moneys received for the sale of tickets, until the distribution takes place.

We, the undersigned, having been appointed a Committee by the ticket holders of the Gleason Hall Presentation Festival to decide in what manner the drawing shall be conducted, do decide and determine that all the numbers from 1 to 75,000 shall be placed in one wheel and the first drawn number shall take the highest prize, the second the next highest, and so on until all the prizes are drawn. Hoping this will meet the approval of the ticket holders, we remain, &c.,
CHAS. DORING, JOS. F. TAFT, M. NILES,
Committee.
Dated August 26th, 1867. s2—to10*

THE
CENTRAL PACIFIC RAILROAD,
THE WESTERN HALF OF THE
GREAT NATIONAL TRUNK LINE
ACROSS THE CONTINENT,
being constructed with the AID and SUPERVISION OF UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the sole link of connection between the Pacific Coast and the Great Interior Basin, and the

Principal Portion of the Main Steam Line between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous valley of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges. Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 1865 miles **$28,592,000,** or at the average rate of **$35,000** per mile—not including an absolute grant of **10,000,000 acres** of the Public Lands. By becoming a joint owner in the magnificent enterprise, and by waiving its first lien in favor of the First Mortgage Bonds, the GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Pacific Railroad Congress upon the other parts of the line, and has, in addition, **several special, exclusive advantages** applicable only to the Western Half.

I. The Company has received from the State and other cities of California, *assistance in money, credit and valuable property, worth over* $3,000,000 in gold, in addition to the full benefit of the Government subsidy.

II. *The hardest and costliest part of its construction has been successfully overcome* within the first 150 miles in a line which will be completed entirely across the Sierra Nevadas, after which progress to salt Lake will be easy and rapid.

III. The local business alone of this road establishes its complete financial success, independently of the vast through traffic which must pass over it. The gross earnings for the months of June and July, upon the 91 miles then open and operated, were upward of $207,000 in gold; of which *four-fifths* were net earnings.

IV. It can have no competition, but will carry, beside its own lucrative local traffic, the *whole volume of through business* which is shared among the Eastern connections and their branches.

V. The road lies wholly in territory yielding the precious metals, *and revenues are collected in coin.* Its rates for transportation are fixed and advantageous, being more than three times those of rail or flying coat of it, and the *ratio of operating expenses will be less than per cent. of the gross earnings.*

VI. In consequence of the aid it receives from the General Government, from the State of California, and from municipal corporations, the annual interest obligations which the Company will be called upon to meet are very slight. The net earnings upon an average of about 75 miles in 1866 were nearly *three times the amount of its annual interest charge, and after the building it, and were* $235,000 *more than the annual interest on the entire amount of First Mortgage Bonds which the Company can issue upon the first 150 miles.*

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds,

Principal and Interest payable in Gold Coin, in New York city. They are in sums of $1000 each, with semi-annual coupons attached, and are selling for the present at 95 per cent. and accrued interest from July 1st added, in currency, at which rate they are very

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount per mile as those granted by the Government; and represent, in all cases, the *first lien* upon a completed, equipped and productive railroad. They have been invested Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The agreement of this Company to pay principal and interest of their Bonds in coin, being made under the specific Contract Law of California, *legally binding*, unlike similar agreements made by corporations in States where no such legislative sanction exists.

In these important particulars the Securities of the Central Pacific Company *offer an investment deyee of safety, stability and profit combined.*

The FIRST MORTGAGE BONDS of the Company are the favorite investment security among FIRST CLASS SECURITIES in the money markets of this country and Europe, and will, without doubt, be eagerly sought for, and command a ready *sale in hereafter, at rates materially in advance* of the price at which they are now offered.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions and others as an eminently *sound, reliable and remunerative form of permanent investment.*

Conversions of Government Securities
INTO

Morning Chronicle.

From the California Farmer July 18.

RETURN OF OLD CALIFORNIANS.—It is always with great pleasure we hail the return of those who have been with us from the good old days of '49, and even those of later date. Old Californians are, and ever will be "Welcomed Home Again" by all who claim the proud name of California Pioneers.

It is a well established fact, that however much an old Californian may determine to stay away when he goes East, or however strongly he may make up his mind to leave there for good, not one in twenty, nor one in fifty, can keep their resolutions. There is something in the very atmosphere of California, something in the attachments here formed, in business habits, in social ties, in friendships, that to old Californians when they leave us, it is not long before they are like "home sick" children, they cry to come back again, and say, "There's no Place like Home,"—"California is My Home."

We are led to these remarks by the hundreds of instances where we meet returned Californians, and those, too, who had left for good; but they could not keep their resolutions, and they came back to their California Home again. It is pleasant always to hear returned Californians make the contrast between other portions of the country and our own "Sunny California."

We recently met several "returnments ladies," and their enthusiasm, and the way they expressed their desire to get back "Home," was very pleasant. We also met our old friend and Pioneer Steam Boat Commander, Capt. Poole, and his contrast between such a dull place as "New York," and San Francisco, was really happy.—Mighty as is that great city, he feels there is more enthusiasm, more energy and spirit, in our little city of 120,000 people, than in the City of Gotham with her million of people.

We always notice, with hope as well as pleasure, the announcement of returning Californians. It is like "Doves" returning to the "Ark of Safety;" and they always come bringing olive branches, the sign of peace and prosperity. At this time, and in this connection, we with pleasure prove these facts true, as we see announced the expected arrival of two of our old Pioneers and their families, who have been absent two and a half years. They are not only *Pioneers*, but real workingmen, mechanics, merchants and honored citizens.

We allude to Charles Main, Esq., and E. H. Winchester, Esq., of the firm of Main & Winchester, of our city, gentlemen too well-known to require further introduction. These gentlemen have been truly deserving the wealth that fortune has given them, for they have pioneered their own path onward and upward, by honorable industry and devotion to business, until the desire became strong to visite Home and "Rest awhile;" and having those in their employ whom they have faithfully trained to business, and in whom they could repose full confidence, they left a large and valuable property and business with their "Steward," confident of its safety; and for two and a half years enjoyed Friends and Home of early years; and they come back to find those in whom they placed this confidence worthy their friendship and trust. Rarely is it that business firms continue thus long in this country, but Messrs. Main & Winchester came here together, and have been joined in brotherly esteem, friendship and business since the days of old '49; and were their vicissitudes, trials, duties and business-life fully written, it would make a most interesting book, and what would be pleasant, it would, up to this time, have a most interesting sequel.

We most cordially join with the host of friends who will be ready to greet them on their return, which will be on the steamer of July 1st from New York. Messrs. Main and Winchester may be expected on Tuesday next. Their coming will also be most gratifying to the score or more of young men to whom they have entrusted their business these many months, and to whom all honor is due, for surely can these things be done "even in Israel."

THE ONLY INSTRUMENT WITH WHICH CATARRH Can be successfully treated is the **Nasal Irrigator.**

It is also very efficient in stopping Bleeding at the Nose. For administering medicines or liquid food to invalids it is unequaled, as by its aid this can be done without raising the patient's head from the pillow, and without possibility of soiling the clothing. For sale at

NEW ADVERTISEMENTS.

DOWNER
KEROSENE OIL CO,
Office, No. 108 Water Street, Boston.

TO CONSUMERS OF OIL.
CAUTION.

It having come to our knowledge that many dealers, throughout New England, are in the habit of buying small quantities of our Oil, and larger quantities of inferior oils, and using our brand and packages fraudulently in the sale of these inferior oils, we are determined to stop such frauds, and hereby offer a **Reward of 100 Dollars** for information that will lead to the detection and punishment of any party using our name or brand in the sale of any other than our own Oil. The "**Downer Kerosene Oil**" has been frequently tested and analyzed by Dr. A. A. HAYES, State Assayer, and in a communication to us, dated July 5, 1867, he says: "The term 'Kerosene' as used by the **Downer Oil Company**, applies to the highest grade of Oil only. Our trials show, does not inflame below 120 degrees Fahrenheit, and carries the assurance of both safety and excellence with it; while the mixed Oils are not only unsafe, but in causing accidents, destroy confidence in the safe and excellent article for affording light produced by the honest manufacturer."

Cheap Farm and Fruit Lands,

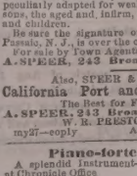
Caution
To Females in Delicate Health.
DR. DOW, Physician and Surgeon, No. 7 ENDICOTT St., Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Fluor Albus, Suppression and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days So invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston.
Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1846, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain a dollar, or they will not be answered.
Office hours from 8 A. M. to 9 P. M.
Boston, Aug. 3, 1867.—lyeow

SPEER'S SAMBUCI WINE.
Prescribed by Physician for
FEMALES, WEAKLY PERSONS AND INVALIDS.


As a Tonic, it has no equal, causing an appetite and building up the system of the most debilitated persons. *As a Diuretic* it imparts a healthy action to the Glands, Kidneys and Urinary Organs. *As a Blood Purifier*, it is superior, being one of the best alteratives known in the medical pharmacopoia.
The qualities of SAMBUCI are "*multum in parvo*," being at once a Tonic, Diuretic, Alterative, Diaphoretic and Soporific.
N. B.—Please beware of counterfeits and imitations. SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and benefitting ladies and children.
Be sure the signature of *ALFRED SPEER*, Passaic, N. J., is over the cork of the bottle.
For sale by Town Agents and Druggists.
A. SPEER, 243 Broadway, New York.

The Chronicle.

WHO BINCKLEY IS.—Since Binckley, the Acting U. S. Attorney General, has begun to dazzle the "whole world and the rest of mankind" with his brilliant and profound opinions upon reconstruction, there has been a natural inquiry as to who he is and from whence he came. A Washington correspondent answers the question in the following comprehensive manner:

"Within ten years he has successively failed here as a portrait painter, the projector of a literary magazine, land office clerk, land officer, attorney, and defender of blockade runners, doctor, clerk in law office, 'local' on the Chronicle, editor of the Intelligencer, squatter on abandoned rebel plantations in Virginia, editorial writer for a New York daily, the editor of which on receiving his first articles refused them, and wrote to ascertain if the man was crazy. Last of all he turned up in Mr. Stanbery's office and took a seat in the cabinet on the day Mr. Stanton left."

GYMNASTICS—We have received a catalogue of Dr. Dio Lewis' Family School for young ladies. We have looked it over somewhat and judge the school to be a first rate place for young ladies who wish to preserve health without labor, and whose papas have so much money they do not know what to do with it. We sometimes question whether gymnasiums, after all, are a blessing or a curse. There is no doubt they do promote the health of some, but it is of a class who have a false, and undemocratic view of life and its responsibilities, and are too proud to work. We sometimes question whether it would not be as well to let such people die. They certainly are of no benefit to the world, though they act as if the world was greatly indebted to them. Too much being supported in idleness, and too little womanly effort in their own behalf, is really what is making a wealthy woman the rarest sight in the world.—*Lebanon Free Press.*

MORE "NOBILITY."—The Gloucester Telegraph tells of a horse which backed a carriage over a precipice, nearly killing a young lady in it, and bruising a gentleman who hung on to the back-action brute's head till he was dragged over too. Luckily the horse was killed, as all such ought to be. Another in the same town tried to jump off a bridge into the water, but was stopped on the rail by passers. "Noble" animals.

☞ The Chickerings and Steinways are still wrangling in the papers about the merits of their respective pianos; and each accuses the other of falsifying the record as to the French Imposition. This from a brace of firms who have heretofore claimed all the honesty and all the decency in the piano business, is rather rich to the out-side world, who believe and know there are other manufacturers who turn out fully as good instruments at less cost.

— Binckley, the Assistant Attorney General, is a near relative by marriage to the rebel Gen. Johnston.

☞ Local AGENTS WANTED throughout the United States.

The Riverside Institute.

Situate at Riverside, Burlington County, New Jersey, is founded for the purpose of gratuitously educating the sons of deceased Soldiers and Seamen of the United States.

The Board of Trustees of the Institute consists of the following well-known citizens of Pennsylvania and New Jersey:
Hon. WILLIAM B. MANN, District Attorney, Philadelphia.
Hon. LEWIS R. BLOOMALL, Ex Chief Coiner, U. S. Mint, and Recorder of Deeds, Phila.
Hon. JAMES M. SCOVEL, New Jersey.
Hon. H. W. WARE, New Jersey.
HENRY GORMAN, Esq., Agent Adams' Express, Philadelphia.
J. E. COE, Esq., Joy, Coe & Co., Philadelphia.

TREASURY DEPARTMENT, Washington, D. C., April 18, 1867.—Office of Internal Revenue:—Having received satisfactory evidence that the proceeds of the enterprise conducted by the Washington Library Company will be devoted to charitable uses, permission is hereby granted to said Company to conduct such enterprise exempt from all charge, whether from special tax or other duty.
E. A. ROLLINS, Commissioner.

The Association have appointed as Receivers, Messrs. GEO. A. COOKE & CO. 33 South Third Street, Philadelphia, whose well-known integrity and business experience will be a sufficient guarantee that the money intrusted to them will be promptly applied to the purpose stated.
PHILADELPHIA, PA., May 20, 1867.
To the Officers and Members of the Washington Library Co., N. S. READ, Secretary.
Gentlemen:—On receipt of your favor of the 15th inst., notifying us of our appointment as Receivers for your Company, we took the liberty to submit a copy of your charter, with a plan of your enterprise, to counsel learned in authority, and having received his opinion in regard to its legality, and sympathizing with the benevolent object of your Association, viz.,—the education and maintenance of the orphan children of our soldiers and sailors at the Riverside Institute, we have continued to accept the trust, and to use our best efforts to promote so worthy an object.
Respectfully yours, &c.,
GEO. A. COOKE & CO.

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

BREAD
MIXING and KNEADING MACHINES.
One of the most DESIRABLE and VALUABLE
Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.

The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the advantages of the Bread Mixers and Kneaders

The principal advantages, however, are
The Great Saving of Labor.
Cleanliness.
Certainly of always having Good Bread, which even the most skilful often fail in making.

The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.

It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.

The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au6 E. A. STEVENS.

DUPEE, BECK & SAYLES,
STOCK BROKERS,
o9codly No. 22 State Street, Boston.
JAMES A. DUPEE, JAMES BECK, HENRY SAYLES.

The Daily Chronicle.

Portsmouth, N. H.

FRIDAY, SEPTEMBER 6, 1867.

☞ A special Washington dispatch says that the breach between the President and Gen. Grant appears to be widening, and it is believed in some circles, that, notwithstanding the difficulties in the way of such a step, Gen. Grant will soon vacate the War office, and the friends of the President confidently assert that Gen. Grant will be retained in the War office but a few days. Gen. Steedman says he will not accept the position.

The Tribune's special says there has surely been a quarrel between the President and Gen. Grant, the exact nature of which is unknown. Gen. Grant talked very plainly to the President relative to their respective duties as Government officers.

The foreign ministers at Washington are well informed concerning the difficulty between the President and Congress, and estimate the course of the former as all patriotic Americans would have them. Postmaster General Randall hopes soon to conclude a postal treaty with Spain, whereby the transmission of Cuban mails will be facilitated.

THE DUTY OF THE COUNTRY.—*The President's Power must be Broken.*—We trust the friends of the country will not be lulled into false hopes in reference to the President. A careful study of his character and of the principles governing his administration makes us feel that as a ruler he is not to be trusted, and that he must be watched with suspicion and anxiety. We do not say a word in derogation of the dignity of the Presidential office. That office is so exalted, and its powers so vast and far-reaching, that we owe it to our children that it should not be wantonly degraded.—The President has degraded it. He has made his Administration a shameful page in our history. The country must not permit the page to close without a proper recompense. Our rulers may dishonor their office. We must not dishonor ourselves.

Andrew Johnson stands forth among public men as the Gigantic Demagogue of America. * * * We do not mistake these menaces, (says the Tribune), for this man is capable of anything to hold power. His fate is fixed. His political fall is as certain as any event governed by the laws of national policy. He has betrayed his party, broken his pledges, dishonored himself, disgraced the country. Feeling this, his policy is desperation, and there is nothing he may not dare.

Let us show him that he dare not; that while he has neither the respect of the people nor the confidence of any party, there is a power above him, heretofore patient and magnanimous, but which will not allow patience and magnanimity to become cowardice. This hour requires plain speaking, and we have sought to speak plainly of Andrew Johnson. In the like spirit we implore our friends to organize, to enter into this new political campaign with the spirit that moved our fathers when they drew sword against England, and which sent a million of our brothers into the heart of the proud and haughty Rebellion.

Let the Republican party organize in every county North and South. Sink all minor issues in the one great duty of driving from power this dishonored Administration. That is the duty of every patriot. We have spent too much money, we have shed too much blood in the cause of freedom, to suffer it to be betrayed through supineness and timidity. We have many things to do—President making—finances—reconstruction—tariffs—foreign relations. First we must destroy the power of this Administration, and thus save the country. After that, Peace.—*Tribune.*

☞ A Washington item of Sept. 4 says, Gen. Grant had a long, and it is ascertained beyond a doubt, an important interview with the President to-day, relative to the Proclamation issued this morning by the latter, and the orders sent to Military Commanders last week by the former. The town is rife with rumors of strong words and over differences of opinion arising between them, but the reticence of the President and Grant's uniform refusal to divulge official matters, give ample scope for exaggeration among the sensationists. It is agreed by the friends of both, however, that to-day's interview shows that the opinions of each are irreconcilable on the questions arising from the enforcement of the Reconstruction act.

Several important Committees of Congress are getting ready for business.

☞ According to the statement just issued of the earnings and expenses of the Union Pacific Railroad Company for the quarter ending August 1, the profits of operating 325 miles of road were $483,789-04, which is more than four times the interest on the mortgage bonds on this length of road. The bonds are advertised in the Chronicle and Gazette and it would seem from the above statement that they must be a very desirable investment.

☞ St. Domingo advices state that several towns have proclaimed in favor of President Cabral, and the latter is said to have been on the frontier. The object is to unite Hayti and St. Domingo. Salnave is reported to have fled.

— The chills and fever is a prevalent disease in New Haven. Whole families, in some cases, are prostrated with it.

NEW HAMPSHIRE ITEMS.

—— Rev. Mr. Atkinson, of the Baptist Church in Jefferson, has been presented with $75 by visitors to the Mountains; they also gave his society $50.

—— The woman who threw her new born child out of a railroad car at Andover, Mass., on Monday, calls her name Gilfillan and says she has been living at Nashua.—The child was picked up alive, but died the same day.

—— There was a furious snow storm on Mount Washington last Thursday. Parties ascending were driven back. The thermometer fell to below the freezing point, and ice made on the telegraph poles on and near the top, several inches thick, which still remains.

☞ In respect to the President's attempt to issue such an amnesty as shall override the prohibitions of the reconstruction law, the Washington correspondent of the Philadelphia Press says, "it is proper to state that this scheme may be abandoned, although it is known that when it was first laid before the President by a clique of Southern rebels, under the lead of a man named Perryman of South Carolina, he expressed himself as willing to carry it out, and subsequently promised a number of his copperhead adherents that he would do so, regardless of consequences."

☞ At the Democratic County Convention held at Pittsburg, Pa., Aug. 21, a resolution offered, indorsing the course of President Johnson, was, after considerable discussion, laid on the table. Some of the leading Democrats expressed great indignation at the stupidity of the party who offered the resolution.

☞ A San Francisco dispatch states that the election in California is progressing, and that the democrats have slightly the advantage. It is thought, however, that Gorham, the Republican candidate for Governor, will be elected by a small majority.

☞ On Tuesday afternoon, as we learn by a dispatch from Rochester, N. Y., fourteen young persons took a sail on Lake Erie, and when attempting to turn the boat short it upset. Six girls and three boys were drowned. The bodies have not been recovered.

☞ George Lunt, Esq., has just resumed his former position as editor of the Boston Courier,—and his first number reads very much as the Courier did half a dozen years ago.

—— At Wilmington Del., Sept. 4. J. S. Valentine, Radical, was elected Mayor. The Radicals carried all but one ward.

—— A young man named Alexander Ross was killed on Saturday at Hamilton Landing, on the Ohio river, while hurrahing for Jeff Davis.

— In New England there has been a decrease in the production of Indian corn in the past ten years, averaging one bushel to each inhabitant. So it is said.

— At Charleston, S. C., Sept. 3, the interest in registration is flagging. The blacks have two-thirds of the whole number registered.

— James A. Cutting, the inventor of ambrotypes, died last week in the Worcester Insane Asylum. He made a good deal of money, spent it all in an experimental aquarium, and then went crazy.

— The Maryland Republicans have prepared an address to Congress stating that the new Constitution is anti-Republican in form, as it disfranchises the colored people and prohibits colored testimony in the courts.

— The Grand Jury of Bergen County, New Jersey have found six bills of indictment against Sigler, late Keeper of the Pa Alms House, for the most atrocious cruelties alleged to have been perpetrated by him on imbecile and other unfortunate creatures under his charge.

— A respectably attired young man, formerly a Wall street broker, has been arrested in New York for pulling down and carrying off posters and circulars and selling them to waste paper dealers. It is said that he visited the principal hotels twice daily for this purpose.

— A tannery has been put in operation at Rockford, Illinois, in which the new patented process for exhausting the air from the vat is employed. It takes by this process only twelve hours to complete the tanning, and about fifteen minutes for sheepskin. The weight of leather is increased ten per cent. over the old process, and the cost of the work is but ten per cent. more than that of the old, and it is also claimed that the leather is superior.

— A late San Francisco letter says: The Chinese are passing into our State by wholesale, and practically solving the labor question. Over twenty-seven hundred have arrived within the last forty-five days, and there are four shiploads more already due at this port from Hong Kong. These men do not lose an hour, but go to work in the mines, on the railroad, on ranches, or in other industrial pursuits, as fast as they arrive.

— Wolves are very numerous in the vicinity of Houlton, Ludlow and other towns in Eastern Maine. They dote on Spring lambs.

— Landlords and real estate agents in New York continue to complain of the many stores and dwellings that tenants are throwing back on their hands, owing to inability to pay the exorbitant rents.

— The Newburyport Herald states that a Grand Musical Festival, on a scale hitherto unequalled by anything this side of Boston, will take place in that city in October, under the direction of Mr. Morrison, the talented composer and organist.

— Great excitement has arisen in Troy over the discovery of a chemical laboratory for the distillation of essential oils for the manufacture of liquors. The people are said to have been made drunk by the fumes proceeding from the establishment.

— Harris, the West Auburn (Me.) murderer having now no hope of being pardoned, has declared the truth of his testimony that Verrell was his associate in the murder, and he shall say so even when he is hung.

— The clamorers for more bishops in the English church ceased their cry when it was proposed to increase the number without granting them seats in their House of Lords. It seems the flocks wanted political rather than spiritual shepherds.

— A Polar bear shipped to a Southern city by steamer recently became ungovernable on the passage, greatly alarming the passengers, whereupon the donkey engine was started, and a stream of water played upon the refractory exile from Greenland till he became docile.

—One of the principal hop-raising regions of the United States is Sauk county, Wisconsin, where over three-quarters of a million of dollars were paid out for hops last year. Twice that sum will be realized from the crop of this year, which is better and larger than that of the last.

— It is stated that the opinion of the Northern drovers is nearly unanimous as to the expediency of changing the market days at Brighton and Cambridge from Tuesday and Wednesday to Thursday and Friday, and the agents of various lines of railroads are making arangements to run trains in accordance with these regulations.

— Citizens of Baltimore who express apprehensions of disturbances in that city from the rebel militia, state that the rebel element in Maryland, and especially in Baltimore, is very great, and they mean mischief, if they can make it. They go so far as to express willingness to obey summons from Johnson to disperse Congress.

CATTLE MARKET at Brighton —Sept. 4. At Market for the current week: Cattle, 1846; Sheep and Lambs, 10163; Swine, 2370.

Prices.—*Hides Beef.* [Which includes the Hide and Tallow at same price.]

Extra. $13 00 to 13 50; first quality, $12 25 to 12 75; second quality, 11 00 to 12 00; third quality, 9 00 to 10 50.

Working Oxen, per pair, from $165 to 265.

Milch Cows, from $45 to 100.

SWINE—Wholesale 5 a 5c per lb; retail 6 a 8c per lb.

SHEEP—5 a 6½c per lb.

FAIRS AND SHOWS—1867.

Portsmouth Horticultural Society, ——

Rockingham Co. Ag. Soc'y, Exeter, Oct. 8, 9.

Strafford Co. Ag. Soc'y, Dover, Oct. 1, 2, 3.

N. H. Ag. Society, Nashua, Sept. 10, 11, 12.

☞ The Philadelphia National Refreshment Saloons, where the soldiers from every part of the Union were fed during the late war, were an honor to Philadelphia; and there is a peculiar propriety in the circumstance that Philadelphia should inaugurate a plan for the endowment of a National Institute where the orphans of these same heroes may have a home and receive an education. This is what the Trustees of Riverside Institute are aiming most successfully to accomplish. Acting under the Charter of the Pennsylvania Military Company, incorporated 1862, the State of Pennsylvania, they are offering stock at the low rate of one dollar per share, and will give to each subscriber a beautiful and valuable steel engraving, worth at retail more than the price of the stock, and as an additional inducement will distribute among the stockholders presents valued at $300,000. In the distribution every one has an equal chance to obtain large presents; one worth $60,000; another $30,000, &c. Who can refuse to do a patriotic and benevolent action on these terms?

A GENTLEMAN of great medical knowledge says that a more genial, wholesome and effectual tonic and appetizer than Drake's Celebrated Plantation Bitters was never discovered. He recommends it for Dyspepsia, for Liver Complaint, for Exhaustion, for Weakness, for a want of Appetite, and for Mental Depression. It is an agreeable stimulant, and is equally adapted to young and old. Persons of sedentary habits, like clergymen, lawyers, merchants and delicate females are particularly benefitted by its use.

MAGNOLIA WATER.—A delightful toilet article—superior to Cologne, and at half the price.

A GENTLE WHISPER TO MOTHERS.—If unfortunately you have lost your own teeth by neglect or mismanagement, take care that your daughters do not suffer the same penalty from the same cause. See to it that they brush their teeth regularly and thoroughly with SOZODONT, and thereby you will insure them sound and serviceable sets as long as they live. 15

AS A MEDICINE,

Old Holland Gin is the most beneficial article that can be used for all kidney complaints. Dunster's old London Dock Gin is the thing. Try it.

A TALL MAN.

Saul, the first Hebrew king, stood "head and shoulders" above all others, and was a splendid specimen of a king and a man. So Pyle's Saleratus, for strength, purity and usefulness, stands far above all the spurious adulterations sought to be imposed on the community by unscrupulous men. 15

☞ SPEER'S Sambuci Wine ranks above all other Wines for medical purposes; it is a diuretic alterative and tonic. For weakly persons and the consumptive it has no equal. Sold by Druggists.

Bread, Biscuit, Cakes and Puddings, going through the process of baking, change all the substances of Herrick Allen's Gold Medal Saleratus into carbonic acid gas, which then passes away, so that there is not a particle of it remaining in the food in which it is used, thereby making it perfectly wholesome and healthy, and peculiarly adapted to weak stomachs and dyspeptic persons. Grocers and Druggists sell it. 89

— Governor Chamberlain of Maine, it is said, has sent an earnest request to the Government that Admiral Farragut, who is now in the Mediterranean, may be instructed to send a United States ship to transport the suffering Jaffa colonists to their old home in Maine.

— The Washington Chronicle has additional evidence that some of the farmers in the neighborhood of Manassas make a practice of selling the bones of soldiers buried on their farms to the bone-dust manure factories, and calls for prompt measures against this infamous traffic.

COME EARLY.—All Advertisements, and all Notices of Meetings or of Funerals, intended to appear in the Morning Chronicle, should be brought to the office as early in the previous day, as may be:—not delayed till evening (unless impossible to bring them sooner,) with the idea that the office is open all night,—as it is not. An early presentation of such things would prevent some disappointments and errors.

Carriage and Sleigh Painting,

AT 19 BOW STREET, PORTSMOUTH.

Particular attention paid to Fancy Colors.

All orders promptly attended to. s6—1m*

"Coming from the Navy Yard,"

A beautiful scene on the Piscataqua, represented on canvas by T. P. Moses, may be seen at the Music Store of Mr. Joy. Fifty applications have been made for this picture, but the author being a great lover of his native home scenes retains it for the present for its peculiar associations. He intends, however, at the suggestion of individuals of Boston and at home, to issue a large and splendid fac-simile Lithographic Engraving of this picture, when subscribers will warrant the large expense. Here are represented sixty or seventy swift row-boats, filled with men of stalwart arms returning home at high water, beneath a July evening sky, from their labors upon the great naval ships, which may justly be termed the "Bulwark of our Country;"—the Vandalia sloop, riding in beauty inside the old "Beacon," and a part of the beautiful Navy Yard. Every workman and son of Portsmouth, at home or abroad, can have this life-stirring picture to hang in his house or store to perpetuate the noble scene.—The engraving shall give satisfaction to all subscribers or no pay will be required. All who would participate in this picture enprise will please enter their names as early as convenient, in a paper now at the Music Store of Mr. Joy.—Price only two dollars and fifty cents per copy, delivered. s5

NOT GOLD ONLY,

BUT

RICH, FRUITY, LUSCIOUS

WINES!

California is making grand strides in her agricultural products and is fast wellowing herself as a purchaser for the manufactures of the various branches of industry she once demanded. She sends a warning voice to the sun-worn vineyards of Europe and enters the lists as a fresh, young combatant for the production of wines from her own rich and increasing vineyards.—The time has come when it is simply ridiculous for any one house to lay claim to especial advantages or peculiar privileges for the sale of

THE WINES OF CALIFORNIA.

As well might they claim a monopoly of the cotton trade.

C. A. RICHARDS & CO.

do not receive or sell all the wines which California produces, but they do claim to have at all times a very large quantity on hand of all the best kinds, and their advantages for getting the best, and getting them at the lowest market value, are such as to enable them to offer them at prices which to-day are lower than any other house which sells California Wines of equality. We bottle five kinds. They are,—

"Angelica,"

"Muscatel,"

"Still Champagne,"

"Hock" and

"Port,"

Also "California Brandy."

They are all perfectly pure, and may be relied upon in sickness or in health. The **Angelica** and **Muscatel** are rich, sweet wines. The **Hock** is fully equal to the medium grades of Rhine wines. The **Port** is actually better than many of the high cost Ports from Oporto. We sell these wines in any required quantity, from a single bottle to a THOUSAND CASES, and are ready at all times to exhibit samples, or to send them to any address.

a pure compound that defies rivalry, and is manufactured by J. CRISTADORO, 65 Maiden Lane, New York. Sold by all Druggists. Applied by all Hair Dressers. au80daw—1m

JOHN AND ROBERT DUNSTER

Export their fine old London Dock Gin, and it is bottled in America by C. A. RICHARDS & CO., who are their sole agents. It is the very best article of Gin to be obtained, and is sold by all grocers and druggists. 5

Holloway's Pills.—Dysentery.— Unlike other specifics in common use which act as a mere astringent, Holloway's Pills take effect on the seat of the disease and exterminate its primary cause—by invigorating the digestive organs stimulating the liver, purging the channels and purifying the blood, they promote a speedy restoration of health and vigor. In biliousness, sick headache, acidity of the stomach and depression of spirits, they are equally efficacious. Sold by all Druggists. au3daw1w

CHURCH CHOIRS ARE SATISFIED

That the best book for their use is "THE JUBILATE," by L. O. Emerson. Letters from all directions indicate the opinion that no collection of Church Music recently published has given such general satisfaction. Choirs the most fastidious in their tastes, and hard to please, delight in it, and "very hard to please," have acknowledged it to be just the book they want. Price $1.38 per copy, $12 a dozen. OLIVER DITSON & CO., Publishers, 277 Washington street, Boston

DIRECTIONS FOR

MAKING YOUR OWN SOAP

WITH YOUR WASTE GREASE!

Penn'a Salt M'fg Co.'s Renowned

SAPONIFIER:

(Patents of 1st and 8th Feb., 1859,) OR CONCENTRATED LYE!

Two Cents only for every pound of Soap.

DIRECTIONS.—Dissolve one box of Lye in 2½ pounds (pints) of hot water, in an iron pot. Melt in another pot or pan 5 lbs. of clean fat or grease. Take off the fire and add the Lye when Lye is dissolved lye, and keep stirring until the whole be comes well mixed and like molasses. Now cover up, and set in a warm place over night. Next day cut up into small pieces, add 6 lbs. (or pints) of water, and melt with a gentle heat until the soap is all dissolved. Pour into a tub to cool. When cold cut into bars, which will be fit to use in about ten days.

Beware of Counterfeits.—*Be particular in asking for PENN'A SALT MFG CO'S SAPONIFIER.* dl—cowdawly

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan, as well as ever. Sold by his name is Samuel F. Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it not only cures for Burns, but for Old Sores, Bruises, Chronic rheumatism, Sore Throat, Cuts, Insect Stings, Pains in the Limbs, Stiff Neck and Back, Sprains, Sciatic Colic, Cramps, Diarrhœa, Dysentery and Croup. It is perfectly innocent to take internally, and is the best family medicine in the world. Orders are received all over Europe for it. The most celebrated Physicians recommend it—it never fails. DR. TOBIAS puts up every drop himself. Sold by all Druggists at 50 cents and $1 per bottle. Depot 56 Cortland street, N. Y. au29dawlm

DR. SCHENCK'S NEW OFFICE.

☞ DR. J. B. SCHENCK, of Philadelphia, has opened an office on second floor of No. 35 HANOVER STREET, Boston, where he will be professionally every WEDNESDAY, from 9 to 3. Every person complaining with Consumption or any disease leading to it, is invited to call on him. He will not say for sure, but after a careful examination with his Respirometer the charge is five dollars.

Dr. Schenck can explain to patients very correctly the stage of their disease, and how to use his medicines, namely, his Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills, without the aid of the Respirometer; but by it he can tell exactly how far the lungs are gone, and what part; also whether it is Tuberculous, Pulmonary, Bronchial or Dyspeptic Consumption, or whether it is merely an ulcerated throat and catarrh, or from Liver Complaint.

His medicines have full directions, so any one can take them without seeing him, but if they live near enough to see him, it is best for them so him. All three of his medicines are required in nearly every case of lung disease, for it is impossible to cure Consumption unless the stomach and liver is kept in perfect order. To get lungs in a healing condition the stomach must be cleansed, and an appetite for good food created, so as to make good blood, before the lungs will begin to heal; then the chills and night sweats will stop, and the expectoration become free and easy

He keeps a full supply of medicines at his rooms, which can be had at all times.

Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills, 25 cents.

GEO. C. GOODWIN & CO., 38 Hanover street, Boston, General Wholesale Agents for the New England States. W14—dawly no2

TO CONSUMPTIVES.—The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a sure cure for CONSUMPTION, ASTHMA, BRONCHITIS, COUGHS, COLDS and all Throat and Lung affections. The only object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try it, feeling, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, FREE, by return mail, will please address

law daw REV. EDWARD A. WILSON, ly my7 Williamsburgh, Kings Co., New York.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, my—law dawly

JOHN B. OGDEN, 42 Cedar Street, New York.

Local.

☞ It has ever given us pleasure to note the introduction of any new branch of manufacturing interest in our midst. They who produce, not they who consume, are the real element of prosperity in any community.

On Thursday we paid a visit to the establishment of Messrs. Critchley & Robinson, No. 16 Bow street, in the premises formerly occupied by Mr. Andrew D. Gerrish. There we found one of Brayton's Variable (or oscillating) engines busily at work.—Small in its compass, the compass of this engine's work is not small, and the Exeter Manufacturing Co. have reason to be proud of their work in this line.

The chief work in this establishment is the manufacture of Critchley's expanding tool, for reaming (straight or taper), drilling, boring or tapping, any size from a half-inch to a foot; and used as a mandrel for turning and other work. As a chuck drill it is adjusted to any size required between the dimensions noted.

To go into a detailed description of these ingenious tools, patented by Mr. Critchley, would require more space than we can readily bestow, suffice it to say their working is most perfect for any grade from one-half inch to five inches, in gradations of 1-100th of an inch, and that the firm are now working solely on government orders. That their success may be equal to their merit is the least of prosperity that we can wish them.

☞ Ira Haselton, Esq, of this city, has long been noted for his fine corn, but this year he has rather outdone his former efforts, having raised some of the ten-rowed Tuscarora corn, which for size and sweetness can hardly be excelled. His farm next to the Woodbury mansion constantly shows something worthy of examination.

☞ The Gonic Base Ball Club of Rochester, champions of Strafford County, have challenged the Rockingham Base Ball Club of this city to play a friendly game, which will probably come off at Rochester some time next week.

CLAM BAKE.—A grand clam bake on the real old-fashioned Rhode Island principle, will be given at the Surf House on Tuesday, the 17th inst., if fair,—if stormy it will be held on the first fair day. All those who have known the courteous of Mr. Pattee will need no guarantee for a pleasant time.

☞ We regret to announce the death of Capt. William H. Hale, of the Marine Corps, which occurred at Pensacola, of yellow fever, on the 28th ult. Capt. Hale was a resident of this State, and appointed to the Corps in 1861. He first sailed from this station, where he formed many friends during his sojourn in the early part of the war.

☞ Capt. J. Young, formerly of the Vandalia, is in command of a naval vessel below New Orleans, with a large number of cases of yellow fever on board. A short time since every officer save the Captain and one other was sick. The fever this year seems fatal to Northerners.

POLICE COURT, Sept. 5.—Margaret L. McFee was complained of by Ruth M. Blatchford, for making a brawl and tumult. The defendant was considered not guilty and was discharged.

☞ The Frink family, descendants of Col. CYRUS FRINK of Newington, have erected a handsome Family Monument in the cemetery near the meeting house in that town. The Monument is the workmanship of Mr. Treat, of this city, to whom it is highly creditable.

☞ "Keep a pig and live happily," say the men about town. An advertisement in to-day's paper shows where the pig is to be purchased, which is the first step towards this much-to-be-desired end.

☞ We regret to learn that a steam spoke and hub manufactory recently established at Christian Shore, by Geo. M. Huntress, has been discontinued.

☞ George E. Hodgdon, Esq, formerly Lieutenant in the 9th N. H. V., has been appointed Captain of the Portsmouth City Guards.

☞ A. J. Holt, Esq., editor of the Exeter News Letter, was in town yesterday, and looking hale and hearty. His paper is in the full tide of success.

☞ Deputy Sheriff Joy advertises this morning to accommodate those in need of his services.

☞ Rev. Baron Stowe, D. D., will preach at the Middle Street Church next Sabbath.

— Hattie A. Richardson of Northampton, Mass., was struck by lightning several days since while walking from the Wilbraham camp meeting ground to the depot, and paralyzed so that she remained insensible for two days, and she has not yet recovered her speech. Her clothing was considerably torn by the fluid, and a gold ring melted from her finger.

GOLD, THURSDAY, 142 3-8.

IN VIRGINIA, the late rains have caused malarious fever. Gen. Schofield, in command there, has been sick with fever, but is recovering.

MARRIAGES.

In this city, at the residence of the bride's father, on Wednesday, Sept. 4, by Rev. T. F. Davies, Mr. THOMAS J. SHELDON to Miss S. LIZZIE JONES, daughter of Andrew H. Jones, Esq.

DEATHS.

In this city, Sept. 4, ARTHUR SYDNEY LOWD, aged 18 years, son of Mr. Wm. B. Lowd.

Important Notice to the Public.

The Greatest Inducement ever offered to the People. Every Ticket Holder draws a Prize. Read the Programme.

GLEASON HALL.

PRESENTATION FESTIVAL.

The Fourth and Last Grand Concert

Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND,

Will positively take place on

Thursday Evening, October 10, 1867,

AT GLEASON HALL, WEST TROY, N. Y.

The first, second and third Concerts of the series for this season (as per former advertisements), July 25th, Aug. 8th and 29th, and gave unlimited satisfaction, the large Hall being filled to overflowing on each of the occasions, and to a refined and appreciative audience from all parts of the State. There was a committee of three reliable and well-known gentlemen selected by the audience on the night of the first Concert to superintend the drawing, which will positively take place on the evening of the above Concert. The Committee are most desirous that all ticket holders should be present to witness the drawing, and thereby relieve themselves of any doubt as to the fairness of the transaction. They also assure those who cannot make it convenient to be present, that their interests will be guarded the same as if they were present. The Tickets, which have been limited to 75,000, at

ONE DOLLAR EACH,

can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. There will be a present awarded the holder of every ticket—Among the presents to be awarded are the following:—

Metropolitan Hotel, West Troy, **$30,000**
FARM, fifty acres, Rensselaer Co., 4,000
Six Building Lots, Albany City, - 4,000
One Mortgage, Albany City Property, 2,000
Two Billiard Tables, 1,200
One Mortgage, Farm 56 acres - - 1,075
One Piano, - - - - - 500
Three Melodeons, - - - - - 375
Two Bedroom sets, 200
One Grover & Baker Sewing Machine, plated, 90
One Wheeler & Wilson Sewing Machine, 70

And Thousands of Other Presents,

Consisting of

Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Pitchers, Sets Knives and Forks, Sets Spoons, Dressing Cases, Port Monnaies, Scarfs, Tables, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.

The above property will be delivered to the person entitled to it free from all incumbrance and a title guaranteed.

The property may be seen at any time by calling on the owner, John H. Casey, Metropolitan Hotel, West Troy, N. Y.

We, the undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be placed in our hands, and will by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey as correct, and we will pay off and discharge, from the moneys so received, all mortgages upon the property. ANDREW ALEXANDER,

THOMAS RATH.

The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will conduct the presentation with honesty and fairness, and try to give satisfaction to the public

Hon. Oscar F. Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Factory; G. N. F. Wilbeck, N. Y. U. R. R.; G. Wilbeck, Att'y and Coun. at Law; A. J. Rousseau; Dr. J. P. Wilbeck; Hon. Thos. Kearney, Ex-Co. Treas., Albany Co.; Hon. Richard Pitcher, N. Y. C. R. R.; Thomas Rath; T. W. Jackson, Att'y and Coun. at Law; R. S. Lobdell, Supt. West Troy G. L. Co.; F. A. At BATCHELDER & CO.'S STORE,

3 Congress Street, Portsmouth.

N. B.—In order to give confidence to the public, and secure them in their investment, we allow our agents to retain all moneys received for the sale of tickets, until the distribution takes place.

We, the undersigned, having been appointed a Committee by the ticket holders of the Gleason Hall Presentation Festival to decide as to what manner the drawing shall be conducted, do decide and determine that all the numbers from 1 to 75,000 shall be placed in one wheel and the first drawn number shall take the highest prize, the second the next highest, and so on until all the prizes are drawn. Hoping this will meet the approval of the ticket holders, we remain, &c.,

CHAS. DORING, JOS. P. FATT, M. NILES, Committee.

Dated August 26th, 1867. s2—to10*

Portsmouth Intelligence Office.

Mr. Edward A. Joy would respectfully announce to the citizens of Portsmouth and others, that he is about to open an **INTELLIGENCE OFFICE** in connection with his store, No. 9 Pleasant street, where he will endeavor promptly and faithfully to perform all business pertaining to such an office. All persons having tenements to let, or wishing to employ help; and those desiring to hire tenements, or to secure situations, are requested to call and make known the facts. Persons wishing to let pianos, &c., or to hire the same, will find it to their advantage to call. *No charges unless satisfactory information be obtained.*

Call and examine, and get a descriptive Circular.

THE

CENTRAL PACIFIC RAILROAD,

THE WESTERN HALF OF THE

GREAT NATIONAL TRUNK LINE

ACROSS THE CONTINENT,

being constructed with the AID and SUPERVISION OF THE UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the sole link of connection between the Pacific coast and the Great Interior Basin, and the

Principal Portion of the Main Steam Line between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific, but it will ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, continue to all the great Mining Regions of the Far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of **$65 miles $28,596,000,** or at the average rate of **$35,000 per mile**—not including an absolute grant of **10,000,000 acres** of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by securing its first lien in favor of the First Mortgage Bondholders, the GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Acts of Congress upon the other parts of the through line, and has, in addition, several

exclusive advantages applicable only to the Western Half.

I. The Company has received from the State and chief cities of California, *assistance in money, credit and valuable property, worth over* $3,000,000 in gold, in addition to the full benefit of the Government subsidies.

II. *The hardest and costliest part of its construction has been successfully overcome* within the first 150 miles. It is very much the cheapest to be completed entirely across the Sierra Nevadas, after *which progress to Salt Lake will be easy and rapid.*

III. The local business alone of this road establishes its complete financial success, independently of the vast through business which must pass over it. The gross earnings for the months of June and July, upon the 91 miles then open for business, were at the rate of $297,000 in gold; of which *four-fifths* were net earnings.

IV. It can have no competition, but will carry, beside its own lucrative local traffic, the *whole volume of through business* which is shared among the Eastern connections and their branches.

V. The road lies wholly in territory yielding the precious metals, and is remote from *depreciated* coin. Its rates for transportation are very advantageous, being more than three times those of roads having *their entire earnings in the rates of operating expenses is less than 25 per cent. of the gross earnings.*

VI. In consequence of the aid it receives from the General Government, from the State of California, and from municipal corporations, the annual interest obligations which the Company are called upon to assume are very light. The net earnings upon an average of about 75 miles in 1865 were nearly *three times the amount of annual interest liabilities to be assumed in bridging it, and were* $235,000 *more than the annual interest on the entire amount of First Mortgage Bonds which the Company can issue upon the first* 150 *miles.*

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds.

Principal and Interest payable in Gold Coin, in New York city. They are in sums of $1000 each, with semi-annual gold coupons attached, and are selling for the present at 95 per cent. and accrued interest from July 1st added, in currency, at which rate they yield over

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as the Bonds granted by the Government; and represent, in all cases, the *first lien* upon a completed, equipped and productive railroad, which has been invested Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than twice the amount of First Mortgage Bonds which can be issued upon it.

The agreement of this Company to pay principal and interest of their Bonds in gold, being made under the Specie Contract Law of California, authorizing and enforcing contracts to pay gold, *is legally binding*, and the earlier payments made by companies in States where no such legislative sanction exists.

In these and other particulars the Securities of the Central Pacific Company *offer an unusual degree of safety, stability and profit combined.*

The Directors of the Central Pacific Company are destined to occupy a prominent place among FIRST CLASS SECURITIES in the money market of the country, and Bonds and Stock will, without doubt, be eagerly sought for, and anxiously dealt in hereafter, at rates materially in advance of the prices at which they are now offered.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, institutions and others as an eminently *sound, desirable and remunerative form of permanent investment.*

Morning Chronicle.

BANKRUPT LAW.—It seems the enactment of a bankrupt law by the last Congress, which had been urged strongly, and which a large number of unfortunate men were expected to take advantage of, has worked differently from what was expected, but with no less favorable result. Instead of availing themselves of the law, the greater number of debtors are settling with their creditors, which has all the good effects and none of the disadvantages of going through the legal mill, which grinds so slow and fine. This has been done to so great an extent that thousands of old merchants will re-enter business circles this fall and winter. The law itself has of course promoted these settlements by favoring honest debtors—The law practically allows of three modes of settlement—the voluntary or involuntary bankruptcy of insolvent debtors, or a compromise without legal proceedings, and the last named seems to be generally preferred.

— The Fort Smith (Arkansas) Herald of the 3d says: "The corn crop will be very large this season. Corn will be abundant. We have heard of only one neighborhood where they have not had a good season, and that is in Sugar Loaf Valley. But everywhere, on the poorest uplands, the corn is as large and promising as in the richest bottoms."

— George L. Schuyler, of the late firm of R. & G. Schuyler, has filed a petition of bankruptcy in the District Court in New York. His indebtedness is estimated at nearly four million dollars, and he claims to have nothing whatever with which to settle. Some of the items in his list of liabilities mount up among the hundred thousands, one of them being for $558,456 and another for $329,299, both being for money borrowed.

— In a circular note the Sublime Porte anounces to its ministers at foreign courts, the war in the island of Candia has been brought to a close, and that general amnesty has been granted to the insurgents. The same note promises that many reforms will be forthwith introduced in the laws and the administration of the island. But though it is known that the insurrection has of late been somewhat exhausted, — the Tribune says the world will demand some better proof than an official dispatch from the Turkish government, before it believes in the complete subjugation of the heroic Cretans.

BRADBURY'S NEW
Sunday-School Singing Book.
FRESH LAURELS
NOW READY!
FRESH LAURELS
NOW READY!
FRESH LAURELS
NOW READY!

BRADBURY'S NEW SABBATH-SCHOOL MUSIC BOOK, entitled "**Fresh Laurels for the Sabbath-school,**" is published This Day at No. 425 Broome street, New York. Orders will be filled promptly on receipt of the. The "extraordinary demand" of nearly FORTY THOUSAND copies before the book was published will necessarily cause some delay in filling orders, but each will be filled in its turn. Price of FRESH LAURELS, 35 cents, or $30 per hundred, cash, in board covers; paper covers 30 cents, or $25 per hundred. Single specimen copies, in paper, sent by mail on receipt of 25 cents.

SUPERINTENDENTS AND TEACHERS.—If you do not find the work in the adjacent bookstores, send directly to the publisher, inclosing draft for the amount, and your orders will be promptly filled. The same also for any other of Bradbury's S. S. works.

☞ THE SABBATH SCHOOL that is able to supply itself with FRESH LAURELS and Bradbury's NEW GOLDEN TRIO, will have a stock of Music and Hymns that will supply them with every variety they can desire for many years.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of the U. S. Patent Office, Washington and author of works on the Law of Patents.
No. 78 State street, (opposite Kilby street,) Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States, Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, Bonds, and all papers or drawings for Inventions, executed on reasonable terms, with dispatch. Researches made into American and Foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. All specimens recorded in Washington.

No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.

During eight months the subscriber, in the course of his large practice, made on these rejected applications, SIXTEEN APPEALS; *every one* of which was decided *in his favor* by the Commissioner of Patents.

☞ "I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse." ELIJAH MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they can not employ a man *more competent and conscientious*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.

"Mr. R. H. EDDY has made for me THIRTEEN applications, in all but *ONE* of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part, leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGRART."

NEW ADVERTISEMENTS.

DOWNER
KEROSENE OIL CO.
Office, No. 108 Water Street, Boston.

TO CONSUMERS OF OIL.
CAUTION.

It having come to our knowledge that many dealers, throughout New England, are in the habit of buying small quantities of our Oil, and larger quantities of inferior oils, and using our brand and packages fraudulently in the sale of them inferior oils, we are determined to stop such frauds, and hereby offer a **Reward of 100 Dollars** for information that will lead to the detection and punishment of any party using our name or brand in the sale of any other than our own Oil. The "**Downer Kerosene Oil**" has been frequently tested and analyzed by Dr. A. A. HAYES, State Assayer, and in a communication to us dated July 5, 1867, he says: "The term 'Kerosene' as used by the **Downer Oil Company**, applies to the highest grade of oil, and which, our trials show, does not inflame below 120 degrees Fahrenheit, and carries the assurance of both safety and excellence with it; while the mixed Oils are not only unsafe, but in causing accidents, destroy confidence in the safe and excellent article for affording light produced by the honest manufacturer."

Caution
To Females in Delicate Health.
DR. DOW, Physician and Surgeon, No. 7 ENDICOTT St., Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Fluor Albus, Suppression and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days. An invariably certain in this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience the cure of diseases of women than any other physician in Boston.
Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered.
Office hours from 8 A. M. to 9 P. M.
Boston, Aug. 4, 1867.—1yeow

SPEER'S SAMBUCI WINE,
Prescribed by Physician for
FEMALES, WEAKLY PERSONS AND INVALIDS.

As a Tonic, it has no equal, causing an appetite and building up the system of the most debilitated
As a Diuretic, it imparts a healthy action to the Glands, Kidneys and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.
As a Blood Purifier, it is superior, being one of the best alteratives known in the medical pharmacopoia.
The qualities of SAMBUCI are "*multum in parvo*," being at once a Tonic, Diuretic, Alterative, Diaphoretic and Saponific.
N. B.—Vinum bonum bonum sanguinem facit.
SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and bonefitting ladies and children.
Be sure the signature of *ALFRED SPEER*, Passaic, N. J., is over the cork of the bottle.
For sale by Town Agents and Druggists.

The Chronicle.

— A fair and ball at Plymouth realized $2300 in aid of the monument fund.

— There are no fewer than 341 manufacturers of false teeth in Paris.

— It is stated that John B. Gough has been obliged to decline four hundred invitations to lecture during the coming season.

— The Journal of Chemistry says that lager beer contains from six to ten per cent. of alcohol.

— The Scientific American doubts the practicability of using petroleum as a substitute for coal as a fuel. It considers the experiments that have been made with the former article quite unsatisfactory as regards economy of burning.

— Froude, the English historian, says that Queen Elizabeth was the greatest liar and perjurer in the whole list of British rulers. He stripped off the romance which has clothed the "Virgin Queen," and made her out to be weak, false and treacherous.

— It is computed that at least 1200 printers are now out of employment in London, while as many more are only working half time. This state of things has lasted two months, and there is consequently great distress among them.

— After the disaster to the little yacht John T. Ford, reported by a cable dispatch, we hope to hear no more of foolhardy voyages across the Atlantic in tubs and cockleshells. There is no true bravery in tempting Providence, and no glory in succeeding in an adventure which is simply rash without being useful to any human creature.

— Louis Napoleon has made two more peace speeches, and Baron de Moustier has issued a pacific circular to the diplomatic agents of France. This has somewhat calmed the excitement in the commercial circles of Paris, but it is commonly expected, that it will not be long before the war rumors will again be revived.

— An experiment in Chinese tea culture has been so far successful in Georgia. The seeds were planted eight years ago, and the shrubs are about seven feet high. Although exposed to all weather, they are healthy, and have full vitality, notwithstanding they are liberally unleaved each season.

BILLIARDS.
Lovers of the game will find new, improved four-pocket tables and good accommodations at
UNION BILLIARD HALL.
Pleasant Street, next door to Post Office. my17

THE ONLY INSTRUMENT WITH WHICH CATARRH
Can be successfully treated is the
Nasal Irrigator.
It is also very efficient in stopping Bleeding at the Nose. For administering medicines or liquid food to invalids it is unequaled, as by its aid this can be done without raising the patient's head from the pillow, and without possibility of soiling the clothing. For sale at
ap22 THACHER'S, 12 Market Square.

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.

BREAD
MIXING and KNEADING MACHINES.
One of the Most DESIRABLE and VALUABLE
Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.

The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the advantages of the Bread Mixers and Kneaders
The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness,
Certainty of always having Good Bread, which even the most skilful often fail in making.
The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction in every family.
It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.
The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au6 E. A. STEVENS.

DUPEE, BECK & SAYLES,
STOCK BROKERS,
Second by **No. 22 State Street, Boston.**
JAMES A. DUPEE, JAMES BECK, HENRY SAYLES.

The Daily Chronicle.

Portsmouth, N. H.

SATURDAY, SEPTEMBER 7, 1867.

☞ It is said that great numbers of democratic party politicians are swarming the lobbies of the White House and applauding the President for his recent course.—He has also been overwhelmed with letters of endorsement from a great multitude of the Democratic party all over the country, from Maine to Texas, especially Texas.—[They are soft-soaping the foolish old man, and bounding him on to his own destruction, hoping some imaginary good to themselves, and vainly striving to roll back the tide of affairs to the condition where they were before the rebellion broke out. This, however, is impossible; though by the help of the President in his *delirium*, they may do much mischief, and keep back reconstruction another year or two.]

THE NEW NATIONAL CRISIS.—Pres. Johnson now announces that all who oppose the administration must "stand aside," as he is about to "swing around the circle" with a cudgel in one hand, an axe in the other, and a brick in his hat. It is semi-officially threatened (says a loyal exchange) that the military commanders must go over to the rebels or lose their heads. Mr. Johnson says that having exhausted every effort at conciliation, he "shall now unflinchingly enforce every constitutional power to save the country from impending ruin; that the simple issue is constitutional government or military despotism, and he has fully resolved upon the course he should adopt to fulfil the plain requirements of his office." The plain purport of this language is that the President threatens civil war, if he cannot peacefully obtain his object of preventing reconstruction on the Congressional plan. That this is Johnson's plan there is little doubt.

Andrew Johnson, more than a year ago, threatened the people with another civil war if they elected a Radical Congress.—The people have elected such a Congress, and in view of that threat "the time may come," to use the words of the Washington Chronicle, "and that right speedily, when it will be a crime to obey the President as commander-in-chief of the army. Then we shall need a man bold enough to arrest his course and save the country." We trust that in Grant we have such a man.

WASHINGTON ITEMS. — The Times special Washington dispatch says that in view of the grave charges in the President's proclamation of removal, Gen. Sickles will demand a Court of Inquiry.

Official information from Mississippi states that the military have brought to punishment more criminals within the last three months than have been arrested by the civil authorities since the war, and everything is very quiet there.

The Tribune's special Washington dispatch says Gen. Grant was compelled to return home sick, shortly after reaching the War office Thursday.

GEN. SICKLES has passed over his command at Charleston to Gen. Canby, who was received with a salute of 13 guns.—Gen. Sickles in a fatewell order commends the zeal and fidelity of his subordinate officers and the troops. Gen. Canby's first order simply announces that he has assumed command. He names his staff and continues in force for the present all existing orders.

Gen. Sickles sails for N. Y. on Saturday. He publishes in the papers a long letter to Gen. Grant in justification of his course.

GEN. SHERIDAN and his personal staff left New Orleans Sept. 5, and were escorted to the depot by the Mayor, members of the Council and a number of citizens.—Several gentlemen addressed the General in brief but complimentary terms, to which he responded. Resolutions of regret at his leaving were read and adopted. One of the party nominated Gen. Sheridan for Andrew Johnson's successor.

SALE OF THE AMESBURY WOOLEN MILLS.—The mill and other property of the Amesbury Woolen Company, at Amesbury, was sold at auction on Wednesday, and was bid off for Franklin Skinner & Co. of Boston for $92,000. The mill is of brick, four stories high, 125 by 150 feet, with eight sets of machinery. There are about seven acres of land and fifteen tenements for operatives. The property cost $150,000, and the stockholders will not only lose all they paid in, but will have to make up the sum of $15,000 to meet outstanding debts.

☞ A union of the temperance and reform associations has been effected in New York city, the object of which is declared to be to defend the American idea of a quiet Sunday, to enforce the Excise law, to spread the principles of temperance, and to promote other social reforms by the use of the ballot in conventions and at elections.—The movement is intended to counteract the action of organizations formed to defeat the Sunday liquor law.

GOLD, Friday, 142 1-2.

☞ Among the good sport of the past week, in various parts of New England, the New Hampshire Horse Fair at Manchester, on Tuesday, Wednesday and Thursday, appears to have resulted in as much amusement as any of the numerous gatherings of the sort. We were able to attend only on the last day, and our remarks must be brief and partly borrowed from others.

As to the little gray mare Nellie Locke, owned in our city, which figured largely on this occasion—we happened to be in the stand when she made her first public appearance in New Hampshire, at Exeter last year; and as she stepped into the ring, we remarked that she was the best horse in the State, for a few of our scrip, and we have never seen any reason to change that opinion. The Manchester Mirror calls her "Nellie Locke, the beautiful Canada mare, that with proper bitting and driving could make a mile handily on our track in 2.30," Though she won (or was awarded) no race at this fair, and got little money—she covered herself all over with glory, and made friends with every man who saw her trot, whenever and wherever she was asked to.

Among the purses offered at the Fair, was a trot for $70, $30, and $15, for the fastest mare or gelding owned in the State—to harness, mile heats, best 3 in 5. For this, three went,—Butler of Concord, (who was of little account in the race), Wonder of Nashua, and Nellie Locke, between whom was the real contest. This was on Wednesday, and from the reports in the papers, as well as the statements of all we met who saw it, Nellie actually won, and should have had the money.—But the judges, whose position is often a trying one on such occasions, decided against her, and gave it to Wonder, who, all agree, has less speed than Nellie, but was driven by an experienced jockey, and handled better.—Of the five heats, Nellie won the first in 2:38, and Wonder the second in 2:36; on the third, the little pet gray mare came in ahead in 2:38, but was set back for running, (at which she is not handy and of which she is not fond) and the heat pronounced dead—"to the evident satisfaction of Nellie's friends." The fourth heat was given to Wonder, 2:38; and for the fifth and deciding heat, there was a great struggle and scrimmage, both during its trotting and afterwards. The Boston Journal reporter (a New Hampshire resident) gave all through the best account of the Fair, and he closes his report thus:

The race increased in interest, and all were anxious concerning the result of the fifth heat. After numerous scorings the horses at last got off. Wonder led, with Nellie second. Then Nellie gained, and at the quarter pole she and Wonder were neck and neck. For nearly half a mile these two horses trotted splendidly abreast, while the lookers-on almost held their breath in suspense. At the three-quarters point Nellie got one-half a length ahead of Wonder, and her friends commenced cheering. A moment later and Nellie got the advance and kept it to the goal, coming in amid much shouting and applause. Her time was 2:40. She was some five rods in advance of Wonder. Charges of running were made against Nellie, and it was nearly half an hour before the judges would award the heat. In the meantime an excited crowd gathered on the track in front of the stand, demanding the verdict of the committee. Finally the Chairman stated that Nellie broke and run badly, and by so doing lost the heat. For that reason they should award the fifth heat and race to Wonder. This announcement was received by the crowd with groans and hisses, and loud cries of "fraud," and "Nellie wins the heat." One of the judges attempted to state that the Board had acted impartially, but the murmurs of the spectators drowned his voice. The second purse of $30 was given to Nellie, but her owner went in front of the stand and publicly refused to take it. Thus closed one of the most exciting races which ever occurred in New Hampshire.

Thus ended the first lesson—and the sequel will show that the second was like unto it, only more so. On our entering the course, Thursday moring, we found the finest track and appointments we ever saw, and could but wish that our leading men generally would take hold in Portsmouth, and do what the most prominent and influential men in Manchester have done for *her* interest as well as pleasure. Mr. Clarke, of the Mirror, managed all the arrangements, and managed them well—and the Fair was a good success, take it all round.

Well, the talk all was of the great $500 trot in the afternoon, and as the Journal man says, "On account of yesterday's occurrences it was feared that Nellie would not trot today, and on making her appearance she was cheered by the spectators." The other entries were, William Woodruff of Boston named bay mare Empress; R. A. Champlin of Boston named buckskin gelding McClellan—mile heats, 3 in 5, to harness—for $350 and $150. The result is given as follows by the Journal:

There were five heats and all of them very interesting. It was almost dark before the last one was trotted. The first was won by McClellan—time 2:34; the second by the same—time 2:34 1-2; the third was won by Empress—time 2:35; the fourth by the same —time 2:31 1-2; the fifth, the race and the first purse were won by McClellan—time 2:35 Empress had the second purse. The friends of Nellie Locke were dissatisfied with her treatment on the course, and say that there was an unfair combination between the drivers of McClellan and Empress to misuse and defeat Nellie. There was a good deal of betting and pools sold briskly. McClellan was the favorite from first to last.

One of the judges of this race was Mr. Frank Jones of this city, and of course he did all in his power to secure fair play; but judges cannot control rascally drivers, so long as they keep within track rules—and though we are sure little Nellie could stand at least an even hand with either Empress or McClellan, it was too much to expect the beauty to outfoot both these fleet ones; and worse yet, to outwit their drivers—who were determined to carry off all the money. She did trot her mile in 2:34 or better, and this after a hard race the day before, and when previous to that she had hardly been speeded at all for the season, and was fat and soft, while the others had been trotting and hardening up all summer.—This McClellan is an old buckskin gelding, a regular old pelter—one of the homliest horses we ever saw, but with good speed; and little Empress is a well known sharp one, but is getting old too, and is always booted and covered up. Nellie is one of the fairest and squarest trotters ever seen, and is worth a pile of money. If we had the making of rules for a trotting track, there would be one which would distance any horse for more than one break in a half mile, or two in a mile. Running or shiving is not trotting, and should not be allowed to pass for it.

Everybody who saw the race, was sure Nellie *might* have won second, or even first money, if allowed a fair chance; and it was the common belief that after getting beat on Empress, she was pulled by her driver so as to lose the race.

FROM THE PLAINS.—Omaha dispatches say 180 Brule and Sioux Indians under a chief named "Iron Shell," have left the hostile camps of Red Cloud and come to the North Platte and placed themselves under the protection of the Government.

Eight men were killed and scalped recently on the Big Sandy.

IN CALIFORNIA, Haight, democrat, is said to be elected Governor by 2000 majority,—and one democrat and two Republicans elected to Congress; Legislature undecided, but probably Democratic by a small majority.

GEN. SHERIDAN passed his command at New Orleans over to Gen. Griffin on Thursday, and was to leave in the evening. The people at St. Louis are to give him a grand public reception on Monday.

☞ By the publication of diplomatic correspondence, it appears that Secretary Seward, last month tendered the wife of President Juarez a national vessel to proceed to Vera Cruz, and that she accepted the same. The tender was made only about twenty days after Minister Campbell had been refused a national vessel to proceed fro[illegible] Or[illegible]

☞ The Congregationalist and Recorder appears this week in quarto form, enlarged and improved in appearance. It is now one of the largest religious papers, and worthy the confidence of the denomination; circulation nearly 30,000. Subscription price $3; published in Boston once a week.

☞ The report that the Government of Denmark had sold the Danish Islands in the West Indies the United States is officially denied at Copehhagen.

☞ At New Orleans, there were 44 deaths from yellow fever during the 24 hours, ending Thursday evening.

☞ E. Steiger, 17 N. William st., N.Y., furnishes catalogues of German and English publications upon application, gratis.

— Is is said Senators Sumner and Wilson, and Gen. Butler have, in recent conversations, expressed the belief that President Johnson will be, and ought to be, impeached.

— The Aroostook (Me.) Times says in that county the wheat crop gives promise of an abundant yield, and as there was quite a large breadth of this grain sown, the harvest will prove very remunerative.

— Tuesday night, another of the Japanese performers fell from the sling suspended over the stage, at the Portland Theatre, a distance of more than 25 feet, and was considerably injured. He was carried from the stage by his companions and was doing well next mor[illegible]

A NOBLE RESPONSE.—Too much praise cannot be given to the noble response with which the Washington Library Company of Philadelphia are meeting in their patriotic endeavors to raise the required funds for the endowment of the Riverside Institute, a home for the gratuitous education of soldiers' and sailors' orphans. The plan adopted by the company has been subject to careful deliberation, and has received the endorsement of eminent legal authority. The trustees selected to disburse the money thus raised are well-known citizens of Pennsylvania and New Jersey, and their names would be a sufficient guarantee to those who would aid in rearing one of the noblest charities that ever thrust itself before the public. Every subscriber to the stock, which costs but one dollar per share, not only receives a fine steel plate engraving, worth at retail fifty per cent. more than what is paid for the stock, but is also guaranteed some present in the great distribution of the $200,000 worth of presents which are to be awarded to the stockholders. The three largest presents are worth $70,000.—Each shareholder has an equal chance to obtain one of the largest presents. Every one will obtain some present and a beautiful engraving.—Read advertisement.

A TALL MAN.

Saul, the first Hebrew king, stood "head and shoulders" above all others, and was a splendid specimen of a king and a man. So Pyle's Saleratus, for strength, purity and usefulness, stands far above all the spurious adulterations sought to be imposed on the community by unscrupulous men. 18

☞ SPEER'S Sambuci Wine ranks above all other Wines for medical purposes; it is a diuretic alterative and tonic. For weakly persons and the consumptive it has no equal. Sold by Druggists.

— While congratulating those having the fortune to be born beautiful, we, on the other hand, pity the household who has not had the good fortune to obtain a paper of Herrick Allen's Gold Medal Saleratus. Go immediately to your grocer and get a paper, and, our word for it, you will never use any other. It has been analyzed by one of the most distinguished chemists in the country, and pronounced perfectly harmless, and to produce one-eighth more bread or Biscuit from the same barrel of flour than can be produced with any other; besides it only takes about one half the quantity. Depot 132 Liberty Street, New York. 34

THE NEW ENGLAND FAIR has been held at Providence, R. I., this week. On one of the evenings, Maj. Gen. Howard addressed a large audience in Roger Williams Hall, at a meeting held under the auspices of the Young Men's Christian Association. His address was confined to the lessons which should be drawn from the war, and contained no allusions to the President.

Gov. Burnside held a reception at his residence, at which Chief Justice Chase and a large number of prominent persons were present.

At the dinner of the Society, Friday, a large number of prominent persons were present, among whom were Chief Justice Chase, Gen. Howard, Gov. Sprague, Gov. Harriman of New Hampshire, Ex-Gov. Andrew, Gov. English of Connecticut, and Gov. Burnside.

☞ At Montreal, Thursday, the elections passed off quietly. Cartier's majority was 567, and McGee's majority 501. Thomas D'Arcy McGee is thus sketched: "Judge of my astonishment to see a gouty fellow, swollen of cheeks, with flat feet, groggy nose and chops, a vitreous eye and bar-room air, walk up the hotel steps and swallow his toddy in the coffee-room with all the relish of a Tammany sachem."

NOT GOLD ONLY,

BUT

RICH, FRUITY, LUSCIOUS

WINES!

California is making grand strides in her agricultural products and is fast withdrawing herself as a purchaser for the manufactures of the various branches of industry she once demanded. She sends a warning voice to the time-worn vineyards of Europe, and enters the lists as a fresh, young combatant for the production of wines from her own rich and increasing vineyards.—The time has come when it is simply ridiculous for any one house to lay claim to especial advantages or peculiar privileges for the sale of

THE WINES OF CALIFORNIA.

As well might they claim a monopoly of the cotton trade.

C. A. RICHARDS & CO.

do not receive or sell all the wines which California produces, but they do claim to have at all times a very large quantity on hand of all the best kinds, and their advantages for getting the best, and getting them at the lowest market value, are such as to enable them to offer them at prices which to-day are lower than any other house which sells California Wines of equality. We bottle five kinds. They are,—

"Angelica,"
"Muscatel,"
"Still Champagne,"
"Hock" and
"Port,"
Also "California Brandy."

They are all perfectly pure, and may be relied upon in sickness or in health. The **Angelica** and **Muscatel** are rich, sweet wines. The **Hock** is fully equal to the medium grades of Rhine wines. The **Port** is actually better than many of the high cost Ports from Oporto. We sell these wines in any required quantity, from a single bottle to a THOUSAND CASES, and are ready at all times to exhibit samples, or to send them to any address.

CHURCH CHOIRS ARE SATISFIED

That the best book for their use is "THE JUBILATE." by L. O. Emerson. Letters from all directions confirm the opinion that no collection of Church Music recently published has given such general satisfaction. Choirs the most fastidious in their taste, and looking for great variation of being "very hard to please," have acknowledged it to be just the book they want. Price $1.38 per copy. $12 a dozen. OLIVER DITSON & CO., Publishers, 277 Washington street, Boston

DIRECTIONS FOR

MAKING YOUR OWN SOAP

WITH YOUR WASTE GREASE!

Penn'a Salt M'fg Co.'s Renowned

SAPONIFIER:

(Patents of 1st and 8th Feb., 1859,) OR

CONCENTRATED LYE!

Two Cents only for every pound of Soap.

DIRECTIONS.—Dissolve one box of *Lye* in 2½ pounds (pint) of hot water, in an iron pot. Melt in another pot or pan 5 lbs. of clean fat or grease. Take off the fire, and into *this* stir slowly the dis solved lye, and keep stirring until the whole becomes well mixed and like molasses. Now cover up, and set in a warm place over night. Next day cut up into small pieces, add 6 lbs. (or pints) of water, and melt with a gentle heat until the soap is *all dissolved*, then pour into a tub to cool. When cold, cut into bars, which will be fit to use in about ten days.

Beware of Counterfeits.—*Be particular in asking for PENN'A SALT M'FG CO'S SAPONIFIER.* d1—cowdawly

Observe B. BRANDRETH in white letters on the government stamp on each box. au20dawlm

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. Dr. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel F. Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only good for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Cuts, Insect Stings, Pains in the Limbs, Chestnut Back; also internally for Colds, Croups, Pains, Diarrhœa, Dysentery and Cholic. It is perfectly innocent to take internally, and is the best family medicine in the world. Orders are received at our Europe for it. Recently the celebrated Physicians recommend it—it never fails. DR. TOBIAS puts up every drop himself.—Sold by Druggists at 50 cents and $1 per bottle. Depot 56 Cortlandt street, N. Y. sdawim

DR. SCHENCK'S NEW OFFICE.

☞ DR. J. H. SCHENCK, of Philadelphia, has opened an office on second floor of No. 32 HANOVER STREET, Boston, where he will be professionally every WEDNESDAY, from 9 to 3. Every person complaining with Consumption or any disease leading to it, is invited to call on him. He gives advice free, but for a thorough examination with his Respirometer the charge is five dollars.

Dr. Schenck can explain to patients very correctly the stage of their disease, and how the appropriate medicines, namely, his Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills, without the use of the Respirometer; but if he can tell without it, how far the lungs are gone, and what part; also whether it is Tuberculous, Pulmonary, Bronchial or Dyspeptic Consumption, the weather is merely an incidental matter.

His medicines have full directions, so any one can take them without seeing him, but if they live near by and are well enough, it is best to see him. All three of his medicines are required in nearly every case of lung disease, for it is impossible to cure Consumption unless the stomach and liver is kept in perfect order. So to get rid in a healing condition the stomach must be cleansed, and an appetite for good rich food created, so as to make good blood, before the lungs will begin to heal; then the chills and night sweats will stop, and the expectoration become free and easy.

He keeps a full supply of medicines at his rooms, which can be had at all times.

Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents.

GEO. C. GOODWIN & CO., 38 Hanover street, Boston, General Wholesale Agents for the New England States. W mh4—dawiw no2

CROUP! CROUP!

DR. HOOKER'S

COUGH AND CROUP SYRUP

CURES

CROUP, COUGHS FROM COLDS, HOARSENESS, CATARRHAL COUGHS,

COUGHS FROM HUMORS & BRONCHIAL COUGHS and gives speedy relief in Whooping Cough. Neither is Asthma, and often cures the latter, and invariably shortens the run of the former.

☞ Croup is liable to be attacked with Croup without a moment's warning. It is, therefore, important that every family should have constantly at hand some ample and pleasant, yet efficacious remedy for the cure of this painful and too often fatal disease. Such a remedy is

Dr. Hooker's Cough and Croup Syrup.

For sale by all Druggists.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, my7—law dawly
JOHN B. OGDEN, 42 Cedar Street, New York.

Local.

☞ Some friend "S.," unknown, sends us half a dozen immense ears of green Indian maize, planted May 28th; and in his note says he "thinks this will beat Ira's, inasmuch as a portion of it is fourteen rows." Now while we gratefully acknowledge the Corn," which is some of the handsomest we ever saw, we must wait for the test of sucking the cob, before deciding this important affair, merely remarking now that "Ira" is hard to beat in such matters, and that his sample appears rather too ripe to compare to advantage, though some of that has 14 rows also.

☞ About seven o'clock one morning, not long since, a little boy was sent to moor a boat in one of our docks. A couple of hours elapsed and the boy did not return. As he was proverbially prompt in the performance of his errands, fears were entertained that he had fallen overboard and been drowned, which fears were better justified by the finding of the oars and rudder of the boat floating in the dock, when his agonized friends proceeded thither to look for him.

In a very short time about a dozen men were dragging and trawling the dock to find the body of the unfortunate youth, while his weeping relatives stood anxiously watching for the recovery of the lifeless remains of him who had so recently been with them in his full strength of youthful life.—A slight noise in one of the buildings upon the wharf attracted the attention of a gentleman who was watching the humane efforts of the searchers for the body, and looking up he beheld the lost youth emerging from the building, inquiring what in the world all those men were fishing for? The attention of one of the working party was called to the boy, and the celerity with which they all dropped their trawls and drags was laughable. The boy had left the rudder and oars upon the wharf and entered the building, where he fell asleep, the tide meantime rising so as to float the articles left upon the wharf, off into the dock.

☞ During the dignitaries' excursion to Smith's Isles the other day—on a call at the school house, the meeting was then addressed by several distinguished gentlemen, to the great satisfaction of all present.—After which some conversation with the teacher showing the necessity of having maps, &c., which were beyond her means to obtain, on the suggestion of Mayor Dearborn, the sum requisite was at once subscribed.

Afterwards, at the meeting house, Mr. M. Bafford stated that the church on the Island, one of the oldest, if not the oldest in the State, was in need of repairs, that a sum had been given by former visitants, and that a balance was wanted to fill the estimated cost. The sum wanted and something more, was cheerfully contributed by the party, who then with clear consciences, and the happy feeling that they had done something to make others as well as themselves happy, embarked and passed up the river to their homes.

☞ A and B bought 200 acres of land, for which each paid $196.87 1-2—$393.75; but A, to have his choice, paid 50 cents per acre more than B. What quantity of land did each have, and at what price per acre? N.

Answer.—A paid $2.25 per acre, and had 87 1-2 acres; B paid $1.75 per acre, and had 112 1-2 acres. C.

IN BOARD OF ALDERMEN, on Thursday evening, a petition from Jona. Roberts and others was received, that the contemplated highway to Freeman's Point be laid out on the line of Cutts Lane, and it was voted that the Board meet on Monday afternoon next to lay out said highway.

The committee appointed to examine the nuisance at the Creek were granted further time to report.

POLICE COURT, Sept. 6.—Thomas English, a sailor, for drunkenness, was fined $1 and $3.86 costs.

REV. W. C. FINNEY, formerly pastor of the Christian Society in Portsmouth, N. H., has accepted an invitation to take charge, for a year, of the First Unitarian Society in Marietta, Ohio.—*Monthly Jour.*

☞ Rev. Baron Stowe, D. D., will preach at the Middle Street Church next Sabbath.

☞ Mrs. Willard, a Boston lady, came very near being killed at Mount Mansfield, Vt., a day or two since. She was on her return, ascending, when the horse fell backward from a steep ledge, upon the rider, and injured her severely. *Mem.*—People who will climb steep mountains, had better go up on foot.

☞ At the Manchester Horse Fair, for gentlemen's driving horses, the first premium, $25, was awarded to L. Hall of Newmarket, for "Peter." He is a fine animal, dark bay or brown, and Mr. Hall was offered $1000 for him on the grounds, but asked $1200.

☞ On Wednesday $800,000 in gold dust reached St. Louis from Montana, the largest consignment ever received at one time.

— The citizens of Campton, will celebrate the one hundredth anniversary of the settlement of their town, on Thursday, the 12th of September. A cordial invitation is extended to "all of her absent sons and daughters" to be present on that day and "revive the memories of home."

— A letter dated July 20, and signed by Senators Henderson, Yates, Chandler, Howe, Ramsey, Morrill and other Republican Senators, addressed to Gen. Grant, and asking that Governor Wells may be reinstated so that he can sign the Mississippi Levee bonds as Governor of Louisiana, will be made public in a few days. It is based on the ground that the need of legality to the bonds is required for their negotiation.

MARRIAGES.

In this city, Aug. 29, ELIZABETH T. MCCARTY, aged 23.

In Boston, Sept. 2, Mr. JOHN M. PAGE, aged 35, formerly of this city.

GLEASON HALL

PRESENTATION FESTIVAL.

The Fourth and Last Grand Concert

Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND,

Thursday Evening, October 10, 1867,

AT GLEASON HALL, WEST TROY, N. Y.

The first, second and third Concerts of the series took place (as per former advertisements,) on July 25th, Aug 8th and 29th, and gave unlimited satisfaction, the large Hall being filled to overflowing on each of the above evenings with a refined and appreciative audience from all parts of the State. There was a committee of three reliable and well-known gentlemen selected by the audience on the night of the first Concert to superintend the drawing, which will positively take place on the evening of the above Concert. The Committee are most desirous that all ticket holders should be present to witness the drawing, and thereby relieve themselves of any doubt as to the fairness of the transaction. They also assure those who cannot make it convenient to be present, that their interests will be guarded the same as if they were present. The Tickets, which have been limited to 75,000, at

ONE DOLLAR EACH,

can be procured by addressing JOHN H. CASEY, Box 68, West Troy, N. Y., or any of the agents throughout the United States. There will be a present awarded the holder of every ticket.—Among the presents to be awarded are the following:—

Metropolitan Hotel, West Troy,	$30,000
FARM, fifty acres, Rensselaer Co., -	4,000
Six Building Lots, Albany City, -	6,000
One Mortgage, Albany City Property, -	1,000
Two Billiard Tables, - - - -	1,200
One Mortgage, Farm 80 acres - -	1,000
One Piano - - - - - -	500
Three Melodeons, - - - - -	375
Two Melodeons, - - - - -	300
One Grover & Baker Sewing Machine, plated,	85
One Wheeler & Wilson Sewing Machine,	70

And Thousands of Other Presents,

Consisting of

Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Lamps, Bronzes, Silver Plated Ware, Sets Knives and Forks, Sets Spoons, Dressing Cases, Port Monnaies, Scarfs, Tables, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.

The above property will be delivered to the person entitled to it free from all incumbrance and a title guaranteed.

The property may be seen at any time by calling on John H. Casey, John H. Casey, Metropolitan Hotel, West Troy, N. Y.

We, the undersigned, having been appointed as Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be placed in our hands, and will be by us retained until the distribution takes place. That we will audit and pay all bills and accounts that shall be countersigned by Mr. Casey as correct, and we will pay off and discharge, from the moneys so received, all incumbrances upon the property. ANDREW ALEXANDER,
THOMAS BATH.

The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will conduct the presentation with honesty and fairness, and to the satisfaction to the public

Hon. Oscar F. Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Ferry Co.; N. F. Witbeck, N. Y. C. R. R.; E. Witbeck, Atty and Couns. at Law; A. J. Rousseau; Dr. J. P. Witbeck; Hon. Thos. Murray, Ex. Co. Treas., Albany Co.; Henry Fitchett, N. Y. C. R. R.; Thomas Rath; T. W. Jackson, Atty and Couns. at Law; R. S. Smith, Supt. West Troy G. L. Co.; F. A. Rogers, Justice of the Peace; Russ & Co., 34 Dey st., N. Y.; John A. Gladding, Lansingburgh, N. Y.

SPECIAL TERMS OR CLUB RATES.—Five Tickets, $4 50; Ten Tickets, $9; Twenty Tickets, $18. A photograph of the Metropolitan Hotel may be seen at the stores of our Agents.

Tickets may be procured

At BATCHELDER & CO.'S STORE,

3 Congress Street, Portsmouth.

N. B.—In order to give confidence to the public, and secure them in their investment, we allow our agents to retain all moneys received for the sale of tickets, until the distribution takes place.

We, the undersigned, having been appointed a Committee by the ticket holders of the Gleason Hall Presentation Festival to decide in what manner the drawing shall be conducted, do decide and determine that all the numbers from 1 to 75,000 shall be placed in one wheel and the first drawn number shall take the highest prize, the second the next highest, and so on until all the prizes are drawn. Hoping this will meet the approval of the ticket holders, we remain, &c.,

CHAS. DORING, JOS. P. TAFT, M. NILES,
Committee.

Dated August 20th, 1867. s2—to10*

Portsmouth Intelligence Office.

Call and examine, and get a descriptive Circular.

THE

CENTRAL PACIFIC RAILROAD,

THE WESTERN HALF OF THE

GREAT NATIONAL TRUNK LINE

ACROSS THE CONTINENT,

being constructed with the AID and SUPERVISION OF UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND PROFITABLE RAILROADS IN THE WORLD, as it is the sole link of communication between the Pacific Coast and the Great Interior Basin, and the

Principal Portion of the Main Steam Line between the Atlantic Ocean and

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous part of California, Nevada and Utah, contiguous to all the great Mining Regions of the far West. The Company has the right to build and control half of the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have control of the completion of 865 miles $28,592,000, or at the average rate of $35,000 per mile—not including the grant of 10,000,000 acres of the best land in the United States. By becoming a joint investor in the magnificent enterprise, and by waiving its first lien in favor of the First Mortgage Bondholders, the GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary hazards.

The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Acts of Congress upon the Western half of the through line, and has, in addition, **several special, exclusive advantages** applicable only to the Western Half.

I. The Company has received from the State and chief cities of California, *assistance in money, credit and valuable property, to the amount of* $1,000,000 in gold, in addition to the full benefit of the Government subsidy.

II. *The hardest and costliest part of its construction has been successfully overcome* within the first 150 miles. In a few weeks the track will be completed entirely across the Sierra Nevadas, the most difficult progress to be made, and is now and rapid.

III. The local business alone of this road established it a complete financial success, independently of the vast through traffic which must pass over it. The gross earnings for the months of June and July, 1867, were $235,000 in gold; of which *four-fifths* were net earnings.

IV. It can have no competition, but will carry, *beside its own lucrative local traffic, the whole volume of through business* which is shared among its Eastern connections and their branches.

V. The road lies wholly in territory yielding the precious metals, *and its revenues are collected in coin.* Its rates for transportation are very advantageous, being more than three times those of roads lying east of it; and *the ratio of operating expenses is less than 25 per cent. of the gross earnings.*

VI. In consequence of the aid it receives from the General Government, from the State of California, and from municipal corporations, the annual interest obligations which the Company are called upon to assume are very light. The net earnings upon an average of about 75 miles in 1866 were nearly *three times the amount of annual interest liabilities to be assumed in building it, and were over* $235,000 *more than the annual interest on the entire amount of First Mortgage Bonds which the Company can issue upon the first* 150 *miles.*

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds,

Principal and interest payable in Gold Coin, in New York city. They are in sums of $1000 each, with semi-annual gold coupons attached, and are selling for the present at 90 per cent. and accrued interest from July 1st added, in currency, at which rate they yield nearly

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the work progresses, and in the same amount only as the Bonds granted by the Government, and represent, in all cases, the *first* lien upon a completed, equipped, and productive railroad, in which have been invested Government subsidies, stock subscriptions, donations, virgin assets, and much labor and wealth in work more than three times the amount of First Mortgage Bonds which can be issued upon it.

The agreement of this Company to pay principal and interest of their Bonds in coin, being made under the specie Contract Law of California, authorizing and enforcing contracts to pay gold, *is legally binding*, unlike similar agreements made by companies in States where no such legislative sanction exists.

In these important particulars the Securities of the Central Pacific Company *offer an unusual degree of safety, stability and profit* to investors.

THE FIRST MORTGAGE BONDS of this Company are destined to occupy a prominent place among RAILROAD SECURITIES in the money markets of this country and Europe, and will, without doubt, be eagerly sought for, and anxiously held in market, at the most liberal rates of advance of the price at which they are now offered.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions and others as eminently *sound, reliable and remunerative form of permanent investment.*

Morning Chronicle.

☞ At Onsipee, last week, one John F. Brown was under arrest, and had an examination before some justice whose name we have not learned, charged with robbing hen roosts, setting fire to buildings, threatening to shoot, &c. The result was, that he was required to get quite heavy bonds for his appearance at the October term. While waiting ostensibly for the purpose of raising the needful, he gave the officer having him in charge the slip, and was spirited away by one of his confederates, and the last accounts had not turned up.—*Wolfeborough News.*

MRS PARTINGTON says:—Diseases is various, very. The Doctor says old Mrs. Haze has two buckles upon her lungs—one dies of hermitage of the lungs, another of brown creatures—one has neorology in the head, and an embargo in the back. New rostrums take the place of old, but like and I stick to standup medicines, and as for that all the wimmen and sententious men take 'em. The Dr. is a deer man.

— The first temperance organization was formed in 1517, in England. It only prohibited its members from getting drunk. No member was allowed to drink more than fourteen glasses a day. The next organization was in the year 1600, and only allowed its members to get drunk on public days.

— They are to have two new Episcopal churches in Hartford. The corner-stone of the Church of the Good Shepherd is to be laid on Wednesday afternoon. It is to be built under the patronage of Mrs. Samuel Colt. The other one is to grow up through the enterprise of the admirers of Rev. Dr Doane, formerly of St. John's Church, and is to be called the Church of the Holy Cross.

— An English lady advertised in the London Standard for a housemaid. The next day she sent a letter to the editor of the paper, stating that she had received one hundred and eighty replies to the advertisement, many of them containing documents that required to be returned to their owners. The lady implored her correspondents to desist from further reply.

— Rev. Lorenzo Dow Beatly, formerly horse jockey, and a hard character generally, but now a noted revivalist, in a tirade against tobacco at the Willimantic camp-meeting, used the following illustration:—"What would you think if you were to see Jesus Christ on the camp ground, with a little old crooked pipe in his mouth?"—Sure enough—and if not he, then why his disciples?

BRADBURY'S NEW
Sunday - School Singing Book.
FRESH LAURELS
NOW READY!
FRESH LAURELS
NOW READY!
FRESH LAURELS
NOW READY!

BRADBURY'S NEW SABBATH-SCHOOL MUSIC BOOK, entitled "**Fresh Laurels for the Sabbath-school,**" is published this day, at No. 425 Broome street, New York. Orders will be filled as rapidly as possible. The "extraordinary demand" of nearly FORTY THOUSAND copies before the book was published will necessarily cause some delay in filling orders, but each will be filled in its turn. The price of FRESH LAURELS, 35 cents, or $30 per hundred, cash, in board covers; paper covers 30 cents, or $25 per hundred. Single specimen copies, in paper, sent by mail on receipt of 25 cents.

SUPERINTENDENTS AND TEACHERS.—If you do not find the work at the bookstores, send directly to the publisher, inclosing draft for the amount, and your orders will be promptly filled. The same also for any other of Bradbury's S. S. works.

☞ FEW SABBATH SCHOOL that is able to supply itself with FRESH LAURELS and Bradbury's NEW GOLDEN TRIO, will have a stock of Music and Hymns that will supply them *with every variety* they can desire for many years.

American and Foreign Patents.

B. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of the U. S. Patent Office, Washington under the Act of 1837.
No. 78 State street, (opposite Kilby street,) Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States, also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, Bonds, and all papers or drawings for Patents, executed on reasonable terms, with dispatch. Researches made in the American and Foreign works, to determine the validity and utility of Patents of inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.

No Agency in the United States possesses superior facilities for obtaining Patents, or ascertaining the patentability of inventions.

During eight months the subscriber, in the course of his large practice, made on *twice* rejected applications, SEVENTEEN AFFIDAVITS, every one of which was decided *in his favor* by the Commissioner of Patents.

☞"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHAS. MASON,"
Commissioner of Patents.

"I have no hesitation in assuring inventors that they can not employ a man *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them as early and favorable consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.

"Mr. B. H. EDDY has made for me THIRTEEN applications, in all but *ONE* of which patents have been granted, and that *one is now pending.* Such unmistakable proof of great talent and ability on his part, leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGHART."

NEW ADVERTISEMENTS.

DOWNER
KEROSENE OIL CO,
Office, No. 108 Water Street, Boston.

TO CONSUMERS OF OIL.
CAUTION.

It having come to our knowledge that many dealers, throughout New England, are in the habit of buying small quantities of our Oil, and larger quantities of inferior oils, and using our brand and packages fraudulently in the sale of these inferior oils, we are determined to stop such frauds, and hereby offer a **Reward of 100 Dollars** for information that will lead to the detection and punishment of any party using our name or brand in the sale of any other than our own Oil. The "**Downer Kerosene Oil**" has been frequently tested and analyzed by Dr. A. A. HAYES, State Assayer, and in a communication to us, dated July 5, 1867, he says: "The term 'Kerosene' as used by the **Downer Oil Company,** applies to the highest grade of Oil only, which, our trials show, does not inflame below 120 degrees Fahrenheit, and carries the assurance of both safety and excellence with it; while the mixed Oils are not only unsafe, but in causing accidents, destroy confidence in the safe and excellent article for affording light produced by the honest manufacturer."

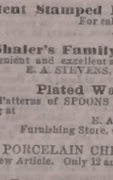
Caution
To Females in Feeble Health.
DR. DOW, Physician and Surgeon, No. 7 ENDICOTT St., Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Fluor Albus, Suppression and other menstrual derangements, are all treated on new pathological principles, and success will be guaranteed in a very few days. So invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston.
Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office Practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered.
Office hours from 8 A. M. to 9 P. M.
Boston, Aug. 4, 1867.—1yeow

SPEER'S SAMBUCI WINE.
Prescribed by Physician for
FEMALES, WEAKLY PERSONS AND INVALIDS.



As a Tonic, it has no equal, causing an appetite and building up the system.
As a Diuretic, it imparts a healthy action to the Glands, Kidneys and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.
As a Blood Purifier, it is superior, being one of the best alteratives known in the medical pharmacopoia.
The qualities of SAMBUCI are "*quietum in pectore*," being at once a Tonic, Diuretic, Alterative, Diaphoretic and Soporific.
N. B.—Young persons consume sanguinem facit.
SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and benefiting ladies and children.
Be sure the signature of *ALFRED SPEER*, Passaic, N. J., is over the cork of the bottle.
For sale by Town Agents and Druggists.

The Chronicle.

STORY FOR THE TIMES.—A loyal paper in New York, says:

Let us tell the President a homely story. Years ago in Westchester county there lived a noted bull. He was a conservative animal. He believed in the traditions of the fathers, and had risen from an humble station to a bull of strength and temper, fit for the proudest arena of Spain. His life was fixed. He detested radicalism. He swung around his circle from day to day, like a wise and resolute bull, calmly contemplating the wagon and the ox cart, the lumbering stage and the old family carriage.

By-and-by a railroad was laid, and one morning a locomotive rushed screeching along. The bull was alarmed. He had never heard of such a thing. It was unconstitutional. It was contrary to the teachings of the fathers. The Washington of bulls had never mentioned it, and the Jefferson of bulls he felt certain would have condemned it had he lived. There never was a bull so agitated, so vexed, so maddened, so alarmed. He did not care about himself. He would willingly pour himself out as a libation for the good of his race, but this radical innovation he could not endure. So he bellowed, and kicked and pranced, but all was as unavailing as so many vetoes.

One day he escaped from his pen. He heard the whistle. Now was his opportunity. Now would he put his foot down and stop the calamity. The train came thundering along, and placing himself in the middle of the track, he rushed upon it. We believe that locomotives still run in Westchester county.

A MILLIONAIRE BANKRUPT.—A petition was filed in the Bankrupt Court in New York last week by George L. Schuyler to be adjudged a bankrupt and discharged from all his debts, which affords an insight into the reckless manner in which business is conducted in that city. The Herald says: The petitioner is a brother of Robert Schuyler, the former President of the New Haven Railroad, who left the country in consequence of the exposure of the well remembered frauds in which he was implicated, and died in Italy. The indebtedness of George L. Schuyler is set down at not less than four million dollars; and he swears that he has no assets whatsoever, "neither land, property, stock, household goods, wearing apparel nor personal property of any description." He is literally cleaned out—a respectable, upper ten pauper; and yet from the list of his confiding creditors, he appears to have enjoyed a good credit and a remarkable facility for borrowing money.

Among his creditors for "money loaned," are some gentlemen who enjoy the reputation of cautious, prudent business men.—The brokers figure very prominently among the confiding victims. A prominent democratic Manhattan Club politician is touched to the tune of one hundred and eighty-two thousand dollars. One well known broker figures in the schedule for three hundred and twenty-nine thousand dollars, "money loaned." Four other firms in the same business evinced a similar confidence in the bankrupt to the gross amount of about seven hundred thousand dollars. Some sharp lawyers are creditors for one hundred thousand; while the great railroad king suffers for over half a million, and Governeur Morris for a quarter of a million, all on the same description of indebtedness. The loans by themselves amount to over two million dollars.

—A very religious old lady being asked her opinion of the organ of a church, the first time she had ever heard one, replied: "It is a pretty box of whistles, but, Oh! it's an awful way to spend the Sabbath."

—Mrs. O'Brien, residing in Jersey City, ran toward the ferry slip when no boat was there, and fell head long into the water.—By the exertions of several men employed at the ferry she was rescued, and on being brought to terra firma she was found to be so much intoxicated that the plainest questions were hardly intelligible to her, and one of the first sentences she uttered was: "Bring me a glass of brandy," at the same time holding out her hand, which was full of pennies, she having retained a firm grasp of them in her perilous position.

—A doctor in St. Andrews, N. B., called on a patient last winter who had been badly frostbitten, amputated the injured members, left and promised to call the next day. The next day came, but the doctor did not. The suffering patient sent for him repeatedly during the next twelve days, but received only promises instead of the doctor's presence. Finally he sent for other doctors, who came and helped him. Recently the neglected patient carried his grievance into court, and succeeded in getting a verdict in his favor, with damages set at $25,000.

BILLIARDS.
Lovers of the game will find new, improved four-pocket tables and good accommodations at
UNION BILLIARD HALL,
Pleasant Street, next door to Post Office. my17

THE ONLY INSTRUMENT WITH WHICH
Can be successfully treated is the
Nasal Irrigator.
It is also very efficient in stopping Bleeding at the Nose. For administering medicines or liquid food to invalids it is unequaled, as by its aid this can be done without raising the patient's head from the pillow, and without possibility of soiling the clothing. For sale at
np22 THACHER'S, 12 Market Square.

Light House Burner Chimnies,
Another lot just received.
Patent Self-Heating Flat Irons.
WIRE DISH COVERS.
For sale by E. A. STEVENS,
je29 46 Market Street.

BUY THE CHEAPEST AND THE BEST.
DR. WARREN'S
BILLIOUS BITTERS,
The Great Blood Purifier and Regulator.
Recommended in confidence by thousands for the past five years.

From M. S. Burr & Co., the oldest Wholesale and Retail Dealers in Proprietary Medicines, Perfumery, &c., in NEW England:
"We have sold large quantities of Dr. WARREN'S BILLIOUS BITTERS during the past five years, both at wholesale and retail, and have yet to learn of a single instance wherein they have failed to give perfect satisfaction. From personal knowledge, as well as from the reports of our numerous customers, we confidently recommend Dr. WARREN'S BILLIOUS BITTERS to the public as a safe, reliable and very valuable Family Medicine. M. S. BURR & CO."

N. B.—Observe a fac-simile Signature of the Proprietor, (JOHN A. PERRY), on the wrapper, without which none is genuine.

For sale by all Druggists.
JOHN A. PERRY, Chemist, Boston, Proprietor.
Wholesale by M. S. BURR & Co., General Agents, Dealers in Drugs, Medicines, Perfumery, &c., 26 Tremont St., Boston, Mass.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of the U. S. Patent Office, Washington under the Act of 1837.
No. 78 State street, (opposite Kilby street,) **Boston.**
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, Deeds, and all papers or drawings for Patents, executed on reasonable terms, with dispatch. Researches made into American and Foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.
No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.
During eight months the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS; *every one* of which was decided *in his favor* by the Commissioner of Patents.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they can not employ a man *more competent and trustworthy*, and more capable of securing their applications in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE,
Late Commissioner of Patents.
"Mr. R. H. EDDY has made for me THIRTEEN applications in all but ONE of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part, leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGHAER."
Boston, Jan. 1, 1867.—3tawly

"Coming from the Navy Yard,"
A beautiful scene on the Piscataqua, represented on one sheet, 24 by 36 inches, may be seen at the Music Store of Mr. Joy. Fifty applications have been made for this picture, but the author being a great lover of his native home scenes, retains it for the present for his peculiar associations. He intends, however, at the suggestion of individuals of Boston and at home, to issue a large and splendid fac-simile Lithographic Engraving of this picture, when subscriptions will warrant the large expense. Here are represented sixty or seventy swift row-boats filled with men of stalwart arms returning home at high water, beneath a July evening sky, from their labors upon the great naval ship, which may justly be termed the "Bulwark of our Country;"—the Vandalia sloop, riding in beauty inside the old "Beacon," and a part of the beautiful Navy Yard. Every work man and son of Portsmouth, at home or abroad, can have this life-stirring picture to hang in his house or store to perpetuate the noble scene.—The engraving shall give satisfaction to all subscribers or no pay will be required. All who would participate in this picture as copies will please enter the names as early as convenient, in a paper now at the Music Store of Mr. Joy.—Price only two dollars and fifty cents per copy, delivered. 86

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the Hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THIS HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

LAFAYEITE LAIGHTON.

BREAD
MIXING and KNEADING MACHINES.
One of the Most DESIRABLE and VALUABLE
Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.
The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the advantages of the Bread Mixers and Kneaders.
The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.
The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.
It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.
The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au6 E. A. STEVENS.

JAMES A. DUPEE, JAMES BECK, HENRY SAYLES.

The Daily Chronicle.

Portsmouth, N. H.

MONDAY, SEPTEMBER 9, 1867.

CALIFORNIA ELECTION has raised the spirits of the traitors and copperheads.—A Washington letter of Friday says:

A number of Californians, headed by Montgomery Blair, called on the President to-day, and handed him a dispatch from the Democratic State Committee of California, stating that the Democrats had carried the Legislature, elected their Governor and two out of the three Congressmen. They then congratulated the President on the victory, and in turn they were thanked by him for the news which he regarded, he said, as but the beginning of the reaction. After a few moments spent in general conversation, the Californians and Blair retired. The President appeared overjoyed at the news.

The Boston Journal remarks:—It is obvious that this is not the result anticipated by the Union men of the country, and it is not a result for which the Republicans of California can give any satisfactory excuse. They have not been overborne by any sudden gust of Democratic reaction. They have not suffered a loss of any Republican votes. The strength is all there; but the truth is, it has been divided, frittered away and not brought out, through personal and local quarrels. By neutralizing their own forces against each other, and by sheer apathy and neglect, the California Republicans invited the Democrats to walk over the course, and they appear to have accepted the invitation.

The N. Y. Tribune says, "It is very poor satisfaction to be told in dispatches from California that the Republicans might have elected their Governor. A great many good things "might have been." The defeat in itself is not of vital importance; but the manner in which it was brought about, and the elation it will produce in the ranks of the enemy, are not the most pleasant matters for reflection."

Indirectly, it may be overruled for good. It is justly probable that Pres. Johnson may be encouraged by it, to make some bold stroke for evil, so as to make his own impeachment sure and easy.

NEAR HARTFORD, Conn., Friday morning the dam of the West Hartford reservoir six miles from the city, which supplies the city with water, was washed away, sweeping corn fields and pasture lands, bearing away huge trees, mills, fences and everything with it for two miles. Fields flooded, and valleys and flats below covered with sand, rocks and other debris.

The loss to the city will be $100,000.—The dam carried away was 55 feet high and 200 wide. It was built a few years ago at a cost of $55,000, and was always leaking and always weak. The reservoir bed was 32 acres in extent, and is now drained dry. It held two hundred million gallons. The upper reservoir two miles above, with a partly finished dam 7 feet high, was also swept away. This reservoir covered 70 acres.

Two dams in Bristol, owned by E. Ingraham & Co., clock makers, were carried away; loss $10,000.

IN CONNECTICUT, on Thursday evening, the passenger train on the Naugatuck Railroad broke through the bridge across the Naugatuck river about two miles above Thomaston. The baggage car, in which were sixteen persons, went into the river and was carried over the dam at Thomaston. It floated six miles from the scene of the accident, and when secured, five men were clinging to it and were rescued. Ten persons are supposed to have been drowned. Six bodies have been recovered. One of them was that of Lucius Skinner, an Adams' Express agent at Winstead. Another body recovered was that of a son of Egbert W. Sperry of Walcottsville, 15 years of age. On Friday, stores and factories at Thomaston were all closed, and all bands were trawling in the river for the dead bodies.

AT BURLINGTON, Vermont, Friday afternoon, a frightful accident occurred during the races at the Chittenden county Fair Grounds. The seats, which were arranged in the form of an ampitheatre, while densely crowded with spectators, fell to the ground with a fearful crash, bringing down with them upward of 3000 persons, over 50 of whom were injured, some it is supposed fatally. Many had broken limbs. The structure was over 30 feet in hight.

☞ Mrs. Murch, wife of the late Capt. Wm. Murch, of Saco, was instantly killed on Tuesday evening by falling down stairs. She had retired the first of the evening and at about 9 o'clock got up and started to go down stairs to join the family. At the head of the stairs she made a misstep and fell to the floor below, dislocating her neck and expiring immediately. She was 91 years old.

☞ Wm. H. Harper, proprietor of Harper's Hotel, Sandwich, Mass., who has been for some time appealing his liquor cases from court to court, was sentenced at the Superior Court in Barnstable, on Wednesday, to pay a fine of $100 and costs, and three months in the House of Correction, and three months in jail.

GOLD, Saturday, 142 3-8. Sent to Europe, $677,000.

NEW HAMPSHIRE ITEMS.

—— Henry White, a lad of 7 years, was drowned in the Jackson Company's Canal, at Nashua, on Monday, 2d inst.

—— Dr. Ebenezer Woods, formerly of Nashua, fell dead on the barn floor at Lowell, Vt., on the 1st inst. He was 82 years of age.

—— The annual address before the New Hampshire State Agricultural Society on Thursday next will be delivered by Major Ben. Perley Poore.

—— We notice that nearly every field of potatoes in this vicinity has been struck by rust, and though a large amount of ground has been planted, the crop will probably be light.—*Canaan Reporter.*

—— A deer was shot by Mr. Thomas J. Marshall, near his residence in Factory Village, Canaan, on Saturday morning. It weighed when dressed, ninety pounds.

—— Mr. and Mrs. Lyman Bent of Fitzwilliam, celebrated their golden wedding a few days ago. They have had eleven children, all of whom are living, and ten of whom were present at this re-union.

—— A Handsome Library and building has been presented to the town of Marlboro' by a former townsman, Hon. R. S. Frost. It is to be free to all inhabitants of the town.

—— Two experienced miners have discovered copper in Grafton. They have obtained from the top of a ledge a quantity of ore, about 100 pounds, mingled with quartz and rock.

—— Mr. A. R. Kimball of Grafton, throwing hay from the high beams of a barn sometime since, by some mischance fell through to the floor below, a distance of sixteen feet. He was severely injured by the fall, breaking the collar bone, besides seriously bruising him in every part. He was taken up in an almost dying condition, and at last accounts he lay in a very feeble condition.

—— On Tuesday evening the following parties were conveyed to the State Prison, under sentence from the S. J. Court at Manchester: Wm. Robinson for stealing at Antrim, committed for six years; James M. Brooks, for stealing at Bennington, four years; Tom Smith, colored boy, for stealing money from the City Hotel, three years; Wm. Haynes for stealing harnesses from John G. Colt, of Manchester, for three years. These all pleaded guilty.

—— Three young men were arrested in Newmarket on Monday of last week, and brought before Noah Tebbetts, Esq., at Rochester, charged with theft. They were ordered to recognize in $1500 each. In default of bail, they were ordered to be committed to jail. They were lodged in Rochester over night, and the two principal offenders were handcuffed together. On Tuesday morning these two took "leg bail" for parts unknown. A few weeks ago, these persons were engaged in a street fight there, and were badly whipped. At that time they had a large amount of money on a Vermont bank, which it is supposed was stolen. Their names are Charles Ransom, *Albert Moranville* and *Daniel Moranville.*

— The amnesty proclamation will except Davis and Stephens.

— A boiler in the Renner Print Works at Lodi, N. J., exploded Friday, destroying the factory, but only five persons were injured out of thirty four. The building was three stories high. Loss $20,000.

— Samuel Kelley, of Jonesport, Me., who sold his farm last season and joined the Jaffa Colony, has returned fully convinced of his folly and in destitute circumstances. He is soliciting aid from his friends to enable him to commence life over again.

— An Ohio Republican writes that the State ticket will be elected by from 30,000 to 40,000 majority, and the Republicans will carry the Legislature, but that negro suffrage will be defeated by from 40,000 to 50,000. We do not believe that any such duplicity will be shown by the Republicans of Ohio.

— A bugaboo story has been started that certain Republican leaders have been raising a revolutionary army, to be commanded by Sheridan, for enforcing reconstruction at the South. This is said to be the cause of Johnson's last proclamation. Sometimes "a poor excuse is better than none," but not in this case.

— The soundings for the cable from Brest are completed. It will be laid from Brest to St. Pierre, Miquelon, thence along the coast of New Brunswick, Maine, New Hampshire, Massachusetts and Connecticut to New York. The cable is now making in London, and will be laid ready for use by the 1st of July next.

— The Washington correspondent of the Philadelphia Press predicts that Gen. Grant will be returned to his legitimate duty as comander of the army before the 10th instant. He adds that in the meantime, probably, Gen. Grant will give a formal expression of his views of the political situation inasmuch as he has already agreed to do so in an interview with Gen. Schenck and other Congressmen, leaving it to the Republican Executive Committee to decide upon the best method of bringing the matter before the public.

GEN. SICKLES' LETTER TO GEN. GRANT.

The letter of Gen. Sickles to Gen. Grant has been furnished for publication. It is dated Aug. 30th, and although written prior to Attorney Binckley's opinion relative to Gen. Sickles' removal, can be considered an answer to that document.

The letter is very long, embracing many documents sent by the Attorney General to Marshals in the Districts in his command and reports from military officers in the Districts, covering their action in matters where the civil and military officials come in contact.

After discussing at length the causes leading to the issue of order No. 10 and its effects, he says:

"No question or issue has yet arisen between the United States courts of this Military District and the District Commanders. It appears, however, that an issue is invited by a subordinate ministerial officer. The regulations prescribed by Order No. 10 have not been considered or passed upon by any courts of the United States, except in the South Carolina circuit, where the provisions of the order have been enforced.—The only Judicial precedent therefore is against the action of the Marshal of North Carolina, who is not even a judicial officer. The process of his Deputy was not issued upon any judgment in which the court had passed upon, the powers or duties of any military officer, and it is to be presumed that perfect harmony of action exists and will continue to exist between the Federal, Judicial and Military authorities in the Second Military District."

Gen. Sickles concludes as follows:

"The work of reconstruction in the Carolinas has all been done quietly, without violence or actual force. It is known that the force is here and can be used if necessary. I hesitate not in giving to you my deliberate conviction that if civil agencies had been employed in the work of reconstruction, or been allowed to control the military in the measures taken, they would have failed, and that failure would have involved a resort to military force to suppress violence. The blood so shed would have cried out to the people upon whose soil it had fallen, and when I consider how wide a chasm has been spanned, how much of a seemingly hopeless task has been achieved, how little remains to be done to secure all that a dreadful war was waged to accomplish, how near is the approach to returned union, and when I realize all this is to be put to great peril by measures which threaten to impair the authority and lessen the means of those upon whom success or failure depend, I have only to express, in the most respectful manner, my astonishment and regret. That done, and having performed the duty of presenting fully the facts and considerations bearing upon the important question now at issue, I shall faithfully obey any order you may give me.

DANIEL E. SICKLES, Major General."
To Gen. U. S. Grant.

(By International Telegraph Line.)

WASHINGTON, Sept. 7th.

The Cabinet yesterday were unanimously in favor of the Amnesty proclamation, and were also of the opinion that it conferred on those who were pardoned by it the right of suffrage.

☞ On Saturday morning about nine o'clock fire was discovered in the attic of the Lexington House, Lexington, Mass., occupied by Dr. Dio Lewis for his well-known school, and in spite of all the efforts of the citizens the entire building was soon burned to the ground. Only a portion of the furniture was saved and that in a damaged condition.

The house had been occupied during the vacation for the accommodation of summer boarders, and there were twenty or thirty stopping there at the time of the fire. They saved but a portion of their wardrobe. The stables and outbuildings were saved.

The building was of wood and very large and was owned by Dr. Lewis, and was partially insured, still his loss must be quite large. It was originally erected for a hotel and was occupied as such until three or four years ago, when Dr. Lewis secured it for his school. It stood on the main street just below the common, and was a notable feature of the place.

Dr. Lewis states that the destruction of the house will not at all interfere with his school, which will go on as usual, arrangements having already been made for the accommodation of his pupils.

FROM MEXICO.—A city of Mexico letter of July 29, states that Juarez had a formal reception by the inhabitants on the 15th, which lacked enthusiasm. Diaz threatened armed intervention if fourteen prisoners were not respited, and they were respited. Miramon has 2600 men in the mountains and recently shot ninety Liberals in revenge for his brother's death. Juarez's new cabinet is formed and the whole country is laid out into military districts.

A TALL MAN.

Saul, the first Hebrew king, stood "head and shoulders" above all others, and was a splendid specimen of a king and a man. So Pyle's Saleratus, for strength, purity and usefulness, stands far above all the spurious adulterations sought to be imposed on the community by unscrupulous men. 18

— Herrick Allen's Gold Medal Saleratus is far superior to super-carbonate of soda, and may be used in the same manner, with cream tartar, and for all other purposes where soda is used. It is perfectly healthy, and requires less in quantity.—Try one paper, and you will never have any other. Grocers and Druggists sell it. 35

☞ The oldest inhabitant of Boston is dead. He was a negro named Alexander Perkins, who died last Wednesday, quite suddenly, at his home in Phillips street place, of old age. "Uncle Phillips," as he was familiarly called, was born in North Carolina, a slave, and seven years ago, was purchased from his master, a planter, by Washington Perkins, his son, for the sum of $760—an exorbitant price for an old man.

His son states that his father frequently spoke of being a young man at the time the battle of Bunker Hill was fought, and that at the time of his death he was *one hundred and five years of age.*

Persons who have known him since he came from North Carolina, seem of opinion that the veteran must have been at least five years older than stated by his son.

He was apparently in good health, with clear mind, and walked out into the streets until a very few hours before his death, which occurred without a struggle.

GLEASON HALL
PRESENTATION FESTIVAL.
The Fourth and Last Grand Concert
Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND,
Will positively take place on
Thursday Evening, October 10, 1867,
AT GLEASON HALL, WEST TROY, N. Y.

The first, second and third Concerts of the series took place (as per former advertisements,) on July 25th, Aug 8th and 22d, and gave unlimited satisfaction, the large Hall being filled to overflowing on each of the above evenings with a refined and appreciative audience from all parts of the State. There was a committee of three reliable and well-known gentlemen selected by the audience on the night of the first Concert to superintend the drawing, which will positively take place on the evening of the above Concert. The Committee are most desirous that all ticket holders should be present to witness the drawing, and thereby relieve themselves of any doubt as to the fairness of the transaction. They also assure those who cannot make it convenient to be present, that their interests will be guarded the same as if they were present. The Tickets, which have been limited to 75,000, at
ONE DOLLAR EACH,
can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. There will be a present awarded the holder of every ticket.—Among the presents to be awarded are the following:—

Metropolitan Hotel, West Troy,	**$30,000**
FARM, fifty acres Rensselaer Co., -	4,000
Six Building Lots, Albany City, -	4,000
One Mortgage, Albany City Property,	1,000
Two Billiard Tables, - - - -	1,200
One Mortgage, Farm 56 acres - -	1,976
One Piano - - - - -	500
Three Melodeons, - - - - -	576
Two Bedroom sets, - - - -	200
One Grover & Baker Sewing Machine, plated,	85
One Wheeler & Wilson Sewing Machine,	70

And Thousands of other Presents,
Consisting of
Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Plubers, Sets Knives and Forks, Sets Spoons, Dressing Cases, Port Mounnaies, Scarfs, Tables, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.

The above property will be delivered to the person entitled to it free from all incumbrance and a title guaranteed.

The property may be seen at any time by calling on the owner, JOHN H. Casey, Metropolitan Hotel, West Troy, N. Y.

We, the undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be placed in our hands, and will be by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey as cor rect, and we will pay, on his discharge, from the moneys so received, all mortgages on the property. ANDREW ALEXANDER,
THOMAS HATH.

The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will execute the presentation with honesty and fairness, and try to give satisfaction to the public
Hon. Oscar F. Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Ferry Co.; N. F. Wilbeck, N. Y. C. R. R.; R. Witbeck, at U. and Cook, at W. A. J. Rousseau; Dr. J. P. Witbeck: Hon. Thos. Kearney, Ex-Co. Treas., Albany Co; Henry Fitchett, N. Y. C. R. R.; Thomas Hall; R. T. W. Jackson, Atty and Coun. at Law: E. S. Lobdell, Supt. West Troy G. L. Co.; P. A. Rogers, Justice of the Peace; Rufus Cook, 36 Dey st., N. Y.; John A. Gladding, Lansingburgh, N. Y.
SPECIAL TERMS or Club Rates.—Five Tickets, $4 50; Ten Tickets, $8; Twenty Tickets, $15. A photograph of the Metropolitan Hotel may be seen at the stores of our Agents.
Tickets may be procured
At BATCHELDER & CO.'S STORE,
3 Congress Street, Portsmouth.
N. B.—In order to give confidence to the public, and secure them in their investment, we allow our agents to retain all moneys received for the sale of tickets, until the distribution takes place.
We, the undersigned, having been appointed a Committee by the Ticket holders of the Gleason Hall Presentation Festival to decide in what manner the drawing shall be conducted, do decide and determine that all the numbers from 1 to 75,000 shall be placed in one wheel and the first drawn number shall take the highest prize, the second the next highest, and so on until all the prizes are drawn. Hoping this will meet the approval of the ticket holders, we remain, &c.,
CHAS. DORING, JOS. P. TAFT, M. NILES,
Committee.

GOOD NEWS
For the Economical!

A lot of **WOOD** has been sent to the Spool Factory by mistake, which will be sold at **$5.50 Per Cord**, to pay its freight, less than one half its value. It is good to burn, but will not make Spools. This affords an excellent opportunity to get your winter's wood cheap.

We have on hand a few cords of those White Birch SLABS.

Also, 5,000 cried BLOCKS, at 25 cents per barrel, and SAWDUST for packing and bedding, at 5 cents per barrel.

au26 DEARBORN & BROWNELL.

Special Notices.

BANKING HOUSE OF JAY COOKE & CO. No. 20 WALL STREET, *Cor. Nassau St. New York.*

We buy and sell at the most liberal current prices, and keep on hand a full supply of GOVERNMENT BONDS OF ALL ISSUES, SEVEN-THIRTIES, and COMPOUND INTEREST NOTES, and execute orders for purchase and sale of STOCKS, BONDS and GOLD.

CONVERSIONS.

We convert the several issues of SEVEN-THIRTIES at the most favorable market rates into Five-Twenties, which, at present price of gold yield the holder more than one per cent. more interest per annum. Circulars with full particulars furnished upon application.

my3dawly JAY COOKE & CO

IF WE HAVE A COLD, pain in the head, dizzy, bilious, costive, or sick from any cause, it is from the presence of offending humors, and this is so whether the pain be in the flesh, the nerves or the bones.

BRANDRETH'S PILLS

should be always ready, and are sure to purge, and this can be done according to the necessities of nature, by which the offending humors are removed and the health restored.

The Hon. Demas Barnes says, "I sell more of Brandreth's Pills than of all others put together."

BRANDRETH'S PILLS are for sale by druggists, and at the principal office, Brandreth House, New York.

Observe B. BRANDRETH in white letters on the government stamp on each box. au29dawlm

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. Dr. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel S. Waters. This is one of the wonderful cures made by Dr. TOBIAS' celebrated Venetian Liniment; it is not only good for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sprains, Insect Stings, Numbness in the Limbs, Chest and Back; also internally for Colic, Cramps, Diarrhœa, Dysentery and Croup. It is perfectly innocent to take internally, and the best family medicine in the world. Orders are received all over Europe for it. The most celebrated Physicians recommend it. Sold by all druggists. Dr. TOBIAS puts up every drop himself.—Sold by all Druggists at 50 cents and $1 per Bottle. Depot 56 Cortlandt street, N. Y. sdawlm

SCHENCK'S MANDRAKE PILLS.

A Certain Cure for Diseased Liver and the many Dangerous Maladies which are caused by a morbid condition of that organ.

To give the public a clear understanding of the mode in which SCHENCK'S Mandrake Pills produce those wonderful effects which are attested by thousands of reliable witnesses, we present a brief

DESCRIPTION OF THE HUMAN LIVER

and its functions, which will make the operation of this popular medicine perceptible to every man's understanding.

The liver is supplied with blood vessels, nerves and absorbants. One of its obvious uses is to secrete and prepare the bile. If the liver is torpid the blood and separates that fluid from all impurities. How indispensably necessary to health is the proper performance of this function! If the liver is diseased, it cannot purify the blood, and if that is sent back through the lungs, brain and other parts in a morbid condition, it must cause dangerous, biliousness, obstruction of the kidneys, gravel, and many other complaints more or less painful and dangerous, but the least of them bad enough to make a man sick and uncomfortable, and unfit for the performance of any of the duties of life. This unhealthy state of the system very often ends in pulmonary consumption.

The circulation of the blood is conducted in this manner:—The heart receives the impure blood down through the arteries; it passes through the flesh, taking up all impurities in its progress; then the stream of blood flows back wards through the veins, and passes to the liver to be purified. It is impossible to cure consumption, scrofula, or scarcely any other kind of disease while the important organ, the liver, is diseased. It is for that reason that "regular physicians" rarely cure consumption. They usually begin their treatment with the use of some cough medicine, the basis of which is morphia or opium in some shape, which locks up the liver instead of relaxing the secretions, giving a tone to the stomach, and producing a healthy flow of bile. Dr. Schenck's

PULMONIC SYRUP, SEAWEED TONIC AND MANDRAKE PILLS,

will strengthen the system, purify the blood, and ripen and heal ulcers on the lungs.

A volume would be required, to give a brief account of the remarkable cures performed by Dr. Schenck's medicines. Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills—all of which are accompanied by full directions for the use of them.

DR. SCHENCK will be professionally at his rooms every week, 32 Bond street, New York, and 38 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer the charge is Five (5) dollars. His medicines are for sale by all druggists and dealers. Also a full supply at all times at his rooms. Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $?.50 the half dozen. Mandrake Pills 25 cents per box.

GEO. C. GOODWIN & CO., 38 Hanover street, Agents for Boston. For sale by all druggists. W n21—daw 1w No 3

TO CONSUMPTIVES.—The REV. EDWARD A. WILSON will send (free of charge) to all who desire it, the prescription with the directions for making and using the simple remedy by which he was cured of a long affection and that dread disease Consumption. His only object is to benefit the afflicted, and he hopes every sufferer will try this prescription, as it will cost them nothing and may prove a blessing. Pleases address

REV. EDWARD A. WILSON,
No. 165 South Second St., Williamsburgh, N. Y.

INFORMATION.—Information guaranteed to produce a luxuriant growth of hair upon a bald head or face of fifteen days; also a recipe for the removal of Pimples, Blotches, Eruptions, etc., on the skin, leaving the same soft, clear and beautiful, on receipt of three stamps for postage.

THOS. F. CHAPMAN, Chemist,
ly my? 823 Broadway, New York.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, my?—law dawly

JOHN B. OGDEN, 42 Cedar Street, New York.

Local.

☞On Friday, the 30th ult., it will be remembered that a boat from Fort Constitution was capsized in our harbor, and a soldier of Co. I, 3d U. S. Artillery, named James Smith, was drowned. It has since been ascertained that his real name was James F. Burbank, and that he is of a highly respectable family of South Norwalk, Conn. His personal history since the outbreak of the rebellion would form the basis for a very good romance. Of a roving disposition, he left his home and served in both army and navy, causing his friends considerable effort and expense to recover him from the manifold hazardous enterprises into which his impetuous youth led him to embark. On his present enlistment, when the fact became known to his parents, it was decided to leave him to serve out his time; but the sickle of the grim reaper has cut him off while yet the early bud of manhood was hardly developed. A gentleman arrived in this city on Saturday, on behalf of the parents, who will make the most earnest efforts for the recovery of the body.

NAVAL.—Lieut. Commander George Dewey has been detached from the Colorado and placed on waiting orders.

Paymaster G. F. Cutter has been detached from duty as Purchasing Paymaster at New York, &c., and ordered to hold himself in readiness for orders to the Piscataqua.

In consequence of the Peoria going out of commission, the following officers have been placed on waiting orders; Commander Oscar C. Badger, Lieut. Comdr. L. P. Adams, Passed Asst. Surgeon C. H. Gibberson, First Asst. Eng. John Purdy; Second Asst. Engrs. R. L. Webb, C. F. Phillippi and J. W. Gardner; Third Asst. Engr. Thomas W. Fitch; Acting Master M. V. B. Haines; Actg. Ensigns A. D. Campbell and Geo. W. Beverly; Mates R. J. Sperry, John C. Howard and Tunis D. Wendell. Passed Asst. Paymaster H. F. Wright has been ordered to settle his accounts.—Actg. Master Rudolph Somers has been ordered to the Marblehead, and Actg. Ensign Chas. R. Fleming to the Massachusetts.

☞ The schooner John U. Dennis arrived here on Saturday evening from Newburyport, bringing quite a large party of gentlemen from New York city and elsewhere, bound on a fishing cruise. Among the party were: Hon. John C. Develin, Nath. Comstock and John Hogan, New York; Hon. H. Ballard, Albany; Luther Caldwell and James T. Dudley, Elmira; Hons. L. S. Ketchum and O. Archer, Wayne Co., N. Y.; Wm. Breese, Otsego Co.; Hon. J. S. Landon and F. DeNigre, Schenectady; S. M. Foster, J. W. Cooke and Hon. Richard U. Sherman, Utica; Capt. Wm. Blaney, Swampscott. A good portion of the party passed the night at the Rockingham House, and on Sunday morning their vessel continued her cruise, with a clear sky and a spanking breeze.

☞ On Wednesday afternoon that long-tried teacher, Mr. Samuel Lamprey, will open his dancing school for Juveniles, at Irving Hall. From being an accomplishment in days of yore, dancing has become almost a requisite to the education of those who move in society.

☞ Assistant Postmaster General Zevely arrived in town on Saturday, for a few days' recreation. Notwithstanding his arduous duties, he is looking extremely well.

☞ A match game of base ball between the Gonic Club of Rochester and the Rockinghams of this city, will be played in Dover on Thursday afternoon next.

☞ Pensioners, either of the Army or Navy, should read an advertisement for their especial benefit, to be found in another column.

☞ We are indebted to Lieut. Wm. H. Cornelius for late New Orleans papers.

BROWN VS. HAMILL. — Through the courtesy of the International Telegraph Co. we have a dispatch dated Newburg, Sept. 7, at 2 P. M. It says: "A high gale has prevailed all the morning, whipping the river into white-capped waves, rendering pulling in shell boats entirely out of the question. There is no prospect of smooth water to day, and as the articles of agreement provide that smooth water must be a condition precedent to the race, the judges and others interested have decided to postpone it till Monday next, at 6 o'clock in the morning. Brown remains here, and will continue training until the race comes off. Hamill has gone to Cornwall, where he will continue his training."

— A serious election riot occurred in Montreal on Friday evening, and D'Arcy McGee was again mobbed.

—Policeman Alexander J. Day was shot by the confederate of a burglar, at Ferry Village, near Portland, on Friday evening. His wounds are not serious.

— It is stated that Gen. Grant's letters to Gen. Sickles contain things quite as pointed as his protest against the removal of Sheridan and quite as unlikely to please the President.

GOLD GAMBLERS—JOHNSON AND IMPEACHMENT.—An exchange now before us, has the following item:

The Republican Press are trying to make the people believe that the rise in the price of gold is in consequence of the action of the President in changing a few military officials. This is not so. It is the apprehension felt by many that Congress would impeach the President, which would place Ben Wade in the White House. If the Republican press and Republican politicians would stop their talk about impeachment, the gold gamblers could not succeed.

The "changing of a few military officials," under ordinary circumstances, would not affect gold, nor cause the slightest change in business. But their removal at the present time, (as every intelligent man knows,) is part of the plan to put such rebels and copperheads into power, as would gladly pay the Confederate war debt, repudiate our own national debt, and revive, as far as possible, the old vicious aristocracy which made the rebellion.

This plan and this conduct make *impeachment* highly probable,—and it must and will be talked about. It is often alluded to in the columns of the same paper from which we cut the item. To say that when certain men and papers stop talking about impeachment, gold gamblers will stop,—sounds very much in the same style as the talk of seven or eight years ago did, when we used to be told that if people would only stop talking about slavery, and "let the South alone," everything would be quiet and lovely.

That was impossible then, and this is now; but suppose we turn the tables: If the President WOULD STOP acting like a maniac under the power of delirium tremens, the press would probably stop talking about impeachment,—and the gold gamblers might possibly dry up.

But while the present agitation is kept up by the party of swindling adventurers who are attracted round the White House and encouraged there, gold will waver;—and when the impeachment actually commences, no doubt gold will rise quick and high, as it did when we had to fight the same adventurers in the rebellion.

This is, to be sure, an evil; but it is a lesser evil than anarchy, drunkenness and treason in high places. If we must have either of these evils, let us choose the least.

— Judge Black *is* to stump Pennsylvania.

— A workman at the Eagle Sugar Refinery, Portland, fell from the elevator on Friday, a distance of nearly five stories.—His condition is said to be "critical."

— Judge Spalding of Ohio, who was bitterly opposed to impeachment at the last session of Congress, is now in Washington and favoring it.

— Some of the farmers in Essex county have commenced to cut a second crop of marsh grass, something that has never been done before in that vicinity.

DEATHS.

In this city, Sept. 1, Mrs. PIUMA J. L. KEHOE, aged 24, wife of Jesse Kehoe.

THE
CENTRAL PACIFIC RAILROAD,
THE WESTERN HALF OF THE
GREAT NATIONAL TRUNK LINE
ACROSS THE CONTINENT,

being constructed with the AID and SUPERVISION OF UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the only line of communication between the Pacific Coast and the Great Interior Basin, and the

Principal Portion of the Main Steam Line between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 865 miles $28,592,000, or at the average rate of $33,000 per mile—for which, besides an absolute grant of 10,000,000 acres of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by waiving its first lien in favor of the First Mortgage Bondholders, the GENERAL GOVERNMENT, IN EFFECT, BECOMES A CO-OPERATOR WITH PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

I. The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Acts of Congress upon the other parts of the thro' line, and has, in addition, **several special, exclusive advantages** applicable only to the Western Half.

II. The Company has received from the State and other cities of California, *assistance in money, credit and valuable property* to the amount of $900 in gold, in addition to the full benefit of the Government subsidy.

III. *The most difficult part of its construction has been successfully overcome* within the first 150 miles. In a few weeks the track will be completed over the entire summit of the Sierra Nevadas, after which progress to Salt Lake will be easy and rapid.

IV. The local business alone of this road establishes its complete financial success, independently of the vast through traffic which must pass over it. The gross earnings for the months of June and July, upon the 91 miles then open for business, were upward of $297,000 in gold; of which *four-fifths* were net earnings.

V. It can have no competition, but will carry, beside its own lucrative local traffic, the *whole volume of through business* to be shared among its Eastern connections and their branches.

V. The road lies wholly in territory yielding the precious metals, *and its revenues are collected in coin.* Its rates for transportation are very advantageous, being as much as 50 per cent. less per ton of goods lying east of it; and the *ratio of operating expenses is less than 25 per cent. of the gross earnings.*

VI. In consequence of the aid it receives from the General Government, from the State of California, and from municipal corporations, the annual interest obligations which the Company are called upon to assume are very light. The net earnings upon the first section of 75 miles in 1865 were nearly *three times the amount of annual interest liabilities to be assumed in building it, and the net earnings upon the annual interest on the entire amount of First Mortgage Bonds when the Company can issue upon the first 150 miles.*

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds.

Principal and Interest payable in Gold Coin, in New York city. They are in sums of $1000 each, with semi-annual gold coupons attached, and are selling for par and accrued interest from July 1st added, in currency, at which rate they yield nearly

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are limited in amount only to the value of the same amount only as the Bonds granted by the Government; and represent, in all cases, the *first lien upon a completed section of road* in advance of the price at which they are now offered.

Having carefully investigated the resources, progress and future of this road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions and others as an eminently *sound, reliable and remunerative form of permanent investment.*

Morning Chronicle.

A QUEER WEDDING.—The Hartford Post relates a curious incident near that city. Mrs. Eliza Barnsley, a young war widow, had been courted and won by a young lawyer from Providence who spent his vacation in the neighborhood. The day for the marriage was fixed and all the arrangements made, but at the appointed hour the bridegroom came not. He had gone from the town in an early train. The bride was disconsolate, the friends outraged; the dinner was getting spoiled by waiting.—Seeing this state of affairs, one of the invited guests, a middle-aged farmer, who had been a secret admirer of Mrs. Barnsley, and whom she had encouraged before the lawyer's advent, stepped up, offered to take the groom's place, and was accepted.—They were married, ate their dinner, and promise to make a happy couple.

THE FIRST PAPER published in New York was in 1725; in Rhode Island, in 1732; in New Hampshire, in 1756; in Connecticut, in 1775; in Vermont, in 1781; in Maine, in 1785; and the first weekly published newspaper in North America was in Boston, 1704, although there was a weekly publication in pamphlet form issued in Boston, 1690.

SHARP PRACTICE.—Nantucket is famous for pretty girls, excellent fishing, "squantum" and good stories. One story is told of an inhabitant of the island who lost hens from his roost. To detect the thief he placed a sharp scythe in a position to be clutched by the criminal as soon as he opened the hen-roost door. The next morning there was blood upon the blade, but no hens were missing. The gentleman did not hunt for wounded hands, and in a short time went to California, returning after an absence of several years. There used to live on Nantucket one of the largest story tellers for a young man, in the commonwealth. He was quite popular, however, had a good deal of "brass," and on election days could get out more voters than any other native of the island. He was "stirring up" voters one day, and came upon the returned Californian. "Hello, B——!" said the latter, give me a ride to the polls!" "No!" said B——, with an oath. "A man as put scythes in his hen-roost shall never ride with me!" B—— was never prosecuted for the confession.—*Boston Transcript.*

☞ At a recent meeting of the Society for the Propagation of the Gospel, the Archbishop of Canterbury said: "You all know the Sultan has been here lately—the enemy, or supposed enemy of Christianity. I was informed by the Prince of Wales a few days ago, that in answer to an entreaty to him to protect his Christian subjects, the Sultan's answer was—and a most remarkable one—'I will not only protect my Christian subjects, but I will protect Christianity.' I think that was a most remarkable answer."

— The first Parliamentary election that has occurred since the passing of the English Reform bill, that at Stroud, resulted in the defeat of the tory candidate.

— Crops in Colorado promises better than heretofore expected. Corn will be half a crop, potatoes more. The grasshoppers have almost entirely disappeared.

— The receipts of peaches in New York thus far have been much below what was expected early in the season, and prices are high in consequence. Apples and pears are less plenty than last year and inferior in quality.

— Mr. Geo. T. Curtis, after having closed through nineteen columns of the New York World on "The Sources and Obligations of Fundamental Law," says: "Thus far I have endeavored *briefly* to suggest"!

— Gen. Thomas was in Lexington, Ky., a few days since, and the Statesman of that place says he was asked why he did not go to New Orleans. His reply was that he did not want to go. He was then asked why he did not want to go. "Because," he replied, "those men down there do not appreciate the honest efforts of an honest man to restore their country to peace and quietness."

NEW ADVERTISEMENTS.

DOWNER
KEROSENE OIL CO.
Office, No. 108 *Water Street, Boston.*

TO CONSUMERS OF OIL.
CAUTION.
It having come to our knowledge that many dealers, throughout New England, are in the habit of buying small quantities of our Oil, and larger quantities of inferior oils, and using our brand and packages fraudulently in the sale of these inferior oils, we are determined to stop such frauds, and hereby offer a **Reward of 100 Dollars** for information that will lead to the detection and punishment of any party using our name or brand in the sale of any other than our own Oil. The "**Downer Kerosene Oil**" has been frequently tested and analyzed by Dr. A. A. HAYES, State Assayer, and in a communication to us, dated July 6, 1867, he says: "The term 'Kerosene' as used by the Downer Oil Company, applies to the highest grade of Oil only, which, our trials show, does not inflame below 120 degrees Fahrenheit, and carries the minimum of both safety and excellence with it; while the mixed Oils are not only unsafe, but in causing accidents, destroy confidence in the safe and excellent article for affording light produced by the honest manufacturer."

Cheap Farm and Fruit Lands,
—AND—
WATER POWERS FOR MANUFACTURING,

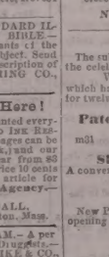
Caution
To Females in Delicate Health.
DR. DOW, Physician and Surgeon, No. 7 RINDGE'S BUILDING, Incorporated, daily for all diseases incident to the female system. Prolapsus Uteri or Floor Albus, Suppression and other menstrual derangements are all treated on new pathological principles, and speedy relief guaranteed in a very few days. So invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has had greater experience in the cure of diseases of women than any other physician in Boston.
Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered.
Office hours from 9 A. M. to 9 P. M.
Boston, Aug. 4, 1867.—1y32

SPEER'S SAMBUCI WINE.
Prescribed by Physician for
FEMALES, WEAKLY PERSONS AND INVALIDS.



As a Tonic, it has no equal, causing an appetite and building up the system of the most debilitated.
As a Diuretic, it imparts a healthy action to the Glands, Kidneys and bladder. Urinary Organs very benefited in Dropsy, Gout and Rheumatic Affections.
As a Blood Purifier, it is superior, being one of the best alteratives known in the medical pharmacopoia.
The qualities of SAMBUCI are "*multum in parvo,*" being at once a Tonic, Diuretic, Alterative, Diaphoretic and Soporific.
If *B—Vinum bonum bonum sanguinem facit.*
SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and benefitting ladies and children.
Be sure the signature of *ALFRED SPEER,* Passaic, N. J., is over the cork of the bottle.

Horse Shoeing.
J. WILDER, having taken the Horse Shoeing department in the shop of S. C. GOODWIN, State street, (next to Stone Church,) offers his services in that line to former customers and the public generally. Portsmouth, May 1, 1867.

Carriage Manufactory.

The subscriber has established his business so that he is prepared to MANUFACTURE and REPAIR Carriages of all kinds in the best manner. I am constantly making, and usually have on hand,
EXPRESS, BEACH, PLEASURE and CONCORD WAGONS,
Light and Heavy WHEELS. Also,
Sleighs, Pungs, Express Sleighs, &c.,
All made in the best manner, of the best stock, and in the best style of workmanship.
The best of SEASONED LUMBER always on hand.
I employ the best workmen, and mean to get up Carriages as good as can be obtained in any other place, thereby enhancing the business and prosperity of the city. My Carriages are in constant use here and elsewhere, and give good satisfaction. All kinds of
Blacksmith Work done in the best manner.
☞ In the **Horse Shoeing** department I have employed Mr. FRANK G. GOWING, of Providence, R. I., who cannot be beat.
Public patronage respectfully solicited.

The Chronicle.

PEACH CULTURE IN MARYLAND.—The Princess Anne (Md.) Herald states that the farmers in that vicinity have become discouraged at the low prices received for their peaches, and have abandoned the idea of planting trees this fall to keep their orchards good. [And yet, in every city and large town in New England, a few peaches are eaten by a few persons, who pay very high prices for them;—while the many do not eat them because they are too dear for their purses. It would seem that some live Yankee, if there were one, among the Delaware Peach Farmers, might make a good thing of it, if he sent peaches to Providence, Boston, or more easterly places.]

☞ Volcanoes are numerous in America. In the Rocky Mountains and the Andes there are fifty active volcanoes, of which the most interesting are located in South America. Those in the neighborhood of Quito are remarkable for vomiting forth enormous quantities of water and muddy substances which fertilize the land to the extent of twenty-five or thirty miles around them. The subterraneous noise of Cotopaxi extends to the distance of upwards of 500 miles. The reason why the melted lava is not thrown out of this volcano is supposed to be the vast depth at which it lies. It frequently throws out filth from the crater, which is 2500 or 2600 fathoms above the level of the sea.

PARSON BUELL says it's the unaccountablest thing, what the Lord sends children into this world for, considering what sort of a place 'tis, and what time folks have gettin' thro' it. Lord, they die off like apple blossoms, half on 'em, afore they're bigger'n mice. And the rest of 'em have a hard time gettin' grown, and when you've got 'em growed, half the folks are paddling round as if they didn't exactly know what on arth for, and nobody can tell 'em, for that matter.

I never see babies but I think how we used to have birds come aboard ship, way out to sea—land-birds, and so tired, poor little things, and hungry. You could go up to 'em and take 'em in your hand, and they turn up their bright eyes with such a piteous look at you, as if they had come from ever so far and lost their way, and didn't know where they were. Wal, that's about what I think of babies. What do they come off to this 'ere world for? Why don't they stay where they're well off?—*Beecher's "Norwood."*

— This year's Freshman Class at Bowdoin College, only numbers twenty-four.—It is rather questionable whether three colleges can be well sustained in Maine.—[So says an exchange.—Bowdoin is the oldest of the three, however, and has many friends.]

— It is reported that Elihu Burritt, the "learned blacksmith," as he used to be called, will return to this country from England in the course of the next year, and take up his residence for a period in New Britain, where he was born and formerly resided.

— The Portland Star says that "two stone peers" are to be built in the river at Saco, for the bridge of the Portland and Rochester R. R. Well, there is a certain nobility about a stone pier to which some of those named in the book of peerage are not entitled.

— Farms bordering on Lake Champlain are being greatly injured by the grasshoppers. Pasture lands in some cases look as if a fire had swept over them, destroying every green thing. They are not as large as in former years, but their numbers are countless.

— The only man for whom the "democracy" voted in the late Kentucky election who had any color of Unionism at all, was Dawson, for Register of the State Land Office. He was for a few days a Lieutenant in the Union army, and after he got out of the Union service is said to have expressed regrets that he was ever in it.

— John Brougham, the actor, made a speech Saturday evening, at the close of an unprofitable entertainment, in which he said that sensationalism was the only thing in plays now-a-days that would pay, and intimated his design of searching the records of local atrocity in order to furnish the public with a drama sufficiently horrible to be remunerative.

— On Saturday afternoon last, Rev. H. N. Hovey of Lowell, Vt., fell from a load of grain. His fork must have gone down before him, as he found himself transfixed with the tines of it. One of them was projecting from his cheek and another passed entirely through his neck. It went through from side to side, behind the windpipe, perhaps through the esophagus, as that is much affected.

BILLIARDS.
Lovers of the game will find new, improved four-pocket tables and good accommodations at

☞ Local AGENTS WANTED throughout the United States.

The Riverside Institute.

Situate at Riverside, Burlington County, New Jersey, is founded for the purpose of gratuitously educating the children of deceased Soldiers and Seamen of the United States.

The Board of Trustees of the Institute consists of the following well-known citizens of Pennsylvania and New Jersey:
Hon. WILLIAM B. MANN, District Attorney, Philadelphia.
Hon. LEWIS R. BLOOMALL, Ex Chief Coiner, U. S. Mint, and Recorder of Deeds, Phila.
Hon. JAMES M. SCOVEL, New Jersey.
Hon. W. W. WARE, New Jersey.
GENERAL HERMAN J. ARNOLD, Agent Adams' Express, Philadelphia.
J. E. COE, Esq., Joy, Coe & Co., Philadelphia.

TREASURY DEPARTMENT, Washington, D. C., April 18, 1867.—Office of Internal Revenue.—Having received sufficient evidence that the proceeds of the enterprize conducted by the Washington Library Company will be devoted to charitable uses, permission is hereby granted to said Company to conduct such enterprize exempt from all charge, whether from special tax or other duty.
E. A. ROLLINS, Commissioner.

The Association have appointed as Receivers, Messrs. GEO. A. COOKE & CO., 23 South Third Street, Philadelphia, whose well-known integrity and business experience will be a sufficient guarantee that the money intrusted to them will be promptly applied to the purpose stated.

PHILADELPHIA, PA., May 20, 1867.
To the Officers and Members of the Washington Library Co., N. S. KEYD, Secretary.
Gentlemen:—On receipt of your favor of the 15th inst. notifying us of our appointment as Receivers for your Company, we took the liberty to submit a copy of your charter, with a plan of your enterprize, to eminent legal authority, and having received the opinion in regard to its legality, and sympathizing with the benevolent object of your Association, viz.,—the education and maintenance of the orphan children of our soldiers and sailors at the Riverside Institute, we have concluded to accept the trust, and to use our best efforts to promote so worthy an object.
Respectfully, yours, &c.,
GEO. A. COOKE & CO.

Every kind of Boot or Shoe Made to Measure, and REPAIRING done neatly, promptly and faithfully. HILL & CARR.

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. F. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
apl7tf Portsmouth, N. H.

au22 LAFAYETTE LAIGHTON.

BREAD
MIXING and KNEADING MACHINES.
One of the Most DESIRABLE and VALUABLE
Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.
The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the advantages of the Bread Mixers and Kneaders
The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.
The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.
It meets a want that has long been felt, and lightens a part of household labor that is always the most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.
The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au6 E. A. STEVENS.

Portsmouth, N. H.

TUESDAY, SEPTEMBER 10, 1867.

MAINE ELECTION.

The election returns came in rather slowly, the state of the weather acting badly upon the wires. We are indebted to the Western Union and International Telegraph Companies and to their operators in this city for courtesies extended to us.

There have been some considerable Democratic gains, but the Republicans will carry the State by a majority of 15,000 or so. A dispatch dated Portland, 11 P. M., says:—"Fifteen towns in Cumberland county give Chamberlain 1587 majority. Forty-five towns in the State give Chamberlain 13,041, Pillsbury 8,824. The same towns last year gave Chamberlain 16,890, Pillsbury 7,670. This indicates a Republican majority of 16,000 in the State.

A gain is reported for the Republicans in Eliot, and for the Democrats in York.

Large Democratic gain in Portland.

Kittery.—The Republicans show a heavy gain in this town, their majority last year having been 42 for Congressman, while this year they have 148 majority on the vote for Governor. The vote is as follows:

Governor—Chamberlain 374,Pillsbury 226.
Senators—Edwin B Smith 373, Geo Goodwin 374, Wm M McArthur 373, rep.;—Aug D Merrow 228, Jas M Burbank 228, Nathl Neal 227, dem.
Clerk of Courts—Amos L Allen 373, rep.; Hampden Fairfield 227, dem.
County Attorney—Increase S Kimball 376, rep.; Caleb B Ayer 228, dem.
County Treasurer—Sylvester Littlefield 373, rep.; Benj Leavitt 228, dem.
County Commissioner—Clem't L Mildram 373, rep.; Horace Parker 227, dem.
Register of Deeds—Seth E Bryant 373, rep.; Saml Tripp 228, dem.
Representative—Joseph D Parker 364,rep.; Eph'm C Spinney 234, dem.

NEW HAMPSHIRE ITEMS.

—— The fall term at Dartmouth College opens with very flattering prospects. The Freshman class already numbering 101, with large additons to other classes.

—— Hiram Simpson, member of the Concord Common Council, died suddenly on Friday morning at his residence in Fisherville.

—— Walter Doran, seven years old, son of Andrew Doran of Laconia, pulled a cart body which was leaning against a barn over upon him and was instantly killed.

—— A rattlesnake, 5 feet in length and eight inches in circumference, was killed on the farm of J. P. Young, Allenstown, last Friday.

—— Partridge shooting can now be indulged in with impunity, as the legal restraints pass away with August. The Statesman claims that there is hardly a partridge in the State, the bird known by that name being a pheasant or grouse.

—— A correspondent of the Boston Journal estimates receipts from mountain travel to New Hampshire during the season at $2,100,000, and from that to Rye Beach, Hampton Beach and other localities at $1,000,000 more.

——There are about $10,534 sheep in the State distributed as follows: Belknap County, 12,515; Carroll, 12,144; Cheshire, 39,679; Coos, 15,115; Grafton, 100,465; Hillsborough, 14,835; Merrimack, 45,279; Rockingham, 11,647; Strafford, 6,847; and Sullivan, 52,107.—*Laconia Democrat.*

—— On the 26th ult., Mrs. Wyman of Goffstown, over 70 years of age, was knocked down near Piscataquog, and robbed of a string of gold beads, &c. She recognized Geo. L. Wyman, a distant relative, as the robber, and on Saturday he was held to answer in $300 in Manchester police court.—

—— Among the patents granted for the week ending Sept. 3, we notice the following to parties in this State:

Reuben Haworth of South Newmarket, for improved centering tool.

Joseph Palmer of Concord, for improved dies for making heads of elliptic springs.

A. B. Woodbury of Ashuelot, for improvement in spinning jack.

—— The receipts of the Cheshire County Musical Festival, recently held at Keene, were $1775.50.—leaving enough, after paying all other bills to purchase a Grand piano for the society, at a cost of $700. This is by far the most successful and best managed musical society in the State, and is doing a great work in the culture of the musical art in Cheshire county. The recent annual Festival was its fifteenth.

—— There is to be seen at Cooper's Restaurant, Enfield, a rare specimen of the finny tribe in the shape of a *white pickerel.* It was caught in the river about a mile above, by Wm. Huse. It is perfectly white, with the exception of a little stripe of black or natural pickerel color on either side. It weighs about a pound and is preserved in spirit for the inspection of any one who may call.

—— The suits some time ago instituted by the Directors of the Concord Railroad against some of the conductors, for appropriating the money collected of passengers to their own use, have, by consent of parties, been referred to the following parties for adjudication: Hon. Edmund L. Cushing of Charlestown, Ex-Gov. Haile of Hinsdale, and Ex-Gov. Goodwin of this city.

—— A correspondent of the Wolfeboro' *News* writes that a severe thunder-storm passed over the town of Freedom on the night of August 18, which did a good deal of damage. The roof was blown off the barn on the Foss place in Freedom, occupied by Mr. Enoch Moulton, and a rafter of the barn blown through the window of a house opposite, knocking off the headboard of the bed where Mr. Moulton was sleeping without injuring him, or even awakening him of his sleep, and going out at the opposite end of the house. Other buildings were also uncofed in that section of country. A stable belonging to Ivory Welch of Effingham, was struck by lightning and burned down, together with hay and stock. Loss $800; no insurance.

GOLD, Monday, 143 1-2. The rise may be owing to the California election, and the ground and lofty tumbling of Buckley & Johnson's Circus.

—— It is denied that Gen. Pope has suppressed a Georgia newspaper or forbid freedmen from running for the convention.

—— The ship Gen. Caulfield, at Madras, has been chartered to carry the officers and men of the U. S. steamer Sacramento to (before reported wrecked) New York, to sail about August 1.

—— The New Orleans Republican (Radical) regards Gen. Sheridan's civil administration as a failure, and intimates that at his door lies the blame for the July riot.—The General's military rule, however, is highly extolled. [We'd abt the item]

—— The N. Y. Times' special says the man who killed a negro in Louisiana, and whom the civil authorities failed to punish, was tried, convicted of murder and sentenced to death by a Military Court under the reconstruction laws. The sentence has been forwarded by Gen. Sheridan to the President for approval. This is the first case of this kind.

BINCKLEY, JOHNSON & Co., of Washington, have been treating Gens. Grant and Sickles unfairly, by publishing extracts and detached parts of the correspondence in such a way as to give a false and injurious view of the whole matter; but the vipers only bite a file, for the public have great confidence in the Generals, and little or none in the pettifoggers and sots.

The full correspondence however, has now come out; and it appears that the Marshal of N. C. would not furnish the record of the Court for Gen. Sickles' information. But Gen. S. finally obtained the record of the Court, and laid the matter before the Judge Advocate of the Second Military District, who summed up the legal points as follows:

1st. That a revocation of General Order No. 10 would be grievously prejudicial to the interests of the people of the Carolinas.

2d. That it does not appear that any conflict exists between the U. S. Circuit Court of North Carolina and the Military Commander of this District, but merely a collision with the Marshal, prematurely forced by the latter.

3d. That it is reasonable to believe that Mr. Chief Justice, with the question before him, will confirm proceedings or final process to the local law as modified by the Commanding General.

4th. That Congress intended to make the military in these districts paramount to all other departments of the Government.

5th. That to concede to the United States Courts authority to overrule the Military Commander will be apt to lead to the substantial nullification of the Reconstruction acts.

On this opinion Gen. Sickles based his report just published. The remainder of the correspondence relates to merely formal details between the Commanding General and his subordinate officers. The official account of the case complete appears fully to justify Grant and Sickles.

WASHINGTON ITEMS of Monday bring the usual amount of trashy rumors about prospective changes in the Cabinet.

Gov. Geary of Pennsylvania writes to a friend in Washington that "President Johnson must not be impeached; he is necessary to our Radical success, as Pharaoh was to the delivery of the Egyptians."—[So says an item,—but it is not reliable.]

The amnesty proclamation was not submitted to Gen. Grant.

The World's dispatch says steps are being taken for a meeting of the Governors of the Northern and Western states this month.

The N. Y. Herald's Washington special says alleged further disclosures relative to the Butler-Ashley conspiracy against the President will be forthcoming from the Attorney General.—They are furnished by Capt. Chandler, late commander of the Washington Jail. [Rather shaky authority.]

Senator Cameron denies his connection with any plot to remove the President.

Washington is filling with politicians of all classes.

REVOLUTION IN PORTO RICO.—Letters from Havana state that a revolution has broken out in Porto Rico. The soldiers have joined the people. Artillery has gone from the capital to the country and the Captain General has fled, also that the revolutionists have sent a steamer to New York to telegraph to Gen. Prim asking him to head the revolution.

☞ Gen. Canby's first measure, in reaching Charleston, was to keep in force the famous order, for the promulgation of which Gen. Sickles was removed. President Johnson cannot find a loyal officer of the army who will carry out his disloyal designs.

☞ On Monday, Abram Meyers, the conservative candidate for Mayor of Nashville, was instantly killed by a fall from a staircase of the Crystal Palace, caused by the breaking of the rail.

☞ It is said Santa Anna is to be tried, in Mexico. He has been tried there before—and found wanting.

FAIRS AND SHOWS—1867.

Portsmouth Horticultural Soc'y, Sept. 24, 25.
Rockingham Co. Ag. Soc'y, Exeter, Oct. 8, 9.

FOR ACTS OF CHARITY and Benevolence Philadelphia stand prominent among her sister cities. During the war she had her refreshment saloons where thousands were fed while on their way to the "front," and now, in order that the good work may be continued, it is proposed to provide for the Orphans of many of these brave heroes who fell in defence of the stars and stripes. For this purpose the Washington Library Company of Philadelphia was organized in aid of the Riverside Institute of New Jersey. Here the Orphans of Soldiers and Sailors in all parts of the country will be gratuitously educated and made useful members of society. The just and honorable plan adopted for raising the necessary funds for this charitable object has received the endorsement of every one. Read Advertisement.

☞ All Physicians who have used SPEER'S Sambucé Wine recommend it above all other wines for its valuable medicinal properties, especially for females and debilitated persons. Sold by Druggists. 4

A TALL MAN.

Saul, the first Hebrew king, stood "head and shoulders" above all others, and was a splendid specimen of a king and a man. So Tyler's Saleratus, for strength, purity and usefulness, stands far above all the spurious adulterations sought to be imposed on the community by unscrupulous men. 13

—Call for Herrick Allen's Gold Medal Saleratus. Agitate until you get it. If your grocer has not got it, ask him to go to the wholesale Agent, get a box and try it. It is the best in the world. Do not be put off with any other. Use it instead of soda; it is a great deal better. Try it. Most of the merchants have it. Their depot is 112 Liberty street, New York. 36

SERIOUS ACCIDENT.—Fred. Silloway of Kingston, while driving a three horse team through Exeter on the 4th inst. on the way to Hampton Beach with a party, was dragged from the wagon by the leader—which had broken loose—fell to the ground, and both wheels passed across his shoulder and neck. He was taken up for dead, and lay unconscious upwards of an hour. He was removed to his home on the 5th, and is in a fair way for partial, perhaps complete, recovery.

Mr. Silloway served with distinction in Co. B, 3d N. H. V., and was one of the 20 men in his regiment who were honored with the silver medal, presented by Gen. E. A. Gilmore, for gallant conduct during the siege of Charleston.—*News Letter.*

GOOD ROWING.—Mr. Charles Flanders rowed from Portsmouth bridge to Exeter in five hours, a distance of 28 miles, on Monday last. Mr. Flanders must be cautious or he will find himself in the "ring" of competitors for prizes.—*News Letter.*

NOT GOLD ONLY,

BUT

RICH, FRUITY, LUSCIOUS

WINES:

California is making grand strides in her agricultural products and is fast withdrawing herself as a purchaser for the manufactures of the various branches of industry she once demanded. She sends a warning voice to the lime-worn vineyards of Europe, and enters the lists as a fresh, young combatant for the production of wines from her own rich and increasing vineyards.—The time has come when it is simply ridiculous for any one house to lay claim to especial advantages or peculiar privileges for the sale of

THE WINES OF CALIFORNIA.

As well might they claim a monopoly of the cotton trade.

C. A. RICHARDS & CO.

do not receive or sell all the wines which California produces, but they do claim to have at all times a very large quantity on hand of all the best kinds, and their advantages for getting the best, and getting them at the lowest market value, are such as to enable them to offer them at prices which to-day are lower than any other house in which sells California Wines of equality. We bottle five kinds. They are,—

"Angelica,"
"Muscatel,"
"Still Champagne,"
"Hock" and
"Port,"

Also "California Brandy."

They are all perfectly pure, and may be relied upon in sickness or in health. The **Angelica** and **Muscatel** are rich, sweet wines. The **Hock** is fully equal to the medium grades of Rhine wines. The **Port** is much better than many of the high cost Ports from Oporto. We sell these wines in any required quantity, from a single bottle to a THOUSAND CASES, and are ready at all times to exhibit samples, or to send them to any address.

GLEASON HALL.
PRESENTATION FESTIVAL.

The Fourth and Last Grand Concert

Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND, Will positively take place on

Thursday Evening, October 10, 1867,

AT GLEASON HALL, WEST TROY, N. Y.

The first, second and third Concerts of the series took place (as per former advertisements,) on July 25th, Aug 8th and 29th, and gave unlimited satisfaction, the large Hall being filled to overflowing on each of the above evenings with a refined and appreciative audience from all parts of the State. There was a committee of three reliable and well-known gentlemen selected by the audience on the night of the first Concert to superintend the drawing, which will positively take place on the evening of the above Concert. The Committee are most desirous that all ticket holders should be present to witness the drawing, and thereby relieve themselves of any doubt as to the fairness of the transaction. They also assure those who cannot make it convenient to be present, that their interests will be guarded the same as if they were present. The Tickets, which have been limited to 75,000, at

ONE DOLLAR EACH,

can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. There will be a premium awarded the holder of every ticket.—Among the presents to be awarded are the following:—

Metropolitan Hotel, West Troy,	**$30,000**
FARM. fifty acres, Rensselaer Co., - -	4,000
Six Building Lots, Albany City, - - -	4,000
One Mortgage, Albany City Property, - -	1,000
Two Billiard Tables, - - - - -	1,200
One Mortgage, Farm 56 acres - - -	1,975
One Piano, - - - - - - -	500
Three Melodeons, - - - - - -	375
Two Bedroom sets, - - - - - -	200
One Grover & Baker Sewing Machine, plated,	85
One Wheeler & Wilson Sewing Machine,	70

And Thousands of Other Presents,
Consisting of
Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Pitchers, Sets Knives and Forks, Sets Spoons, Dressing Cases, Fort Monnaies, Scarfs, Tables, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.

The above property may be delivered to the person entitled to it free from all incumbrance and a title guaranteed.

The property may be seen at any time by calling on the owner, John H. Casey, Metropolitan Hotel, West Troy, N. Y.

The undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be placed in our hands, and will be by us retained until the drawing takes place. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey as correct, and we will pay off and discharge from the moneys so received, all mortgages upon the property. ANDREW ALEXANDER,
THOMAS ALTA.

The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these concerts as an honorable and reliable person, and believe he will conduct the presentation with honesty and fairness, and try to give satisfaction to the public.

Hon. Oscar F. Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Factory C.; N. F. Wilbeck, N. Y. C. R. R.; R. Wilbeck, Atty and Coun. at Law, A. J. Rousseau; Dr. J. P. Wilbeck: Hon. Thos. Kearney, Ex-Co. Treas., Albany Co.; Henry Filchett, N. Y. C. R. R.; Thomas Daly, T. W. Jackson, Atty and Coun. at Law: R. S. Lobdell, Supt. West Troy G. L. Co.; T. A. Rogers, Justice of the Peace, Rinse & Co., 46 Beaver st., N. Y.; John A. Gladding, Lansingburgh, N. Y.

SPECIAL TERMS or Club Rates.—Five Tickets, $4.50; Ten Tickets, $9; Twenty Tickets, $18. A photograph of the Metropolitan Hotel may be seen at the stores of our Agents.

Tickets may be procured
AT BATCHELDER & CO.'S STORE,
3 Congress Street, Portsmouth.

N. B.—In order to give confidence to the public, and secure them in their investment, we allow our agents to retain all moneys received for the sale of tickets, until the distribution takes place.

We, the undersigned, having been appointed a Committee by the ticket holders of the Gleason Hall Presentation Festival to decide in what manner the drawing shall be conducted, do decide and determine that all the numbers from 1 to 75,000 shall be placed in one wheel and the first drawn number shall take the highest prize, the second the next highest, and so on until all the prizes are drawn. Hoping this will meet the approval of the ticket holders, we remain, &c.,
CHAS. DORING, JOS. P. TAFT, M. NILES,
Committee.

CHURCH CHOIRS ARE SATISFIED That the best book for their use is "THE JUBILATE," by L. O. Emerson. Letters from all directions confirm the opinion that no collection of Church Music recently published has given such general satisfaction. Choirs the most fastidious in their tastes, and having the reputation of being "very hard to please," have acknowledged it to be just the book they want. Price $1.38 per copy. For sale by OLIVER DITSON & CO., Publishers, 277 Washington street, Boston

Holloway's Pills.—Acidity of the Stomach.—These medicines are a most powerful antidote remedy for that affection of all those acidities whether induced by debility, from fat subduenced the stomach or impaired by excess—the torpid functions are regulated, the blood cleansed, and the secretions of the bile and liver purified. Sold by all druggists. s7dawlw

DR. MILLER'S
Soothing and Healing Balsam,
or, Nature's Assistant.

IT HAS PROVED INFALLIBLE for Burns, Scalds, Cuts, Bruises, Sprains, Wounds of all kinds, Pains in the Side, Back or Shoulders, Chilblains, Chapped Hands, Stiff Neck, Ague in the face or breast, Sore Throat, Deafness, Poisoning, Erysipelas, and Inflammation of the Eyes. For rheumatism it is not a certain cure, yet hundreds have been relieved by it when other remedies had failed.

AS AN INTERNAL MEDICINE, when taken in time, it will cure Inflammation of the Bowels, Dysentery, Kidney Complaint and Cholera Morbus. It will also cure Diphtheria, Dry Cough and Asthma.

This medicine is purely vegetable in its composition, soothing and healing in its influence, and may be given to any age or sex with perfect safety. It has been before the public during the past nine years, and has wrought some of the most astonishing cures. The proprietor challenges the world to produce its superior as a remedy. For sale by all Druggists. C. D. Leet, Proprietor, Springfield, Mass. Demas Barnes & Co., 21 Park Row, New York will also supply the Trade at List Prices.

GOOD NEWS
For the Economical!

A lot of WOOD has been sent to the Spool Factory by mistake, which will be sold at $5.50 per Cord, to pay freight, less than one half its use. It is good to burn, but will not make coals. This affords an excellent opportunity to get your winter's wood cheap.

We have on hand a few cords of these White SLABS.

Also, Hundred BLOCKS, at 25 cents per barrel, and SAWDUST for packing and bedding, at 50 cents per barrel.

DEARBORN & BROWNELL.

Special Notices.

BANKING HOUSE OF JAY COOKE & CO. No. 20 WALL STREET, *Cor Nassau St. New York.*

We buy and sell at the most liberal current prices, and keep on hand a full supply of GOVERNMENT BONDS OF ALL ISSUES, SEVEN-THIRTIES, and COMPOUND INTEREST NOTES, and execute orders for purchase and sale of STOCKS, BONDS and GOLD.

CONVERSIONS.

We convert the several issues of SEVEN-THIRTIES at the most favorable market rates into Five-Twenties, which, at present price of gold yield the holder about one per cent. more interest per annum. Circulars with full particulars furnished upon application.

my8dawly JAY COOKE & CO

IF WE HAVE A COLD, pain in the head, dizzy, bilious, costive, or sick from any cause, it is from the presence of offending humors, and this is so whether the pain be in the flesh, the nerves or the bones.

BRANDRETH'S PILLS

should be always ready, and are sure to purge, and this can be done according to the necessities of nature, by which the offending humors are removed and the health restored.

The Hon. Dennis Pierce says, "I sell more of Brandreth's Pills than of all others put together."

BRANDRETH'S PILLS are sold by all druggists, and at the principal office, Brandreth House, New York.

Dr. BRANDRETH in white letters on the government stamp on each box. au29tuwlm

TO OWNERS OF HORSES AND CATTLE—TOBIAS' DERBY CONDITION POWDERS are warranted superior to any others, or no pay, for the cure of Distemper, Worms, Bots, Coughs, Hide-bound, Colds, etc., in Horses; and Colds, Coughs, Loss of Milk, Hollow Tongue, Horn Ails, Temper, etc., in Cattle. They are perfectly safe and innocent; no need of stopping the working of your animals. They increase the appetite, give a fine coat, cleanse the stomach and urinary organs; also increase the milk of cows. Try them, and you will find they will not be without them. Mr. Woodruff, the celebrated trainer of trotting horses, has used them for years, and recommends them to his friends. Col. Philo. F. Bush of the Jerome Race Course, Fordham, N. Y., would say, over and for the last three years has used no other medicine for them. He has kindly permitted me to refer any one to him. Over 1000 other references can be seen at the depot. Sold by Druggists and Saddlers. Price 25 cents per box.—Depot 55 Cortland street, N. Y. s23dwim

SCHENCK'S MANDRAKE PILLS.

A Certain Cure for Diseased Liver and the many Dangerous Maladies which are caused by a morbid condition of that organ.

To give the public a clear understanding of the modus by which SCHENCK'S Mandrake Pills produce those wonderful effects which are attested by thousands of reliable witnesses, we present a brief

DESCRIPTION OF THE HUMAN LIVER

and its functions, which will make the operation of this popular medicine perceptible to every man's understanding.

The liver is supplied with blood vessels, nerves and absorbents. One of its obvious uses is to secrete and prepare the bile. It likewise filters the blood and separates that fluid from all impurities. How indispensably necessary to health is the proper performance of this function! If the liver is diseased, it cannot purify the blood, and if that is sent back through the lungs, brain and other parts in a vitiated condition, it must cause jaundice, biliousness, obstruction of the kidneys, gravel, and many other complaints more or less painful to endure, terminating, but the best of them quite enough to make a man sick and uncomfortable and unfit for the performance of any of the duties of life. This is the healthy state of the system very often ends in pulmonary consumption.

The circulation of the blood is conducted in this manner: The heart sends the vital current down through the arteries; it passes through the flesh, taking up all impurities in its progress; then the stream of blood flows backward through the veins, and passes to the liver to be purified. It is impossible to cure consumption, scrofula, or scarcely any other kind of ulceration while that important organ, the liver, is diseased. It is for that reason that "regular physicians" rarely cure consumption. They usually begin their treatment with the use of some cough medicine, the basis of which is morphia or opium in some shape, which locks up the liver instead of relaxing, arousing, giving a tone to the stomach, and producing a healthy flow of bile. Dr. Schenck's

PULMONIC SYRUP, SEAWEED TONIC AND MANDRAKE PILLS,

will strengthen the system, purify the blood, and ripen and heal ulcers on the lungs.

A volume would be required, to give a brief account of the remarkable cures performed by Dr. Schenck's medicines, viz: Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills—all of which are accompanied by full directions for the use of them.

DR. SCHENCK will be professionally at his rooms every week, 38 Bond street, New York, and 25 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer the charge is five (5) dollars. His medicines are for sale by all druggists and dealers. Also a full supply at all times at his rooms. Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents per box.

GEO. C. GOODWIN & CO., 38 Hanover street, Agents for Boston. For sale by all druggists. W n21—daw 1w No 3

TO CONSUMPTIVES.—The REV. EDWARD A WILSON will send free of charge to all who desire it, the prescription with the directions for making and using the simple remedy by which he was cured of a lung affection and that dread disease Consumption. His only object is to benefit the afflicted, and he hopes every sufferer will try this prescription, as it will cost them nothing and may prove a blessing. Please address

REV. EDWARD A. WILSON,
No. 163 South Second St., Williamsburgh, N. Y.

INFORMATION.—Information guaranteed to produce a luxuriant growth of hair upon a bald head or beardless face; also a recipe for the removal of Pimples, Blotches, Eruptions, etc., on the skin, leaving the same soft, clear and beautiful, can be obtained without charge by addressing THOS. F. GILMAN, Chemist,
1y my7 823 Broadway, New York.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, JOHN B. OGDEN, 42 Cedar Street, New York.

Local.

☞ Among the freight receipts at this port for the year ending Sept. 1, 1867, the Railroad Wharf shows the largest amount received, viz:

25,138 tons coal, 486 tons moulding sand, 750 tons plaster, 11,460 casks lime, 2100 casks cement, 1400 casks phosphate, 16,527 bushels corn, 106 thousand feet of lumber, 10,500 sleepers.

Messrs. E. F. Sise & Co. have received 7000 tons of coal.

There are some large dealers in corn and flour in this city, and other coal dealers, but we have been unable to obtain even approximate figures of their receipts.

☞ Edward P. Weston, who surprised the world in 1866, in walking from Boston to Washington and back in ten consecutive days, averaging fifty-one miles a day, has bet $10,000 that he will walk from Portland to Chicago, Ill., twelve hundred miles, in twenty-six days—Sundays excepted—on some of which days he is to walk one hundred miles. He is to start between the 1st and 15th of October, and he will pass through this city, of which we shall give due notice. The average, if he accomplishes it, will be forty-seven miles a day. He will touch ten States and pass through three hundred towns and cities.

BASE BALL MATCHES.—We learn that the Minnehaha Club of this city, a new organization, have invited the LaFayette Club of Rochester to play a game at Dover at 10 o'clock, A. M., on Thursday of this week, the same day the Rockinghams are to play with the Gonics. The latter game is to commence at 1, P. M.

The Rockinghams had a fine practice game at the Plains on Friday last, the two nines scoring 19 to 10 in 11 innings.

The Minnehahas played them a good game on Saturday, the Rockinghams scoring 21 runs to 11 for the Minnehaha on 6 innings.

The Granite States played the Rockinghams Monday afternoon, and the first nine of the Belton Club are to play with the Rockinghams at the Plains this afternoon, at 2 o'clock, weather permitting.

☞ It has been reported for a day or two that the Surf House at Rye Beach had been closed. This is incorrect, as Mr. Pettee assures us it is his intention to entertain visitors all through the present month. The grand clambake announced for next Tuesday is intended to equal anything in that line ever known in this vicinity, and those who have tested mine host Pettee's hospitality heretofore, will need no guarantee that he will exert himself to please at that time

☞ The Street Commissioner's force has just completed the laying of a brick pavement on the east side of the North Church. Their next field of operations we are told will be the replacement of the barbarous old pavement just across the street, in front of the City Building and the First National Bank, with a sidewalk of brick.

☞ By a private letter we learn that Lieut. G. F. Hunting, U. S. A., arrived at Hilton Head, S. C., on the 30th of August, and entered upon his duties. It is very hot there, and sickly.

☞ Lieut. Frederick L. Dodge, U. S. A., of this city, has been ordered to a command at Point Albatross, Washington Territory.

NAVAL.—The steamer Muscoota was taken into dock at the Navy Yard on Monday.

The Winooski, which came here an injected ship some time since, came up to the Yard on Monday afternoon, having been thoroughly cleansed.

JOHN J. LEAVITT, Esq., of Hampton, is appointed U. S. Deputy Marshal, and has taken the proper oaths.

J. Horace Kent, Esq., of this city, has been appointed Special Deputy U. S. Marshal for criminal cases.

☞ Sergeant Davidson, so long on duty at Fort Constitution, completed his forty-fifth year in the service on Monday. We are informed that he will enlist for still another term, which will entitle him to ten chevrons. With the *first* West Point cadet in command, and a sergeant of so many stripes on duty, this post will hardly come under the head of a creation of the late war.

☞ The cool nights are suggesting the idea to sojourners at the seashore and among the mountains that September is an enjoyable month in the city. The baggage smashers have only about ten days more to exercise their vengeance upon unoffending trunks.—*Exch.*

This reminds us that we wish to give Mr. Morris Brown, who has charge of the baggage department at North Hampton station on the Eastern Railroad, a word of credit for the manner in which he has discharged his duties during the "beach season." With very large amounts of baggage to be handled, the work has been performed in a careful manner and with very slight detention to trains—perhaps no detention at all from this cause. It is said that at no point on the road is an equal amount of personal luggage handled in so short a time as at that station.

☞ Capts. W. F. Goodwin and A. B. Thompson of Portsmouth, now on the retired list of Army officers, have been ordered by the War Department to report for Courts Martial duty to Gen. Schofield at Richmond.

☞ THE STATE FAIR, at Nashua, commences to-day. The grounds and track are said to be in the most perfect condition to meet any demands liable to be made upon them. The celebrated collection of Fancy Stock belonging to Wm. Stark, Esq., the largest in America, will be exhibited freely during the three days of the Fair, and is of itself worthy a visit to the grounds. Everything seems to indicate that the present will be one of the most successful exhibitions ever given by the N. H. Agricultural Society.

PRESIDENT JOHNSON issued his Amnesty Proclamation Sept. 7,—abounding in Preambles, ten in number, beginning with the word Whereas. Two or three of these preambles state facts:—most of the remainder, are grossly false, the work of some demagogue sympathiser with rebellion and treason. The chief value of the document is, that it furnishes additional ground for impeachment.

☞ Telegraphic dispatches on Monday in relation to the boat race between Brown and Hamill were rather confused. The earliest stated that 'Brown won the race. Hamill claims a foul at the upper stakeboat." The latest dispatch stated that the judges had awarded the victory to Hamill.

☞ We acknowledge the compliment of an invitation with tickets to be present at a social assembly to be given at the Winslow House, Kearsarge Mountain, on Thursday evening next, in honor of Commodore Winslow, of Alabama-sinking fame, who will be present.

THE DEMOCRATIC STANDARD.— We learn from Dover that the Palmer suits brought against the city of Concord to recover damages for the Democratic Standard newspaper, went to the jury at noon on Saturday, and that they were unable to agree, nine being for Concord and three for the Palmers.

It is well remembered that the Democratic Standard was a bitterly abusive sheet, and lost no opportunity of saying offensive things against President Lincoln and his administration, against the loyal men who up held it, against the U. S. army and the men who composed it. An excited mob, largely composed of soldiers, destroyed the printing materials in the city of Concord, and the city did not prevent the act. For this the suits were brought, and have been thoroughly tried, with no result except fees to the lawyers, costs to the parties, and expense to the counties. No jury has agreed to assess damages,—and such agreement is not probable in future.

☞ The insurrection or revolution in Spain makes progress.

— Cholera has broken out in the Indian territory and is raging violently.

MARRIAGES.

In Exeter, GEO. A. BARTON to Miss ALINE U. W BLAKE, both of Kensington.

In Plaistow, Aug. 31, JOSEPH BEAN of Haverhill, Mass., to Mrs. ORPHA J. HOITT of Manchester.

THE
CENTRAL PACIFIC RAILROAD,
THE WESTERN HALF OF THE
GREAT NATIONAL TRUNK LINE
ACROSS THE CONTINENT,
being constructed with the AID and SUPERVISION OF UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the only link of communication between the Pacific Coast and the Great Interior Basin, and the

Principal Portion of the Main Steam Line between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 865 miles $28,592,000, or at the average rate of $33,000 per mile, (not including an absolute grant of 10,000,000 acres of the Public Lands. By becoming a joint investor in the Company, the present subscription will be the first lien in favor of the First Mortgage Bondholders, the GENERAL GOVERNMENT, IN EFFECT, BECOMING THE CO-OPERATIVE PARTNER OF CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Acts of Congress upon the other parts of the through line, and has, in addition, *several Special, exclusive advantages* applicable only to the Western Half.

I. The Company has received from the State and other cities of California, *assistance in money, credit and valuable property*, to the amount of $2,000 in gold, in addition to the full benefit of the Government subsidy.

II. *The hardest and most costly part of its construction has been successfully overcome* within the first 150 miles. In a few weeks the track will be completed entirely across the Sierra Nevada mountains, after which progress to Salt Lake will be easy and rapid.

III. The local business alone of this road establishes its complete financial success, independently of the vast through traffic which must pass over it. The gross earnings for the months of June and July, upon the 91 miles then open for business, were upward of $297,000 in gold, of which *four-fifths* were net earnings.

IV. It can have no competition, but will carry, besides its own lucrative local traffic, the *whole volume of through business* with which it is shared among its Eastern connections and their branches.

V. The road lies wholly in territory yielding the precious metals, *and its revenues are collected in coin*, the rates for transportation are very advantageous, being more than three times the those of roads lying east of it; and the *ratio of operating expenses is less than 25 per cent. of the gross earnings.*

VI. In consequence of the aid it receives from the General Government, from the State of California, and from municipal corporations, the annual interest obligations which the Company can raise from aid to assume are very light. The net earnings upon a section of only 50 miles in 1866 were nearly *three times the amount of annual interest liabilities to be assumed in building it*, and were almost *double the annual interest on the entire amount of First Mortgage Bonds which the Company can issue upon the first 150 miles.*

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds,

Principal and Interest Payable in Gold Coin, in New York city. They are in sums of $1000 each, with semi-annual gold coupons at SEVEN PER CENT. ANNUM, and are selling for 90 per cent. and accrued interest from July 1st added, in currency, at which rate they yield nearly

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the work progresses, and at the same amount only as the Bonds granted by the Government; and represent, in all cases, the *first lien* upon a road and property of the most valuable railroad, in which have been invested Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The agreement of the Company to pay principal and interest of their Bonds in coin, being made under the Special Contract Law of California, authorizing and enforcing contracts to pay gold, *is legally binding*, unlike similar agreements made by companies in States where no such legislative sanction exists.

In these important particulars the Securities of the Central Pacific Company *offer an unusual degree of safety, stability and profit combined.*

THE FIRST MORTGAGE BONDS of this Company are destined to occupy a prominent place among FIRST-CLASS SECURITIES, in the money markets of this country and Europe, and will, without doubt, be eagerly sought for, and anxiously dealt in hereafter, at rates which are worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The agreement of the Company to pay principal and interest of their Bonds in coin, being made under the Special Contract Law of California, authorizing and enforcing contracts to pay gold, *is legally binding*, unlike similar agreements made by companies in States where no such legislative sanction exists.

In these important particulars the Securities of the Central Pacific Company offer an unusual degree of safety, stability and profit combined.

THE FIRST MORTGAGE BONDS of this Company are destined to occupy a prominent place among FIRST-CLASS SECURITIES, in the money markets of this country and Europe, and will, without doubt, be eagerly sought for, and anxiously dealt in hereafter, at rates which are worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we confidently recommend these Bonds to Trustees, Executors, and Investors, and others as an eminently *sound, reliable and remunerative form of permanent investment.*

A Column From the Portsmouth Journal.

SCENE AT THE GOSPORT SCHOOL HOUSE.

In a pleasant spot on the ledge between the church and the parsonage, on Star Island, stands a small neat school house, with windows on three sides for the sea breezes to enter from whichever quarter they may come. In front of the desk the monitor of time points out the hour, and scattered among the well arranged seats may be seen the bright and intelligent faces of about thirty neatly dressed children. At that desk, which not inappropriately may be called the Republican throne, is seated the Governess of the town—for she is truly the ruler of the children, who rule the mothers, who direct the fathers, who select the rulers of the people. The large Bible is before her, and the teacher benignantly holds her dignity as she discharges her important trust.

Led by the devoted pastor, probably no school-house in New Hampshire ever witnessed the entry of such a procession of dignitaries as entered that school room on Tuesday last. First came Gov. Harriman, accompanied by Mr. Lyman, Secretary of the State. The State Treasurer, Mr. Sanborn, came next. Mr. Cragin of the U. S. Senate, with Mr. Ela of the House next entered the aisle. Collector Upham, Inspector Young, Mr. Herring the Revenue Assessor, and his Assistant Mr. Hodgdon, were in their places. The State Council was represented by Messrs. Walker and Patten; Mayor Dearborn and Sheriff Morse were in position; of State Senators were Nute, Stevens and Bufford; and among the State Representatives we noticed Haven, Pendexter, Wilson, Hackett, Spalding, Harvey, Beebe, &c. These were followed by a squad of the sovereign people, who regard those they elect to office as their trusty servants.

They had come back to take position in such seats as they all once occupied, perhaps in twenty different towns, where they imbibed the first principles on which a sound government is based. They felt here at home in the unpretending seats of this literary institution, reared on the firm rock which gives the name to the Granite State. All were pleased with being there, and gave free vent to their thoughts, some of which are given elsewhere—looking upon common school education as a wedding ring uniting all hearts over the whole country, as the visible blue waves were stretched out on the mighty ocean around them.

PEOPLE'S LYCEUM.

Notice has been given by the Directors of the Lyceum of last year, that no course of lectures will be provided by them for the coming season.

Mr. Norton, the proprietor of the Temple, informs us that there will be a course of Lectures at the Temple, under the name of "The People's Lyceum." The selection of Lecturers will be left to men of good judgment, and the most popular men will be invited. A large list has already been received, and any person who takes an interest in Lyceum Lectures is invited to suggest to the proprietor the person they prefer. The plan is, to have eight lectures, and if sufficient encouragement is given to increase the number to ten—to be delivered weekly on Tuesday evenings, commencing on the 5th of Nov.

No pains will be spared to make the Temple much more attractive than it ever has been. The price of tickets will be within the reach of all who desire to attend. The labor of getting up a course is not small, and we hope the proprietor will meet with the encouragement he deserves.

HORTICULTURAL EXHIBITION.

It will be seen that the new Horticultural Society announce an exhibition of Fruits, Flowers and Vegetables, at the Temple in this city Sept. 24th and 25th. We hope and do not doubt that the citizens of this city and adjoining towns will respond to their invitation to contribute the results of farming and gardening. No place can make a better show of fruits and flowers than can be furnished from the farms and gardens of this vicinity. The following are the officers of the Society:

Wm. R. Preston, *President;* Henry M. Clark, Portsmouth, Charles H. Salter, Greenland, and John Rogers, Kittery, *Vice Presidents;* Joseph H. Foster, *Treasurer;* Marcellus Bufford, *Secretary.*

At the Shoals Chowder party on Tuesday, after cheers had been given for the Governor and our Senator; a motion that three cheers be given for Gen. GRANT being seconded by Gov. Harriman, they were unanimously given in honor of the brave General, and the stand he has taken in the support of the reconstruction acts of Congress. No one proposed cheers for the person who betrayed the party that, deceived by his patriotic speeches against the rebellion, elevated him to an exalted station. We have not heard that, like Judas, he went out and *hanged* himself, but the signs of the times indicate that he will soon be *suspended.*

CONTRACT WORK.—The U. S. side wheel steamer Peoria, which arrived at this naval station about three weeks since, went out of commission on Tuesday last. Though she was newly built about seven months since, and has been in commission only since that time, it is stated that she has been condemned, *condemned*, and will be disposed of. Her timbers are badly rotted.

The iron tug boat Speedwell was taken into the dry dock on Tuesday to be cleaned and painted. The Contoocook, just finished, from a model by Constructor Samuel Peak, has had a number of days of trial of her machinery by the contractors, and has proved very satisfactory.

SINGING SCHOOLS.—We are requested to state that Mr. Joy's Singing Schools for children and adults are to commence about the middle of September.

"ERWIN FORREST AS CORIOLANUS."—This beautiful Marble statue, by Thomas Ball, is now on exhibition at A. A. Child's & Co's. 127 Tremont street, Boston.

DEATH OF SENATOR MCDOUGALL.—Ex Senator James A. McDougall, of California, died at Albany yesterday, at the age of 50. The country having received no intimation of his illness, the news of his sudden decease will occasion surprise not by any means unmingled with regret. Though his intemperate habits have given him an unenviable notoriety, and though his name has become a synonym for a discreditable weakness, yet it has been generally acknowledged that he possessed an intellect that would have given him a high position among American statesmen had not its powers been blighted by unrestrained indulgences in vicious practices. Slave to vice as he was, no one that read his famous speech in the Senate in vindication of the habit which deprived him of the use of his highest faculties, and probably his life, can forget how his genius enabled him to dress up his strange theme in all the rhetorical splendor of which it is susceptible, and to throw around it the charms of poesy and literature.

NEW ADVERTISEMENTS.

DOWNER KEROSENE OIL CO.

Office, No. 108 *Water Street, Boston.*

TO CONSUMERS OF OIL.

CAUTION.

It having come to our knowledge that many dealers, throughout New England, are in the habit of buying small quantities of our Oil, and larger quantities of inferior oils, and using our brand and packages fraudulently in the sale of these inferior oils, we are determined to expose the frauds, and hereby offer a **Reward of 100 Dollars** for information that will lead to the detection and punishment of any party using our name or brand in the sale of any other than our own Oil. The **"Downer Kerosene Oil"** has been frequently tested and analyzed by Dr. A. A. HAYES, State Assayer, and in a communication to us, dated July 5, 1867, he says: "The term 'Kerosene' as used by the **Downer Oil Company**, applies to the highest grade of Oil only, which, our trials show, does not inflame below 120 degrees Fahrenheit, and carries the assurance of both safety and excellence with it. The other mixed Oils are not only unsafe, but in causing accidents, destroy confidence in the safe and excellent article for affording light produced by the honest manufacturer."

Cheap Farm and Fruit Lands,

—AND—

WATER POWERS FOR MANUFACTURING,

This famous resort during the hot season is again open to the public.

To lovers of bathing and the cool breezes of the ocean, this place offers greater inducements than any other locality on the coast.

The fast new Steamer DAUNTLESS will leave Railroad Wharf, Portsmouth, N. H., daily, on the arrival of the morning train from Boston, and return in the afternoon in season to connect with the cars. O. & C. LAIGHTON.

Caution

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No. 7 ENDICOTT ST., Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Fluor Albus, suppression and other menstrual derangements, are all treated on new pathological principles, and special relief guaranteed in a few days. So invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston.

Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain one dollar, or they will not be answered.

Office hours from 8 A. M. to 9 P. M.
Boston, Aug. 4, 18.7.—lyeao

"Coming from the Navy Yard,"

A beautiful scene on the Piscataqua, represented on canvas by J. T. Moses, may be seen at the Music Store of Mr. Joy. Already flattering have been made for this picture but the author being a great lover of his native home scenes retains it for the present for his particular association. He intends, however, at the suggestion of individuals of Boston and at home, to issue a large and splendid Steel-plate Photographic Engraving of this picture, when subscriptions will warrant the large expense. Here are represented sixty or seventy well-rounded forms of our brave and stalwart arms returning home at high water, beneath a July evening sky, from their labors upon the great naval ships, which may justly be termed the "Bulwark of our Country!"—the Vandalia sloop, riding in beauty inside the old "Beacon," and a part of the beautiful Navy Yard. Every Portsmouth man and son of Portsmouth, at home or abroad, can have this life-stirring picture to hang in his house or store to remind him of the noble scene.—The engraving shall give satisfaction to all subscribers or no pay will be required. All who would participate in the publication are urged to please enter the names as early as convenient, in a paper now at the Music Store of Mr. Joy.—Price only two dollars and fifty cents per copy, delivered. 8t5

VOL. XXXI. PORTSMOUTH, N. H. WEDNESDAY, SEPTEMBER 11, 1867. No. 62.

The Chronicle.

A CRUEL SHOT.—A newspaper correspondent writing from Dacotah, relates the following singular incident, which conveys a moral concerning the treatment of Indians on the frontier:

"In the fall and winter of 1864-5, the 50th Wisconsin regiment, while on the way from Fort Kendall which they had been garrisoning, to Fort Rice, camped one night at Crow Creek. While in camp one of the captains spied what he took to be an Indian on the brow of a hill about half a mile distant. The captain called out to one of his men, and pointing out to him the person on the hill, said, 'Do you suppose you can pick that fellow off?' when the soldier answered 'I'll try,' and drawing up his rifle he fired, and the man fell down dead. On repairing to the spot where the dead man lay, they found to their inexpressible astonishment and mortification that the man shot was a brother of the captain who ordered the firing. Language would fail to express the grief of the captain at what he had done.

The soldier was arrested and brought down to Yankton on a charge of murder, but the grand jury at the October term of 1866, having failed to find an indictment against him, and he was released."

☞ The following conundrum from the Pella (Iowa) Blade leads us to suggest that editorial courtesies in the West might be a little more refined:

Why is Henry Clay Dean like a musical instrument struck by lightning? Because he is a blasted LYRE.

☞ Dr. Crosby, of New Haven, Ct., has invented a machine for making fish books; the machine, tended by one man, makes 6000 books per hour. After being made, they are tempered, and then are fit for use.

— Report says that over 30,000 people have visited the new Masonic Temple, Boston, during the past three weeks.

— Jenkins says mosquito bills don't give him half so much trouble as those of the grocer and market man.

— A Methodist preacher, who is only one inch taller than Tom Thumb, is creating an excitement in the suburbs of London.

— Within the jurisdiction of the nine Orthodox Greek Church parishes in Alaska, not a single crime has been reported in forty years.

— An island, one quarter of an acre in area, and covered with a heavy growth of bushes and trees, twenty feet high, that had long been stationary in a pond at Tyringham, Mass., floated the other day a full half mile from its original location.

— The Army and Navy Journal, commenting on Mr. Johnson's "firmness," thinks that Lord Timothy Dexter, had he been raised to the Presidential chair, would have shown some of Mr. Johnson's special quality.

— Last Wednesday night the Young Men's Christian Association in Chicago attempted to hold an out-of-door religious meeting, but the exercises were discontinued in consequence of the noise made by disorderly persons.

— There is a project on foot by the citizens of Saratoga to buy the United States Hotel property for $125,000, and presenting it to responsible parties, who are to build a hotel to cost not less than $400,000. In case it is used for any other purpose, the property is to revert back to the village.

— Governor Bramlette of Kentucky expresses the opinion that Congress will destroy the "inspired work of Washington and his compatriots." Has the Gov. forgotten the Kentucky resolutions of '98, which were especially aimed against Washington and his compatriots?

— Rev. J. G. Bartholomew says that sceptics have ridiculed the old Bible story of Lot's wife, scoffing the idea of a woman becoming petrified because she would persist in looking back—but it is not a solitary case in the history of mankind; as there are men to-day who have stood so long looking back to the past and sighing because world has moved on and left old customs and ideas behind, that they are petrified through and through. They are counted in society as so many fossils.

— Pets should always be tolerated, for they have their proper place in every household. If they furnish to the young imaginary playfellows, if they help older people to forget the cares of the present, and soften in them the austerities of this hard world's life, if, above all, they can be made morally significant, let us not contemn them as unworthy of our regard. Frolicsome kittens, sweet singing birds, brave old dogs —and shall we not add merry voiced children—have brightened and gladdened and sweetened this world to many.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of the U. S. Patent Office, Washington under the Act of 1837.
No. 78 State street, (opposite Kilby street,) Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States, also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, Bonds, and all papers or drawings for Patents, executed on reasonable terms, with dispatch. Researches made into American and Foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.

No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.

During eight months the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS; *every one* of which was decided *in his favor* by the Commissioner of Patents.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHAS. MASON,"
Commissioner of Patents.

"I have no hesitation in assuring inventors that they can not employ a man *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them as early and favorable consideration at the Patent Office. EDMUND BURKE,"
Late Commissioner of Patents.

"Mr. R. H. EDDY has made for me THIRTEEN applications, in all but *ONE* of which patents have been granted, and that one *is now pending*. Such unmistakable proof of great talent and ability on his part, leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGHART."
Boston, Jan. 1, 1867.—3tawly

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
This Magical Preparation immediately stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair prepar ations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by

BREAD
MIXING and KNEADING MACHINES.
One of the Most DESIRABLE and VALUABLE Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.
The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the advantages of the Bread Mixers and Kneaders
The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.
The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.
It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.
The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au6 E. A. STEVENS,

The Daily Chronicle.

Portsmouth, N. H.

WEDNESDAY, SEPTEMBER 11, 1867.

☞ The Democratic party's gains in Maine were made, not off political questions, but by using the rum plank in the platform, which was the strongest plank they had.—They made a party issue against the stringent liquor laws of last year; but the republicans did not. It is a singular fact that in our neighboring town of Kittery, where the law has been well enforced and therefore well obeyed for the last half year—the Republicans have 100 majority more than last year. All decent people there can see the improvement in Kittery.

It can hardly be said that the Johnson policy has gained in Maine, unless it means the policy of getting drunk. If it means that, there is some fitness of the one thing to the other.

☞ A dreadful explosion took place Monday evening, in New York city, at the turning mill of Abraham R. Welch, on Twenty-fifth street, between Seventh and Eighth avenues. The boiler room was much shattered, and Jacob Madnen, engineer, and Edward Brady, fireman, were killed. Matthew Beir, Frank Case, Jeremiah Cassidy and John Jung, workmen, were badly injured. The boiler was thrown through the air in a westerly direction, across the Eighth avenue, a distance of 430 feet, falling into the residence of Sigismond Housman, No. 308 Twenty-eighth street, between Eighth and Ninth avenues, tearing out the entire rear of the house, killing two of Mr. Housman's children, and a nurse, named Maria Dowling, and severely injuring a servant, named Maria Wilberzeat.

The Yellow Fever at Galveston. The yellow fever at Galveston continues unabated. Dr. Rowe, the army surgeon, continues very low, and Dr. Adams, the medical director, has been taken with the fever. Gen. Potter is thought to be improving. Gen. Griffin's only child and its nurse were taken Monday night, and he has telegraphed for permission to remove the headquarters of the Fifth District to Galveston. Lieut. Garretson has been appointed to take charge of the Freedmen's Bureau, in place of Kirkham, dead. The Galveston Times of Tuesday morning, in a review of the ravages of the fever in that city, says that during the last half of the month of August only four natives of the State have died. A large majority of the deaths were foreigners. There were twenty-five interments on Monday. Gen. Griffin reports that there is not an army surgeon in or around Galveston fit for duty, and that the regular medical practitioners of that city have more than they can possibly attend to.

☞ The Bankers in Richmond, Va., publish the following card:

"The commercial failures reported by a special telegram to Northern papers are false. None have occurred. Commercial bills are being met as promptly as ever before. Some parties out of commercial circles and insolvent at the fall of Richmond have gone into bankruptcy."

☞ In New York City, a warrant has been issued for the arrest of the Revenue Inspectors. It stated that the government had been defrauded of over a million dollars in the past few months. A mass meeting of servant girls was held Saturday evening, protesting against further demands for money from the Fenians.

☞ Reliable advices from Bogota, New Grenada, announce that the Columbian Congress has extended the Panama Railroad Company's franchise for ninety-nine years for a consideration of one million dollars cash, in gold, and annual payments of a quarter of a million dollars from date.

☞ Roxbury becomes part of Boston, by the vote of both cities, on Monday.—Three-quarters of the votes thrown in both places were in favor of the union.

—President Johnson manifested his joy over the California election by having the dispatches immediately sent to several Democratic meetings in Ohio, where Vallandigham and Pendleton were speaking.

— Gen. Sheridan arrived at Cairo on Saturday noon, and was received with a salute. There was no time for further demonstration, as he left immediately for St. Louis.

— The Bangor Whig says Reuben Goodwin of Corinth, with two daughters, went blackberrying in Hudson on Monday last, and about 4 o'clock P. M. one of the daughters, about 22 years of age, became separated from the other members of the family; and although extensive search has been made in the woods adjoining the blackberry field, no trace of her had been discovered up to Thursday.

—The girl lost in the woods while blackberrying at Hudson, Me., last week, was discovered in a logging camp, in a more comfortable condition and much less exhausted than was expected, considering her long absence (three days) and destitution of food.

U. T.

Centenary of Universalism.—It is proposed in 1870 to celebrate the introduction of Universalism in America. In September, 1770, John Murray, supercargo of a vessel, was blown by contrary winds into an inlet in New Jersey, known as Cranberry Inlet. Up this inlet Mr. Murray went to buy some fish. He met a man who not only would not take pay for the fish, but notified him that he had built a church for Murray, had waited long for him, and that the wind that held the vessel fast would not change till the expected sermon was preached. The sermon was delivered on Sunday morning. In the afternoon the wind changed and the apostle of the new faith sailed out of the harbor, and began his ministry, and laid the foundation of the new sect, that was introduced by a special miracle—by breaking the Sabbath. Murray tells this story in his autobiography, and the faithful profess to believe it, fishy as it is.—*Watchman and Reflector.*

Of the above statements, one or two are strictly correct, viz.: that it is proposed to celebrate the centenary of Universalism in America, in 1870; and that in 1770, owing to a change of wind, John Murray, after preaching his first sermon in Potter's Meeting house on a Sunday morning, sailed out of Cranberry Inlet in the afternoon, in a vessel that had been there windbound something more than twenty-four hours.

But the rest of the "story," as told in the item above, is very far from being accurate, and its sneering tone is quite unworthy of the very able and valuable Baptist paper in which they occur.

John Murray, in his autobiography, does NOT tell *"this story,"* but a very different one, in several important particulars. Murray was not the supercargo of a vessel blown into Cranberry Inlet by contrary winds; but he was a passenger on board a vessel from England, that got into that place by beating over the bar in a fog; and he was put on board a sloop that took a part of the cargo to lighten the English vessel, as a trusty person to come with these goods to New York. The English vessel went out over the bar, but the wind shifted suddenly, and the sloop could not get out in company, as was intended.

Mr. M. did not go up the inlet to buy fish; but as there were no provisions of any consequence on board, the crew, after securing the vessel, went ashore to get something to eat; and leaving them at a public house, Murray went on to a house where he found a man named Potter, with many fish, and offered to buy ONE; and when Potter declined to sell, reproached him with refusing to let him have one, of so many. But Potter replied, he had only refused to *sell*, but would *give* him as many as he would take,—and actually provided the crew with a supper of them.

Potter took Murray to his house, and told him, NOT that he built the meeting house for Murray, but "for the worship of God,"—that he did so at his own expense, and had had impressions for years that, as he said, 'God would send a preacher of a different stamp from those who had preached in the house,"—and that he was also impressed with the idea that the vessel contained the man,—and that he (Murray) was the one appointed.

The next day was Sunday, and as Potter had hoped and expected, the sermon was preached to a good congregation, the wind remaining ahead.

In the afternoon, near night, the wind suddenly changed and became fair, and the vessel sailed, ("breaking the Sabbath," as the Watchman chooses to say,) the benevolent and overjoyed Potter *giving* the crew food enough to complete their little voyage.

The Watchman chooses also to say that *"the such sect was introduced by a special miracle!"*

Murray does *not* say this; no Universalist writer or "faithful" believer has said so, to our knowledge. This is the Watchman's assertion alone; and if by miracle, the editor means only a "wonder," it is true. For Potter's impressions, his building of the house, and Murray's accidental visit and preaching there, were certainly a special set of wonderful coincidences.

But if he means that any part of these events, or all of them together, were a special miracle in the sense of "a deviation from the known laws of nature," and "an event *contrary* to the established course of things," he asserts what no Universalist ever claimed. If he means it as a sneer, it is alike unworthy of him and his paper.

Potter's Meeting House, (not church,) is still standing, and being sold after his decease, by a perversion of his will, has been used, and still is, we think, by a Methodist society.

It has never been pretended, by anybody, that it was not built, at the period, by the person, and for the purpose above indicated; and the story, as told by Murray, (not *"this story"* of the Watchman,) is as well authenticated as any such story can be. All the old traditions of the neighborhood went with it; none against it or aside from it. It was told by him repeatedly in Boston and elsewhere, and was never called in question, so far as we know, till now in this left-handed way.

Those who cherish Murray's memory, and who intend to keep the centenary, regard this humble beginning of his ministry, and of their sect in this land, as a remarkable (but not miraculous) dispensation of the Divine providential and gracious government. And we suppose even the Watchman will not undertake to say it took place outside of God's providence or contrary to his purposes.

Besides these coincidences, there are some others, curious, and somewhat amusing. The Watchman seems to sneer at what it calls a miracle, because the story is "fishy." Well, the Old Testament story of Jonah is quite as *fishy*; and the miracle of getting him into the whale's belly and out again alive, is quite beyond that of the two sudden changes of wind, the first of which kept Murray in Cranberry Inlet over Saturday night, and the second carried him out on Sunday evening.

The New Testament story of the fish with a piece of money in his mouth, to pay tribute for Jesus and Peter; and that of the great draught of fishes, are also *fishy*, as the Watchman has it.

The ancient Pharisees, long ago, accused Jesus of *breaking the Sabbath*, because he wrought a miracle on that day, and because the disciples ate the corn as they passed through it. And now the Watchman accuses Murray of the same crime, because the sloop in which he was a passenger, sailed out of the inlet on a Sunday evening.

The parallels are somewhat suggestive; we think they will amuse the ingenious editor of the Watchman; and we hope they may improve him and his really excellent paper.

U. T.

New Hampshire Items.

—— J. Edgerly & Son, who had their establishment in Strafford burnt last January, have bought a water privilege and also the mansion where Col. Gardner Towle formerly resided, at Wadley's Falls, in Lee.

—— A fishway has just been constructed by the Amoskeag Company at the Amoskeag Falls, in compliance with a State law. It consists of six or seven steps, and extends over a distance of 80 feet.

—— A barn one hundred and four years old, in Gilmanton, was taken down a few days ago. It was the first frame building erected in the town of Gilmanton, when it embraced Upper Gilmanton and Gilford, and the whole town included only seventeen families, all of whom were invited to the raising, and all the members of which, including men, women and children, attended the raising.

Demonstration in Honor of Gen. Sheridan.—At St. Louis, Sept. 9, the demonstration in honor of Gen. Sheridan was the largest outpouring of people ever witnessed in St. Louis. The torchlight procession was nearly two miles long, and consisted of over 30 posts of the Grand Army of the Republic, a large number of colored organizations, representatives of the various wards, the fire department and an immense throng of citizens.

The procession was nearly an hour in filing past the Southern Hotel on which Gen. Sheridan with his staff officers, members of the various committees and invited guests were stationed. The crowd in the vicinity of the hotel after the procession had passed must have numbered 10,000 persons and the number that thronged the streets on the line of march could not have been less than from twenty to thirty thousand persons.

Lieut. Gov. Smith delivered a short but very cordial welcome to Gen. Sheridan, on behalf of the people of the State. He was followed by Gen. Carl Schurz in an eloquent speech, in which he referred to Sheridan as the model American soldier and representative of American chivalry, a statesman and soldier, to whom the people of Louisiana and Texas will look with gratitude and esteem as the man who opened the way to permanent peace and prosperity. Gen. Sheridan replied:

"I presume you all know I never make speeches. I regret exceedingly that I am unable to make one to-night; but this very kind welcome has been unexpected by me entirely, and I can only return my sincere thanks for your enthusiasm and kind welcome."

From 11 to 1 o'clock Gen. Sheridan received visitors at the hotel, and the crowd of callers was almost incessant.

"She's beautiful! Her raven curls
Have broken hearts in envious girls."
A woman's chief attraction lies in her beautiful, soft and silken hair. "Barrett's Vegetable Hair Restorative" will render the coarsest and most *unruly* hair soft and silken.

WOMAN'S FRIEND.—Not a dandy husband nor costly silks and jewelry, but Pyle's O K Soap, which facilitates the adornment of cleanliness, with a great saving of labor and expense. Try it. All first class grocers have it for sale.

☞ All Physicians who have used Speer's Sambuci Wine recommend it above all other wines for its valuable medicinal properties, especially for females and debilitated persons. Sold by Druggists.

— We are glad to see a disposition on the part the manufacturers in this country to excel in quality, and of consumers to purchase the best in the market, especially in the articles which enter into the food of man. We are led to the above remarks since having the pleasure of eating some very nice light Biscuit, made from Herrick Allen's Gold Medal Saleratus. Our better half announces it the best she ever saw. Try it. Most all the Grocers and many Druggists sell it. 37

Marie Antoinette and Her Son.—An Historical Romance, by Louisa Muhlbach, 1 vol., 8vo. Paper cover, $1.50; cloth $2.00, is published by D. Appleton & Co., New York, and for sale in this city at Mr. Shores' bookstore. It is one of the best works of this superior writer, and few readers can begin it, without reading it through. It describes in the most graphic style the terribly stirring scenes of the French Revolution, shocking by their own intrinsic horrors, but interesting the reader by the attractive language in which they are clothed. The illustrations are fine.

THE PATENT
Steel Spring Pocket Book.
By this Invention we avoid the necessity for Rubber Bands or Straps, and it is far preferable to either for durability and convenience.
The Springs being of best quality add temper, always retain their elasticity.

GLEASON HALL.
PRESENTATION FESTIVAL.
The Fourth and Last Grand Concert
Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND,
Will positively take place on
Thursday Evening, October 10, 1867,
AT GLEASON HALL, WEST TROY, N. Y.
The first, second and third Concerts of the series took place (as per former advertisements,) on July 25th, Aug. 8th and 29th, and gave unlimited satisfaction, the large Hall being filled to overflowing on each of the above evenings with a refined and appreciative audience from all parts of the State. There was a committee of three reliable and well-known gentlemen selected by the audience on the night of the first Concert to superintend the drawing, which will positively take place on the evening of the above Concert. The Committee are most desirous that all ticket holders should be present to witness the drawing, and thereby relieve themselves of any doubt as to the fairness of the transaction. They also assure those who cannot make it convenient to be present, that their interests will be guarded the same as if they were present. The Tickets, which have been limited to 75,000, at
ONE DOLLAR EACH,
can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. There will be a present awarded with each of every ticket.—Among the presents to be awarded are the following:—

Metropolitan Hotel, West Troy,	$30,000
FARM, fifty acres, Rensselaer Co.,	4,000
Six Building Lots, Albany City,	4,000
One Mortgage, Albany City Property,	1,000
Two Billiard Tables,	1,200
One Mortgage, Farm 56 acres	1,075
One Piano	500
Two Melodeons,	375
Two Bedroom sets,	200
One Grover & Baker Sewing Machine, plated,	85
One Wheeler & Wilson Sewing Machine,	70

And Thousands of Other Presents,
Consisting of
Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Pitchers, Sets Knives and Forks, Sets Spoons, Dressing Cases, Fort Monnaies, Scarfs, Tables, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.
The above property will be delivered to the person entitled to it free from all incumbrance and a title guaranteed.
The property may be seen at any time by calling on the owner, John H. Casey, Metropolitan Hotel, West Troy, N. Y.
We, the undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be placed in our hands, and will be by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey as our Clerk, and we will pay off all orders from the moneys so received, all mortgages upon the property. ANDREW ALEXANDER,
THOMAS BARTLETT,
The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will conduct the presentation with honesty and fairness, and try to give satisfaction to the public.
Hon. Oscar F. Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Ferry Co.; N. F. Wilbeck, N. Y. C. R. R.; R. Witbeck, Att'y and Coun. at Law; A. J. Rousseau; Dr. J. P. Witbeck; Hon. Thos. Kearney, Ex-Co. Treas.; Albany Co.; Henry Fitchett, N. Y. C. R. R.; Thomas Bath; T. W. Jackson, Att'y and Coun. at Law; R. S. Lobdell, Supt. West Troy G. L. Co.; P. A. Rogers, Justice of the Peace; Rogers & Co., 34 Park pl., N. Y.; John A. Gladding, Lansingburgh, N. Y.
Special Terms or Club Rates.—Five Tickets, $4 50; Ten Tickets, $8; Twenty Tickets, $15. A Photograph of the Metropolitan Hotel may be seen at the stores of our Agents.
Tickets may be procured
At BATCHELDER & CO.'S STORE,
3 Congress Street, Portsmouth.
N. B.—In order to give confidence to the public, and secure them in their investment, we allow our agents to retain all moneys received for the sale of tickets, until the distribution takes place.
We, the undersigned, having been appointed a Committee by the ticket holders of the Gleason Hall Presentation Festival to decide in what manner the drawing shall be conducted, do decide and determine that all the numbers from 1 to 75,000 shall be placed in one wheel and the first drawn number shall take the highest prize, the second the next highest, and so on until all the prizes are drawn. Hoping this will meet the approval of the ticket holders, we remain, &c.,
Chas. Doring, Jos. P. Taft, M. Nilan,
Committee.
Dated August 26th, 1867. s2—to10*

BATCHELOR'S HAIR DYE.—This splendid Hair Dye is the best in the world. The only *true* and *perfect Dye* — Harmless. Reliable, Instantaneous. No disappointment. No ridiculous tints. Natural Black or Brown. Remedies the ill effects of *Bad Dyes*. Invigorates the hair, leaving it soft and beautiful. The genuine is signed *William A. Batchelor*, all others are mere imitations, and should be avoided. Sold by all Druggists and Perfumers. Factory 81 Barclay street, New York. d10—1ydaw

MOTH AND FRECKLES.—The only reliable remedy for those brown discolorations on the face called Moth Patches and Freckles, is PERRY'S MOTH AND FRECKLE POTION. Prepared only by Dr. B. C. PERRY, Dermatologist, 49 Bond St., New York. Sold by all druggists in Portsmouth and elsewhere. Price $2 per bottle. mh23—sndaw6m

AMAZEMENT!—With the quickness of thot, without injuring skin or fibre, or leaving a stain upon the scalp,

A HEAD IS TRANSFIGURED!

or, in other words, changed from red, or sandy, or white, or gray, as the case may be, to a transcendent black or brown by

THE MYSTIC SPELL

of that scientific wonder of the century,

CRISTADORO'S HAIR DYE,

a pure compound that defies rivalry, and is manufactured by J. CRISTADORO, 68 Maiden Lane, New York. Sold by all Druggists, and supplied by all Hair Dressers. au30daw—1m

AGENTS WANTED—$10 to $20 a day, to introduce our new patent SILENT SHUTTLE SEWING MACHINE. Price $20. It uses two threads, and makes the genuine LOCK STITCH. All other low priced machines make the CHAIN Stitch. Exclusive territory given. Send for circulars. W. G. WILSON & CO., Manufacturers, Cleveland, Ohio. au18—3m

A NEW GLEE BOOK.

THE GREETING.—A collection of Glees, Quartetts, Choruses and Songs, &c. By L. O. Emerson. Author of "The Jubilate," "Harp of Judah," "Golden Wreath," "Merry Chimes," &c.

Upwards of half a million copies of Mr. Emerson's Music Books have been sold, a fact proving a popularity which has rewarded no other author of the same class of books, and which cannot fail to insure for this new volume an immense sale.—The contents of this work are, for the most part, new. A large number of valuable pieces have been contributed by Mr. L. H. Southard, whose name is a sufficient guarantee of their excellence. The material of which the collection are made up is quality, Brilliancy and Variety; and it will be found, upon careful examination, that there is no Glee Book now before the public that in every particular will prove so completely satisfactory to Musical Societies and Conventions, Conservatories, Clubs and Amateur Singers. Price $1.38. Mailed post paid. OLIVER DITSON & CO., Publishers, 277 Washington street, Boston.

STRICTLY PURE, of great age, and superior flavor. All these important requisites are to be found in Dunster's fine old London Dock Gin.—Sold in large bottles by grocers and druggists generally. 3

Holloway's Pills.—Acidity of the Stomach.—These medicines are a most powerful antacid remedy for the correction of all those acidities whether induced by debility, from fat substances the stomach or impaired by excess, or the torpid functions are stimulated, the blood cleansed, and the secretions of the bile and liver rendered perfect. Sold by all druggists. s7dawlw

DR. MILLER'S
Soothing and Healing Balsam, or Asthmatic's Assistant.

IT HAS PROVED INFALLIBLE for Burns, Frozen Limbs, Bruises, Sprains, Wounds of all kinds, Pains in the Side, Back or Shoulders, Chilblains, Chapped Hands, stiff Neck, Ague in the Face or Breast, Ear Ache, Deafness, Poisoning, Erysipelas, and Inflammation of the Eyes. For Rheumatism it is not a certain cure, yet hundreds have been relieved by it when other remedies had failed.

As an INTERNAL MEDICINE, when taken in season, it will cure Inflammation of the Bowels, Dysentery, Kidney Complaint and Cholera Morbus. It will also cure Diphtheria, Dry Cough and Asthma.

This medicine is purely vegetable in its composition, and safe and healing in its character, may be given to any age or sex with perfect safety. It has been before the public during the past nine years, and has stood up some of the most astonishing cures. The proprietor challenges the world to produce its superior as a remedy. For sale by all Druggists. C. D. LEE, Proprietor, [mh25—dawly A] Springfield, Mass.

Demas Barnes & Co., 21 Park Row, New York will also supply the Trade at List Prices.

GOOD NEWS
For the Economical!

A lot of **WOOD** has been sent to the Spool Factory by mistake, which will be sold at **$5.00 Per Cord**, to pay freight, less than one half its value. It is good to burn, but will not make Spools. This affords an excellent opportunity to get your winter's wood cheap.

We have on hand a few cords of these White Birch SLABS.

Also, Kiln-dried BLOCKS, at 25 cents per barrel, and SAWDUST for packing and bedding, at 5 cents per barrel.

au26 DEARBORN & BROWNELL.

Special Notices.

BANKING HOUSE OF JAY COOKE & CO. No. 20 WALL STREET, *Cor. Nassau St. New York.*

We buy and sell at the most liberal current prices, and keep on hand a full supply of GOVERNMENT SECURITIES, 5-20's, 1865, 7-30's, TEN-TIRTIES, and COMPOUND INTEREST NOTES, and execute orders for purchase and sale of STOCKS, BONDS and GOLD.

CONVERSIONS.

We convert the several issues of SEVEN-THIRTIES at the most favorable market rates into FIVE-TWENTIES, which, at present rates of gold yield the holder about one per cent. more interest per annum. Circulars with full particulars furnished upon application.

my8daw1y JAY COOKE & CO

IF WE HAVE A COLD, pain in the head, dizzy, bilious, costive, or sick from any cause, it is from the presence of offending humors, and this is so whether the pain be in the flesh, the nerves or the bones.

BRANDRETH'S PILLS

should be always ready, and are sure to purge, and this can be done according to the quantity of morbific matter. The offending humors are removed and the health restored.

The Hon. Demas Barnes says, "I sell more of Brandreth's Pills than of all others put together."

BRANDRETH'S PILLS are sold by all druggists, and at the principal office, Brandreth House, New York.

Observe B. BRANDRETH in white letters on the government stamp on each box. au29dawlm

TO OWNERS OF HORSES AND CATTLE.—TOBIAS' DERBY CONDITION POWDERS are warranted superior to any others, or no pay, for the cure of Distemper, Worms, Bots, Coughs, Hide-bound, Colds, etc., in Horses; and Colds, Coughs, Loss of Milk and Black Tongue, Horn Distemper, etc., in Cattle. They are perfectly safe and innocent; no need of stopping the working of your cattle. For sale by all druggists. Horn Woodruff, the celebrated trainer of trotting horses, has used them for years, and recommends them to his patrons. Col. Phinlo, Proprietor of the Jerome Race Course, Fordham, N. Y., would not use them until he was told of what they are composed, since which he never without them. He has over twenty running horses in his charge, and for the last three years has used no other medicine for them. He has kindly permitted me to refer to any one of them. Over 1000 references can be seen at the depot. Sold by Druggists and Saddlers. Price 25 cents per box.—Depot 56 Cortland street, N. Y. s8dwim

SCHENCK'S MANDRAKE PILLS.

A Certain Cure for Disorded Liver and the many Dangerous Maladies which are caused by a morbid condition of that organ.

To give the public a clear understanding of the mode in which SCHENCK'S Mandrake Pills produce those wonderful effects which are attested by thousands of reliable witnesses, we present a brief

DESCRIPTION OF THE HUMAN LIVER

and its functions, which will make the operation of this popular medicine perceptible to every man's understanding.

The liver is supplied with blood vessels, nerves and absorbants. One of its obvious uses is to secrete and prepare the bile. It also purifies the blood and separates that fluid from all impurities. How indispensably necessary to health is the proper performance of this office! When the liver is diseased, it cannot purify the blood, and if that is sent back through the lungs, brain and other parts in a vitiated condition, it must cause indigestion, biliousness, obstruction of the kidneys, gravel, and many other complaints more or less painful and dangerous, but the light is not strong enough to make a man sick and uncomfortable, and unfit for the performance of any of the duties of life. This unhealthy state of the system very often ends in pulmonary consumption.

The circulation of the blood is conducted in this manner:—the heart sends it to the lungs, down through the arteries; it passes through the flesh, taking up all impurities in its progress; then the stream of blood flows backward through the veins, and passes to the liver to be purified. It is impossible to cure consumption, scrofula, or scarcely any other kind of disorder while the important organ, the liver, is diseased. It is for that reason that "regular physicians" rarely cure consumption. They usually begin their treatment with the use of some cough medicine, the basis of which is morphia or opium in some shape, which locks up the liver instead of relaxing the secretions, giving a tone to the stomach, and producing a healthy flow of bile. Dr. Schenck's

PULMONIC SYRUP, SEAWEED TONIC AND MANDRAKE PILLS,

will strengthen the system, purify the blood, and ripen and heal ulcers on the lungs.

A volume would be required, to give a brief account of the remarkable cures performed by Dr. Schenck's medicines. Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills—all of which are accompanied by full directions for the use of them.

DR. SCHENCK will be professionally at his rooms every week, 32 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer the charge is five dollars. His pamphlet is for sale by all druggists and dealers. Also a full supply at all times at his rooms. Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents per box.

GEO. C. GOODWIN & CO., 38 Hanover street, Agents for Boston. For sale by all druggists.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, my—law daw1y
JOHN B. OGDEN, 42 Cedar Street, New York.

Local.

☞ A Portland correspondent writes us that the Encampments of I. O. of O. F. of that city, accompanied by Chandler's Band, are to have an excursion to Haverhill, Mass., to attend the Odd Fellows' celebration on the 13th inst. They will appear in full regalia and with their banners, and will go from Haverhill to Concord, N. H., returning by way of Portsmouth. They will be gone some three or four days.

☞ Notwithstanding the coolness of the weather, the contemptible cure of the genus homo who have taken to themselves the province of poisoning more worthy specimens of the genus canis, have not ceased their dirty work. As late as Monday we hear of the poisoning of inoffensive and harmless dogs. A muzzle is the best protection against these uncalled-for exhibitions of a perverted nature; but even that is not a positive safeguard against malice and ignorance.

POLICE COURT, Sept. 10.—James McKone, alias James Brown, was found guilty of an assault upon Charles Ricker, and sentenced to pay a fine of $7. and $3.86 costs.

☞ In Rev. Dr. Burroughs's garden is a stalk of corn, by measurement twelve feet high, with two stout ears of corn on it.

☞ Rev. T. H. Miller is to preach at Wells, next Sunday.

☞ A card in our advertising columns announces that Dr. Dio Lewis' well-known school will open, as advertised heretofore, on the 25th inst., he having secured the pleasant and retired Spy Pond House, five miles from Boston, on the Lexington Railroad. The Doctor announces to rebuild the Lexington House, even better than before, and to resume his school in the old locality a year hence.

☞ Mr. Lamprey's Dancing School commences this afternoon, at Irving Hall.

SUGGESTION.—The Providence Journal in speaking of the great success of the New England Fair in that city last week, says, "It has been suggested that the United States Agricultural Society, which has held some highly successful fairs, and which has been inactive during the war, might be revived, and hold on these grounds, a fair which shall eclipse anything of the kind ever seen on this continent."

S. J. COURT, *Manchester.*— The first case marked for the jury was Henry J. Chapman, Adair Jesse Bowers, v. Greeley, Tilton & Co. The principal defendant, James S. Thornton, one of the heroes of the *Kearsarge*, and its present commander, evidently did not care to take his case to the jury, and his counsel tried hard to avoid the result. But the court was inexorable and pushed the defence into the usual digems. They struck their colors on the horn of surrender, when the case, and the cock following, collapsed like a punctured bladder. The Lieutenant doubtless is brave as a lion on the perilous verge of battle, but other heroes as well as he, have faltered on the perilous verge of the law.—*Mirror.*

RUSSIA AND TURKEY.—A Constantinople special by cable to the Tribune dated 9th, says the Russian Ambassador in this city, Gen. Ignatrif, has presented to the Porte another note of his government, demanding the cession of Crete to Greece and full equality to Christians and Mahommedans in all Turkey. The demand is the ultimatum of Russia. An answer is required in ten days. War is expected. Late accounts speak of atrocities committed in Crete, by the Turks.

GOLD, Tuesday, 143 3-4.

— The corn harvest in Texas promises to be the greatest ever garnered. On some farms the product will be one hundred bushels to the measured acre. Cotton, also, is doing well.

— The extensive farm of Horace Brainard at St. Albans, Vt., contains 800 acres, and produced 1123 tons of hay this season, three hundred loads of which was got in during a single day.

— Mr. Middleton, of the coal oil stores, lately destroyed by fire at Montreal, has absconded. An inquiry shows a deficiency of 5000 barrels of oil, valued at $43,000.

— The official returns of the election in Kentucky indicate a gain in the Republican vote of 5,000. At the Congressional election the vote was as follows: Peace Democrats, 77,621; Republicans, 28,872; Union Democrats, 6366.

—Napoleon has paid a delicate compliment to the United States in naming the iron-clad ram Dunderberg, the "Rochambeau." It was Count Rochambeau who commanded the French auxiliaries that aided the Americans in capturing Yorktown.

—A. Strong, late Cashier of the San Francisco sugar refinery, was discovered to be a defaulter to the amount of $100,000.—He left the State in the steamer Great Republic for China. He was in the habit of gambling, which led to the commission of the crime.

—It is said that O. M. Beach, President of the exploded Farmer's and Citizens' National Bank of Williamsburg, N. Y. was notified a month or two ago by a treasury agent, that a large deficit in the reserves of the bank must be made up, but he kept all knowledge of the fact from the directors, and took no measures to make good the deficiency, which caused the suspension.—[In case a State Bank had been swindled, the public might suffer,—in this case, only the stockholders.]

By the International Telegraph Line—Office No. 28 Congress street.

NASHUA, Sept. 10.—*Dear Chronicle,*—The State Fair opened this morning under favorable auspices and with good weather. Gov. Smyth and other distinguished gentlemen were on the grounds.

There are from ten to twelve hundred entries. C. H. Hayes of Portsmouth has entered his fine stock. J. H. Ferguson of Portsmouth has entered his splendid double team of horses. Nat. Wiggin has his fine gelding among the entries.

— The Brazilian Parliament proposes to extinguish the national debt by means of lotteries.

— Insolvency is almost general among the merchants in Richmond, Va., and Northern creditors, chiefly of New York and Baltimore, can enter suits in the United States Courts for the recovery of debts. A rush into bankruptcy is the consequence. No less than forty applications were received on Friday by the Register. [P. S.—The bankers of Richmond declare there is no *new* bankruptcy.]

MARRIAGES.

In Salisbury, LUTHER C. BRODRICK to Miss CAROLINE WHITTIER.

In South Lebanon, Me., Aug. 26, WILLIAM A. HEATH of New Hampton, to Miss MARY C. DAME of Farmington.

In Troy, Aug. 28th, H. N. VAN TASSELL of Tarrytown, N. Y., to Miss HANNAH P. SMITH of Candia.

In Newmarket, Aug. 24, HENRY RAMSBOTTOM to Miss ELIZABETH A. TOBEY, both of Kittery.

In Alton, Sept. 1st, MARQUIS HURD to Miss LIZZIE HANDSCOMB.

DEATHS.

In Stratham, Sept. 6, JOHN DEARBORN, aged 79 years, 9 mos.

In Hampton, Aug. 27, ANNA L. LEAVITT, aged 7 months, child of Thomas and Fannie D. Leavitt.

In Kensington, Aug. 30, Miss SALLY HOBBS, aged 78.

In Rochester, Sept. 1, Mrs. HARRIET N. FOLSOM, aged 54 years, wife of David J. Folsom.

In Exeter, Sept. 4, Miss CAROLINA F. LAWRENCE, aged 52, daughter of the late Jonathan Lawrence, Esq.

In Stratham, Sept. 6, JOHN DEARBORN, aged 79.

THE
CENTRAL PACIFIC RAILROAD,
THE WESTERN HALF OF THE
GREAT NATIONAL TRUNK LINE
ACROSS THE CONTINENT,

being constructed with the AID and SUPERVISION OF UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the sole link of communication between the Pacific Coast and the Great Interior Basin, and the

Principal Portion of the Main Steam Line between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building west of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 865 miles $28,592,000, or at the average rate of $33,000 per mile of road, including an absolute grant of **10,000,000 acres** of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by assuming its first and only Mortgage Bondholders, the GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has guarded their interests against all ordinary contingencies.

The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Acts of Congress upon the other parts of the thro' line, and has, in addition, **several special, exclusive advantages** applicable only to the Western Half.

I. The Company has received from the State and chief cities of California, *assistance in money, credit and subscriptions*, exceeding **$3,000,000**, in addition to the full benefit of the Government subsidy.

II. *The most difficult part of its construction has been successfully overcome* within the first 150 miles. In a few weeks the track will be completed two hundred and fifty miles beyond, after which progress to Salt Lake will be easy and rapid.

III. The local business alone of this road establishes its complete financial success, independently of the vast through traffic which must pass over it. The gross earnings for the month of June will pass the 91 miles then open for business, were upward of $297,000 in gold; of which *four-fifths* were net earnings.

IV. It can have no competition, but will carry, beside its own lucrative local traffic, the *whole volume of through business* which must be shared among its Eastern connections and their branches.

V. The road lies wholly in territory *yielding* the precious metals, *and its revenues are collected in coin.* Its rates for transportation are very advantageous, being more than three times those of roads lying east of it; and the *ratio of operating expenses is less than 25 per cent. of the gross earnings.*

VI. In consequence of the aid it receives from the General Government, from the State of California, and from municipal corporations, the annual interest obligations which the Company are called upon to assume are very light. The net earnings upon an average of about 75 miles in 1866 were *nearly three times the amount of annual interest liabilities to be assumed in building it, and were $235,000 more than the annual interest on entire issue of First Mortgage Bonds when the Company can issue upon the first 150 miles.*

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds,

Principal and Interest payable in Gold Coin, in New York city. They are in sums of $1000 each, with semi-annual gold coupons attached, and are selling for the present at **95** per cent and accrued interest. Coin will be added, in currency, at which rate they yield nearly

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are of higher grade than the Government, and for the same amount only as the Bonds granted by the Government; and represent, in all cases, the *first lien* upon a road, which, from its local productive railroad, in which have been invested Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The agreement of this Company to pay principal and interest of their Bonds in coin, being made under the Special Contract Law of California, authorizing contracts to pay gold, *is legally binding*, unlike similar agreements made by companies in States where no such legislative sanction exists.

In these important particulars the Securities of the Central Pacific Company *offer an unusual degree of safety, stability and profit combined.*

The First Mortgage Bonds of the Company are destined to occupy a prominent place among FIRST CLASS SECURITIES in the money markets of this country and Europe, and will, without doubt, be eagerly sought for, and anxiously dealt in hereafter, at rates materially in advance of the price at which they are now offered.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions and others as an eminently *sound, reliable and remunerative form of permanent investment.*

Morning Chronicle.

Correspondence of the Chronicle.

BOSTON, Sept. 1867.

Messrs. Editors,—During a short visit in your city, this season, I was surprised to find how much time was spent by the ladies in "peeping through the blinds," and on my return, finding this in the Journal, the idea suggested itself of sending it to you for insertion.

Very respectfully yours, A. VICTIM.

PEEPING THROUGH THE BLINDS.

In place of books, or work, or play,
Some ladies spend the live-long day,
In scanning every passer by,
And many a wonder they descry!
They find among the motley crowd
That some are gay and some are proud;
That some are short and some are tall,
They get their information all
By peeping through the blinds!

You walk the streets (at common pace),
You catch the outlines of a face.
The face seems strange; again you look,
Dear sir! she knows you like a book!
She knows the color of your hair,
The very style of clothes you wear.
She knows your business, I'll be bound,
And all your friends the country round,
By peeping through the blinds!

She knows the Smiths across the way,
And what they dine on every day;
And thinks that Miss Matilda Jane
Is growing very proud and vain.
She knows the Browns at Number Four,
Just opposite her very door;
Folks quite as poor as they can be,
For don't they sit and sew while she
Is peeping through the blinds!

Dear ladies, if you don't succeed
In gaining knowledge that you need,
Then at your window take your seat,
And gaze into the busy street;
Full soon you'll read your neighbors well,
And can their tastes and habits tell,
And know their business to a T,
Much better than your own, you see,
By peeping through the blinds.

"FLIES IN AMBER."

Picked out for the Chronicle.

—An honorable death is better than an inglorious life.

—At the gate which suspicion enters, love goes out.

—Nothing is more precious than time, yet nothing less valued.

—It is a base thing to betray a man because he trusted you.

—Your looking-glass will tell you what none of your friends will.

—He that shows his passion tells his enemy where he may hit him.

—Men would live exceeding quiet if these two words *mine* and *thine* were taken away.

—He that goes to church with an ill intention, goes to God's house on the devil's errand.

—The three things most difficult are—to keep a secret, to forget an injury, and to make good use of leisure.

THE DEATH OF SUMMER.

By the length'ning twilight hours;
By the chill and fragrant showers;
By the flow'rets, pale and faded;
By the leaves with russet shaded;
By the gray and clouded morn;
By the drooping ears of corn;
By the meadows, overspread
With the spider's wavy thread;
By the soft and shadowy sky;
By the thousand voices hushed
Evening bough beneath—
Summer, we perceive thy death!

☞ Some colored emigrants from this country are attaining great wealth and influence in the African republic, which is demonstrating the capacity of the blacks for self government. Not far from twenty years ago a colored young man attended the academy at Meriden, N. H., and made good proficiency in study. By diligence and exemplary character he gained the esteem of his teachers and the affection and confidence of his fellow students, and all felt that he had the qualities of manhood fitted to secure success in life. But the prejudices against his race in this country inclined him to seek a home in the Liberian republic, and recent intelligence from that country proves the wisdom of his choice. He went out a penniless emigrant, with no other resources but intelligence and industry, and settled in an unbroken wilderness on the banks of the St. Paul. He now owns a splendid farm of one thousand acres, under high cultivation, well stocked with cattle and agricultural implements. On the estate is a good sugar mill, of the size and convenience common to the West Indies, but which is quite inadequate to the work demanded by his large crops of cane. He has accordingly leased, in addition, a large steam mill, expending eighteen hundred dollars in putting it in perfect repair, and expects to reimburse himself for the outlay by his exports of sugar and molasses the present season. This enterprising farmer is also among the foremost public men of Liberia, is Speaker of the House of Representatives, and held in high honor by both natives and emigrants. His name is the Hon. Augustus Woodbury, and his old New England friends will be pleased to learn of his success.—*Providence Journal.*

— A traveller in Indiana found two men fighting, surrounded by a large crowd. He succeeded in separating them, and then found that they were both schoolmasters and that the difficulty originated in a dispute as to the orthography of the word "bird." His disgust was intense when he found that one party insisted the word should be spelled "burd," while the other was equally persistent for "byrd." What an idea!

— A Mississippi doctor cures cholera by injecting sulphuric acid into the veins of the patient. [We suppose it kills the disease and the patient at the same time.]

— A Fall River woman, eighty years old, has just been committed to the House of Correction at New Bedford for drunkenness. She was accompanied by another woman over sixty.

— The valuation of the city of Portland is $28,313,345. Two millions of dollars have been borrowed for rebuilding the burnt district.

NEW ADVERTISEMENTS.

DOWNER
KEROSENE OIL CO,
Office, No. 108 Water Street, Boston.

TO CONSUMERS OF OIL.
CAUTION.

It having come to our knowledge that many dealers, throughout New England, are in the habit of buying small quantities of our Oil, and larger quantities of inferior oils, and using our brand and packages fraudulently in the sale of these inferior oils, we determined to stop such frauds, and hereby offer a **Reward of 100 Dollars** for information that will lead to the detection and punishment of any party using our name or brand in the sale of any other than our own Oil. The "**Downer Kerosene Oil**" has been frequently tested and analyzed by Dr. A. A. HAYES, State Assayer, and in a communication to us, dated July 6, 1867, he says: "The term 'Kerosene' as used by the **Downer Oil Company**, applies to the highest grade of Oil only, which, our trials show, does not inflame below 120 degrees Fahrenheit, and carries the assurance of both safety and excellence with it; while the mixed Oils are not only unsafe, but in causing accidents, destroy confidence in the safe and excellent article for illuminating light produced by the honest manufacturer."

Cheap Farm and Fruit Lands,
—AND—
WATER POWERS FOR MANUFACTURING,

Caution
To Females in Delicate Health.
DR. DOW, Physician and Surgeon, No. 7 ENDICOTT ST., Boston, (a consultee, daily) for all diseases incident to the female system. Prolapsus Uteri or Fluor Albus, Suppression and other menstrual derangements, are all treated on the most pathological principles, and speedy relief guaranteed in a very few days. So invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health
Dr. Dow has no doubt had greater experience the cure of diseases of women than any other physician in Boston
Boarding accommodations for those who may wish to stay in Boston a few days while under treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered.
Office hours from 8 A. M. to 9 P. M.
Boston. Aug. 4, 1867.—1yeod

"Coming from the Navy Yard,"
A beautiful scene in the Piscataqua, represented on canvas by T. P. Moses, may be seen at the Music Store of Mr. Joy. Fifty applications have been made for this picture but the author being a great lover of his native home scenes retains it for the present for its peculiar associations. He intends, however, at the suggestion of individuals of Boston and at home, to issue a large and splendid fac-simile Lithographic Engraving of this picture, when subscriptions will warrant the large expense. Here are represented sixty or seventy swift row-boats, filled with men of stalwart arms returning home at high water, beneath a just leveling sky, from the labors of the day on the great naval ships, which may justly be termed the "Bulwark of our Country!"—the Vandalia sloop, riding in beauty inside the dry dock—"Peacock" and a part of the beautiful Navy Yard. Every workman and son of Portsmouth, at home or abroad, can have this life-stirring picture to hang in his house or store to perpetuate the noble scene.—The engraving shall give satisfaction to all subscribers or no pay will be required. Those who would participate in this picture enterprise will please enter the names as early as convenient, in a paper now at the Music Store of Mr. Joy.
Price only two dollars and fifty cents per copy, delivered. 85

ALL AROUND THE WORLD
THE FIRST PREMIUM
Of a Silver Medal
WAS AWARDED TO
BARRETT'S HAIR RESTORATIVE
By the N. H. State Agricultural Society, at its Fair, holden in Nashua, Sept. 26, 1866.

SPEER'S SAMBUCI WINE.
Prescribed by Physician for
FEMALES, WEAKLY PERSONS AND INVALIDS.
As a Tonic, it has no equal, causing an appetite and building up the system of the most debilitated.
As a Diuretic it imparts a healthy action to the Glands, Kidneys and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic affections.
As a Blood Purifier, it is superior, being one of the best alterratives known in the medical pharmacopœia.
The qualities of SAMBUCI are "*multum in parvo*," being at once a Tonic, Diuretic, Alterative, Diaphoretic and Soporific.
N B — Vinum bonum bonum sanguinem facit.
SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and beneficial to children.
Beware the signature of *ALFRED SPEER*, Passaic, N. J., is over the cork of the bottle.

GRAVITATION.—Sir David Brewster, in the last Athenæum, denies the authenticity of the recently discovered letter of Pascal to Sir Isaac Newton, in which the writer foreshadows the theory of gravitation, and gives his reasons for believing it to be a forgery.

— What word is that of five letters from which if you take two of them, only one is left? St-one.

— There is a musical prodigy at the South End. He plays principally on the feelings of his mother.

— A man at Bassadaga, New York, is raising minks, and has forty in flourishing condition, of which twenty-two are of this season's growth.

— A praying machine is on exhibition at Paris, warranted to say a hundred and twenty Buddhist prayers a day without getting out of order.

— New York papers report the drinking fountains in that city to be a decided success, although there are but ten for the accommodation of the entire population.

— A knavish attorney asked a worthy gentleman what was honesty? "What is that to you? you meddle with those things which don't concern you," was the instant reply.

— "My son," said an affectionate and anxious mother to her reckless offspring, "whenever you go a-skating, be sure to choose a pond that hasn't any water in it' and then you'll never be drowned."

— The persons engaged in investigating the Trades Union outrages at Sheffield England, report that out of about sixty unions in that town thirteen have promoted or encouraged and connived at these outrages.

— It is understood that Charles Dickens does not propose to give readings under the auspices of lecture committees or literary societies, and if he does make any such arrangements, the price will probably be not less than $1500.

—Recently, in Savannah, Ga., a citizen while digging a foundation, struck a silver mine in the shape of a heavy silver watch, goblets and numerous smaller articles of plate. A fine china set was also unearthed. The treasure is supposed to have been buried when Sherman was approaching the city.

— The New Bedford Mercury says that Samuel B. Hamlin of Acushnet raised this season from one acre and ninety four rods of land, fifty bushels of as handsome wheat as can be shown in the State. This shows what intelligent and well directed effort can do upon the uninviting soil of Bristol county.

— Herschell V. Johnson, once a Democratic candidate for the Vice Presidency, says he has been ruined by the rebellion.—His plantation lay in the track of Sherman's march, and everything he had was destroyed, even the title deeds of his property.—He says he fought secession to the last, and only gave in when his State went over to rebellion.

— A law of New York compels all cars in the city limits of Brooklyn to be horsecars. But on the Coney Island Railroad the law is evaded by having a horse fastened ahead of a veritable locomotive of 60 horse power, drawing a long train of cars. All the frisky creature has to do is to keep ahead of the train. When the train reaches the limits the horse is detached and the engine increases its speed.

— The London Lancet mentions a curious instance of deception under an operation under an operation. A woman had fractured her leg by tripping over the hoops of her crinoline. She was conveyed to the Middlesex Hospital, where amputation was pronounced necessary. It was performed under chloroform, and as she was of a timid and nervous temperament, she was kept for forty days in ignorance of the fact that she had lost her leg.

Tracts for the People.

☞ Local AGENTS WANTED throughout the United States.

The Riverside Institute.
Situate at Riverside, Burlington County, New Jersey, is founded for the purpose of gratuitously educating the sons of deceased Soldiers and Seamen of the United States.

The Board of Trustees of the Institute consists of the following well-known citizens of Pennsylvania and New Jersey:
Hon. WILLIAM B. MANN, District Attorney, Philadelphia.
Hon. LEWIS R. BLOOMALL, Ex-Chief Coiner, U. S. Mint, and Recorder of Deeds, Phila.
Hon. JAMES M. SCOVEL, New Jersey.
Hon. W. W. WARE, New Jersey.
HENRY GERMAN, Esq., Agent Adams' Express, Philadelphia.
J. E. COE, Esq., Joy, Coe & Co., Philadelphia.

TREASURY DEPARTMENT, Washington, D. C., April 18, 1867.—Office of Internal Revenue:—Having received satisfactory evidence that the proceeds of the enterprize conducted by the Washington Library Company will be devoted to charitable uses, permission is hereby granted to said Company to conduct such enterprize exempt from all charge, whether from special tax or other duty.
E. A. ROLLINS, Commissioner.

The Association have appointed as Receivers, Messrs. GEO. A. COOKE & CO. 33 South Third Street, Philadelphia, whose well-known integrity and business experience will be a sufficient guarantee that the money intrusted to them will be promptly applied to the purpose stated.
PHILADELPHIA, PA., May 20, 1867.
To the Officers and Members of the Washington Library Co., W. S. REED, Secretary.

Gentlemen:—On receipt of your favor of the 15th inst. notifying us of our appointment as Receivers for your Company, we took the liberty to submit a copy of your charter, with a plan of your enterprize, to eminent legal authority, and having received his opinion in regard to its legality, and sympathizing with the benevolent object of your Association, viz,—the education and maintenance of the orphan children of our soldiers and sailors at the Riverside Institute, we have concluded to accept the trust and to use our best efforts to promote so worthy an object.
Respectfully yours, &c.,
GEO. A. COOKE & CO.

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
The Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
It will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair prepar ations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

au22 LAFAYETTE LAIGHTON.

BREAD
MIXING and KNEADING MACHINES.
One of the Most DESIRABLE and VALUABLE
Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.

The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the advantages of the Bread Mixers and Kneaders
The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.
The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.
It meets a want that has long been felt, and lightens a part of household labor that has ever been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.
The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au 6 E. A. STEVENS,

Odoodly **No. 22 State Street, Boston.**
JAMES A. DUPEE, JAMES BECK, HENRY SAYLES.

The Daily Chronicle.

Portsmouth, N. H.

THURSDAY, SEPTEMBER 12, 1867.

☞ The Portland Press says of the Maine election: "There has been no campaign. There has not even been a canvass. From the State Committee down to the town committees there has been a paralysis of the entire organization, and the result appears in our returns." The Bangor Whig says that Republicans abroad may rest assured that "Maine is as strong as ever in the faith, and would to-morrow throw 20,000 majority at least against Johnsonianism and 'Democracy.'" The Whig ascribes the result to "dissatisfaction at the new liquor and constabulary laws."

PHARAOH DELIVERING THE EGYPTIANS.—Some droll items get into the papers. Here is one of them:

Governor Geary of Pennsylvania writes to a friend in Washington that—"President Johnson must not be impeached. He is necessary to our radical success, as Pharaoh was to the delivery of the Egyptians."

Let us see how it was. Pharaoh delivered the Egyptians into the Red Sea, and was drowned there with all his host.—Somebody, we think, must have blundered. The Israelites, whom Pharaoh pursued, were delivered out of his hand, and out of the Sea, by the Divine power, and led forth by his servant the ancient Moses. The modern Moses, *alias* Pharaoh, serves another master, and while he is quite successful in getting people into difficulty, seems to have no good luck in getting them out—Whether he will get out himself or not, is a problem yet to be solved.

EDWARD SPARHAWK, Esq., of Brighton, Mass., died at his home there on the 3d inst., wanting not quite three months of ninety-seven years. At his request an address was delivered by his late pastor, Rev. Frederick A. Whitney, and the discourse referred to several of the name who in these successive generations have been eminent in church and State. Among these was Hon. Nathaniel Sparhawk, judge and councellor, connected with the deceased, who married Elizabeth, daughter of the first Sir William Pepperell, victor of Louisburg.—William Sparhawk, son of this Nathaniel, was permitted by the King to assume the name and title of his grandfather Pepperell, baronet, and is inscribed in the catalogue of Harvard University, class 1766, Mr. Barconettus.

Mr. Edward Sparhawk, now deceased, was in the sixth generation from Nathaniel, the emigrant. Edward was born on the estate where he died, Thanksgiving day, November 29, 1770. This large estate has not been out of the family since the emigrant came upon it in 1638, now 229 years. Very few instances of large landed estates thus perpetuated, can be found in this country.

— Mrs. Atkins, 78 years old, residing in Westfield, fell off from a bridge near her house, Saturday, and was drowned.

— Garibaldi has arrived in Geneva to take part in the Radical Peace Congress, and met with an enthusiastic reception. In a speech he declared that his resolution to free Rome was unalterable.

—The only daughter of Mr. Spotted Tail, the celebrated Indian chief, is named Lizzie Euphemia Pocahontas. She is "finishing her education" at Omaha. She is learning to sing in Italian and play the piano.

— Several Bostonians, who proposed to pass the autumn in Italy, are about returning home, having abandoned the tour on account of the cholera, which prevails there to an alarming extent.

—A Chicago man advertised the other day for a book-keeper. In less than twenty-four hours he had received between sixty and seventy applications for the place.—Chicago is overrun with young men out of employment.

—The Bishop of Parma has excommunicated the Journal *Il Presente* of that city. The effect was soon visible, as the next day the editor published a numerous list of persons who stated that they felt bound to subscribe to the excommunicated journal.

— Gen. Sheridan had an immense reception and ovation at St. Louis. Almost the entire city, together with multitudes from the country round about, assembled to do honor to the hero of Winchester and New Orleans. Andrew Johnson can put no veto upon the enthusiasm of the loyal West.

— The World of Art recently suffered an irreparable loss by the destruction of the famous chapel of the Madonna del Rosario, in Venice. Among other works of considerable note which were burned was Titian's celebrated picture of the Martyrdom of St. Peter.

— The Salisbury, Md., New Era says: "The effect of the President's recreancy is being made apparent. Even in our street, the hurrahs for Jeff. Davis again greet our ears, and those who have for some time smothered their antagonism to republicanism are now growing defiant." This is just as Gen. Grant warned the President.

NEW HAMPSHIRE ITEMS.

—— Rev. J. G. Forman, once pastor of the Universalist society in Dover, and afterwards of the Parish in West Bridgewater, Mass., has been away from the latter place fifteen years or so; but on Sept. 4, he was re-installed there, in a renovated house, with an endowment fund for expenses.

— Montana Territory has chosen as her delegate to Congress James M. Cavanaugh, (Dem.) in place of Samuel McLean, (Dem.) Mr. Cavanaugh was formerly a Representative from Minnesota, and was nominated by the more loyal section of the Democracy over a notorious Secessionist, who was the candidate of the blacklegs and other bard characters who so largely infest the Rocky Mountains, though a good many of them have been hung by Vigilance Committees. Montana was largely settled by Rebel fugitives from the armies of Claib Jackson and Price and the guerilla bands of Quantrell and other Missouri Border Ruffians, and was disloyal throughout the war. McLean was chosen two years ago by about 1,000 majority, and we presume Cavanaugh has nearly that number.—*Trib.*

CHANGE OF MARKET DAY IN CAMBRIDGE.—The change of cattle day at Cambridge Market from Tuesday to Thursday, to take place on the 19th, is claimed to be an important movement, as it will enable hundreds of men to secure Sunday as a day of rest. Under the present system a large amount of stock is loaded in cars on Sunday to be forwarded in season for Tuesday's market. The change will also have a tendency to concentrate the stock business of Cambridge and Brighton markets on Thursday and Friday.

A BIG CONTRACT.—Hon. Oakes Ames, M. C., of North Easton, Mass., has contracted to build nearly the whole of the remaining portion of the Union Pacific Railroad—some six hundred miles, passing through the Rocky Mountain region,—receiving therefor over seven millions of dollars.—Mr. Ames is one of the best business men and financiers in the country, and will do all he sets out to.

☞ Harris, the negro who murdered the two old women at Auburn, Maine, has made a confession to the editor of the Gospel Banner, in which it comes out that on that night Harris had a bottle of whiskey, which he kept drinking, until just before he entered the house he drank the last of it. He confesses that he alone committed the murders.

— The New Orleans Picayune says the freed women there oppose the introduction of the labor-saving washing machines. The reason is: "Bime by dey'll hab no use for niggers."

— A Cincinnati special says an express wagon containing eight Germans was backed down a forty-five feet embankment.—Lena Whigand, aged thirteen, and Freat O. Echale, aged forty, were killed. Adam Gintermann was mortally wounded and the remainder badly hurt.

— Deacon John S. Storrs, one of the injured at the fall of the seats at the Burlington fair grounds, Friday, died Sunday.—W. C. Hamblin, an actor in Dan Worcester's company, was among the wounded, and his recovery is considered doubtful.—Most of the other sufferers are improving.

— A Buffalo special says the town of Westfield, Chautauque county, is infested by robbers, who plundered nearly every house in the place. The losses amount to thousands of dollars. The village constables, now at the head of 150 volunteers, have captured some of the robbers and hedged a number in a piece of woods.

—There was a terrible explosion of gunpowder near Newille, Scotland, some weeks since. A stupid fellow at work on a new railroad, went into a hut used for the storage of fifteen barrels of blasting powder, sat himself down on a barrel for a smoke, lit his pipe, threw the match on the floor, and went up into the air.

— A letter has been received from Thos. W. Ward, late Collector of Customs at Corpus Christi, Texas, in which he says: "The town has lost by yellow fever, this summer one-twelfth of its inhabitants. All the officers of the customs have been down with the dreadful scourge, and every doctor and apothecary in the place have died. The town looks like the city of the dead."

— Gen. E. T. Cooke, Secretary of the U. S. Legation at Santiago, Chili, died in that city on the 6th of August, after a lingering illness, brought about by his protracted confinement in the dungeons of Richmond. His funeral was attended by a large concourse of people, consisting of members of the Government and prominent private citizens of all classes.

— The grain speculators in Chicago are called "Scalpers." Without money or credit they "buy long" and "sell short" as their judgments dictate. If they are fortunate, they merely collect "the difference," and no grain passes between the parties. If they are unfortunate, they settle the matter by giving their note, and that is generally the last of it. They live by their wits, "they toil not, neither do they spin;" they are a burden on society—mere consumers.

THE NATIONAL DEBT.—On the 1st of August, 1865, when our volunteers had not yet been paid off nor our army reduced to a peace footing—our ascertained national debt exceeded the funds in the Treasury by the gigantic amount of $2,757,689,571
It has since been reduced to 2,492,783,365

Actually paid off - - - $264,906,200
or very nearly one-tenth of the total.

Whoever, therefor, asserts that we can never pay fairly and fully, does so in the teeth of the fact that in the last two years, with a large military force, nearly half of our country ravaged by four years of desolating civil war, our industry disorganized, ten States out of year, the passions of the late conflict still active, and with poor harvests, we *have* paid a tithe of the sum, and that without thereby sending one child hungry to bed.

Of course we can do far better henceforth. "It is the first step that costs," and we have taken that bravely and successfully. When any villain suggests some slimy mode of cheating the national creditors, let us say, "Get thee behind me, satan!" and press steadily on.—*Tribune.*

RAISING WHEAT IN NEW HAMPSHIRE. At Nashua, Tuesday evening, Sept. 10, the farmers' meeting at the court room was called to order by Gen. Head, who addressed those present in some brief congratulatory remarks, and then announced the topic for discussion, which was—"The best methods of raising wheat and grass crops in New Hampshire." Hon. Jacob H. Ela was the first speaker. He thought the only trouble in raising grass was the lack of manure.—In speaking of wheat culture, he stated that on an average one and a half bushels more of wheat to the acre are raised in New Hampshire than in Illinois.

George W. Hancock of Goffstown said that he raised wheat successfully after corn. He had got twenty-five bushels of spring and twenty of winter wheat to the acre.

James P. Upham of Claremont, thought that if farmers wanted to raise wheat they must sow it. He had raised wheat successfully since 1850.

Z. Breed of Weare, gave the results of interesting experiments in raising wheat.

Hon. Simon Brown of Concord, Mass., said it was a mystery to him where the farmers get the money to pay for the flour they buy. He knew of an agricultural town not far distant where farmers pay more than ten thousand dollars per annum for flour.

Charles H. Campbell of Nashua, thought that an occasional failure should not discourage New Hampshire farmers in raising wheat. He had got 28 bushels to the acre.

D. H. Goodell of Antrim, considered it more profitable to raise grass than wheat.

Mr. Hayes of Portsmouth, was of the opinion that wheat could not be raised to advantage on the seaboard.

Edward Gastine of Keene said in answer to Gov. Brown, that the farmers in his vicinity get money to buy their flour by raising sapling pines and white birches. The former they use in making pails and bukets, and the latter in manufacturing pegs and clothes-pins.

☞ At Charleston, S. C., Gen. Canby has issued an order requiring persons subject to parole under the terms of the insurgent armies, who voluntarily exiled themselves from the States lately in rebellion, thereby evading obligations manfully assumed and faithfully observed by all others, and have since returned, to give within 30 days after the receipt of the order, at the headquarters or posts of the Second Military District wherein they reside or are domiciled, the parole prescribed on the 16th of April, 1865.

☞ Gen. Samuel F. Carey, it is said, will take the field as an independent candidate for Congress in the second district of Ohio. He was defeated at the Republican convention, and has been tinctured with Johnsonianism. [So says an item; but it sounds odd to hear of a temperance man with such a tincture.]

FAIRS AND SHOWS—1867.

Portsmouth Horticultural Soc'y, Sept. 24, 25.
Rockingham Co. Ag. Soc'y, Exeter, Oct. 8, 9.
Strafford Co. Ag. Soc'y, Dover, Oct. 1, 2, 3.

☞ With the inducements held out to our citizens to aid a noble object, every man, woman and child should have a share of interest in the benefit of the Riverside Institute (located at Riverside, New Jersey) established for the gratuitous education of the orphans of Soldiers and Sailors who fell in the great struggle for the perpetuation of the Union. This benevolent affair is under the control of the Washington Library Company of Philadelphia, who in order that their benevolent object may be successfully accomplished have issued five series of fine steel plate engravings, one of which is given with every share of stock sold, at prices much below their retail value. In connection with this superb inducement, every shareholder is guaranteed a present in the great distribution of presents to the shareholders—one of which is worth $40,000, and her $20,000, another $10,000, &c. Each shareholder has an equal chance to obtain one of the most valuable presents—all will obtain some present, besides a beautiful engraving. Read advertisement.

WOMAN'S FRIEND.—Not a dandy husband nor costly silks and jewelry, but Pyle's O K Soap, which facilitates the adornment of cleanliness, with a great saving of labor and expense. Try it. All first class grocers have it for sale.

☞ All Physicians who have used SPERR'S Sherry Wine recommend it above all other wines for its valuable medicinal properties, especially for females and debilitated persons. Sold by Druggists. 4 ☙

MYSTERY.—"Mother," said a little four year old, "if a man is a mister, ain't woman a mistery?" The greatest mystery in the world to us is, that any one will buy any other Saleratus but Herrick Allen's Gold Medal. It cures dyspepsia, strengthens weak stomachs, saves your teeth from decaying, saves one-half the quantity of shortening, besides it takes so little of the Saleratus to do its work. Try it. Most merchants sell it. Depot 119 Liberty Street, New York. 38

— The Equal Rights Convention, in session at Wilmington, Delaware, adopted the following, among other resolutions:

"*Resolved*, That we demand the recognition by law of the entire equality of all American citizens, without regard to color, in all civil and political rights and privileges, and the protection and encouragement of the Government to enable every man to occupy whatever position his virtues and intelligence may qualify him to hold."

—"Jennie June," a standard authority on fashions, has appealed in her latest correspondence on the subject, for a congress of American women to decide what style of dress American women will wear. "Jennie" may make up her mind at once that American women will wear whatever style of dress suits their fancy—provided they can get it.

[Not exactly so; they usually follow the fashions of some lady or dress maker in France, copied into American magazines.]

THE FALL TERM OF
MISS HALEY'S SCHOOL
Will Commence on MONDAY, Sept. 16 1867.
s11—td

NOT GOLD ONLY,
BUT
RICH, FRUITY, LUSCIOUS
WINES!
California is making grand strides in her agricultural products and is fast withdrawing herself as a purchaser for the manufactures of the various branches of industry she once demanded. She sends a warning voice to the time-worn vineyards of Europe, and enters the lists as a fresh, young combatant for the production of wines from her own rich and increasing vineyards.—The time has come when it is simply ridiculous for any one house to lay claim to especial advantages or peculiar privileges for the sale of
THE WINES OF CALIFORNIA.
As well might they claim a monopoly of the cotton trade.
C. A. RICHARDS & CO.
do not receive or sell all the wines which California produces, but they do claim to have at all times a very large quantity on hand of all the best kinds, and their advantages for getting the best, and getting them at the lowest market rates, are such as to enable them to offer them at prices which to-day are lower than any other house which sells California Wines of equality. We bottle five kinds. They are,—
"Angelica,"
"Muscatel,"
"Still Champagne,"
"Hock" and
"Port,"
Also "California Brandy."
They are all perfectly pure, and may be relied upon in sickness or in health. The **Angelica** and **Muscatel** are rich, sweet wines. The **Hock** is fully equal to the medium grades of Rhine wines. The **Port** is actually better than many of the high cost Ports from Oporto. We sell these wines in any required quantity, from a single bottle to a THOUSAND CASES, and are ready at all times to exhibit samples, or to send them to any address.

TO OWNERS OF HORSES AND CATTLE.—TOBIAS' DERBY CONDITION POWDERS are warranted superior to any others, or no pay, for the cure of Distemper, Worms, Bots, Coughs, Hide-bound, Colds, etc., in Horses; and Colds, Coughs, Loss of Milk, Black Tongue, Horn Distemper, etc., in Cattle. They are perfectly safe and innocent; no need of stopping the working of your animals. They increase the appetite, give a fine coat, cleanse the stomach and urinary organs; also increase the milk of cows. Try them, and you will never be without them. Hiram Woodruff, the celebrated trainer of trotting horses, has used them for years, and recommends them to his friends. Col. Philo. F Bush of the Jerome Race Course, Fordham, N. Y., would not use them until he was told of what they are composed, since which he is never without them. He has over twenty running horses in his charge, and for the last three years has used no other medicine for them. He has kindly permitted me to refer any one to him. Over 1000 other references can be seen at the depot, sold by Druggists and Saddlers. Price 25 cents per box.—Depot 56 Cortland street, N. Y. s8dwim

A NEW GLEE BOOK.
THE GREETING.—A collection of Glees, Quartetts, Choruses Part-Songs, &c. By L. O. Emerson. Author of "The Jubilate." "Harp of Judah," "Golden Wreath," "Merry Chimes," &c.
Upwards of half a million copies of Mr. Emerson's Music Books have been sold, a fact proving a popularity which has rewarded no other author of the same class of books, and which cannot fail to insure for this new volume an immense sale.—The contents of this work are, for the most part, NEW. A large number of valuable pieces have been contributed by Mr. L. H. Southard, whose name is a sufficient guarantee of their excellence. The musical matter in the collection is of high quality, Brilliancy and Variety; and it will be found, upon careful examination, that there is no Glee Book now before the public that in every particular will prove so completely satisfactory to Musical Societies and Conventions, Conservatories of Music and Amateur Singers. Price $1.38, Mailed post paid. OLIVER DITSON & CO., Publishers, 277 Washington street, Boston.

STRICTLY PURE, of great age, and superior flavor. All these important requisites are to be found in Dunster's fine old London Dock Gin.—Sold in large bottles by grocers and druggists generally.

Holloway's Pills.—Acidity of the Stomach.—These medicines are a most powerful antacid remedy for the correction of all those acidities whether induced by debility, from fat substances in the stomach or impaired digestion, that the torpid functions are stimulated, the blood cleansed, and the secretions of the bile and liver purified. Sold by all druggists. s6dawlw

BANKING HOUSE OF JAY COOKE & CO.
No. 20 WALL STREET, *Cor. Nassau St, New York.*
We buy and sell at the most liberal current prices, and keep on hand a full supply of GOVERNMENT BONDS OF ALL ISSUES, SEVEN-THIRTIES, and COMPOUND INTEREST NOTES, and execute orders for purchase and sale of STOCKS, BONDS and GOLD.
CONVERSIONS.

my8dawly JAY COOKE & CO

IF WE HAVE A COLD, pain in the head, dizzy, bilious, costive, or sick from any cause, it is from the presence of offending humors, and this is so whether the pain be in the flesh, the nerves or the bones.
BRANDRETH'S PILLS
should be always ready, and are sure to purge, and this can be done according to the necessities of nature, by which the offending humors are removed and the health restored.
The Hon. Demas Barnes says, "I sell more of Brandreth's Pills than of all others put together."
BRANDRETH'S PILLS are sold by all druggists, and at the principal office, Brandreth House, New York.
Observe B. BRANDRETH in white letters on the government stamp on each box. au29dawlm

DR. MILLER'S
Soothing and Healing Balsam,
or, Nature's Assistant.
IT HAS PROVED INFALLIBLE for Burns, Frozen Limbs, Bruises, Sprains, Wounds of all kinds, Pains in the Side, Back or Shoulders, Chilblains, Chapped Hands, Stiff Neck, Ague in the Face or Breast, Rheumatism, Deafness, Inflamed Eyes, Erysipelas, and Inflammation of the Eyes. For Rheumatism it is not a certain cure, yet hundreds have been relieved by it when other remedies had failed.
AS AN INTERNAL MEDICINE, when taken in season, it will cure Inflammation of the Bowels, Dysentery, Kidney Complaint and Cholera Morbus. It will also cure Diphtheria, Dry Cough and Asthma.
This medicine is purely vegetable in its composition, soothing and healing in its influence, and may be given to a babe or sex with perfect safety. It has been before the public during the past nine years, and has wrought some of the most astonishing cures. The proprietor challenges the world to produce its superior as a remedy. For sale by all Druggists. **C. D. Leet**, Proprietor, [mh22—dawly A.] Springfield, Mass.
Demas Barnes & Co., 21 Park Row, New York will also supply the Trade at List Prices.

SCHENCK'S MANDRAKE PILLS.
A Certain Cure for Disease of Liver and the many Dangerous Maladies which are caused by a morbid condition of that organ.
To give the public a clear understanding of the mode in which SCHENCK'S Mandrake Pills produce those wonderful effects which are attested by thousands of reliable witnesses, we present a brief
DESCRIPTION OF THE HUMAN LIVER
and its functions, which will make the operation of this popular medicine perceptible to every man's understanding.
The liver is supplied with blood vessels, nerves and absorbants. One of its obvious uses is to secrete and prepare the bile. It likewise filters the blood and separates that fluid from all impurities. How indispensably necessary to health is the proper performance of this function! If the liver is diseased, it cannot purify the blood, and it is sent back through the lungs, brain and other parts in a morbid condition, it must cause jaundice, biliousness, obstruction of the kidneys, gravel, and many other complaints more or less painful and dangerous, but the least of them quite enough to make a man sick and uncomfortable, and unfit for the performance of any of the duties of life. This unhealthy state of the system very often ends in pulmonary consumption.
The circulation of the blood is conducted in this manner:—The heart sends the vital current down through the arteries; it passes through the flesh, taking up all impurities in its progress, and the stream of blood flows backward through the veins, and passes to the liver to be purified. It is impossible to cure consumption, scrofula or any scarcely any other kind of ulceration while that important organ, the liver, is diseased. It is for that reason that "regular quinine" physicians never cure consumption. They usually begin their treatment with the use of some cough medicine, the basis of which is morphia or opium in its worst shape, which locks up the liver instead of relaxing the secretions, giving a tone to the stomach, and producing a healthy flow of bile. Dr. Schenck's
PULMONIC SYRUP, SEAWEED TONIC AND MANDRAKE PILLS,
will strengthen the system, purify the blood, and ripen and heal ulcers on the lungs.
A volume would be required, to give a brief account of the remarkable cures performed by Dr. Schenck's medicines, viz: Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills—all of which are scientifically and fully directions for the use of them.
DR. SCHENCK will be professionally at his rooms every week, 38 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer the charge is five (5) dollars. His medicines are for sale by all druggists and dealers. Also a full supply at all times at his rooms. Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents per box.
GEO. C. GOODWIN & CO., 38 Hanover street, Agents for Boston. For sale by all druggists.

Local.

☞ Our hymenial column this morning announces that the genial and gentlemanly agent of the International Telegraph in this city, has made connections and completed a new circuit; and we only wish him the best success in "fighting it out on *this* line," as with the more material electric wires.

☞ Sagamore Steam Fire Engine Co., No. 2, of this city, placed a new and beautiful carved sign upon their engine house on Tuesday evening. Organized in 1802, this Company has ever sought to be an honor to the department, and their record shows they have succeeded well.

POLICE COURT, Sept. 11.—Mary Stanton, found guilty of intoxication, was fined $3 and $3.86 costs. In default thereof she was sent to the House of correction.

BASE BALL.—The match between the Gonic Club of Gonic and the Rockinghams of this city, comes off at Dover this (Thursday) afternoon at one o'clock. The Rockingham Club go to Dover this morning in the Fanny Fern.

The game at the Plains on Tuesday was one-sided and resulted in the victory of the Rockinghams, who scored 59 runs to 10 for the Bottons.

☞ Dr. Carpenter, who comes highly recommended as an oculist and aurist, will arrive at the Franklin House to-day.

THE TWO MEN who have been struggling so long for the empty honor of the championship of American rowers, will show good sense if they now let the matter drop and retire to peaceful private life.—They have tried their sinews against each other twice, and in neither case has the race been finished. The only result of their contests has been to degrade what is in its nature an honorable athletic sport, to the level of a prize fight. The roaring, drunken crew who made Sunday night hideous in Newburgh, were enough to bring disgrace upon anything with which they were associated. We want no more boat races until we can have them in better hands.—*Tribune.*

☞ The New York Herald, which has lately been warmly supporting President Johnson, now urges him to resign his office as "the one course that may not only retrieve his character and save his name in the history of the remarkable events of this period, but that may give him a present victory over his opponents." If Mr. Johnson would only take this advice, we would risk the "victory over his opponents."

☞ It is rumored that Mr. Burrill, having failed to obtain judgment against Boston on his claim for furnishing recruits, now proposes to enter suit against ex-Mayor Lincoln and other individual parties in Boston. [If so, we think he will not get much satisfaction.]

☞ The Georgia Teachers' Convention passed a resolution that "It is just and wise that all the children within the limits of the State, without distinction of race or color, should receive the benefits of, at least, a common school education.

☞ The Universalist (newspaper) states that while Rev. Mr. Connor's congregation in Boston prospers,—the School Street Church, (Dr. Miner's), is not greatly depleted, but the Committee have more applications than they have pews.

☞ It is a mistake to suppose that banks are not sometimes as "short" as other people; or that they better like being brought up to the scratch. Respecting the failure of the Farmers' and Citizens' Bank, of Brooklyn, N. Y., the Brooklyn Press says:

We have reason to believe the annoyance might have been averted, had fairer treatment been extended or more generous counsel prevailed. In common with hundreds of perfectly solvent banks, this has at times been more or less, in the interest of its customers, short of the legal per centum of United States currency, and, in common with such banks, it was fair to suppose that the accommodation of time would be furnished it whenever the Examiner in behalf of the Treasury should see fit to call for an exposition of its condition.

We presume Mr. Charles Callender will not deny that thirty, sixty, ninety, and even one hundred and twenty days, have been granted to other banks similarly situated, in which to raise the necessary funds. And if this is granted—and if not granted, it can be proved—it becomes pertinent to inquire why Mr. Callender should have been so hasty in his action; why he should have availed himself so quickly of the opportunity to complain of and secure the close of this particular bank. We are reluctantly forced to the belief that there is foundation for the report that personal ill-will between Callender and the president is at the bottom of the whole affair.

—The Lowell Courier of Tuesday evening says: "Yesterday, in a notice of the New Hampshire State Fair, we stated that probably a good many Lowell people would be present. The types left off the last syllable of Lowell, and made us say that a good many Low—people would be present.

—The subject of gambling on railroad trains is receiving the attention of the press in all parts of the country.

—At New Bedford, recently, a woman 80 years of age, was sent to the House of Correction for drunkenness.

☞ The notorious Dr. Blackburn, who during the progress of the rebellion attempted to introduce infectious diseases into the North by the means of infected clothing, has written a letter to Gen. Grant offering his professional services in the Southern districts where the yellow fever exists, but wishes a stipulation to be entered into on the part of the Government authorities that he shall not be molested by the military commandes, nor be brought to an account before the civil courts for past offences.—Gen. Grant, very properly, refused to be bound by any such stipulation, and Dr. B. is likely to remain an exile for some time longer.

A MUSICAL PRODIGY.—The little four year old pianist and vocalist, Florence Lucina Story, is exciting much attention.—She is the daughter of Daniel Story, of Essex, Mass. She learns tunes by hearing her mother play and sing them, yet all the instruction she has ever had has been only on the art of fingering, and in playing scales and chords. The melody, the fundamental bass, harmony, expression and grasp of intervals, she brings forth intuitively, or as it were, with a natural instinct. Her transitions from one key to another are perfectly natural and correct, when accidental sharps, flats, or naturals occur, or when minor notes are introduced in a major tune. She seldom looks on the keys when she is playing, and can play with a handkerchief spread over them, and in the dark, as well as in the light. She often talks about other things while she is performing, without interruption to the tune.

She has often played or sung a tune after hearing it only once or twice, and learns the words to songs and hymns nearly as quick. She is a very happy child, and sings from morning till night. Her voice is strong and sweet, and she has it under perfect control. Since a little over three years of age, she has frequently given utterance on the melodeon to her own musical ideas or extempore compositions, which she always renders with the full harmony and bass; and generally accompanies them with her infant voice, in perfect accordance, and with great freedom and ease. She has on a few occasions improvised good accompaniments, while her mother sang tunes that Florence had never before heard. She is now four years old, and can play and sing two hundred tunes, besides those of her own composing.

GOLD, Wednesday, 145. The rise may be attributed to California election and Johnson's joyful capers.

—Corn sells in Oskaloosa, Iowa, at eight cents a bushel.

— The yield of produce in Kansas this year was never before equalled.

— It is said two hundred vessels will be employed this season in shipping oysters from Norfolk to Northern ports.

— Sixty-one trains of cars run between London and Manchester, England, every day.

— Charles Sumner, it is said, at the earnest solicitations of several associations at the West, will appear before them the coming winter, should Congressional duties permit.

—The Saco Democrat says Mrs. March, wife of the late Capt. William March, of that city, was instantly killed on Tuesday evening by falling down stairs. She was 91 years old.

— Business in Paris is worse than it has been known to be for years. The Exhibition has paralyzed retail trade, and wholesale speculation seems to be affected, as it is in London and elsewhere, by the excess of money and lack of confidence.

— About forty thousand pounds of fossil ivory, that is to say the tusks of at least one hundred mammoths, are bartered for every year in New Siberia. Notwithstanding the enormous amount already carried away, the stores of fossil ivory do not appear to diminish.

MARRIAGES.

In this city, on Wednesday, Sept. 11, by Rev Mr. Ambler, MR. CHARLES C. AKERMAN to Miss CLARA M. MORSE, daughter of Joseph P. Morse, Esq.

In this city, on Wednesday evening, by Rev. Mr Ambler, MR. CHARLES E. SHEDD to Miss MARY E. LAIGHTON, daughter of Mr. William J. Laighton.

THE
CENTRAL PACIFIC RAILROAD,
THE WESTERN HALF OF THE
GREAT NATIONAL TRUNK LINE
ACROSS THE CONTINENT,
being constructed with the AID and SUPERVISION OF THE UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the sole link of communication between the Pacific Coast and the Great Interior Basin, and the
Principal Portion of the Main Steam Line between the Two Oceans.
The present western terminus is at Sacramento, on the navigable waters of the Bay, but it will ultimately extend from San Francisco across the richest and most populous parts of California, to the sole link of Union, contiguous to all the great Mining Regions of the Far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.
Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 865 miles $28,592,000, or at the average rate of $33,000 per mile—not including an absolute grant of 10,000,000 acres of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by waiving its first lien in favor of the First Mortgage Bondholders, the GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITAL, which has greatly guarded their interests against all ordinary contingencies.
The Central Pacific Railroad enjoys all the rights, privileges and subsidies conferred by the Acts of Congress upon the other parts of the thro' line, and has, in addition, **several special, exclusive advantages** applicable only to the Western Half.
I. The Company has received from the State and chief cities of California, *assistance in money, credit and available resources*, to the amount of $1,600 in gold, in addition to the full benefit of the Government subsidy.
II. *The hardest and costliest part of its construction has been successfully overcome* within the first 150 miles. In a few weeks the track will be completed entirely across Nevada, and, thereafter, which progress to Salt Lake will be easy and rapid.
III. The local business alone of this road establishes its complete financial success, independently of the vast through traffic which must pass over it. The gross earnings for the months of June and July, upon the 94 miles then open for business, were upward of $297,000 in gold; of which *four-fifths* were net earnings.
IV. It can have no competition, but will carry, besides its own lucrative local traffic, the *whole volume of through business* which is shared among its Eastern connections and their branches.
V. The road lies wholly in territory yielding the precious metals, *and its revenues are collected in coin.* Its rates for transportation are very advantageous, being more than three times those of roads lying east of it; and the *ratio of operating expenses is less than 25 per cent. of the gross earnings.*
VI. In consequence of the aid it receives from the General Government, from the State of California, and from the cities, and the moderate annual interest obligations which the Company are called upon to assume, *are very light.* The net earnings, after paying all charges, for the 75 miles in 1866 were *nearly three times the amount of annual interest liabilities to be assumed in building it; and were $285,000 more than the annual interest on the entire amount of First Mortgage Bonds which the Company can issue upon the first 150 miles.*
The Company offer for sale, through us, their
First Mortgage Thirty Year, Six per Cent. Coupon Bonds,
Principal and Interest payable in Gold Coin, in New York city. They are in sums of $1000 each, with semi-annual gold coupons attached, and are selling for the present at 90 per cent. and accrued interest from July 1st added, in currency, at which rate they yield nearly
Nine per Cent. upon the Investment.
These Bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as the Bonds granted by the Government; and represent, in all cases, the *first lien* upon the completed, and productive railroad, in which have been invested Government subsidies, stock subscriptions, donations, equipments, earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.
The payment of this Company to pay principal and interest of their Bonds in coin, being made under the Specie Contract Law of California, authorizing and enforcing the same to pay gold, *is legally binding*, unlike similar agreements made by companies in States where no such legislative sanction exists.
In these important particulars the Securities of the Central Pacific Company *offer an unusual degree of safety, stability and profit combined.*
THE FIRST MORTGAGE BONDS of this Company are destined to occupy a prominent place among THE FIRST-CLASS RAILROADS in the money markets of this country and Europe, and will, without doubt, be eagerly sought for, and anxiously dealt in hereafter, at rates materially in advance of the price at which they are offered.
Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions and others as an eminently *sound, reliable and remunerative form of permanent investment.*

Morning Chronicle.

HOW TO ADVERTISE.—The Round Table of August 31 contains an article on "The Circulation of Newspapers," in the course of which a statement is made of facts which are always regarded by judicious advertisers. After affirming it to be a common error that the value of an advertisement is strictly measurable by the numerical circulation of the sheet that contains it, it goes on to say:

"Such an estimate is fallacious for reasons as good, although somewhat different, as would invalidate the supposition that the intrinsic merit of a book could be gauged by the number of copies sold. Mother Goose probably sells better than Bacon, and there may be a wider demand for the dissertations of Peter Parley than for those of John Stuart Mill. There can, however, be no serious question as to the comparative value of works, or as to their relative influence with society. New editions of Mother Goose and Peter Parley might perhaps be advertised with advantage in the Sunday newspapers, but not so with new editions of Bacon and Mill. In like manner, the 'personal' intimations, whereby imperfectly educated persons of an immoral turn of mind are in the habit of comunicating with congenial souls, no doubt answer their purpose if inserted in similar vehicles; but a respectable young lady seeking a situation as governess, or a gentleman wishing to buy or sell property, would scarcely select them, notwithstanding the acknowledged extent of their circulation. In such cases quality is a far more important consideration than quantity, and the same principle holds good as applied to a great variety of merchandise as well as to personal needs. There are journals to which, if their editions were quadrupled, certain kinds of advertising would never make their way; there are others to which, were their editions much smaller than in fact they are, certain kinds of advertising would never fail to come. The instinct of dealers teaches them to announce their wares not to the greatest number of possible readers, but to the greatest number of probable purchasers."

SOUTHERN EFFECTS OF DEMOCRATIC OPPOSITION.—The Charlotteville, Va., Chronicle continues to call for the disintegration of the Democratic party, affirming that the hour for its disbandment has arrived. It says:

"The war has not ended while this organization keeps up a desultory fight. It is within the range of possibility that the North is going to give power to the Democratic party, which professes to be the special champion of the South, which was at heart opposed to the war, which aims to undo all that the North is so proud of having done in the past six years? If one can convince us that the Northern people love the South better than themselves, then we can see why they should hand over the Government to men like Vallandigham and Ben. Wood and Pendleton. The thing is nonsense on its face. All that we can expect of the North is to mitigate its policy, not to reverse it. But while that policy is actively assailed by a compact organization like the Democratic party, we shall neither get mitigation or reversal. Did the opposition and the vetoes of President Johnson arrest or stimulate the anger of Congress? Did the interference of the President and the Attorney General in June last with the military commanders help matters, or bring on a July session of Congress and a more stringent military bill? And while Congress may not tighten the rens again, it is certain that it will not relax them while the President or the Democracy is keeping up the attack on them."

☞ The Atlanta New Era says: "A pack of fools (of whom we are one), got the South into a war, and now a pack of like fools are resolved to keep her in hot water till the end of time, if the people permit them to do so. We care nothing for Gen. Sickles. Our only care is to restore the South to peace, plenty and quiet, and we pray God that every new born fool in the land may be confined at the public expense till, by judicious treatment, they are restored to that sameness of mind necessary to good citizenship, and to serve on a jury. We have had enough of war, and our voice is for peace."

—"Mr. Jones, why do you wear that bad hat?" "Because, my dear sir, Mrs. Jones vows she will not go out of the house until I get a new one."

—"Captain, jewel," said a son of Erin, as a ship was coming on the coast in inclement winter weather, "have ye a almenick on board?"

"No, I haven't."

"Then, be jabers," said Pat, "we shall have to take the weather as it comes."

BILLIARDS.

Lovers of the game will find new, improved four-pocket tables and good accommodations at
UNION BILLIARD HALL.
Pleasant Street, next door to Post Office my17

BOSTON MUSIC SCHOOL.

The Fall Term will commence on MONDAY, Oct. 7, at Odd Fellows' Block, 554 Washington street, Boston.

This institution was incorporated about ten years ago, and having been in successful operation ever since, is now fully prepared to furnish instruction to students, in the theory and practice of vocal and instrumental music. Pupils may enter at any stage of progress and pursue three branches of study, viz:

PIANOFORTE, HARMONY and SINGING, or, instead of Singing, they may study any orchestral instrument, receiving in each branch of study two lessons a week.

The pupils will be graded and classed according to their attainments. The classes comprise from one to three persons, who receive individual instruction, and recite their lessons in the presence of the class to which they belong.

No extra charges are made, excepting for the studies of the GUITAR and HARP, for which the terms will be moderate. Price of tuition $30.

For particulars address
B. F. BAKER, WULF FRIES,
WILLIAM SCHULTZE, E. M. BIRD,
GEORGE M. HOWARD, HIRAM WILDE.
BOARD OF INSTRUCTION:
B. F. BAKER, 4 Rowe Place, Boston.
WM. READ, M. D., Secretary of the Corporation.

NEW ADVERTISEMENTS.

DOWNER
KEROSENE OIL CO.
Office, No. 108 Water Street, Boston.

TO CONSUMERS OF OIL.
CAUTION.

It having come to our knowledge that many dealers, throughout New England, are in the habit of buying small quantities of our Oil, in larger quantities of inferior oils, and using our brand and packages fraudulently in the sale of those inferior oils, we have determined to check frauds, and hereby offer a **Reward of 100 Dollars** for information that will lead to the detection and punishment of any party using our name or brand in the sale of any other than our own Oil. The "**Downer Kerosene Oil**" has been frequently tested and analyzed by Dr. A. A. HAYES, state Assayer, and in a communication to us, dated July 5, 1867, he says: "The term 'Kerosene' as used by the **Downer Oil Company**, applies to the highest grade of Oil only, which, our trials show, does not inflame below 120 degrees Fahrenheit, and carries the assurance of both safety and excellence with it, while the mixed Oils are not only unsafe, but in causing accidents, destroy confidence in the safe and excellent and comforting light produced by the honest manufacturer."

Cheap Farm and Fruit Lands,
—AND—
WATER POWERS FOR MANUFACTURING,

Caution
To Females in Delicate Health.
DR. DOW, Physician and Surgeon, No. 7 EXPLORY ST., Boston, is consulted daily for all diseases incident to Females, such as Prolapsus Uteri or Fluor Albus, suppression and other menstrual derangements, are all treated on new and scientific principles, and speedy relief guaranteed in a very few days. So invariably certain is this new mode of treatment, that most obstinate complaints yield under the skilful and experienced application of remedies, and a perfect cure soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston.
Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered.
Office hours from 8 A. M. to 9 P. M.
Boston, Aug. 1, 1867.—1y ca30

"Coming from the Navy Yard,"
A beautiful scene on the Piscataqua, represented on canvas by Mr. F. Bellatty, will be seen at the Music Store of Mr. Joy. Fifty applications have been made for this picture but the author being a great lover of his native scenes declares it is for the present for its peculiar associations. He intends, however, at the suggestion of individuals of Boston and elsewhere to issue a large and splendid fac-simile Lithographic Engraving of this picture, when subscriptions will warrant the large expense. Here are presented also in the seventy swift-row-boats, filled with men of stalwart arms returning home at high water, beneath a July evening sky, from their labors at the great naval slips, which may justly be termed the "Bulwark of our Country;"—the Vandalia sloop, riding in the beauty inside the old "Bean Ore," and a part of the beautiful Navy Yard. Every workman and son of Portsmouth, at home or abroad, can have this life-stirring picture to hang in his house or store to perpetuate the noble scene.—The engraving shall give satisfaction to all subscribers, or no pay will be required. All who would participate in this picture enterprise will please enter the names as early as convenient, in a paper now at the Music Store of Mr. Joy.
Price only two dollars and fifty cents per copy, delivered. 25

SPEER'S SAMBUCI WINE,
Prescribed by Physician for
FEMALES, WEAKLY PERSONS AND INVALIDS.

As a Tonic, it has no equal, causing an appetite and building up the system in the most debilitated. *As a Diuretic* it imparts a healthy action to the Glands, Kidneys and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic affections. *As a Blood Purifier,* it is superior, being one of the best alteratives known in the medical pharmacopœia.
The qualities of SAMBUCI are "*multum in parvo*," being at once a Tonic, Diuretic, Alterative, Diaphoretic and Aperient.
N B.—Vinum bonum bonum sanguinem facit.
SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and benefitting ladies and children.
Be sure the signature of *ALFRED SPEER,* Passaic, N. J., is over the cork of the bottle.
For sale by Town Agents and Druggists.
A. SPEER, 243 Broadway, New York.
Also, SPEER & CO.'S P. J.
California Port and Sherry Wines,
The Best for Family Use.
A. SPEER, 243 Broadway, New York.

The Chronicle.

HONOR AND FOLLY.—Garibaldi's son Ricciotti, challenged Brenna, the editor of the *Nazione* of Florence, on account of some reflections upon the ex-Dictator's political sagacity, which appeared in that paper last July. It was a very preposterous quarrel, and the duel which came of it was so grotesque that the narrative reads like a fiction. The weapons were cavalry swords, and the meeting took place in a cellar, which a certain Florentine nobleman courteously put at the disposal of the combatants, going so far as to have it carefully cleaned for the occasion! Both adversaries were wounded. Young Garibaldi received a cut in the wrist, and Brenna an ugly gash in the face, dividing the forehead and splitting the nose. After that they shook hands, and the eye witness, from whose account of the affair we gather these particulars, adds, with the utmost seriousness, that the whole party then went up to their hospitable entertainer's boudoir, "glad that all had gone off so well, nothing having happened that could occasion much regret."

A DISCOURAGING EXPERIMENT.—The ladies of the Sunday School Union of Chicago recently invited the city news boys to an entertainment, to which the Gamins were invited to help themselves, which they did without waiting for a blessing. The boys rushed to the table, and not only helped themselves but criticised the food and the bevolent providers. Some of them seized a quantity of ice cream and berries, and proceeded to peddle them through the hall, screaming at the top of their voice: "Here you are; ice cream and lemonade, only ten cents!" The directors found it difficult to restore the meeting to any kind of order, and the exercises were closed with more or less uproar.

— An old farmer near Lynchburg, Va., has had a standing bet of ten dollars with a neighbor for the last thirty years, that it would rain on the first Saturday in August of each year. During the time he has won twenty-seven out of the thirty bets.

— Josh Billings, in describing the horse fair of the Billingsville Agricultural Society, says: "There was tew yoke ov oxen on the ground, besides several yokes of sheep, and a pile ov carrots, and some worated work, but they didn't seem to attract enny sympathy. Some people hanker for pure agricultural boss-trots."

—The Sonrise says: "We never saw finer fields of grain than are now to be seen all over this county. We have during the week past travelled from Caribou to Houlton, fifty two miles, and we doubt if there is in any fifty-two miles in Maine outside Aroostook county, so valuable crops growing as in this."

— Lord St. Vincent, an English admiral, was very exacting upon points of etiquette. One day a lieutenant went on board his ship for orders, but the admiral would not give them because he was without his silver buckles. The young lieutenant remedied the defect in his dress, and then refused to receive orders from the admiral, who wore a simple undress, until he had clothed himself in full admiral's uniform.

—An English Lady at the Court of Vienna, with whom an "Imperial Highness" danced three times on the same evening, flattered by his attention, frankly expressed her gratification at the compliment. "I did not intend it as a compliment," was the answer. Then, said the lady, "your highness must be fond of dancing." "I detest dancing," was the unsatisfactory response. "What then, may I ask, can your Imperial Highness's motive be for dancing?" "Madame," was the excited personage's curt reply, "my medical attendant advises me to perspire."

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of the U. S. Patent Office, Washington under the Act of 1857.
No. 78 State street, (opposite Kilby street,) Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, Bonds, and all papers or drawings for Patents, executed on reasonable terms. All applications, Researches made into American and Foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.
No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.
During eight months the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS; *every one* of which was decided *in his favor* by the Commissioner of Patents.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse, CHAS. MASON,"
Commissioner of Patents.
"I have no hesitation in assuring inventors that they can not employ a man *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them as early and favorable consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.
"Mr. R. H. EDDY has made for me THIRTEEN applications, in all but ONE of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part, leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGHART."
Boston, Jan. 1, 1867.—3tawly

BUY THE CHEAPEST AND THE BEST.
DR. WARREN'S
BILLIOUS BITTERS,
The Great Blood Purifier and Regulator.
Recommended in confidence by thousands for the past five years.

From M. S. BURR & Co., the oldest Wholesale and Retail Dealers in Proprietary Medicines, Perfumery, &c., in New England:
"We have sold large quantities of Dr. WARREN'S BILLIOUS BITTERS during the past five years, both at wholesale and retail, and have yet to learn of a single instance wherein they have failed to give perfect satisfaction. From personal knowledge, as well as from the reports of our numerous customers, we confidently recommend Dr. WARREN'S BILLIOUS BITTERS to the public as a safe, reliable and very valuable Family Medicine. M. S. BURR & CO."
N. B.—Observe a fac-simile Signature of the Proprietor, (JOHN A. PERRY), on the wrapper, without which none is genuine.

Caution
To Females in Delicate Health.
DR. DOW, Physician and Surgeon, No. 7 ENDICOTT ST., Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Fluor Albus, suppression and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days. So invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience the cure of diseases of women than any other physician in Boston.
Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered.
Office hours from 8 A. M. to 9 P. M.
Boston, Aug. 4, 1867.—lycsg

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

BREAD
MIXING and KNEADING MACHINES.
One of the Most DESIRABLE and VALUABLE Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.
The attention of Housekeepers, Proprietors of Hotels and Boarding Houses, Bakers of Bread and Pastry is invited to the advantages of the Bread Mixers and Kneaders
The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.
The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.
It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.
The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au6 E. A. STEVENS.

BILLIARDS.
Lovers of the game will find new, improved four-pocket tables and good accommodations at
UNION BILLIARD HALL,

JAMES A. DUPEE, JAMES BECK, HENRY SAYLES.

The Daily Chronicle.

Portsmouth, N. H.

FRIDAY, SEPTEMBER 13, 1867.

THE MASSACHUSETTS REPUBLICAN CONVENTION, at Worcester on Wednesday, nominated Gov. Bullock for re-election, giving him 233 votes out of 1128.—Alex. H. Rice had 110. It is said there were 1400 delegates present, and the resolutions, up to the mark, unanimously adopted.

It may not be agreeable at Washington to hear that fourteen hundred representative men, acting in behalf of one hundred and thirty thousand voters, said "Amen" to the resolution which endorses the action of Congress, and demands, should the necessity exist, the use of the most rigorous constitutional measures to give force to the expression of the popular will. Nevertheless it is so.

A delegate from Boston, named Allen, offered a resolution in which he took the ground that the Republican party must then answer *yes* or *no* to his question. He said: He came there to ask if the prohibitory law is a measure of the Republican party, that it shall be inscribed on their banners. If, on the contrary, the party disclaims it, that it should be so proclaimed.

The Convention did not choose to be caught in his trap, and referred the resolution to a committee, who reported as follows:

The committee to whom was referred the resolution offered by Mr. Allen of Boston, respectfully report that as the Republican party has never as a party made a test of opinion on State legislation respecting the sale of liquors, it is not expedient to pass any resolution on that subject in this Convention.

It was moved to indefinitely postpone the report, but it did not prevail. Mr. Dana, who reported it, spoke in its favor, and Rev. Mr. Thompson said:

I heartily endorse the remarks made by Hon. Richard H. Dana, Jr. It is well known that the law of 1852 was passed by the Coalition party of Free Soilers and Democrats, and the law of 1855 was passed by the American party. It got every vote in the House but five or six, and every vote in the Senate. And so strong has been the feeling in favor of it that it has stood ever since, and is going to stand as long as you do. I have said many things for the party on an anti-slavery platform, and I do not intend to be driven off now by F. L. L.'s, or anything else. I am not in league with some of the men who were copperheads during the war, nor with men who appeared in this hall in the People's movement in the time of the war, and now mean to sneak into the Republican party and go back again when they please. The Republican party never passed the liquor law; we did not ask them to do it. The temperance people of this State can take care of themselves. (Applause.) I am opposed to the interference of anybody with the Republican party. Matters are too serious at Washington to let any side issue be introduced here.

We shall have a meeting in Faneuil Hall by and by, and I hope Henry Wilson will be there when Andrew Johnson goes out. Then we will sing that verse of old Dr. Watts—

"Believing we rejoiced
To see the curse remove."

(Great applause.)

We need not sink the temperance cause to save the Republican party. The report of the committee I think wise and judicious, and I hope will be adopted.

The report was adopted,—and the meeting was closed with remarks by Senator Wilson, and with applause for him; and after adjournment three cheers for Gen. Grant were given.

☞ The special Washington correspondent of the New York Times, who has not heretofore believed that President Johnson would resort to any extreme measures against the reconstruction policy of Congress, now avows his belief that if he can force Gen. Grant into even an apparent position of resisting what Mr. Johnson pleases to interpret and style "lawfully constituted authority," he will not hesitate to put him under arrest, and place another in command. This mode of getting Gen. Grant out of the way, despite the provisions of the second section of the Army Appropriation Act, which declares that he shall neither be removed, suspended nor transferred, has been freely talked of in White House circles, and it is held that there is no prohibition even in that act, which would prevent Gen. Grant's arrest by superior military authority, for insubordination.

[There is no telling what a drunken man or a maniac may do; he may break windows, beat his wife, and perhaps kill some of his children, in swinging round; but there are probably sober and sane men enough in the nation to take care of such, and we presume it will be done, ultimately, —though much damage may be done in the meantime.]

WASHINGTON ITEMS.—Gen. Howard returned Wednesday and resumed his duties at the head of the Freedmen's Bureau, where he is likely to remain for the present. Gen. Gordon Granger, whose name has been mentioned so frequently as his successor, left Wednesday evening for the West to rejoin his regiment.

— The fine ship Invincible, built by Webb for Wm. Hastings & Co., Boston, was burned at her dock in Brooklyn on Wednesday. Loss $200,000. Fully insured.

NEW HAMPSHIRE ITEMS.

— At the late commencement of Brown University, the degree of D. D. was conferred upon Rev. Wm. H. Eaton of Nashua.

— Charles Tufts of Dover was elected Treasurer of the American Pharmaceutical Society, at its meeting in New York on Wednesday.

— We have received from Adj. Gen. Head his report for the year ending June 1, 1867; a book of 125 pages, in striking contrast to the two bulky volumes of last year, which were necessary to preserve the military history of our State.

— A young man named Ebenezer Hayes, about 17 years old, was instantly killed by being thrown from the platform of the cars, on which he was standing, near Gonic, on Saturday evening. He was a shoemaker and his parents reside in Georgetown, Mass.

— The store of J. Abbott & Co., at West Stewartston, near the Canada border, was broken open on Monday night of last week and despoiled of goods valued at about $1000, by a gang of thieves from the Canada side. No clue has been found to the robbers.

☞ At the State Fair at Nashua, on Wednesday, in the race for stallions owned in the State, mile heats, best three in five, to harness; $75 to the first horse and $50 to the second; J. W. Carleton of Concord entered Hiram Allen, and Stephen Meade of Durham entered Young Draco. The latter won the race in three straight heats, in 2:46 1-2, 2:46 3-4 and 2:43.

Among the first premiums awarded, H. Smart of Newmarket took that for two-year old Durham bull, and C. Hayes & Son of this city that for two-year old Ayreshire bull and calf of same breed.

Fifteen thousand people were estimated to be on the grounds.

— Broadway belles chain their parasols to their wrists.

—Joseph A. W. Camm, a young man, recently from Boston, shot dead Berry W. Aldrich, a sporting man, with whose wife he had been living in Providence.

— A large amount of butter was brought into the St. Albans market on Tuesday, and prices ranged from twenty to thirty-five cents per pound, with a ready sale.

— In Glassboro', N. Y., one day last week, William Riggins was blowing into the muzzle of a gun, when the weapon was discharged, and he was instantly killed.

— Enterprising young men in Canada pass the notes in use at a commercial college in Toronto upon unsuspecting countrymen.

— The New York Tribune says that on Tuesday the Democrats of that city, in the frenzy of their joy at the election news from California, fired off in the City Hall Park some of the guns they omitted to fire at Fort Sumner.

— A new fibre is announced as having been brought into use in the Southern States. By a recent patent, a species of nettle, which grops luxuriantly throughout the Missippi vallew, is employed in the manufacture of cord, rope, cloth, bagging and paper.

— A tourist says that those who go up Mount Washington fall into pretty much such company as the individual did who went up to Jericho; and that the landlords there ask how much money you have and where you come from, and then give you a return ticket and take your cash.

— In a case before one of the New York courts on Monday, a Mrs. Gilchrist testified that John Keane, her second husband, was dead. At the request of the counsel a man came forward, and was identified by the woman as her second husband, whom she had not seen for twelve years.

— The yellow fever seems to be generally extending itself all along the line of the Gulf coast. We hear of its ravages now all the way from Galveston to the Tortugas.—The latest accounts from New Orleans and Corpus Christi are of the most distressing character. It is spreading rapidly in Houston.

— Henry Smith of Whitestone, Long Island, accidentally dropped a cup into a cistern last Tuesday, and while fishing for it, he hooked fast to the clothing of his little boy, who had been missing for an hour or two. This was the first intimation the father had that the boy was drowned.

— It is as much as a man's life is worth to travel any distance on the high roads leading from Memphis to the interior. They are infested with gangs of robbers, horse thives and murderers, white and black; and almost every Memphis journal we read has an account of some atrocious deed perpetrated on the highway.

— The Viceroy has bought an immense number of ladies' costumes to go to Egypt. They were made to fit French ladies' figures, and either the Viceroy's beauties are very accommodating, or French figures will accompany the dresses, which is not probable, seeing that no *pantalettes* have been ordered.

☞ Ex-Gov. Orr of South Carolina recently addressed a meeting in that State in behalf of reconstruction. He advised the whites to register and vote for a Convention, as it was folly and madness to attempt to defeat that object. There were 60,000 negro voters against 30,000 white, and as the Convention would look to the interests of the black man, it could not be expected that one of them would vote against it. He assured the freedmen that they must be industrious and saving of their earnings, and that if they attempted any oppression of the whites now while in the majority, it might be visited upon them in the future, when the balance of power would be different, as no more negroes were to be brought to this country. He deabused their minds of the idea that they would obtain lands from the Government, and showed that this was not even desirable upon their part. The speech was able.

[Does it not sound strangely to hear Gov. Orr entreating the South Carolina negro not to oppress the white chivalry? We remember that in the days of Frank Pierce's presidency, Orr, and Lane and Cobb visited New Hampshire, and Cobb told us that he would not discuss slavery, as to its being right or wrong,—but would *hold us to the bargain*, as he called it, by which he said our fathers bound us to uphold the system of slavery! But the earth has moved, since that time, and even South Carolina has to go along with the rest of it.]

☞ It is said that Wendell Phillips believes the President will be impeached immediately on the re-assembling of Congress, and that the President will attempt resistance. The late amnesty he considers treasonable and an effort to build up another rebellion. He favors neither Chase nor Sheridan for President, but Thad. Stevens is his choice.

[The reader will take the item for what he thinks it is worth. Mr. Phillips has never yet elected a President for us, and his selection will not be likely to be binding on any party.]

CALIFORNIA ELECTION.— The N. Y. Evening Post assigns as a reason for the defeat of the Republicans, that their candidate for Governor was a very unsuitable man to stand as the representative of an honest and honorable party.

☞ The Reverend rascal, Henry Wendt, a clergyman of the Lutheran church, and Superintendent of the Orphan's Home at Germantown, Penn., has very properly gone to the penitentiary for *fifteen years*, for nameless criminal conduct to twenty little girls in that Home, of which he had the control. He confessed his crimes, which are of the grossest dye.

☞ A radical paper, to be called the National Index, will soon make its appearance at Tyler, Texas. [There is need of some radical change there, as it was the seat of the rebel prison-pen known as "Camp Ford," during the rebellion, amid whose horrors at least one son of Portsmouth laid down his life.]

— The Bangor Whig says that in 170 towns in Maine, Chamberlain has 33,822, Pillsbury 24,998—showing a majority of 8824 for Chamberlain, against 19,488 last year. At this rate Chamberlain's total majority will be somewhere between ten and twelve thousand.

FAIRS AND SHOWS—1867.

Portsmouth Ag. Soc'y, Sept. 24, 25.
Rockingham Co. Ag. Soc'y, Exeter, Oct. 8, 9.
Strafford Co. Ag. Soc'y, Dover, Oct. 1, 2, 3.

Milch Cows, from $65 to 110.
SWINE—Wholesale 5 a 5c per lb; retail 6¼ a 8c per lb.
SHEEP—4 a 6c per lb.

MARTYRS TO CARELESSNESS.—If all the teeth that have been ruined by neglect could be strung together, they would reach thrice round the world. There may have been some excuse for this havoc in days gone by, when there was no absolute safeguard against dental decay in existence, but there is no apology for it now.—FRAGRANT SOZODONT, the world-renowned antiseptic dentifrice, as certainly protects the teeth against decay, as oil prevents steel from rusting, or water arrests the progress of fire. 19

☞ Good Wine makes good blood. See advertisement of Speer's Wines in another column, —the best for Table, Family and Medicinal Use.

☞ With the inducements held out to our citizens to aid a noble object, every man, woman and child should have a share of stock for the benefit of the Riverside Institute (located at Riverside, New Jersey) established for the gratuitous education of the orphans of Soldiers and Sailors who fell in the great struggle for the perpetuation of the Union. This meritorious affair is under the control of the Washington Library Company of Philadelphia, who in order that their benevolent object may be successfully accomplished have issued five series of fine steel plate engravings, one of which is given with every share of stock sold, at prices much below their retail value. In connection with this superb inducement, every shareholder is guaranteed a present in the great distribution of presents to the shareholders —one of which is worth $40,000, and her $20,00, another $10,000, &c. Each shareholder has an equal chance to obtain one of the most valuable presents—all will obtain some present, besides a beautiful engraving. Read advertisement.

WOMAN'S FRIEND.—Not a dandy husband nor costly silks and jewelry, but Pyle's O K Soap, which facilitates the adornment of cleanliness, with a great saving of labor and expense. Try it. All first class grocers have it for sale.

☞ All Physicians who have used SPERM'S Sambuci Wine recommend it above all other wines for its valuable medicinal properties, especially for females and debilitated persons. Sold by Druggists. 4

— The ladies, individually and collectively, without a single exception, pronounce Herrick Allen's Gold Medal Saleratus to be the best and most wholesome article in the market. They say it makes nicer, whiter and lighter Biscuit and Cake, and requiring less shortening than any other saleratus, and is much better to use with cream tartar than soda. Try it. Most of the Grocers and many of the Druggists sell it, and at wholesale by wholesale grocers. 39

ANOTHER BOATING ACCIDENT. — On the 8th inst., three young men of Wareham, Mass., named Smith, Ryan and Hare, with a friend from Boston, imprudently embarked for a sail in a pleasure boat without a boatman. The wind was high and gusty, and the boat, carrying full sail and being unskillfully managed, was capsized about a mile from her wharf. Hare and the Boston man were drowned. The boat filled, but floated upon her beam ends under water, and the other two passengers were saved by clinging to her bow until assistance arrived.

—Do you take the Gazette yourself and pay for it? That's the question—as asked by the Pittsfield Gazette.

THE FALL TERM OF
MISS HALEY'S SCHOOL
Will Commence on MONDAY, Sept. 16, 1867.

Special Notices.

TO OWNERS OF HORSES AND CATTLE.—TOBIAS' DERBY CONDITION POWDERS are warranted superior to any others, or no pay for the cure of Distemper, Worms, Bots, Coughs, Hidebound, Colds, etc., in Horses; and Colds, Coughs, Loss of Milk, Black Tongue, Horn Ail, Hoven, etc., in Cattle. They are perfectly safe and innocent; no need of stopping the working of your animals. They increase the appetite, give a fine coat, cleanse the stomach and urinary organs, and increase the milk of cows. Try them, and you will never be without them. Hiram Woodruff, the celebrated trainer of trotting horses, has used them for years, and recommends them to his friends. Col. Thos. P. Bush of the Jerseyblue stock, Fordham, N. Y., would not use them until he saw the one-of-a-kind they are composed of, the which he is never without them. He has over twenty thousand horses in his employ, and for the last three years has used no other medicine for them. He has kindly permitted me to refer any one to him. Over 1000 other references can be seen at the depot. Sold by Druggists and Saddlers. Price 25 cents per box.—Depot 56 Cortlandt street, N. Y. s8d&wlm

A NEW GLEE BOOK.
THE GREETING.—A collection of Glees, Quartette, Choruses, Part-Songs, &c. By L. O. Emerson. Author of "The Jubilee," "Harp of Judah," "Golden Wreath," "Merry Chimes," &c.
Upwards of half a million copies of Mr. Emerson's Music Books have been sold, a fact proving a popularity which has rewarded each other author of the same class of books, and which cannot fail to insure for this new volume an immense sale.—The contents of this work are, for the most part, new. A large number of valuable pieces have been contributed by Mr. L. H. Southard, whose name is a sufficient guarantee of their excellence. The marked features of the collection are Originality, Brilliancy and Variety; and it will be found, upon careful examination, that there is no Glee Book now in print, the public find in particular will prove so completely satisfactory to Musical Societies and Conventions, Conservatories, Classes and Singers. Price $1.38. Mailed post paid. OLIVER DITSON & CO., Publishers, 277 Washington street, Boston.

Circulars with full particulars furnished on application.
JAY COOKE & CO
Washington, D. C.

IF WE HAVE A COLD, pain in the head, dizzy, bilious, costive, or sick from any cause, it is from the presence of offending humors, and this is so whether the pain be in the flesh, the nerves or the bones.
BRANDRETH'S PILLS
should be always ready, and are sure to purge, and this can be done safely to the necessities of nature, by which the offending humors are removed and the health restored.
From the Rome Banner says. "I sell more of Brandreth's Pills than of all others put together."
BRANDRETH'S PILLS are sold by all druggists, and at the principal office, 294 Sixth Avenue, New York.
Observe B. BRANDRETH in white letters on the government stamp on each box. au20dawlm

DR. MILLER'S
Soothing and Healing Balsam,
or, Sarah's Assto with Quinine.
IT HAS PROVED INFALLIBLE for Burns, Frozen Limbs, Bruises, Sprains, Wounds of all kinds, Pains in the Side, Back or Shoulders, Chilblains, Chapped Hands, Sore Neck, Ague in the Face or Breast, Ear Ache, Deafness, Poisoning, Erysipelas, and Inflammation of the Eyes. For Rheumatism it is not a certain cure, yet hundreds have been relieved by it when other remedies had failed.
AS AN INTERNAL MEDICINE, when taken in season, it will cure Inflammation of the Bowels, Dysentery, Kidney Complaint and Cholera Morbus. It will also cure Diphtheria, Dry Cough and Asthma.
This medicine is purely vegetable in its composition, soothing and healing in its effects, and may be given to any age or sex with perfect safety. It has been before the public during the past nine years, and has withstood the test of astonishing cures. The proprietor challenges the world to produce its superior as a remedy for sale by all Druggists. C. D. LEET, Proprietor,
Jan12—dawly Springfield, Mass.
Demas Barnes & Co., 21 Park Row, New York will also supply the Trade at List Prices.

SCHENCK'S MANDRAKE PILLS.
A Certain Cure for Disease of Liver and the many Dangerous Maladies which are caused by a morbid condition of this organ.
To give the public a clear understanding of the mode in which SCHENCK'S Mandrake Pills produce those wonderful effects which are attested by thousands of reliable witnesses, we present a brief
DESCRIPTION OF THE HUMAN LIVER
and its functions, which will make the operation of this popular medicine perceptible to every man's understanding.
The liver is supplied with blood vessels, nerves and absorbants. One of its obvious uses is to secrete and prepare the bile. It likewise filters the blood and separates that fluid from all impurities. How indispensably necessary to health is the proper performance of this function! If the liver is deranged, it cannot purify the blood, and it that is sent back through the lungs, brain and other parts in a morbid condition, it must cause jaundice, biliousness, obstruction of the kidneys, gravel, and many other complaints more or less painful and dangerous, but the least of them quite enough to make a man sick and miserable, and unfit for the performance of any of the duties of life. This unhealthy state of the system very often ends in pulmonary consumption.
The circulation of the blood is conducted in this manner:—The heart sends the vital current down through the arteries; it passes into the veins, taking up all impurities in its progress; then the stream of blood flows backward through the veins, and is passed to the liver to be purified. It is impossible to cure consumption, scrofula, or scarcely any other kind of ulceration while that important organ, the liver, is diseased. It is for that reason that "regular physicians" rarely cure consumption. They usually begin their treatment with the use of some cough medicine, the basis of which is morphia or opium in some shape, which locks up the liver instead of relaxing the secretions, giving a tone to the stomach, and producing a healthy flow of bile. Dr. Schenck's
PULMONIC SYRUP, SEAWEED TONIC AND MANDRAKE PILLS,
will strengthen the system, purify the blood, and ripen and heal ulcers on the lungs.
A volume would be required, to give a brief account of the remarkable cures performed by Dr. Schenck's medicines, viz: Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills—all of which are accompanied by full directions for the use of them.
DR. SCHENCK will be professionally at his rooms every week, 33 Bond street, New York, and 25 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free; but for a thorough examination with the Respirometer the charge is five (5) dollars. His medicines are for sale by all druggists and dealers. Also a full supply of all of the above rooms. Price of the Pulmonic Syrup and Seaweed Tonic, each $1 50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents per box.
GEO. C. GOODWIN & CO., 38 Hanover street, Agents for Boston. For sale by all druggists.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, my—law dawly
JOHN B. OGDEN, 42 Cedar Street, New York.

Local.

☞ Mr. Stephen Symes exhibited in his window, on Tuesday, a tomato which might well be shown at the coming exhibition of the Horticultural Society. It weighed two pounds and five ounces, and was one of a cluster of five. One of the others weighed two pounds and three ounces, and the remaining three a pound and a half each,—making the total weight of the cluster nine pounds. These fine specimens came from the garden of a lady living on State street.

☞ We are informed that Eon Steam Fire Engine Company, of Newburyport, will visit this city on Monday next. They will be received by Dearborn S. F. Engine Co., No. 1, of this place, with the Cornet Band, and will have the courtesies shown them usually extended to visiting firemen by their brethren. The Eon is a self-propelling engine, and would be quite a curiosity to most of our citizens; but it is rather doubtful whether the company will bring their machine.

☞ The two Encampments of Odd Fellows from Portland, with Chandler's Band, will arrive in this city on Saturday. They will be received by Strawberry Bank Encampment of this city, with the Portsmouth Cornet Band, and will have a parade and dinner.

The Mechanic Association voted, on Wednesday evening, to have a Pic-nic excursion to Portland next Thursday, over the P. S. & P. Railroad,—leaving this city at 7:30 in the morning.

Communication.
Dear Chronicle,—It is not often that I wield the pen, but when I do, it is to applaud some mighty institution,—for such I consider the present "Rockingham Nine," that ere this has gone forth to meet our Rochester neighbors. Carefully selected as it was, from our best players, the very heart and sinew of our Club,—all muscular and agile, none of them under the drowsy influence of Uncle Sam, every man well acquainted theoretically and practically with the nice points at the game,—the former acquired by studious reading, and the latter by unceasing practice on the ball field, they cannot but prove formidable antagonists, well worthy the pride of every mother in whose darling son the fondest hopes are centered.
Let it be distinctly understood, however, that the most admirable impartiality has been shown in getting up the nine, of which all the committee will assure you. To be sure, one or two heavy strikers and good catchers have been left out, but only because the former were thought likely to injure the ball, and the latter to hold it so tightly as to impede the progress of the game. But as it is, let me advise the "Gonics" to lengthen their field and to have a corps of small boys to look up lost balls, for "flys" are never struck, but only "daisy cutters," impossible to stop, and death to any one in the way.
Finally, let me exhort our Nine to keep up their spirits, and in an up-hill game to think of their "homes and firesides," remembering that the eyes of all Portsmouth's fair ones are upon them, and that Strawberry Bank expects every man to do his duty Thursday morning.
ENTHUSIAST.

Communication.
ASTRONOMICAL.—The last eclipse of the year.—The Moon will be eclipsed this evening (Friday), beginning at 6 hours, 10 minutes. Greatest obscuration, 7 hours, 40 minutes. End, 9 hours, 9 minutes.
The Moon at 7 hours will be about three-fourths covered by the earth's shadow, and will have the appearance of the moon when three days old. This eclipse will be wholly invisible west of the Rocky Mountains, in the Pacific States and Washington Territory.
Yours, TYRO.

☞ A telegraphic dispatch from Dover informs us that the match game of base ball played there on Thursday afternoon, by the Gonics of Rochester and the Rockinghams of this city, was won by the latter club, the score standing: Rockingham 35, Gonic 31.

By the International Telegraph Line—Office No. 28 Congress street.

BOSTON, Sept. 12, 2 P. M.—Mr. Bristman, Cashier of the Blue Hill Bank, Milton, was shot to-day at noon, by a party of three robbers, and the bank robbed of an unknown amount.
[This bank, the only one at Dorchester and Milton Lower Mills, has been the scene of several robberies, for one of which Josh Wade, the great bank robber, served out quite a long term of imprisonment.—*Eds Chron.*]

NASHUA, Sept. 12.—The State Fair closed finely to-day. Lady Fatnum beat Nellie Locke in three straight heats—2:30, 2:36—first half mile twice made in 1:15. Nellie was sore and not in good condition. There was much good sport.
J. Horace Kent, Esq., read the list of premiums. John H. Ferguson, of Portsmouth, took the first premium ($20) for the best pacing horse. F.

GOLD, Thursday, 145 2-4.

—Mr. Dreysse, the immortal inventor of the needle gun, has just invented a new gun for grenades (explosive balls) which scatter to the breadth of five feet and the height of three.

☞ Demorest's Monthly is received for October, rich as ever in the array of attractions which render it so welcome in the family circle. For sale at the bookstores.

—Ben Wade, it is said, has not eaten a dinner for twenty years, as he says he feels better when he partakes of but two meals a day.

MARRIAGES.
In this city, Sept. 11, by Rev. I. F. Waterhouse, Mr. ALEXANDER MARSHALL to EMMA GRANT, both of Rittery, Me.

DEATHS.
"Gone Home."
In this city, Sept. 10, JOHN O. MENDUM of Boston, aged 42 years and 3 months.
Funeral services from the house of M. A. Cate, No. 6 South street, Saturday, 14th, at 2.30, P. M.
In this city, Sept. 10, JOSEPHINE M. BARRABE, aged 5 weeks, child of John F. and Martha L. Larrabee
In Newcastle, Sept. 6, NELLIE W. TARLTON, aged 3 months, child of Wm. Tarlton.—Sept. 8, ANNA WHEELER, aged 6 months, child of Geo. Wheeler.—Sept. 10, WILLIE M. BICKFORD, aged 15 months, child of J. Minlon Bickford.

BOSTON MUSIC SCHOOL.
The Fall Term will commence on MONDAY, Oct 7, at Odd Fellows' Block, 554 Washington street, Boston.
This Institution was incorporated about ten years ago, and having been in successful operation ever since, is now fully prepared to furnish instruction to students, in the theory and practice of vocal and instrumental music. Pupils may enter at any stage of progress and pursue three hours of study per week, viz:
PIANOFORTE, HARMONY AND SINGING, or, Instead of Singing, they may study any or the classic instrument, receiving in each branch of study two lessons a week.
The pupils will be graded and classed according to their attainments. The classes generally consist of three persons, who receive individual instruction, and recite their lessons in the presence of the class to which they belong.
No extra charges are made excepting for the studies of the GUITAR and HARP, for which the terms will be moderate. Price of tuition $30.
BOARD OF INSTRUCTION:
B. F. BAKER. WULF FRIES,
WILLIAM SCHULTZE. E. M. HAIS,
GEORGE H. HOWARD, HIRAM WILDE.
For particulars address B. F. BAKER, 4 Rowe Place, Boston.
E. M. READ, Jr.,
au30—1w6t Secretary of the Corporation.

NOT GOLD ONLY,
BUT
RICH, FRUITY, LUSCIOUS
WINES!
California is making grand strides in her agricultural products and is fast withdrawing herself as a purchaser for the manufactures of the various branches of industry she once demanded. She sends a warning voice to the time-worn vineyards of Europe, and enters the lists as a fresh, young combatant for the production of wines from her own rich and increasing vineyards.—The time has come when it is simply ridiculous for any one house to lay claim to especial advantages or peculiar privileges for the sale of
THE WINES OF CALIFORNIA.
As well might they claim a monopoly of the cotton trade.
C. A. RICHARDS & CO.
do not receive or sell all the wines which California produces, but they do claim to have at all times a very large quantity on hand of all the best kinds, and their advantages for getting the best, and getting them at the lowest market value, are such as to enable them to offer them at prices which to-day are lower than any other house which sells California Wines of equality. We bottle five kinds. They are,—
"Angelica,"
"Muscatel,"
"Still Champagne,"
"Hock" and
"Port,"
Also "California Brandy."
They are all perfectly pure, and may be relied upon in sickness or in health. The **Angelica** and **Muscatel** are rich, sweet wines. The **Hock** is fully equal to the medium grades of Rhine wines. The **Port** is actually better than many of the high cost Ports from Oporto. We sell these wines in any required quantity, from a single bottle to a THOUSAND CASES, and are ready at all times to exhibit samples, or to send them to any address.
C. A. RICHARDS & CO.

Notice.
The Copartnership heretofore existing under the name and firm of PECK & LORD, is this day dissolved by mutual consent. MOSES LORD.
Sept. 7, 1867. 1w* CHAS. E. PECK.

THE
CENTRAL PACIFIC RAILROAD,
THE WESTERN HALF OF THE
GREAT NATIONAL TRUNK LINE
ACROSS THE CONTINENT,
being constructed with the AID and SUPERVISION OF UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the sole link of communication between the Pacific Coast and the Great Interior Basin, and the
Principal Portion of the Main Steam Line between the Oceans.
The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges. Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 865 miles $28,592,000, or at the average rate of $33,000 per mile—not including an absolute grant of 12,800,000 acres of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by waiving its first lien in favor of the First Mortgage Bonds holders, the GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all complications or conflicts.
The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Acts of Congress upon the other parts of the through line, and has, in addition, **several special, exclusive advantages** applicable only to the Western Half.
I. The Company has received from the State and chief cities of California, *assistance in money, credit and valuable property, worth over* $3,000,000 in gold, in addition to the full benefit of the Government subsidy.
II. *The hardest and costliest part of its construction has been successfully overcome* within the first 100 miles. The rest of the track will be completed entirely across the Sierra Nevadas, after which progress to Salt Lake will be easy and rapid.
III. The local business alone of this road establishes its complete financial success, independently of the vast through traffic which must pass over it. The gross earnings for the months of June and July, upon the 94 miles then open for business, were at the rate of $297,000 in gold; of which *four-fifths* were net earnings.
IV. It can have no competition, but will earn, beside its own lucrative local traffic, the *whole volume of through business* which is shared among its Eastern connections and their branches.
V. The road lies wholly in territory yielding the precious metals, *and its revenues are collected in coin.* Its rates for transportation are very liberal. The net earnings upon an average of about 75 miles in 1866 were nearly *three times the amount of interest on all the bonds issued in the building of it, and were* $235,000 *more than the annual interest on the entire amount of First Mortgage Bonds when the Company can issue upon the first 100 miles.*
The Company offer for sale, through us, their
First Mortgage Thirty Year, Six per Cent. Coupon Bonds.
Principal and Interest payable in Gold Coin, in New York city. They are in sums of $1000 each, with semi-annual gold coupons attached, and are selling for the present at 95 per cent. and accrued interest from July 1st added, in currency, at which rate they yield nearly
Nine per Cent. per Annum in Gold.
These bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as the Bonds granted by the United States, and represent, in all cases, *the first lien* upon a completed, equipped and productive railroad, in which have been invested Government bonds, subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.
The agreement of this Company to pay principal and interest of their Bonds in coin, being made under the Specific Contract Law of California, authorizing and enforcing contracts to pay gold, *is legally binding*, unlike similar agreements made by companies in States where no such legislative sanction exists.
In these important particulars the Securities of the Central Pacific Company *offer an unusual degree of safety, stability and permanency.*
THE FIRST MORTGAGE BONDS of this Company are destined to occupy a prominent place among FIRST CLASS SECURITIES in the moneyed markets of this country and Europe, and will, without doubt, be eagerly sought for, and anxiously dealt in hereafter, at rates materially above those of the price at which they are now offered.
Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we *cordially* recommend these Bonds to Trustees, Executors, Institutions and others as an unusually *sound, reliable and remunerative form of permanent investment.*

Morning Chronicle.

COURTSHIP AND MATRIMONY.—Courtship is fun enough. It ha'n't got a word to say ag'in courtsing. Its about as good a way of killing time as I know of. Wash your face and put on a clean dickey and go and talk as sweet as molasses candy for an hour or two—to say nothing of a few kisses behind the door as your sweetheart goes to the step with you. The fact is I've quite a genius for courting;—It's all sunshine and no clouds.

When I was a single man, the world wagged along well enough. It was like an omnibus. I was a passenger, paid my levy, and hadn't nothing more to do with it, but to sit down and not care a button for anything. Sposin the omnibus got upset—well, I walks off and leaves the man to pick up the pieces. But then I must take a wife and be hanged to me. It's all very well for a while; but afterwards, it's plaguy like owing for an upset omnibus.

'What did I get by it?' A jawing old woman and three squallers. Mighty different from courting, this is. What's the fun of buying things to eat and things to wear for them, and wasting good spreeing money on such nonsense, for other people; and as for doing what you like there's no such thing. You can't chuck out when people's owing you so much money—you can't stay convenient. No—the nabours must have you. You can't go on a spree; when you come home missus kicks up the devil's delight.

You can't teach her better manners—for Charleys are as thick as blackberries. In fact, you can't do nothing. Instead of 'yes my duck,' and 'no my dear,'—'if you please, honey,' and 'when you like, lovely,' like it was in courtin' times, it's a regular row at all hours. Sour looks and cold potatoes;—children and table cloths bad off for soap;—always darning and mending, and nothing either darned or mended. If it wasn't that I'm particular sober, I'd be inclined to drink—it's excuse enough. It's heart-breaking, and it's all owing to that I've such a pain in my gizzard of a morning. I'm so miserable, I must stop and sit on the steps! —*Neal's Charcoal Sketches.*

— THE ENGLISH MORMONS held their annual conference at Birmingham recently, and "one of the twelve apostles," named Franklin Richards, improved the occasion to make a speech about the rumored schism in the paradise of the Great Salt Lake.—He assured his hearers that there was very little in it; but from the earnestness with which he tried to convince them that the great "prophet, seer, and revelator," Brigham Young, stood in no want of their support, though he would be very glad to have it, disinterested persons will be likely to infer that Apostle Richards feared there might be a great deal in it after all. From the report of the proceedings at Birmingham, it appears that the Mormon Church in Great Britain comprises 11 branch conferences, 32 deacons, 78 elders, 25 preachers, and 50 priests. During the past year 14 members have been excommunicated for apostasy, and 21 have emigrated.

☞ A man is going through bankruptcy in Milwaukee whose liabilities are $1,000,000, most of which are in judgments, while his assets are reported as $200 in personal clothing.

—There was a fire at Saratoga the other night, and great was the alarm at the hotels. A correspondent who was up and enjoyed the scare, writes: "Seeing Arabella at the hop in the evening, I could not believe it was the same young lady whom I saw hopping about the ball. Most of the girls looked pretty in their *robes de nuit*, their bare little feet peeping out beneath the embroidered edge like mice, and pattering on the floor like rain. But all don't 'peel' so well."

— "Madam," said the keeper at the gate of the Kensington Gardens, "I cannot permit you to take your dog into the gardens." "Don't you see, my good friend," said the lady, putting a couple of shillings in the keeper's hand, "that is a cat and not a dog!" "Madam," said the keeper, instantly softening his tone of voice, "I beg your pardon for my mistake. I now see clearly, by the aid of the pair of spectacles which you have been so good as to give me, that it is a cat and not a dog."

— A good story is told of Campmeeting John Allen: At a social gathering of ministers of different denominations, a Baptist brother made a display of objections to the Methodist polity, because, as he said, there was "too much machinery to it." "Yes," responded Brother Allen, "there is a good deal of machinery, but it don't take so much *water* to run it as the Baptist does."

— Mrs. H——, a young mother, was exhibiting with commendable pride to a number of admiring friends her first baby. Finally, approaching little Dan, a boy of five years, the happy parent said: "Dan, isn't this a dear little baby?" Dan hesitated a moment, turned up his eyes and answered: "*Yes, but it's bald headed.*"

— A Dutchman and his wife were travelling: they sat down by the road, exceedingly fatigued. The wife sighed, "I wish I was in Heaven!" The husband replied, I wish I was at the tavern!" "Oh, you old rogue," said she, "you always want to be in the best place!"

— An adventurer, given to evil-speaking and to dining out, was one day slandering an acquaintance, when a gentleman present silenced him by exclaiming, "You never *open your mouth* except at the expense of your friends."

— The swine in Sitka eat only fish, so that their pork has the taste of cod, and sausages and codfish balls are synonymous terms.—*San Francisco Flag.*

— The young lady who was recommended to take exercise to improve her health, says that she "will jump at an offer and run her own risk."

New Advertisements.

DOWNER
KEROSENE OIL CO.
Office, No. 108 *Water Street, Boston.*

TO CONSUMERS OF OIL.
CAUTION.

It having come to our knowledge that many dealers, throughout New England, are in the habit of buying small quantities of our Oil, and larger quantities of inferior oils, and using our brand and packages fraudulently in the sale of these inferior oils, we are determined to stop such fraud, and hereby offer a **Reward of 100 Dollars** for information that will lead to the detection and punishment of any party using our name or brand in the sale of any other than our own Oil. The "**Downer Kerosene Oil**" has been frequently tested and analyzed by Dr. A. A. HAYES, State Assayer, and in a communication to us, dated July 5, 1867, he says: "The term 'Kerosene' as used by the **Downer Oil Company**, applies to the highest grade of oil only, which, on a fair trial show, does not inflame below 120 degrees Fahrenheit, and carries the assurance of both safety and excellence with it; while the mixed oils, not only inflame at low degrees of heat, but in causing accidents, destroy confidence in the safe and excellent article for affording light produced by the honest manufacturer."

"FLIES IN AMBER."
Picked out for the Chronicle.

—Guilt is always jealous.

—Things unreasonable are never durable.

—A good conscience is the best divinity.

—Some are atheists only in fair weather.

—Let another's shipwreck be your sea-mark.

—All vice infatuates and corrupts the judgment.

—It is self-conceit that makes opinions obstinate.

—Pride is as loud a beggar as want, and a great deal more saucy.

—The credit that is got by a lie only lasts till the truth comes out.

—The best way to see divine light, is to put out thine own candle.

—Do you know what charity is: Forgive if you bear ill will, and pay what you owe.

CHURCH MUSIC.—There is a strong and growing feeling on the part of leading Unitarian ministers, against having fashionable artistic music in the church service; and the demand of congregations for more of the old simple, sacred songs of other days, is increasing. We learn with pleasure that a choir was lately dismissed from one of our churches, because it persistently refused to sing the old tunes. May such parishes increase. A place for everything and everything in its place. The church is not an opera house nor a concert hall; and while we protest against having the pulpit turned into a platform for political harangues or a stage for dramatic performances, we are as decidedly opposed to hiring a troupe of opera-singers to display their powers at the other end of the church, and give free musical entertainments for their individual glorification. When people go to to church on purpose to hear a superb soprano, or a divine contralto, and bear with the other parts of the service with unconcealed impatience only for the sake of listening to an anthem or a fugue, it is about time to alter something. Let us have more of the grand old tunes, given with heart and power by the whole congregation, led it can be by the best trained choir that will consent to lead the sacred songs of the people.—*Liberal Christian.*

— Of the tens of thousands using the familiar phrase, "a finger in the pie," how very few know, or knowing, remember that it occurs in, and of course is better expressed by, Shakespeare:

"The devil speed him! no man's pie is freed
From his ambitious finger."

— A conceited Englishman was told by a live Yankee that the whole United Kingdom could be sunk in Lake Superior without impeding navigation.

Caution
To Females in Delicate Health.
DR. DOW, Physician and Surgeon, No. 7 Endicott St., Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Finor Albus, suppression and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days. So invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience the cure of diseases of women than any other physician in Boston.
Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

Book Agents Wanted
To Solicit Orders for a New Illustrated
BIBLE DICTIONARY.
(Complete in One Volume.)
This Dictionary embodies the results of the most recent study, research and investigation of almost sixty-five of the most eminent and advanced Biblical Scholars now living. Clergymen of all denominations approve it, and regard it as the best work of its kind in the English language, and one which ought to be in the hands of every bible reader in the land.
In circulating this Work, Agents will find a pleasant and profitable employment. The numerous objections which are usually encountered in selling ordinary works will not be met with this.
But, on the contrary, encouragement and friendly aid will attend the Agent, making his labors agreeable, useful and lucrative.
Ladies, retired Clergymen, School Teachers, Farmers, students and all others who possess energy, are wanted to assist in canvassing every town and county in the country, to whom the most liberal inducements will be offered.

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the growth of the hair. It has no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the easiest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by C. P. SELEE, Holyoke, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,

BREAD
MIXING and KNEADING MACHINES.
One of the Most DESIRABLE and VALUABLE Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.
The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the advantages of the Bread Mixers and Kneaders.
The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.
The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.
It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.
The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where he shall be glad to show them to any one, whether they propose to purchase or not. au6 E. A. STEVENS.

BILLIARDS.
Lovers of the game will find new, improved four pocket tables and good accommodations at
UNION BILLIARD HALL,
Pleasant Street, next door to Post Office my17

As Good as the Best.

The Daily Chronicle.

Portsmouth, N. H.

SATURDAY, SEPTEMBER 14, 1867.

Correspondence of the Chronicle.

ST. CLOUD, MINN., Aug. 31.

My previous letter having been favorably received, I am encouraged to send you another communication from this distant region. I have traveled considerably since my last, and each step has been a renewed pleasure, as well as a renewed assurance of the wonderful capacities of this State.

The summer is almost over. We are in the midst of a bountiful harvest. Wheat will average 35 bushels per acre in this immediate vicinity, and is heavy all over the State.—There has been the usual influx of invalids and tourists. The latter have of course been pleased. They have seen the sights and spent their money. The former have been generally benefitted, though many come too late, and no climate or medicine can save them.

Your correspondent decidedly confirms from his own experience all reasonable reports as to the healthfulness of the climate, and to its beneficial effects in pulmonary complaints. The winter climate is as necessary to restoration as the summer climate; even more so, for it is the warm, "open," thawing, changeable winters of the Middle and Western states that break down constitutions and render recovery difficult.

Here the weather is dry, clear and cold, imparting vigor with every breath of its bracing air. And therein lies the scientific explanation of the healing virtues of Minnesota air. The moisture, in lower latitudes, falls in copious rains on a tenacious soil, which holds it on the surface to be vaporized by the sun's heat, filling the air with miasmatic exhalation, the operation continually repeating itself through the entire year. Here, that moisture is frozen out in winter, and falls in snows, which in spring melt and sink into the crumbling soil, to reappear through all the summer in gushing springs. These fill shining lakes and rivers, but give no poisons to the air, now dry and thin, but rich with oxygen, which all breathing creatures must feed upon or die.

In the minds of many, this State is yet little more than a hunting ground for the redman. Such persons would be greatly surprised to see some of our densely settled regions. The "noble savage" is occasionally seen, squalid and dirty, in the streets of our cities; but he is almost as much of a curiosity in Minnesota as in Massachusetts. By treaty, in that part of the State lying east of the Mississippi, the Chippewas reserved the privilege of hunting for twenty years. Accordingly a few straggling parties may be seen at all seasons camped in the borders of the pine forests, as miserable as Indian heart could wish. They are a harmless, worthless tribe, and fast dying out. On the extreme western boundary of the State, and in Dacotah territory beyond, live the warlike Sioux. They caused the trouble in 1862, but their power for mischief has been entirely destroyed.

The prevailing soil of Minnesota is a dark, calcarious, sandy loam, abounding in mineral salts and in organic ingredients, derived from the accumulation of decomposed vegetable matter. The sand of which silica, forms a large proportion of this, as of all good soils. About sixty-seven per cent. of the ash of the stems of wheat, corn, rye, barley, oats and sugar-cane is pure silica or flint. It is this which gives the glazed coating to the plants, and strength to the stalk. The superiority of sand in giving a high temperature to the soil, is a great advantage in a climate in which the limited period of vegetation requires the highest measure of heat.

This species of soil, on account of its pre-eminent arability by the sorts of plants, enables them to gather nutriment at a greater distance from the stalk. The same quality prevents its becoming super-saturated with water during the wet seasons, on account of the facility with which it drains. There is also this advantage of sandy soils, that the roads are smooth and hard, thus facilitating hauling, as well as farm labor.

This is the sportsman's paradise. The lakes and rivers are full of the choicest fish.—Even a novice in the piscatorial art can easily catch two or three hundred pounds in a day, with hook and line. Wild fowl, ducks, geese, prairie hens, &c., are abundant from spring until late in the autumn. Deer roam through the forests in countless numbers; they are killed by hundreds in the fall and winter.—Venison so abundant that it sells at from six to eight cents per pound at the butcher's stalls, while beef and pork sell for fifteen.—Elk, bears and buffalos are found on the frontiers. Indeed, the lover of hunting may find game worthy of his pursuit, in every direction. The economical aspect of furnishing the pioneer with cheap food is very important, and the State, by stringent game laws, is husbanding its resources in a praiseworthy manner. CASTLE.

☞ Mr. Bispham, cashier of the Blue Hill National Bank which was robbed, was not shot and killed, but knocked down, handcuffed and gagged, and apparently dead; the bank was robbed of $12,000 in money, and a trunk of bonds, &c. Whole loss about $50,000. The cashier is recovering.

— A special from Washington says the President states that if the Southerners assert their rights in the courts under the Amnesty Proclamation, he will see that the action of the courts is not interfered with by the military.

GOLD, Friday, 145 1-2.

Reported for the Chronicle.

THE BASE BALL MATCH at Dover on Thursday, between the Gonic Club, champions of Strafford county, and the Rockinghams of this city, was hotly contested, the Portsmouth Club winning by the close run of 35 to 31. The Gonics won the toss and sent their opponents to the bat, the Rockinghams scoring but three runs before being put out. Dow's swift pitching on the first and second innings disconcerted the Gonics, who went out in one, two, three order—Rowell holding the hot balls sent him every time. The Rockinghams on the second went "all hands round," with one to spare. On the third, the Gonics made their first tally, and by some fine batting considerably reduced the gap in the score, until the close of the sixth. Score, Rockingham 25, Gonic 22. On the seventh, one man being out, Holman made a fine "double play" by a ball caught on the fly, and fielded to first base, putting out two at once.—On the eighth, another "double play" was made on a foul fielded by Rowell to Dow, Dow to Whittemore, and Whittemore to Freeman. The close of the eighth left the score for Rockinghams 30, Gonics 24. On the ninth the Rockinghams went to the bat determined on laying in as many runs as possible, as the Gonics were uncomfortably close and had the last outs. By heavy batting and some pretty tall running, they succeeded in adding five to their score; and the Gonics went to the bat with eleven to make to tie, and twelve to win. One run and one out was made, then three runs and two outs. The game grew exciting, and the batters followed up their second "out" by good batting, and added two more to their score—the third out following immediately by a ball fielded to Whittemore by Dow. But one home run was made during the game, Holman of the Rockinghams being the lucky individual, by a heavy strike beyond centre field.

Rowell's play behind the bat was admirable, and was thoroughly appreciated by Rockingham nine and others who went from this city to witness the game, all uniting in giving him a hearty round of cheers for his excellent catching.

The field selected (the old Trotting Park) was a poor one for base ball practice, being covered with long grass and weeds, and a soft soil. Since the visit of the Lowells to Portsmouth, the Rockinghams have been practicing a new style of batting, for the sake of striking "daisy cutters" or "grounders." This practice was of no service at Dover, and they were compelled to return to their old style of striking fly balls. Had the game been played on as good ground as Portsmouth Plains, the Rockingham score would have been much larger. The Rockinghams struck "knee balls," while the Gonics called for balls "waist high" and "shoulder high."

The people of Gonic may well be proud of their club, which bids fair to rank among the first in the State. B. B.

Time of game—2h 40m.

Umpire—Wm. W. Palfrey.

☞ Since the commencement of the publication of Colonel Forney's letters from Europe in THE PRESS, we have been in the receipt of innumerable inquiries from those who wished to know if the correspondence would not appear in book form. In accordance with their requests, we will now state that these letters, carefully revised, with important additions, will shortly be given to the world, in one volume, by the publication house of T. B. Peterson & Brothers, Philadelphia, who will spare no expense to make of it a book which shall combine every feature of typographical excellence characteristic of the best publications of this firm, with a moderate price.—It will contain an excellent steel-engraved portrait of the author, and be in every respect, as we believe, a work acceptable to his friends. As it will at once be put to press, booksellers, agents, and all others desirous of securing any number of copies, are requested to send in their orders to, or address without delay, the publishers, Messrs. T. B. Peterson & Brothers, Philadelphia.—*Philadelphia Press.*

— Cyrus Wakefield, of South Reading has offered to pay off the town debt—about sixty thousand dollars—and build a new and handsome Town Hall if the people will dispense with the name of South Reading, there being two other Readings besides, and call the town Wakefield.

—The Herald says the following is Gen. Grant's circular: "The following proclamation of the President is published for the information and guidance of all concerned."

The Times says the letter from Gen. Grant commenting on the wisdom of Gen. Sickles' action and other brief dispatches are yet to be published.

NEW HAMPSHIRE ITEMS.

——Com. John S. Winslow had a splendid reception at the Winslow House, a new house on Kearsarge Mountain, Wednesday evening, Sept. 12. Gov. Harriman made the address of welcome.

DR. TYNG'S NEW CHURCH, NEW YORK. The imposing church edifice of Dr. Tyng, which was destroyed by fire, has been renewed and is nearly completed. It has not risen phenix like from its ashes, but bears more the relation of the butterfly to the grub. It was a very plain church, and had a bare like appearance. The chancel was very homely and without ornament. The structure, as renewed, is one of the most gorgeous in New York. The front of the gallery is ornamented in the gay style of a North River steamboat. The ceiling is blue and studded with golden stars and other ornaments. The walls are very gaudy with gilding. The chancel is formed like the ring of a circus, with a walk all around it, and a stone bench for kneeling. What is unusual in an Episcopal church in the chancel is hidden by a huge pulpit, placed at the head of the centre aisle, the pulpit being much larger and broader than those usually found in non-Episcopal churches. But it is typical of Dr. Tyng's ideas. He puts preaching before the forms and ceremonies of his church. This house will be open for worship on the first Sunday in October.—*Burleigh.*

No doubt Burleigh describes the house truly. But we do not believe that he gives Dr. Tyng's idea of public worship and preaching. He gives rather his own idea of Dr. Tyng. We can see no reason why a sound man (as we suppose Dr. Tyng to be) should exalt instruction above worship, or worship above instruction. We don't believe he does; nor that any man fit to be in the ministry, would do so.

— Ruby Valley, Nevada, this year produced about 1,000,000 pounds of barley, the whole of which was sold for eight cents per pound, amounting to $80,000.

— The 100th birth day of David Makepeace of Norton was celebrated in that town on Monday, at the residence of his son. Four generations of relatives were present.

— The National Intelligencer, in view of the relative Democratic gains in Maine, urges the President to fill up the Federal offices in the State with "Conservative" appointees.

— The Philadelphia Press says "We understand that Gen. Grant makes no secret of his opinion that Andrew Johnson's last amnesty to the traitors was clear and wanton defiance of law."

DEATHS.

In Lynn, Mass., on Friday morning, Sept. 13, Mrs. REBECCA N. MEDBERY, wife of Rev. N. Medbery, recently of this city.

Mrs. Medbery is remembered in this city, as a very able, faithful and efficient laborer in the City Mission and in many kindred charities, public and private.

☞ Funeral services at residence corner of Essex and Washington streets, Lynn, at 2 o'clock this (Saturday) afternoon.

☞ The Funeral services of JOHN O. MENDUM will be from the house of M. A. Cate, No. 6 south street, This (Saturday) Afternoon, at 2.30.

In Rye, Sept. 13 at the residence of his father, Hon. T. J. Parsons, Mr. CHARLES H. PARSONS, aged 32 years, of Cedar Keys, Florida.

MARINE CHRONICLE.

FAIRS AND SHOWS—1867.

Portsmouth Horticultural Soc'y, Sept. 24, 25.
Rockingham Co. Ag. Soc'y, Exeter, Oct. 8, 9.
Strafford Co. Ag. Soc'y, Dover, Oct. 1, 2, 3.

☞ Good Wine makes good blood. See advertisement of Speer's Wines in another column, —the best for Table, Family and Medicinal Use.

☞ The plan of the Washington Library Company of Philadelphia, for the endowment of the Riverside Institute for Soldiers and Sailors' Orphans, is one that has been laid out in strict accordance with the terms of the charter as granted for this purpose by the Pennsylvania Legislature. This charter of the Washington Library Company legalizes the very acts that its members have been performing for this noble object. The plan as most of our readers are aware, consists in selling stock at $1 per share, each share or shares being accompanied by a handsome fine-tel-plate engraving, worth fifty per cent. more than is actually paid for the stock. Besides this, every share of stock secures one present in the great distribution of presents to shareholder. Of these presents the aggregate value is $300,000, one of them being worth the enormous sum of $40,000, another $20,000, another $10,000, and one worth $5 000, and two worth $2,500 each, several worth $1,000 each, and so on. This is simply the plan as brief as adopted and now presented to the public.—Every shareholder will obtain some present in the great distribution, besides the beautiful engraving at the time of purchase, and each one has an equal chance of getting a small fortune.

MARTYRS TO CARELESSNESS.—If all the teeth that have been ruined by neglect could be strung together, they would reach thrice round the world. How may have been some excuse for this havoc in days gone by, when there was no absolute safeguard against dental decay in existence, but there is no apology for it now.—FRAGRANT SOZODONT, the world-renowned antiseptic dentifrice, as certainly protects the teeth against decay, as oil prevents steel from rusting, or water arrests the progress of fire. 16

WOMAN'S FRIEND.—Not a dandy husband nor costly silks and jewelry, but Fyle's O K Soap, which facilitates the adornment of cleanliness, with a great saving of labor and expense. Try it. All first class grocers have it for sale.

☞ All Physicians who have used SPEER'S Sanmuel Wine recommend it above all other wines for its valuable medicinal properties, especially females and debilitated persons. Sold by Druggists.

— Gold Medal Saleratus is making a great sensation among consumers, as they find their health depends upon its use. It will strengthen weak stomachs, cure dyspepsia, save one-half in the quantity of shortening, make one eighth more Bread, Cake or Biscuit from the barrel of flour, and withal is perfectly healthy. Try it. The Grocers and Druggists sell it. Depot 112 Liberty Street, New York.

THE STOVE FOR THE MILLION!

THE

KEARSARGE

HAS NOT BEEN BEATEN!

URIAH BLAISDELL,

NO. 43 MARKET STREET,

Takes pleasure, as the cold season approaches, in again inviting public attention to this superior

COOK STOVE!

Something over a year's trial by numerous patrons has proved it what it was designed to be, in every respect a first class stove—a quick baker, doing its work equally as well with WOOD OR COAL, an economiser of fuel, and a heavy, well-made and durable Stove, as it is a neat and symetrical one. It has been in no Fair or Exhibition, and hence has taken no prize; but what is better, it receives the unqualified encomiums of its numerous purchasers—of all who know what a good stove is and how to appreciate it.

Pleasure is taken in showing the KEARSARGE and all in want of a stove of the first merit at a moderate price, are invited to call and examine it whether they purchase or not.

The following names from its large list of purchasers are given for reference:

Portsmouth.

TO OWNERS OF HORSES AND CAITLE.—TOBIAS' DERBY CONDITION POWDERS are warranted superior to any others, or no pay, for the cure of Distemper, Worms, Bots, Coughs, Hide-bound, Colds, etc., in Horses; and Colds, Coughs, Loss of Milk, Black Tongue, Horn Distemper, etc., in Cattle. They are perfectly safe and innocent; no need of stopping the working of your animals. They increase the appetite, give a fine coat, cleanse the stomach and urinary organs; also increase the milk of cows. Try them, and you will never be without them. Hiram Woodruff, the celebrated trainer of trotting horses, has used them for years, and recommends them to his friends. Col. Philo. P Bush of the Jerome Race Course, Fordham, N. Y., would not use them until he was told of what they are composed, since which time he is never without them. He has over twenty running horses in his charge, and for the last three years has used no other medicine for them. He has kindly permitted me to refer any one to him. Over 1600 other references can be seen at the depot. Sold by Druggists and Saddlers. Price 25 cents per box.—Depot 56 Cortland street, N. Y. s8dwim

A NEW GLEE BOOK.
THE GREETING.—A collection of Glees, Quartetts, Choruses, Part-songs, &c., by Lowell Emerson. Author of "The Jubilee," "Harp of Judah," "Golden Wreath," "Merry Chimes," &c.
Upwards of half a million copies of Mr. Emerson's Music Books have been sold, and it is proving a popularity which has rewarded no other author of the same class of books, and which cannot fail to insure for this new one an immediate success. The contents of this work are, for the most part, NEW. A large number of valuable pieces have been contributed by Mr. L. H. Emerson, which name is a sufficient guarantee of their excellence. The marked features of the collection are Originality, Brilliancy and Variety; and it will be found, upon careful examination, that there is no Glee Book now before the public that in every particular will prove so completely satisfactory to Musical Societies and Conventions, Conservatories, Clubs and Amateur Singers. Price $1.38. Mailed postpaid. OLIVER DITSON & CO., Publishers, 277 Washington street, Boston.

PURE OLD HOLLAND.—There are many old people and others who remember the good old Holland Gin occasionally. To all such we would recommend the celebrated Dunster's London Dock Gin, sold by grocers and druggists almost everywhere.

DR. MILLER'S
Soothing and Healing Balsam,
or, Nature's Assistant.
IT HAS PROVED INFALLIBLE for Burns, Frozen Limbs, Bruises, Sprains, Wounds of all kinds, Pains in the Side, Back or Shoulders, Chilblains, Chapped Hands, stiff Neck, Ague in the Face or Breast, Sore Throat, Quinsy, Croup, Erysipelas, and Inflammation of the Eyes. For Rheumatism it is not a certain cure, yet hundreds have been relieved by it when other remedies had failed.
AS AN INTERNAL MEDICINE, when taken in season, it will cure Inflamation of the Lungs, Dysentery, Kidney Complaint and Cholera Morbus. It will also cure Diphtheria, Dry Cough and Asthma.
This medicine is purely vegetable in its composition, soothing and healing in its influence, and may be given to a child or aged person with safety. It has been before the public during the past nine years, and has wrought some of the most astonishing cures. The proprietor challenges the world to produce its superior as a remedy. For sale by all Druggists. C. D. LEE, Proprietor, Lunenburg, Mass.
Demas Barnes & Co., 21 Park Row, New York will also supply the Trade at List Prices.

SCHENCK'S MANDRAKE PILLS.
A Certain Cure for Diseased Liver and the many Dangerous Maladies which are caused by a morbid condition of that organ.
To give the public a clear understanding of the mode in which SCHENCK'S Mandrake Pills produce those wonderful effects which are attested by thousands of reliable witnesses, we present a brief
DESCRIPTION OF THE HUMAN LIVER
and its functions, which will make the operation of this popular medicine perceptible to every man's understanding.
The liver is supplied with blood vessels, nerves and absorbants. One of its obvious uses is to secrete and prepare the bile. It likewise filters the blood and separates that fluid from the circulation. How indispensably necessary to health is the proper performance of this function! If the liver is deranged, and cannot purify the blood, and send is sent back through the lungs, brain and other parts in a morbid condition, it must cause jaundice, biliousness, obstruction of the bowels, gravel, and many other complaints more or less painful and dangerous, but the least of the mischief enough to make a man sick and miserable, and unfit for the performance of any of the duties of life. This unhealthy state of the system very often ends in consumption of the
The circulation of the blood is conducted in this manner:—The heart sends the vital current down through the arteries; it percolates through the flesh, taking up all impurities in its progress; then the stream of blood flows backward through the veins, and passes to the liver to be purified. It is impossible to cure consumption, scrofula, or scarcely any other kind of ulceration while that important organ, the liver, is diseased. It is for that reason that "regular physicians" rarely cure consumption. They usually begin their treatment with a dose of some cough medicine, the basis of which is morphia or opium in some shape, which locks up the liver instead of relaxing the secretions, giving a tone to the stomach, and producing a healthy flow of bile. Dr. Schenck's
PULMONIC SYRUP, SEAWEED TONIC AND MANDRAKE PILLS,
will strengthen the system, purify the blood, and ripen and heal ulcers on the lungs.
A volume would be required, to give a brief account of the remarkable cures performed by Dr. Schenck's medicines, viz: Pulmonic syrup, Seaweed Tonic, and Mandrake Pills—all of which are accompanied by full directions for the use of them.
DR. SCHENCK will be professionally at his rooms every week, 32 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M. until 2 P. M. He gives advice free, but for a thorough examination with the Respirometer the charge is five (5) dollars. His medicines are for sale by all druggists and dealers. Also a full supply at all times at his rooms. Price of the Pulmonic Syrup and Seaweed Tonic, each $1 50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents per box.
GEO. C. GOODWIN & CO., 38 Hanover street, Agents for Boston. For sale by all druggists.
W c2t—dawly lw No 2

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, my7—law dawly
JOHN B. OGDEN, 42 Cedar Street, New York.

Local.

☞ Telegraphic reports are not always correct. Of the few articles from Portsmouth at the Nashua State Fair, Charles Hayes & Son exhibit a herd of cattle, including full Ayrshire and grade Durham blood. They received 1st premium of $7 for best two-year old Ayrshire bull; the 1st of $2 for best Ayrshire calf; for best Ayrshire cow, $12, and for best grade cow $12.

John H. Ferguson, for best pair matched horses, received the 1st premium of $20; on his elegant black trotters, which we have heard he values at $3000, and we understand has recently refused an offer of $2500 for.

Woodbury Locke's little grey mare Nellie was beaten by the Concord mare Lady Farnham in three straight heats in 2:38, 2:36, 2:37. Nellie was not, and has not been this year, in good condition for fast work; while the Lady is a slashing big mare, a long reacher and good sticker, and has been trotting and hardening up all summer. She is a hard one to beat, any way; and it is a rare sight to see two such goers without a bandage or interfering or protecting pad on their legs.

☞ We understand that the steamer Pioneer makes her last regular trip to the Shoals to-day. The long-continued rains in the midst of the watering-place season have tended to affect the business of the steamer, as well as of the places of summer resort.

☞ The Machigonne and Eastern Star Encampments I. O. of O. F., of Portland, will arrive in town this morning, and with Strawberry Bank Encampment of this city, will furnish a fine street display.

☞ The Cream Biscuit advertised in our columns this morning will be found a most delicious article—light, rich and extremely delicate. The high reputation of the old "Pearson Bakery," of Newburyport, will be still further enhanced by this welcome contribution to the table. They may be found at the principal grocery stores.

☞ Dr. Carpenter is now receiving patients at the Franklin House. Personally a very fine looking man, he comes to us with numerous testimonials of his success in treatment of patients elsewhere.

☞ Mr. Gilbert is to have a new lot of nice Peaches this afternoon, at his newly fitted establishment in Daniel street, where he has other rare fruit.

☞ The Boston papers state that the late John S. Jenness has left an estate estimated at from six to seven hundred thousand dollars. As he was unmarried, and leaves no will, the property goes to the surviving brothers and sisters and the children of those deceased."

— Gen. Longstreet is ruralizing in the New Hampshire mountains.

— The harvests in Great Britain are reported to be considerably superior to those of last year, on the whole.

— Eighteen new bridges have been built across the Seine during the reign of Napoleon III, at a cost of about five million dollars.

— A few years ago our negroes ran away to Canada to escape slavery: now their former masters flee there to get away from freedom.

—The Charleston News says the press of South Carolina is gradually coming to advocate the reconstruction proposed by Congress.

—A Milwaukee orator declared in a recent speech that there were one hundred young law students in that city who hadn't brains enough to trundle a wheelbarrow.

—Another whisky swindle in the revenue amounting to $10,000, has been discovered in Brooklyn, and J. C. Thompson, keeper of a warehouse, is held to bail in $20,000.

— Sheridan's attempt to get his ideas into Johnson's head, brings to mind that other Sheridan, who very properly rebuked his son for attempting to open oysters with a razor.

—The strike of the girls in the cotton mills near Pittsburg has failed, and they are obliged to submit to a reduction of one dollar from their weekly earnings of four dollars, working twelve hours a day.

—A bank teller in Savannah, named Carruthers, attempted to abscond on Saturday night with $9000 belonging to the bank. He shipped on a schooner for Havana, but she sprung a leak and was compelled to put back, when he was arrested.

—The work of removing the rock from the Rock Island rapids in the Mississippi river has commenced. The powerful chisels were tested a few days ago, and at one drop sank four feet into the solid rock.—The chisel weighs over eight thousand lbs., and drops thirty feet.

—A clue has finally been obtained to the robbers of the stolen bonds in the possession of Leonard W. Jerome in February last.—Some of the coupons have been received in Washington, and the bonds have been traced to some Boston brokers. The clue will probably lead to the recovery of all the bonds and the capture of the robbers.

— Women as well as men, are to vote at the school district meeting in Nebraska, next month.

To the Hon. Marcellus Bufford, Justice of the Peace.
We, the subscribers, members of the Portsmouth Washington Total Abstinence Society, do hereby apply to you to call a Meeting of said Corporation, to be held on MONDAY evening, September 30, 1867, at the Chronicle Counting Room, at 7 o'clock, P. M. for the following purposes: 1, to choose the Officers of the Society for the current year; and 2, to transact any other business at the Annual Meeting.
Dated at Portsmouth, Sept. 21, 1867.
T. H. MILLER.
F. W. ROGERS.

State of New Hampshire, Rockingham, ss.
Whereas application has been made to me, Marcellus Bufford, a Justice of the Peace for said County, as above:
You are hereby required to warn a meeting of said Corporation, to be held at the time and place and for the purposes mentioned in said application, by publishing a copy of said application and of this warrant fourteen days, in the same manner as is provided for warning the Annual Meeting of said Corporation; and make return of this warrant at the time and place of meeting.
Dated at Portsmouth, the 18th day of September, 1867.
MARCELLUS BUFFORD,
Justice of the Peace.
A true copy, attest, T. H. MILLER. s14—8sat

NOT GOLD ONLY,
BUT
RICH, FRUITY, LUSCIOUS
WINES!
California is making grand strides in her agricultural products and is fast winning her fame as a purchaser for the manufactures of the various branches of industry she once demanded. She sends a warning voice to the lower marketyards of Europe, and enters the lists as a fresh, young combatant for the production of wines from her own rich and increasing vineyards.—The time has come when it is simply ridiculous for any one house to by claim to especial advantages or peculiar privileges in the sale of
THE WINES OF CALIFORNIA.
As well might they claim a monopoly of the cotton trade.
C. A. RICHARDS & CO.
do not receive or sell all the wines which California produces, but they do claim to have at all times a very large quantity on hand of all the best kinds, and their advantages for getting the best, and getting them at the lowest market value, are such as to enable them to offer them at prices which to-day are lower than any other house which sells California Wines of equality. We bottle five kinds. They are,—
"Angelica,"
"Muscatel,"
"Still Champagne,"
"Hock" and
"Port,"
Also "California Brandy."
They are all perfectly pure, and may be relied upon in sickness or in health. The Port and Muscatel are rich, sweet wines. The Hock is fully equal to the medium grades of Rhine wines. The Port is usually better than many of the high cost Ports from Oporto. We sell these wines in any required quantity, from a single bottle to a THOUSAND CASES, and are ready at all times to exhibit samples, or to send them to any address.
C. A. RICHARDS & CO.
99 Washington Street,
BOSTON. au27TuThS3mis

THE
CENTRAL PACIFIC RAILROAD,
THE WESTERN HALF OF THE
GREAT NATIONAL TRUNK LINE
ACROSS THE CONTINENT,
being constructed with the AID and SUPERVISION OF UNITED STATES GOVERNEENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN AMERICA. As it is the sole link of communication between the Pacific Coast and the Great Interior Basin, and the
Principal Portion of the Main Steam Line between the Two Oceans.
The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.
Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 950 miles $28,502,000, or at the average rate of $35,000 per mile—not including an absolute grant of 10,000,000 acres of the Public Lands. Every succeeding dollar invested in the magnificent enterprise, and by waiving its first lien in favor of the First Mortgage Bondholders, the Government is placed in the position, and INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against any ordinary contingencies.
The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Acts of Congress upon the other parts of the through line, and has in addition
Four Special and exclusive advantages applicable only to the Western Half.
I. The Company has received from the State and chief cities of California, *assistance in money, credit and valuable property, worth over* $8,000,000 in gold, in addition to the full benefit of the local traffic of that State.
II. *The hardest and costliest part of its construction has been successfully overcome* within the first 150 miles. In 18 months from this date will be completed entirely across the Sierra Nevadas, after which progress to Salt Lake will be easy and rapid.
III. The local business alone of this road establishes its complete financial success, independently of the through traffic which must pass over it. The gross earnings for the months of June and July, upon the 94 miles then open for business, were over $237, 000 in gold; of which *four-fifths* were net earnings.
IV. It can have no competition, but will carry, beside its own lucrative local traffic, the *whole volume of through business* which is shared among its Eastern connections and their branches.
V. The road lies wholly in territory yielding the precious metals, *and its revenues are collected in coin.* Its rates for transportation are very advantageous, being more than three times those of roads lying east of it; and the *ratio of operating expenses* will be less than *25 per cent. of the gross earnings.*
VI. In consequence of the aid it receives from the General Government, from the State of California, and from municipal corporations, the annual interest obligations which the Company are to meet are very much under light. The net earnings upon an average of about 75 miles in 1866 were nearly *three times the amount of semi-annual interest liabilities to be assumed in the building it, and were* $235,000 *more than the annual interest on the entire amount of First Mortgage Bonds which the Company can issue upon the first* 150 *miles.*
The Company offer for sale, through us, their
First Mortgage Thirty Year, Six per Cent. Coupon Bonds.
Principal and interest payable in Gold Coin, in New York city. They are in sums of $1000 each, with semi-annual gold coupons attached, and are selling for the present at 95 per cent. and accrued interest from July 1st added, in currency, at which rate they yield nearly
Nine per Cent. upon the Investment.
These Bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as the Bonds granted by the Government are delivered, and represent, in all cases, *the first lien* upon a completed, equipped and productive railroad, in which have been invested Government and liberal local subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.
The agreement of this Company to pay principal and interest of their Bonds in coin, being made under the Special Contract Law of California, authorizing and enforcing contracts to pay gold, *is legally binding*, unlike similar agreements made by companies in States where no such legislative sanction exists.
In those important particulars the Securities of the Central Pacific Company offer an *unusual degree of safety, stability and profit combined.*
THE FIRST MORTGAGE BONDS of the Company are destined to occupy a prominent place among FIRST CLASS SECURITIES in the money markets of this country and Europe, and will, without doubt, be eagerly sought for, and permanently dealt in hereafter, at rates *materially* in advance of the price at which they are now offered.
Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Investors, Executors, Institutions and others as an eminently *good, reliable and remunerative form of permanent investment.*
Conversions of Government Securities INTO
CENTRAL PACIFIC FIRST MORTGAGE BONDS
Now realize for the holders about
TWELVE PER CENT. ADVANTAGE,
WITH THE SAME RATE OF INTEREST.

Morning Chronicle.

— A commercial traveller left a shirt at an inn, and wrote to the chamber-maid to forward it to him by coach, which produced the following reply:

I hope, dear Sir, you'll not feel hurt,
I'll frankly tell you all about it,—
I've made a shift with your old shirt,
And you must make a shift without it.

— Why is a fair Luna called the silver moon? Because she is constantly changing quarters.

—A scribbler says life is too short to drink poor whiskey or to make love to ugly women.

— Why was Desdemona the most discontented of all woman? Because the Moor she had the—Moor she wanted.

— What is the difference between a young girl and an old hat? Merely one of time; one has feeling and the other has felt.

— A French lady, who held in her hand a glass of cool water, said, "O, *it* is were only wicked to drink this, how nice it would be!"

— "Pat," said a Yankee, "which of these is the road to *Boston?*" "How do you know my name is Pat?" "Oh, I guessed it." "Well, then, guess the road to Boston."

—"Have you heard how old Mrs. Barnhart is?" asked a lady of her son, alluding to an old lady who had been ill for some time. "No," replied the young rogue, "but at a rough guess, I should say she's about seventy-four."

— The Bishop of Oxford recently made a speech on Sunday schools, in which he condemned the present method of teaching, though he thought there ought to be a "coloring of Christianity" in the system.

— At Placerville, Cal., a Methodist minister went to a tin shop to buy a blowing horn. Selecting one, he asked the clerk whether it would make a loud noise. "Oh, yes," said the clerk, "a hell of a noise."—"Well," replied the minister, "as I want it to blow at camp meeting, I don't think that kind of a noise will suit," and walked off.

— When the Sultan was in Venice, Cardinal Ranschen had an audience with him, in which he begged His Majesty to do something for the amelioration of the Christians in his dominions. "Even at the present time," said the Cardinal, "every Christian is termed dog—Christian dog." "That is true," replied the Sultan, "but as a set off to this, here in Vienna every second or third dog in the street is called "Sultan."

Tracts for the People.

DIRECTIONS FOR
MAKING YOUR OWN SOAP
WITH YOUR WASTE GREASE!

Penn'a Salt MFG Co.'s Renowned SAPONIFIER:

(Patents of 1st and 8th Feb., 1859,) on CONCENTRATED LYE!

Two Cents only for every pound of Soap.

DIRECTIONS.—Dissolve one box of Lye in 2½ pounds (pints) of hot water, in an iron pot. Melt in same pot or pan 5 lbs. of clean fat or grease. Take off the fire, and into *this* stir slowly the dissolved lye, and keep stirring until the whole becomes well mixed and like molasses. Now set away, and set in a warm place over night. Next day cut up into small pieces, add 6 lbs. (or pints) of water and one box of Saponifier, heat until the soap is *all dissolved*, then pour into a tub to cool. When cold cut into bars, which will be fit to use in about ten days.

Beware of Counterfeits.—Be particular in asking for PENN'A SALT MFG CO'S SAPONIFIER. d1—eowdawly
